

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](https://biodiversitylibrary.org/page/55370394)

Page 1 - <https://biodiversitylibrary.org/page/55370394>

28 November 1881

W Carruthers Esq FRS, Botanical Department, Nat Hist Museum, S. Kensington

Paper taken to Mr Dyer. All of the above were brought from Herb. Kew. Enclosed in the above box was a parcel for Geological Department containing [1-3 Egyptian pebbles, Boulders from Lebanon, Soapstone &c]

1. Specimens illustrating Flora Tertiaria Helvetica

2. Fossil leaves &c Disco

3. Petrified woods

4. Coals British Columbia H.M.S Plumper

5. Fossils Port Stephen Dr Odenheimer

6. Coals, James Russell, mineral surveyor

7. Coal, Torbane Hill &c

8. One parcel miscellaneous

1. Egyptian pebbles

2. Boulders from Lebanon

3. Soapstone &c

28 November 1881

Dr Gunther FRS, Zoological Dept, British Museum, Great Russell Street WC

Paper taken to Mr Dyer. All of the above were brought from Herb. Kew

1. Series of Birds from Bogota, coll. Purdie

2. Specimens of coral, Pacific.

3. Shells from Tibet and Sikkim

4. Nest of trapdoor spiders

7 December 1881

M le Prof Oudemans, Jardin Botanique, Amsterdam

Paper taken to Mr Dyer

1. Cones of Welwitschia mirabilis, male and female (in damp moss)

2. Female cones of same (dry)

3. Two cones Sequoia gigantea (dry)

Page 2 - <https://biodiversitylibrary.org/page/55370395>

28 December 1881

Mr C Moore, Director, Bot Gard Sydney NSW

One case. Paper taken to Mr Dyer. In all 1 box.

1. Meal of *Dioscorea sativa*
2. *Tillandsia usneoides* (dyed)
3. "Keih-seeu-me" *Nostoc* sp.
4. Split shingles of *Thuja gigantea*
5. Moccassin Root *Cypripedium pubescens*
6. *Porphyra vulgaris*
7. Arrowroot of *Maranta arundinacea*
8. *Arachis hypogea*
9. Seeds of *Brassica campestris* E. Indies
10. Bark of *Alyxia stellata*
11. *Papaver somniferum* seeds
12. Calabash of *Crescentia cujete*. S America
13. Nilofer, *Nymphaea*
14. Borneo rubber from *Willughbeia*. sp
15. *Papaver somniferum* seed, Japan
16. Petals of *Anona senegalensis*
17. *Brassica campestris* seeds
18. *Brassica campestris* seeds Sylhet
19. Wood of *Canella alba*
20. Mozambique rubber from *Landolphia* sp.
21. Meal of *Dioscorea alata*
22. Meal of *Dioscorea aculeata*
23. Wood of *Osmelia Gardneri*, Ceylon
24. Caoutchouc, *Ficus elastica*,
25. Fibre of *Agave americana*
26. Wood of *Pinus contorta*
27. Fruits of *Gardenia thunbergii* S. Africa
28. "Dutch Reeds" *Equisetum hyemale*
29. Maiden Hair *Adiantum pedatum* (Shakers Coll)
30. Cardamoms

Page 3 - <https://biodiversitylibrary.org/page/55370396>

31. Papaver somniferum, seed, Bombay
32. Dyed plantain fibre
33. Arrow root, Maranta arundinacea
34. "Jaborandi", leaves of *Pilocarpus pennatifolius*
35. Root of *Thalictrum foliolosum*
36. Wax from *Myrica* sp. Guatemala
37. Seeds of *Brassica alba*
38. Fruits of *Amomum subulatum*
39. Paper from Banana fibre
40. Starch prepared from *Canna* sp.
41. Tahiti arrowroot, *Tacca oceanica*
42. Cloth made of Pine apple fibre, Manila
43. Roots of *Coptis teeta*
44. China root, *Smilax china*
45. *Pentaclethra filamentosa*
46. Wood of *Erythroxylum areolatum*
47. Wood of *Bumelia lanuginosa*
48. Wood of *Pinus Elliottii*
49. Wood of *Pinus serotina*
50. Wood of *Pinus flexilis*
51. Wood of *Abies subalpina*.
52. Wood of *Ulmus crassifolia*.
53. Wood of Beech prepared for smoothing plane
54. Wood of *Myrica californica*
55. Wood of *Cliftonia ligustrina*
56. Pods of *Mucuna pruriens*
57. Seeds of *Brassica campestris*, Britain
58. Arrowroot from Bermuda tubers grown at Nassau
59. Myrobs of *Terminalia bellirica*
60. Starch from *Canna indica*
61. Sliced stems of *Akebia quinata*
62. Roots of *Coptis teeta*

Page 4 - <https://biodiversitylibrary.org/page/55370397>

- 63. Root of *Podophyllum peltatum*
- 64. Gum of *Acacia farnesiana*
- 65. Seeds of *Adenanthera pavonina*
- 66. Pods of *Poinciana regia*
- 67. Fruits of *Nymphaea pubescens*
- 68. Seeds of *Entada scandens*
- 69. Fruits of *Nectandra Rodiei*
- 70. Vase made of fibres of *Opuntia tuna*
- 71. Male Spadices of *Borassus flabelliformis*
- 72. Male Spadices of *Borassus flabelliformis*
- 73. Pods of *Caesalpinia pulcherrima*
- 74. "Isperuk" *Delphinium* sp.
- 75. Madagascar rubber, *Landolphia* sp.
- 76. *Lactaria salubris* var *grandiflora*
- 77. Borneo Gutta Percha
- 78. Gutta Sundah
- 79. *Quercus* sp (East Indies, coll Griffith.)
- 80. Fruits of *Lecythis*, Brazil
- 81. *Tabebuia*, Brazil
- 82. *Aspidosperma*, Brazil
- 83. Seeds of *Lucuma mammosa*
- 84. *Quercus lancaefolia*, Java
- 85. *Carya glabra* fruits.
- 86. Fruit of *Crescentia*, Venezuela
- 87. Young *Nepenthes sanguinea*
- 88. Fruits of *Barringtonia speciosa*
- 89. Acorns of *Quercus fenestrata* (Khasia)
- 90. *Paulownia imperialis* fruit
- 91. Acorns of *Quercus dealbata* (Khasia)
- 92. Wood dye, *Isatis tinctoria*
- 93. Fruit of *Myristica castanaefolia* (Samoa)
- 94. Pod of *Hymenaea courbaril* (Porto Rico)

Page 5 - <https://biodiversitylibrary.org/page/55370398>

- 95. African Tongue Rubber Landolphia sp.
- 96. Attalea fruit (Brazil)
- 97. Argania sideroxylon fruits (Morocco)
- 98. Fruits of Lecythis
- 99. Acorns of Quercus infectoria
- 100. Crude Gutta Percha, (Singapore)
- 101. Pitchers of Nepenthes sanguinea (Khasia)
- 102. Pods of Tecoma stans
- 103. Flowers of Gnaphalium polycephalum
- 104. Aconite root
- 105. Fruit of Aspidosperma excelsum
- 106. Seeds of Nigella sativa
- 107. Fruit of Bignonia echinata
- 108. Bark of Cimicifuga racemosa
- 109. Cloth of Aloe fibre Agave cantala
- 110. Acorns of Quercus thalassica (Hong Kong)
- 111. Nellofur, Nymphaea lotus
- 112. Fruits of Gynocardia odorata (Sikkim)
- 113. Fruits of Heritiera littoralis (Andaman)
- 114. Fruits of Polyalthia longifolia
- 115. Fruits of Illicium anisatum
- 116. Fruits of Gardenia (S.Africa)
- 117. Sandal such as is worn near Lucerne
- 118. Fruits of Carya
- 119. Selaginella lepidophylla
- 120. Fruits of Kadswia japonica
- 121. Substance used in Japan for windows
- 122. India Rubber, Landolphia sp. (W. Africa)
- 123. Fruit of Hydnocarpus
- 124. Seeds of Papaver somniferum (Madras)
- 125. Fruits of Sarcocephalus esculentus
- 126. Acorns of Quercus rubra (N. America)
- 127. Mat of Bambusa arundinacea

- Page 6 - <https://biodiversitylibrary.org/page/55370399>
- 128. India rubber from *Landolphia* sp. (Zanzibar)
  - 129. "Abo" *Landolphia florida* (W. Trop Africa)
  - 130. Acorns of *Quercus annulata* (E Indies)
  - 131. Acorns of *Quercus Skinneri* (Guatemala)
  - 132. Sliced stems of *Tinospora cordifolia*
  - 133. *Aconitum fischeri*
  - 134. Acorns of *Quercus Skinneri* (Mexico)
  - 135. Pitchers of *Nepenthes* sp.
  - 136. Fruit of *Jacaranda elliptica*
  - 137. *Musa textilis* prepared for paper making
  - 138. Spadix of *Phoenix sylvestris*
  - 139. Basket of cedar bark and grass stems
  - 140. Acorns of *Quercus Libani*
  - 141. Pods of *aspidosperma* (Brazil)
  - 142. Seeds of *Thevetia nerifolia* (Demerara)
  - 143. Pods of *Plumeria phagadenica*
  - 144. Mat of *Cyperus tegetum*
  - 145. Mat of split stems of *Arundo*
  - 146. Mat of split stems of *Arundo Karka*
  - 147. Wood of *Phyllanthus emblica*
  - 148. Wood of *Briedelia spinosa*
  - 149. Wood of *Givotea Rottleriformis*
  - 150. Wood of *Artocarpus integrifolia*
  - 151. Wood of *Casuarina*
  - 152. Wood of *Wrightia tinctoria*
  - 153. Wood of *Salvadora persica*
  - 154. Wood of *Pyrularia Wallichiana* 1862 Ceylon, Inter Exhib
  - 155. Wood of *Berrya ammonilla* 1862 Ceylon, Inter Exhib
  - 156. Wood of *Grewia tiliaefolia* 1862 Ceylon, Inter Exhib
  - 157. Wood of *Trichadenia zeylanica* 1862 Ceylon, Inter Exhib
  - 158. Wood of *Mappia foetida* 1862 Ceylon, Inter Exhib
  - 159. Wood of *Xanthoxylon Rhetsa* 1862 Ceylon, Inter Exhib

Page 7 - <https://biodiversitylibrary.org/page/55370400>

160. Wood of *Elaeocarpus serratus* 1862 Ceylon, Inter Exhib  
161. Wood of *Hemigyrosa trichocarpa* 1862 Ceylon, Inter Exhib  
162. Wood of *Phoberos acuminatus* 1862 Ceylon, Inter Exhib  
163. Wood of *Atalantia Missionis* 1862 Ceylon, Inter Exhib  
164. Wood of *Feronia elephantum* 1862 Ceylon, Inter Exhib  
165. Wood of *Cassia florida* 1862 Ceylon, Inter Exhib  
166. Wood of *Berrya racemosa* 1862 Ceylon, Inter Exhib  
167. Wood of *Milnea apiocarpa* 1862 Ceylon, Inter Exhib  
168. Wood of *Citrus nobilis* 1862 Ceylon, Inter Exhib  
169. Wood of *Pongamia glabra* 1862 Ceylon, Inter Exhib  
170. Wood of *Tamarindus indica* 1862 Ceylon, Inter Exhib  
171. Wood of *Vitex altissima*  
172. Wood of *Cinnamomum iners*  
173. Wood of *Strychnos potatorum*  
174. Wood of *Strychnos nux vomica*  
175. Wood of *Myristica cinerea*  
176. Wood of *Pterocelastrus rostratus*  
177. Wood of *Leucadendron argenteum*  
178. Wood of *Olea laurifolia*  
179. Wood of *Plectronia Mundtiana*  
180. Wood of *Tarchonanthus camphoratus*  
181. Wood of *Plectronia Ventosa*  
182. Letterwood, in all 1 box,

28 December 1881

Dr Gunther, British Museum, Bloomsbury, London

Paper taken to Mr Dyer

Plant of *Myrmecodia armata*, Borneo

Page 8 - <https://biodiversitylibrary.org/page/55370401>

10 January 1882

Prof Baird, Smithsonian Institution Washington U.S America

One case. Paper taken to Mr Dyer. In all 1 box.

1. Cones of *Pinus Smithiana*
2. Pod of *Entada scandens*
3. Mat of split flower stems of *Phrynum*
4. *dichotomum*. Cardamoms, Siam
5. Bellrope of *Musa textilis*
6. Meal of *Dioscorea sativa*
7. *Eulophia vera*, Salep
8. Turmeric *C. longa*
9. Cardamoms, East Indies
10. Meal of *Dioscorea alata*
11. Orris root
12. Portugal Sarsaparilla
13. Amomum Korarima
14. China root
15. Manilla Hemp
16. Plantain Rope
17. Male spadix of *Borassus flabelliformis*
18. Cardamom seed
19. Fibre of *Doryanthus excelsa*
20. Meal, *Dioscorea aculeata*
21. Cardamoms, Saharumpore
22. Amomum sp (seeds)
23. Pine apple wool
24. *Brassica campestris* seeds
25. *Brassica nigra* seeds
26. Dyed split leaves *Phoenix sylvestris*
27. Pods of *Poinciana regia*
28. Sliced stems of *Akebia quinata*

- Page 9 - <https://biodiversitylibrary.org/page/55370402>
- 29. *Brassica nigra* seeds, Beyrouth
  - 30. *Porphyra vulgaris*
  - 31. *Brassica campestris* seeds
  - 32. Nilofer, *Nymphaea*
  - 33. *Fatsia papyrifera* (paper)
  - 34. Mixed rape seed
  - 35. Seeds of *Papaver somniferum*
  - 36. Paper pulp of *Pinus abies*
  - 37. Paper pulp of *Populus tremula*
  - 38. Lump Benzoin
  - 39. Fruits of *Nymphaea pubescens*
  - 40. Sabot of *Oreodaphne bullata*
  - 41. *Orchis mascula*, Salep
  - 42. Paper of *Fourcroya gigantea*
  - 43. Sample of Coffee, Natal
  - 44. Bark of *Alyxia stellata*
  - 45. Seeds of *Achras*
  - 46. Fibre of *Fourcroya gigantea*
  - 47. Wood of *Cedrus atlantica*
  - 48. Wood of *Atherosperma moschata*
  - 49. Wood of *Taxus baccata*
  - 50. Wood of *Calodendron capense*
  - 51. Wood of *Copernicia conifera*
  - 52. Drift wood from the Arctic seas
  - 53. Wood of *Acacia arborea*
  - 54. Wood of *Citriobatus spinescens*
  - 55. Wood of *Acacia mollissima*
  - 56. Wood of *Heberdenia excelsa*
  - 57. Wood of *Dillenia pelusa*
  - 58. Box for holding grapes, made of wood of *Populus alba*
  - 59. Sal resin

Page 10 - <https://biodiversitylibrary.org/page/55370403>

- 60. Terminalia bellirica, Myrobs
- 61. Fruits of Diospyros Embryopteris
- 62. Gum of Conocarpus latifolia
- 63. Phyllanthus Emblica, nuts
- 64. Babool gum
- 65. Seeds of Strychnos nux vomica
- 66. Flowers of Grislea tomentosa
- 67. Gum of Odina wodier
- 68. Bark of Morinda citrifolia
- 69. Cochlospermum gossypium gum
- 70. Pulas flowers Butea frondosa
- 71. Butea Kino
- 72. Fibre of Yucca gloriosa
- 73. Munjeet Rubia munjista
- 73. Putya bark
- 74. Hibiscus cannabinus fibre
- 75. Musa paradisiaca fibre
- 76. Fibre of Crotalaria juncea
- 77. Fibre of Urena lobata
- 78. Mocherus Bombax malabaricum
- 79. Fibre of Boehmeria nivea
- 80. Hemp Cannabis sativa
- 81. Pine apple fibre
- 82. Cassia auriculata
- 83. Nardostachys jatamansi
- 84. Rhus khus root
- 85. Betel nuts
- 86. Sansevieria fibre
- 87. Hibiscus sabdariffa fibre
- 88. Terminalia chebula Myrobs
- 89. Vateria indica resin
- 90. Canarium strictum, resin

98. Hammock made of *Bromelia* fibre
99. Wood of *Bigelooia arborescens*

26 January 1882

Dr Schomburgk, Adelaide

1 box. Paper taken to Mr Dyer

1. Bikh Poison
2. Pistacia vera nuts
3. Sumac Powdered leaves of *Rhus cotinus* and *Rhus coriaria*.
4. Aeschynomene aspera woods
5. Dipteryx odorata pods
6. Divi Divi pods
7. Lawsonia inermis Henna
8. Rubia cordifolia Indian Madder. Herb.
9. Nardostachys jatamansi Herb.
10. Chinese Joss sticks of sandal wood
11. Mallotus philippensis, Kamala
12. Cassava Biscuit
13. Saffron, *Crocus sativus*
14. Starch *Tacca palmatifida*
15. Meal *Colocasia esculenta*
16. Portrait of Revd M J Berkeley
17. Portrait of Allan Cunningham
18. Portrait of Widenow
19. Portait of J.B. Boussingault
20. Portrait of Prof. Asa Gray
21. Portait of Dr Wallich

Page 16 - <https://biodiversitylibrary.org/page/55370409>

6 February 1882

Herr Prof Dr Eichler, Konigl. Botanischer Garten Potsdamer Strasse 75a Berlin W

Copy taken to Mr Dyer

1. Amomum Daniellii, fruits, Mauritius
2. Portion of trunk of Alsophila australis
3. Portion of Heliconia
4. Portion of Lomaria magellanica
5. Portion of Lomaria gibba 2 specs
6. Portion of Brainea insignis
7. Branch of Pinus pyrenaica Lap. (H. Bockstadt)
8. Fruits of Amomum Granum - paradasi, W. Africa
9. Flowers of Amomum Daniellii Fernando Po. D Daniellii

Page 17 - <https://biodiversitylibrary.org/page/55370410>

10. Fruits & foliage of *Landolphia florida*
11. Spadix of *Sabal mauritiiformis* Trinidad

1 February 1882

J Clarke Esq, The Museum, Saffron Walden, Essex

Copy taken to Mr Dyer

One package containing diagram of *Rafflesia arnoldi*

1 February 1882

Mrs Brightwen, The Grove, Great Stanmore

Copy taken to Mr Dyer

Small mount - bag made of leaves of *Gerbera (Oreoseris) lanuginosa*

2 February 1882

Prof Oliver, University College, Gower Street

Copy taken to Mr Dyer. c/o F C Bower Esq

2 sections stems of *Dasyllirion*

1 rootstock *Testudinaria*

4 February 1882

Prof C S Sargent, Arboretum, Harvard University, Boston Massachusetts, U.S.A

Boxes made of the following woods from Pangi. Paper taken to Mr Dyer

1. Wood. *Fraxinus excelsior*
2. Wood. *Euonymus Hamiltonianus*
3. Wood. *Pyrus aria*
4. Wood. *Prunus padus*
5. Wood. *Pinus Excelsa*
6. Wood. *Cedrus deodara*
7. Wood. *Abies Webbiana*
8. Wood. *Pyrus aucuparia*
9. Wood. *Pyrus Pashia*
10. Wood. *Crataegus oxyacantha*
11. Wood. *Prunus cerasus*
12. Wood. *Pinus Gerardiana*
13. Wood. *Pyrus communis*
14. Wood. *Juglans regia*
15. Wood. *Acer pictum*
16. Wood. *Pyrus malus*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 18 - <https://biodiversitylibrary.org/page/55370411>

17. Wood. *Cotoneaster bacillaris*
18. Wood. *Ulmus wallichiana*
19. Wood. *Alnus nitida*
20. Wood. *Juniperus excelsa*
21. Wood. *Prunus armeniaca*
22. Wood. *Betula Bhojpatra*
23. Wood. *Indigofera*
24. Wood. *Juniperus recurva*
25. Wood. Branch of *Pinus pyrenaica* Lap. P Brutia Ten. from the original tree described as *P. Brutia* in the Naples Bot Gard in Hooker 1881

6 February 1882

Dr Oscar Drude, Prof of Botany, Dresden, Saxony

1 package. Paper taken to Mr Dyer

1. Spadix of *Sabal mauritiiformis*

2. Portions of plants of *Hyospathe pubigera* + *Bactris Trinidad*

17 February 1882

A Monsieur le Prof J E Planchon, Montpellier, France

Paper to Mr Dyer

Box containing fruit bunches of *Vitis schimperiana* Fernando Po, Niger Exped. Coll Mr Barker

20 February 1882

Herr Prof H G Reichenbach, Botanischer Garten, Hamburg

Paper taken to Mr D

Seventy five bottles containing orchids in spirit

22 February 1882

Prof Warming, University Copenhagen

Copy taken to Mr Dyer

Box containing specimen of *Hydrostachys Madagascar*

Page 19 - <https://biodiversitylibrary.org/page/55370412>

8 March 1882

Prof C S Sargent, Arboretum, Harvard University, Boston Massachusetts, U.S.A

Duplicate New Zealand woods for Prof Sargent in 9 packages, addressed as follows. The specimens are all marked in red the figures being enclosed by a circle thus (1). Copy taken to Mr Dyer

1. Wood. White tea tree *Leptospermum*
2. Wood. *Dacrydium cupressinum*
3. Wood. *Dacrydium cupressinum*
4. Wood. *Podocarpus dacrydioides*
5. Wood. *Podocarpus spicata*
6. Wood. *Fuchsia Excorticata*
7. Wood. Totara Knot *Podocarpus totara*
8. Wood. *Podocarpus totara*
9. Wood. *Podocarpus totara*
10. Wood. *Olea Cunninghamii*
11. Wood. *Elaeocarpus dentatus*
12. Wood. Kawri *Dammara australis*, Large plank

17 March 1882

E M Holmes Esq, Pharmaceutical Society

1 bottle oil of *Glycine soja*

Several samples of *Phaseolus*, pea meal and Potato arrowroot

Page 20 - <https://biodiversitylibrary.org/page/55370413>

24 March 1882

Prof Dr Eug Warming &c &c, Rosenvaengels Hovedrej, 19 O, Copenhagen, Denmark

Paper taken to Mr Dyer

1. Podostemum ceratophyllum, Pennsylvania G Bentham

2. Podostemon sp. Khasia, Sir JD Hooker

3. Podostemon & Hydrobryum E Indies Sir J.D.H.

And a parcel of dried plants from Herbarium in all one box

6 June 1882

Dr Bidie,

Specimens handed to Mr Dyer June 6th. Cinchona barks

1. Bark. Common Carthagena

2. Bark. Loxa bark, Bogota

3. Bark. Very old S American Calisaya

4. Bark. Cinchona succirubra Jamaica

5. Bark. Cinchona officinalis Jamaica

6. Bark. Very rich cultivated Cinchona Calisaya from Bolivia probably red Morada

15 June 1882

Prof C S Sargent, Arboretum, Harvard University, Boston Mass U.S America

Paper taken to Mr Dyer. [1-47] 2 boxes containing woods of [48-53] A parcel of dried plants from the

Herbarium addressed to Dr Farlow, Bussey Institution, Boston

1. Wood. Grevillea robusta

2. Wood. Celtis sp.

3. Wood. Flindersia oxleyana

4. Wood. Rottlera tinctoria

5. Wood. Alphitonia excelsa

6. Wood. Flindersia australis

7. Wood. Backhousia citriodora

8. Wood. Owenia venosa

9. Wood. Callitris sp.

10. Wood. Eucalyptus sp.

11. Wood. Geijera multiflora

12. Wood. Eucalyptus sp.

13. Wood. Eucalyptus sp.

14. Wood. Eucalyptus paniculatus

15. Wood. Melaleuca uncinata

16. Wood. Petalostigma quadriloculare

17. Wood. Rhus australasica

18. Wood. Harpulia pendula

19. Wood. Casuarina sp.

20. Wood. Aralia elegans.

Page 21 - <https://biodiversitylibrary.org/page/55370414>

21. Wood. *Owenia venosa*  
22. Wood. *Sersalisia* sp.  
23. Wood. *Cryptocarya glaucescens*  
24. Wood. *Cupania pseudorhus*  
25. Wood. *Citrus australis*  
26. Wood. *Cupania australis*  
27. Wood. *Melaleuca nodosa*  
28. Wood. *Banksia compar*  
29. Wood. *Maba geminata*  
30. Wood. *Eremophila mitchellii*  
31. Wood. *Notelea longifolia*  
32. Wood. *Flindersia australis*  
33. Wood. *Casuarina* sp.  
34. Wood. *Melicytus ramiflorus*  
35. Wood. *Persoonia tora*  
36. Wood. *Sophora tetaptera*  
37. Wood. *Exocarpus* sp.  
38. Wood. *Cargillia australis*  
39. Wood. *Acacia aulacocarpa*  
40. Wood. *Weinmannia racemosa*  
41. Wood. *Cedrela australis*  
42. Wood. *Podocarpus Totara*  
43. Wood. *Matai, Podocarpus*  
44. Wood. *Diospyros foliolosa*, E Indies  
45. Wood. *Elaeocarpus dentatus*  
46. Wood. *Melicytus ramiflorus*  
47. Wood. *Weinmannia racemosa*  
48. Dried plants. Branch of *Cupressus sempervirens*, Cyprus  
49. Dried plants. Branch of *Pinus Laricio*, var *ouentalis*  
50. Dried plants. Branch of *Pinus Laricio halepensis*  
51. Dried plants. Branch of *Juniperus oxycedrus*  
52. Dried plants. Branch of *Juniperus foetidissima*  
53. Dried plants. Branch of *Juniperus phoenicea*

A parcel of dried plants from the Herbarium addressed to Dr Farlow, Bussey Institution, Boston

Page 22 - <https://biodiversitylibrary.org/page/55370415>

15 June 1882

Dr Schomburgk, Bot Gard Adelaide S Australia

Paper taken to Mr Dyer. 1 box containing the following museum specimens

1. Raw Cotton (white) E Indies
2. New Orleans moss, *Tillandsia usneoides*
3. Cone of *Abies amabilis*
4. Animé, *Trachylobium Hornemannianum*
5. Pod of *Cochlospermum tinctorium*, W Trop Africa
6. Fruits *Piper nigrum*, Assam
7. Raw Cotton (brown) E Indies
8. Seeds of *Sesamum indicum* Centr Prov. India
9. Cones of *Pinus flexilis*
10. Seeds of *Sesamum indicum*, Niger Expedition
11. Seeds of *Phaseolus acoutifolius*, Punjab
12. Gum of *Bassia latifolia*, S Arcot
13. Pods of *Ochroma lagopus*
14. Roots of *Rubia tinctorum*
15. Drupes of *Pandanus candelabra*
16. "Kousso" *Hagenia abyssinica*
17. Flowery Pekoe buds, Silkoorie, E Indies
18. Cones of *Pinus contorta*
19. *Elytropappus Rhinocerotis*
20. Fruits of *Diospyros senegalensis*
21. Seeds of *Lablab*, Mysore
22. Fruits of *Withania coagulans*, Bombay
23. Cones of *Pinus halepensis*, Cyprus
24. Seeds of *Pachyrhizus angulatus*, Japan
25. Silk cotton *Eriodendron anfractuosum*, India
26. Bark of *Cinchona succirubra*, Bangalore
27. Paper pulp of *Andropogon contortus*
28. Mocherus *Bombax*, E Indies

Page 23 - <https://biodiversitylibrary.org/page/55370416>

- 29. Lentil Meal, *Lens esculenta*
- 30. Seeds of *Sesamum indicum*, Madras
- 31. Seeds of *Sesamum indicum*, Assam
- 32. Fruits of *Zanthoxylum piperitum*
- 33. Seeds of *Phaseolus Mungo*, Bengal
- 34. Arrowroot prepared from the Potato
- 35. Beans *Vicia*, Japan
- 36. Orris root Iris, S Europe
- 37. Fruits of *Piper nigrum*, Travancore
- 38. Fruits of *Carya olivaeformis* N America
- 39. Cones of *Pinus Lambertiana* N W America
- 40. Seeds of *Araucaria bidwillii*
- 41. Seeds of *Cajanus indicus*, Madras
- 42. Gum of *Cochlospermum gossypium* E Indies
- 43. Flour of *Convolvulus Batatas*, Jamaica
- 44. Seeds of *Bassia longifolia*
- 45. Seeds of *Dolichos biflorus*, Nagpore
- 46. Fruit of *Khaya senegalense* Niger Exped
- 47. *Osmitopsis asteriscoides*
- 48. Fibre of *Agave americana*, Laguna
- 49. Para rubber *Hevea brasiliensis*
- 50. Munjeet *Rubia munjista*
- 51. Tinnevelly senna, *Cassia elongata*
- 52. Fruits of *Diospyros embryopteris*
- 53. Seeds of *Mimusops-Elengi*, Jamaica
- 54. Flowers of *Mimusops-Elengi*, E Indies
- 55. Fruits of *Trachylobium Hornemannianum*
- 56. Seeds of *Afzelia africana*, Niger Exped
- 57. Amadou *Polyporus fomentarius*
- 58. Seeds of *Glycine soja*, Newchwang
- 59. Paper of *Agave americana*
- 60. Seeds of *Bassia latifolia*, Bogalpore

Page 24 - <https://biodiversitylibrary.org/page/55370417>

- 61. Cones of *Abies Webbiana*, E Indies
- 62. Wood of aerial root of *Banyan*
- 63. Needle Beans *Cyamopsis psoralioides*
- 64. Fruits of *Piper nigrum*, Madras
- 65. Seeds of *Sesamum indicum*, Japan
- 66. Valonia cups, *Quercus aegilops*
- 67. Willows herb, *Epilobium angustifolium*
- 68. Root bark, *Cinchona officinalis*, Ceylon
- 69. Pods of *Tecoma stans*, Grenada
- 70. Seeds of *Phaseolus Mungo*, Oudh
- 71. Lentils, Bengal
- 72. Seeds of *Calodendrum capense*
- 73. Fibre of *Agave americana*, Mauritius
- 74. Alexandrian Senna *Cassia acutifolia*
- 75. Seeds of *Phaseolus Mungo*, Berar
- 76. Fruit & seeds of *Sterculia*, Jamaica
- 77. Ceylon Chillies
- 78. Fibre of *Fourcroya gigantea*, Madras
- 79. *Arenaria rupifraga*
- 80. Fruits of *Calophyllum inophyllum* E Indies
- 81. Gum of *Pterocarpus marsupium*
- 82. Bark of *Cinchona Succirubra*, Ceylon
- 83. Baobab *digitata*, Africa
- 84. Thapsia *garganica*, Cyrene
- 85. Fruits of *Toluifera balsamum*, Brazil
- 86. Seeds of *Hydnocarpus venenata*
- 87. Cones of *Pinus Catellii*
- 88. Bark of *Alyxia stellata*
- 89. Broken pods of *Poinciana regia*
- 90. Seeds of *Lathyrus*, Sindh
- 91. Gum of *Acacia leucophloea*
- 92. Roots of *Arnebia hispidissima*

Page 25 - <https://biodiversitylibrary.org/page/55370418>

- 93. Hemp, *Cannabis sativa*
- 94. Bark of *Quillaia saponaria*
- 95. *Viburnum cotinifolium*
- 96. *Jatropha curcas* seeds
- 97. Gum of *Acacia arabica*
- 98. Pods of *Clitorea ternatea*
- 99. Cloth of *Raphia Ruffia* fibre
- 100. Cones of *Abies Menziesii*
- 101. Cones of *Abies nigra*
- 102. Cones of *Cedrus atlantica*
- 103. Seeds of *Cassia occidentalis*
- 104. Cone of *Pinus albicaulis*
- 105. *Pterospermum indicum*
- 106. Fine sample of Myrrh
- 107. Ergotised ears of *Psamma arenaria*
- 108. Meal of *Batatas Edulis*, Japan
- 109. Bark of *Rauvolfia caffra*
- 110. Photo of *Ficus elastica*, Peradeniya
- 111. Fruits of *Pterostyrax hispida*
- 112. Fruits of *Schweinfurthia pleucosperma*
- 113. Fruits of *Combretum microphylla*
- 114. Fruits of *Hymenocardia* sp
- 115. Fruits of *Buddleia curviflora*
- 116. Fruits of *Diciphania Erustii*
- 117. Fruits of *Pterocarpus* sp.
- 118. Fruits of *Sterculia apetala*
- 119. Pods of *Balsamocarpum laurifolium*
- 120. Pod of *Anonychium lanceolatum*
- 121. Fruit of *Herminiera elaphroxylon*
- 122. Fruit of *Hippomane mancinella*
- 123. Fruit of *Cryptocarpa prunus*
- 124. Tapioca of *Manihot utilissima*

Page 26 - <https://biodiversitylibrary.org/page/55370419>

- 125. Fruit of *Cordia abyssinica*
- 126. Fruit of *Olacaceae*
- 127. Aloe wood, *Bursera*
- 128. Pod of *Anonychium* sp.
- 129. Meal of *Manihot utilissima*
- 130. Chirocalyx tomentosa fruit
- 131. Fruit of *Leptadenia lancifolia*
- 132. Fruit of *Hyphaene guineensis*
- 133. Fruit of *Zanthoxylum caribaeum*
- 134. Fruit of *Clerodendrum Thomsoniae*
- 135. Fruit of *Tanaecium albiflora*
- 136. Pod of *Casparia porrecta*
- 137. Wood of *Albizia procera*, Ind. For. Dept.

27 July 1882

Herr Prof Dr Eichler, Konigl Botanischer Garten Potsdamer Strasse 75a Berlin W

Paper taken to Mr Dyer

1. *Balanophora globosa*
2. *Balanophora elongata*
3. *Balanophora involucrata*
4. *Balanophora dioica*
5. *Rhopalocnemis phalloides* 3 specimens
6. *Rafflesia Patina* Be
7. *Dyera costulata* fruits
8. Stem of *Rhus vernicifera* gashed to cause flow of juice

2 August 1882

Rev J B Reynardson, Careby, Little Blytham

One box containing the following museum specimens

1. Paper of *Daphne papyracea*
2. Coir Fibre
3. Pods & seeds of *Moringa pterygosperma*
4. Model of a fruit

Page 31 - <https://biodiversitylibrary.org/page/55370424>

5. Valonia acorn cups
6. Pods of *Mucuna gigantea*
7. Baobab fruit
8. Seeds of *Hodgsonia heteroclita*
9. Seeds of *Adenanthera pavonina*
10. Cone of *Dammara orientalis*
11. Cones of *Cedrus atlantica*
12. Cardamoms *Elettaria cardamomum*
13. Fibre of *Ochroma lagopus*
14. Bark of *Doryphora sassafras*
15. Benguila from Africa
16. Stick Lac, Siam
17. Fruits *Eucalyptus leucoxylon*
18. Fan made of a palm leaf
19. Kauri gum
20. *Colchicum autumnale*
21. Pods of *Canavalia ensiformis*
22. China grass
23. Pods of *Cassia fistula*
24. Nuts *Attalea funifera*
25. Coffee berries
26. Pods of *Bauhinia Vahlii*
27. *Cladonia rangiferina*
28. *Carludovica palmata*
29. *Leonotis Leonurus*
30. Fruits of *Nipa fruticans*
31. Fruits of *Hyphaene*
32. Fruits of *Eriodendron anfractuosum*
33. Pods of *Poinciana regia*
34. Models of various fruits
35. Pitchers of *Nepenthes Rafflesiana*
36. Fruit of *Bombax*
37. *Cavanillesia platanifolia*

Page 32 - <https://biodiversitylibrary.org/page/55370425>

- 38. East India copal from Africa
- 39. Seeds Sapotaceae
- 40. Seeds of Phormium tenax
- 41. Vegetable ivory nuts *Phytelephas macrocarpa*
- 42. Dammar
- 43. Lisbon copal, Africa
- 44. *Bauhinia* pods
- 45. *Terminalia bellirica*, Myrobalans
- 46. Fruit *Hyphaene thebaica*
- 47. Plait of *Lodoicea seychellarum*
- 48. "Amadou" *Polyporus ignarius*
- 49. Animé, Africa
- 50. Fruits of *Trachylobium Hornemannianum*
- 51. Seeds *Sapindus saponaria*
- 52. Pod *Entada scandens*
- 53. Portion of spadix *Phoenix sylvestris*
- 54. Cotton pods, Tahiti
- 55. Betel nuts *Areca catechu*
- 56. Fruit of *Swietenia mahagoni*
- 57. Liberian coffee
- 58. Fruit *Cerbera Odollam*
- 59. Germinating seeds *Borassus flabelliformis*
- 60. Double Coconut

15 August 1882

The Secretary, Royal Geographical Society, 1 Savile Row, Burlington Gardens

Paper taken to Mr Dyer

43 maps from herb

33 photos from herb

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

15 August 1882

Dr Gunther FRS, Zoological Department British Museum, London WC  
One small parcel Zoophytes coll Dr Spruce from Herbarium

18 August 1882

A Monsieur le Prof W F R Suringar, Jardin des Plantes, Leyden, Holland  
Paper taken to Mr Dyer  
One box containing 17 specimens of Lianes  
1 Welwitschia mirabilis and two bundles of dried plants

1 September 1882

Prof C S Sargent, Arboretum, Harvard University, Boston Mass U.S.A  
Paper taken to Mr Dyer c/o Sherlock Esq 9 Canning Place Liverpool  
One box containing 55 specimens of woods principally Australian

5 October 1882

J Horne Esq, Botanic Gardens Mauritius  
One box containing the following museum specimens  
1. Roots of Arnebia hispidissima  
2. Valonia cups  
3. Lycopodium polescens  
4. Osmilopsis asteriscoides  
5. Benzoin Styrax Benzoin  
6. Dyak Jacket Borneo  
7. Bark of Canella alba

Page 34 - <https://biodiversitylibrary.org/page/55370427>

8. Kourie gum
9. Safflower
10. Fruits of *Poivrea Roxburghii*
11. Fruits of *Piper longum*
12. *Asparagus sarmentosus*
13. Amadou, *Polyporus igniarius*
14. Guaiacum sanctum (in tears)
15. *Plocaria gueilia confervoides*
16. Gum of *Xanthorrhoea hastilis*
17. Cones of *Larix Griffithii*
18. Buckwheat
19. Chaw stick powder
20. Fruits of *Poivrea Hartmanniana*
21. Gum of *Boswellia thurifera*
22. Seeds of *Sesamum indicum*
23. *Ventilago madraspatana*
24. Raw Cotton (India)
25. Resin of *Pinus australis*
26. *Elytropappus Rhinocerotis*
27. Seeds of *Glycine soja*
28. Madder (Greece)
29. Siam Gamboge.
30. Brush made of flower spikes of *Sorghum vulgare*
31. Fasciated stem of asparagus
32. Seeds of *Phaseolus aconitifolius*
33. Hog gum. *Moronobea coccinea*
34. Fire sticks (E Indies)
35. Seeds of *Pisum sativum*
36. Catechu *Acacia catechu*
37. Fruits of *Capparis mitchellii*
38. Buchu leaves. *Barosma spp.*

24 October 1882

Prof Fluckiger, Pharmaceutische Institut, Strassburg, Germany

Paper taken to Mr Dyer

One set of opium smoking apparatus from Hong Kong and portion of a similar set from Shanghae contained in one box

3 November 1882

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square

Paper taken to Mr Dyer

One box containing 58 specimens of drugs from Tamsu N Formosa

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 37 - <https://biodiversitylibrary.org/page/55370430>

9 January 1883

W Carruthers Esq FRS, Botanical Dept Nat Hist Mus S Kensington

1 box containing the following. Paper taken to Mr Dyer

1. Nutmegs from Ternate in fluid

2. Cloves from Ternate in fluid

3. Pringlea antiscorbutica, Kerguelens Land (in fluid)

4. Lyallia Kerguelensis (in fluid)

5. Wood of Phylica arborea

29 January 1883

Dr Flight, Mineralogical Dept, British Museum, S Kensington, S.W

Paper taken to Mr Dyer

3 specimens from Natal & one from Cape Colony received from Col J H Bowker Jan 29th 1883

5 February 1883

S W Silver Esq, Sun Court, 67 Cornhill, London EC

Paper taken to Mr Dyer

Two samples of India Rubber rec'd from Mr Jenman Georgetown

10 February 1883

The Rev Father Sircom, Stonyhurst College, Blackburn

One box and one package containing the following. Paper taken to Mr Dyer

1. Stem of tree fern Guatemala

2. 2 double coconut Seychelles

3. Spadix of Caryota urens

4. Stem of Catakidozamia Macleayi

5. Leaf of Borassus flabelliformis

6. Leaf of Bermuda palm Sabal sp.

7. Section of Palm wood

8. Loranthus longifolius on Albizzia procera from Saharanpore

Page 38 - <https://biodiversitylibrary.org/page/55370431>

12 February 1883

F O Bower Esq, South Kensington

Fetched by S Kensington van

3 stems of *Catakidozamia Macleayi*

1 stem of *Macrozamia Douglasii*

2 stems of Tree ferns Guatemala

Fruiting spadix of *Raphia* near *Raphia Gaertneri*

Plant of *Dischidia Rafflesiana*

*Loranthus longifolius* on *Ficus* sp

*Loranthus longifolius* on *Ficus comosa*

*Loranthus longifolius* on *Ehretia laevis*

*Loranthus longifolius* on *Garuga pinnata*

Balai de Sorciers

22 February 1883

Herr Prof Dr Eichler, Konigl Botanischer Garten Potsdamer Strasse 75a Berlin W

Paper taken to Mr Dyer. One box containing the following

1. Stem of *Gnetum scandens*

2. Male spadix of *Lodoicea sechellarum*

3. *Lyallia kerguelensis*

4. Cones of *Abies magnifica*

5. Cones of *Abies concolor*

6. Cones of *Abies grandis*

7. Cones of *Pinus Jeffreyii*

8. Cones of *Abies grandis*

9. Cones of *Abies amabilis*

10. *Costus afer*

11. *Loranthus longifolius* on *Eugenia jambosa*

12. *Loranthus longifolius* on *Acer oblongum*

13. *Loranthus longifolius* on *Acacia modesta*

14. *Loranthus longifolius* on *Acacia sumatrana*

15. *Loranthus longifolius* on *Flacourtie Ramontchi*

16. *Loranthus longifolius* on *Tectona Hamiltonii*

Page 39 - <https://biodiversitylibrary.org/page/55370432>

17. *Loranthus longifolius* on *Heritiera littoralis*
18. *Loranthus longifolius* on *Wrightia tomentosa*
19. *Loranthus longifolius* on *Grewia asiatica*

22 February 1883

Prof Edouard Bureau, Laboratoire de Botanique, Jardin des Plantes, Paris

1 box containing the following. Paper taken to Mr Dyer

1. Stem of *Gnetum scandens*
2. *Loranthus longifolius* on *Ficus elastica*
3. *Loranthus longifolius* on *Amoora Rohituka*
4. *Loranthus longifolius* on *Tectona grandis*
5. *Loranthus longifolius* on *Albizia Lebbek*
6. *Loranthus longifolius* on *Ficus infectoria*
7. *Loranthus longifolius* on *Ficus religiosa*
8. *Loranthus longifolius* on *Ficus glomerata*
9. *Loranthus longifolius* on *Grewia elastica*
10. *Loranthus longifolius* on *Pterospermum acerifolium*
12. *Lyallia kerguelensis*
13. Small box of Algae from Herbarium

21 February 1883

Prof Church, Bethnal Green Museum

Duplicate fruits of Durian &c rec'd from Malacca on the 15th inst.

6 March 1883

Prof Church, Bethnal Green Museum

Fruits of 4 species of Citrus

1 March 1883

L Sclator Esq FRS, Zoological Soc 11 Hanover Square

1 box containing birds rec'd from Timor Laut Coll H.G Forbes Esq

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 40 - <https://biodiversitylibrary.org/page/55370433>

8 March 1883

Prof Flower FRS, Royal College of Surgeons, Lincoln's Inn Fields

Paper taken to Mr Dyer

1 box containing Timor Laut human skulls

10 March 1883

A W Franks Esq, Dept of Ethnography, British Museum WC

Paper taken to Mr Dyer

2 boxes of Ethnographical specimens from Timor Laut

13 March 1883

Dr Gunther FRS, Dept of Zoology, British Museum WC

Paper taken to Mr Dyer

2 boxes containing miscellaneous zoological specimens from Timor Laut

13 March 1883

Alexander Comyns Esq, 47 Chancery Lane WC

Paper taken to Mr Dyer

1 box & 1 package containing Ethnographical specimens from Timor Laut

20 March 1883

Prof Wrightson, Downton Station L&SWR

11/4 Cwts White Linseed (in one box) rec'd June 29th 1882

11 April 1883

Alexander Comyns Esq, 47 Chancery Lane

1 box containing 37 miscellaneous specimens from Timor Laut

27 April 1883

E M Holmes Esq, Pharmaceutical Soc

1 package containing 24 specimens of drugs unnamed from Sierra Leone also 1 bottle of oil of Cinn Tamala

Page 41 - <https://biodiversitylibrary.org/page/55370434>

27 April 1883

Thomas Twining Esq, Percy House, Twickenham

1 small parcel containing

1. Paraguay Tea *Ilex paraguayensis*
2. *Ceanothus americanus*
3. *Gaultheria procumbens*
4. *Helichrysum serpyllifolium*
5. *Angraecum fragrans*
6. *Eupatorium ayapana*
7. Acorns of *Quercus ilex*
8. Seeds of *Astragalus boeticus*
9. Fruits of *Paullinia sorbilis*

21 May 1883

J H Maiden Esq, Curator and Secretary, Technological and Industrial Museum, Sydney, NS Wales

Paper taken to Mr Dyer. One box containing. c/o Sir Saul Samuel K.C.M.G 5 Westminster Chambers, Victoria Street, SW

1. Pods of *Dioclea reflexa*
2. Pod of *Pentaclethra macrophylla*
3. Pods of *Guilandia Bonduc*
4. Pods of *Mucuna urens*
5. Pods of *Acacia*
6. Pods of *Stereospermum*
7. Pods of *Abrus precatorius* & stems of *Abrus precatorius*
8. Pods of *Canavalia ensiformis*
9. Pod of *Moringa pterygospermum*
10. Pod of *Spathodea campanulata*
11. Fruits of *Pentadesma butyracea*
12. Fruits of *Ptychosperma involucrata*
13. Tray made of *Besha stridula*, Ceylon

Page 42 - <https://biodiversitylibrary.org/page/55370435>

14. Fruit of *Aspidosperma excelsa*
15. Male spadix of *Lodoicea sechellarum*
16. Fruits of *Arachis hypogaea*
17. Gambier: *Uncaria gambier*
18. Bark of *Strychnos atherstonei*
19. Fruits of *Xylopia aethiopica*
20. Fruits of *Carapa guianensis*
21. Cotton plant, E Indies
22. Raw cotton E Indies (white)
23. Raw cotton E Indies (brown)
24. *Elytropappus Rhinocerastis*
25. *Osmitopsis asteriscoides*
26. Granulated Buckwheat
27. Coffee berries Venezuela
28. Buckwheat meal
29. Stems
30. St Vincent Jamaica Arrowroots
31. Maize Demerara
32. Bark of *Exostemma caribaeum*
33. "Gum Thus" *Pinus australis*
34. *Liatris odoratissima*
35. Fruiting spikes of vars of *Sorghum vulgare*
36. Balata, *Mimusops globosa*
37. Paraguay tea
38. Fruiting spikes of *Penicillaria spicata*
39. *Pachyma cocos*
40. Bark of *Lecythis* sp
41. Tea grown in Formosa
42. Gum of *Acacia arabica*
43. Moonja silk
44. Tusseh silk from Gyah & Cuttack
45. Seeds of *Ricinus communis*

Page 43 - <https://biodiversitylibrary.org/page/55370436>

- 46. Tobacco Jamaica
- 47. Wood of Clethra arborea
- 48. Bark of Cinnamomum Tamala
- 49. Bark of Cinnamomum cassia
- 50. Calyces of Careya arborea
- 51. Bark of Boswellia
- 52. Fire sticks East Indies
- 53. Memecylon tinctoria
- 54. Seeds of Cassia Tora
- 55. Seeds of Guizotia abyssinica
- 56. Germinating seeds of Borassus flabelliformis
- 57. Stick Lac
- 58. Sweet Cassava Starch
- 59. Soft Copal Dammar
- 60. Gum of Odina wodier
- 61. Amadou, Polyporus
- 62. Leaves of Acacia catechu
- 63. Inner bark of Ochroma lagopus
- 64. Dammer Eastern Archipelago
- 65. Plocaria candida
- 66. Fruits of Nipa fruticans
- 67. Hairs from the stipes of Cibotium
- 68. Roots of Arnebia hispidissima
- 68a. Seeds of Sesamum indicum, Ceylon
- 69. Plocaria Gracilia confervoides
- 70. Seeds of Sesamum indicum, Japan
- 71. Wood of Terminialia chebula?
- 72. Leaves of Anogeissus latifolia
- 73. Pepper, Piper longum
- 74. Buchu leaves, Barosma spp
- 75. Bark of Betula Bhojpatra
- 76. Dammar, Shorea robusta

Page 44 - <https://biodiversitylibrary.org/page/55370437>

- 77. Tapa cloth Sandwich Ids - 2 specs
- 78. Fruits of *Hyphaene coriacea*
- 79. Seeds of *Sapindus saponaria*
- 80. Zanzibar Copal
- 81. Taraxici
- 82. Seeds of *Plantago ispaghula*
- 83. Bark of *Symplocos racemosa*
- 84. Brushes, Whetsone & etc., as used in the preparation of Japanese Lacquer, Tokio
- 85. Woods of *Podocarpus elongatus*
- 86. Wood of *Royena lucida*
- 87. Beehive made of the wood of *Sabal umbraculifera*
- 88. Wood of *Sabal umbraculifera*
- 89. Hand basket made of split leaves of *Sabal umbraculifera*
- 90. Fancy basket made of split leaves of *Sabal umbraculifera*

- 173. Bark of *Morinda citrifolia*, East Indies
- 174. Flax stems & fibre, East Indies
- 175. Fibre of *Boehmeria* sp, East Indies
- 176. Fibre of *Gyeegywot Shaw Aracaw*, East Indies
- 177. Fibre of *Hibiscus sabdariffa*, East Indies
- 178. Gum of *Odina wodier*, East Indies
- 179. Fibre of *Sansevieria zeylanica*, East Indies
- 180. Myrabolans *Terminalia chebula*, East Indies
- 181. Resin *Canarium strictum*, East Indies
- 182. Mocherus *Bombax malabaricum*, East Indies
- 183. Khus Khus roots, East Indies
- 184. Bark of *Cassia auriculata*, East Indies
- 185. Sunn fibre *Crotalaria juncea*, East Indies

One box containing 2 paintings on porcelain of flowers & fruit by Mrs C H Morris, also drawing of *Victoria regia*

21 May 1883

- Dr Drude, Prof of Botany, Dresden, Saxony
- 1 box containing. Paper taken to Mr Dyer
- 1. Stem of *Bactris trichospatha*
  - 2. Spathe of *Acrocomia lasiospatha*
  - 3. Spathe & portion of leaf of *Bactris* sp
  - 4. Portion of stem of *Bactris major*
  - 5. Spathe & spadix of *Astrocaryum gymnacanthum*
  - 6. *Bactris trichospatha* portion of stem
  - 7. *Iriartea exorrhiza* fruits
  - 8. Fruits of *Oenocarpus Bataua*
  - 9. Fruits of *Bactris major*
  - 10. Fruits of *Mauritia flexuosa*
  - 11. Fruits of *Astrocaryum* & *Astrocaryum tucuma*
  - 12. Fruits of *Acquero*
  - 13. Fruits of *Manicaria saccifera*
  - 14. Spathe of *Orbignia sagotii*
  - 15. Portion of leaf of *Oncospermum filamentosa*
  - 16. Leaves of *Calamus* - probably *Calamus australis*
  - 17. Leaves of *Hydriastele wendlandiana*
  - 18. Portion of spadix of *Mauritia flexuosa*
  - 19. Portion of spadix of Cabbage palm

  - 29. Wood. Morus Brunonianana, N.S. Wales, Philadelphia Exhib. 1876
  - 30. Wood. Eucalyptus sp. (2 specs), Philadelphia Exhib. 1876
  - 31. Wood. Acacia sp. Philadelphia Exhib. 1876

1 August 1883

Dr Hugo Mueller, 13 Park Square East, Regent's Park

A second specimen of wax from *Rhus vernicifera* in response to application

8 August 1883

Dr Vines FLS, Christ's College, Cambridge

1 box containing

2 cones (male & female) of *Ceratozamia mexicana*

1 cone of *Encephelartos Hildebrandtii*

portion of female cone of *Cycas revoluta*

9 August 1883

Mons le Professeur Fliche, Ecole forestiere, Nancy, France

One box containing the following

1 cone of *Macrozamia* sp

2 cones of *Cycas beddomei*

2 cones of *Encephelartos Hildebrandtii* & seeds

1 cone of *Stangeria paradoxa* & seeds

1 cone of *Macrozamia Miquelli*

2 cones of *Encephelartos Longifolius*

Seeds of *Macrozamia Macdonelli*

1 cone of *Encephelartos altensteinii*

Page 52 - <https://biodiversitylibrary.org/page/55370445>

6 September 1883

Mr J Howell, 180 Old Street London EC

6 sticks sent for report collected in St Helena by Mr D Morris. 2 Common Furze, 2 Wild Pepper, 2 *Canthium* sp.

6 September 1883

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square

102 specimens of drugs recd from W. A. Woolley Esq Hiogo & Osaka

27 August 1883

J H Maiden Esq, Curator and Secretary, Technological and Industrial Museum, Sydney, New South Wales

1 box containing the following specimens

1. Wood of *Ficus aurea*
2. Wood of *Fagus ferruginea*
3. Wood of *Persea carolinensis*
4. Wood of *Populus heterophylla*
5. Wood of *Pinus australis*
6. Wood of *Pinus tada*
7. Wood of *Salix nigra*
8. Wood of *Carpinus americana*
9. Wood of *Carya tormentosa*
10. Wood of *Torreya taxifolia*
11. Wood of *Ulmus fulva*
12. Wood of *Pinus serotina*
13. Wood of *Pinus mitis*
14. Wood of *Pinus inops*
15. Wood of *Quercus Phellos*
16. Wood of *Quercus lyrata*
17. Wood of *Bursera gummosa*
18. Wood of *Fraxinus americana*
19. Wood of *Quercus tinctoria*
20. Wood of *Carya amara*
21. Wood of *Fraxinus viridis*
22. Wood of *Symplocos tinctoria*
23. Wood of *Quercus fulcata*
24. Wood of *Cordia sebestina*
25. Wood of *Quercus nigra*
26. Wood of *Quercus Catesbeiae*
27. Wood of *Quercus Virens*
28. Wood of *Quercus alba*
29. Wood of *Ostrya virginica*
30. Wood of *Cocos nucifera*
31. Wood of *Sabal palmetto*
32. Wood of *Sapindus saponaria*
33. Wood of *Castanea pumila*
34. Wood of *Crataegus coccinea*
35. Wood of *Carya porcina*
36. Wood of *Morus rubra*
37. Wood of *Tilia pubescens*
38. Wood of *Liriodendron tulipifera*
39. Wood of *Nyssa uniflora*
40. Wood of *Frangula caroliniana*
41. Wood of *Acer dasycarpum*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

- 42. Wood of *Eugenia monticola*
- 43. Wood of *Mimusops sieberi*
- 44. Wood of *Capparis jamaicensis*
- 45. Wood of *Pisonia obtusata*
- 46. Wood of *Jacquinia armillaris*
- 47. Wood of *Ximenia americana*
- 48. Wood of *Ilex opaca*

Page 53 - <https://biodiversitylibrary.org/page/55370446>

49. Wood of *Andromeda ferruginea*
50. Wood of *Nyssa aquatica*
51. Wood of *Nyssa capitata*
52. Wood of *Pinus inops*, var. *clausa*
53. Wood of *Guettarda elliptica*
54. Wood of *Halesia diptera*
55. Wood of *Conocarpus erecta*
56. Wood of *Crataegus arborescens*
57. Wood of *Magnolia Fraseri*
58. Wood of *Guaiacum sanctum*
59. Wood of *Coccobola floridana*
60. Wood of *Halesia tetraptera*
61. Wood of *Rhizophora mucronata*
62. Wood of *Suriana maritima*
64. Wood of *Pyrus angustifolia*
65. Wood of *Magnolia grandiflora*
66. Wood of *Forestiera acuminata*
67. Wood of *Cliftonia ligustrina*
68. Wood of *Prunus umbellata*
69. Wood of *Psidium guaiava*
70. Wood of *Negundo aceroides*
71. Wood of *Magnolia glauca*
72. Wood of *Fraxinus platycarpa*
73. Wood of *Chrysobalanus icaco*
74. Wood of *Piscidia erythrina*
75. Wood of *Canella alba*
76. Wood of *Coccobola uvifera*
77. Wood of *Cornus florida*
78. Wood of *Diospyros virginiana*
79. Wood of *Oxydendron arboreum*
80. Wood of *Drypetes crocea*
81. Wood of *Rhamnus caroliniana*
82. Wood of *Celtis mississipiensis*
83. Wood of *Xanthoxylon caribaeum*
84. Wood of *Juniperus occidentalis* var. *conjungens*
85. Wood of *Cupressus goveniana*
86. Wood of *Acer rubrum*
87. Wood of *Prunus ilicifolia*
88. Wood of *Arbutus texana*
89. Wood of *Pinus Arizonica*
90. Wood of *Canella alba*
91. Wood of *Eugenia buxifolia*
92. Wood of *Pinus Coulteri*
93. Wood of *Liquidambar styraciflua*
94. Wood of *Quercus rubra*
95. Wood of *Eugenia procera*
96. Wood of *Bourreria havanensis*
97. Wood of *Carya sulcata*
98. Wood of *Byrsonima lucida*
99. Wood of *Tsuga canadensis*
100. Wood of *Washingtonia filifera*
101. Wood of *Cornus florida*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

- 102. Wood of *Osmanthus americana*
- 103. Wood of *Acer americana*
- 104. Wood of *Sassafras officinale*
- 105. Wood of *Xanthox Clava-Herculis*
- 106. Wood of *Populus balsamifera*
- 107. Wood of *Lysiloma latisiliqua*
- 108. Galls of *Rhus semialata*
- 109. Roots of *Andropogon muricatus*
- 110. Stem of *Pollinia eriopoda*
- 111. Rope of *Pollinia eriopoda*
- 112. Fruits of *Strychnos spinosa*
- 113. Pods of *Lonchocarpus cyanescens*
- 114. Wax from *Rhus vernicifera*, Aidzu Japan
- 115. 2 specs of ancient writings on Papyrus
- 116. Walking stick of Coco de Mer
- 117. Walking stick of Bois dur. (*Plectronia bibracteata*)
- 118. Bean cake (Arachis hypogaea)

13 November 1883

W Sowerby Esq, Royal Botanic Society, Regent's Park

Cotton plant from North America

15 November 1883

John Plant Esq, Curator, Royal Museum, Peel Park, Salford

The following specimens contained in 4 packages. Paper taken to Mr Dyer. Ceylon Paris Exhib 1855. [1-8] All the above are Tasmanian woods

1. Series of picture frames of the following woods *Dacrydium Franklinii*; *Fagus Cunninghamii*, *Eurybia argophylla*, *Acacia melanoxylon*, Root of *Fagus Cunninghamii*, *Acaia dealbata*, *Bedfordia salicina* (Tasmanian wood)
2. Wood. Panel of *Fagus Cunninghamii*. Tasmania
3. Wood. Plank of *Fagus Cunninghamii*. Tasmania
4. Wood. Plank of *Notelaea ligustrina*. Tasmania
5. Wood. Plank of *Eucalyptus gigantea*. Tasmania
6. Wood. 2 pieces of *Eucalyptus globulus*. Tasmania
7. Wood. 2 pieces of *Eucalyptus globulus*. Tasmania
8. Wood. Plank of *Pittosporum bicolor*. Tasmania
9. Wood. Chair made of Tamarind wood (*Tamarindus indica*)

15 November 1883

George Cadell Esq, Great Northern Depository, Edinburgh

9 packages containing the following specimens of woods. Paper taken to Mr Dyer

1. Wood. Panel of *Fagus Cunninghamii* Tasmania
2. Wood. Panel of *Casuarina quadrivalvis* Tasmania
3. Wood. Panel of *Dacrydium Franklinii* Tasmania
4. Wood. Panel of *Acacia melanoxylon* Tasmania
5. Wood. Panel of *Acacia melanoxylon* & *Eucalyptus gigantea* Tasmania
6. Wood of *Leptospermum lanigerum* Tasmania
7. Wood of *Eurybia argophylla* (3 pieces) Tasmania
8. Wood of *Eucalyptus gigantea*

Page 57 - <https://biodiversitylibrary.org/page/55370450>

9. Wood of Bedfordia salicina, Tasmania
10. Wood of Casuarina quadrivalvis Tasmania
11. Wood of Acacia de albata Tasmania
12. Wood of Notelaea ligustrina Tasmania
13. Wood of Acacia melanoxylon Tasmania
14. Wood of Stenocarpus saligneus N. S. Wales
15. Wood of Cedrela australis (2 pieces) N. S. Wales
16. Wood of Melaleuca squarrosa, Victoria
17. Wood of Acacia melanoxylon, in two pieces, Victoria
18. Wood of Acacia mollissima, Victoria
19. Cask made of "Blackwood" (Acacia melanoxylon) Tasmania

15 November 1883

W R Guilfoyle Esq, Curator, Botanic Garden, Melbourne, Victoria

One box containing the following. Paper taken to Mr Dyer [152-210] The following woods from North America

1. grass whisk made of Arundo Phragmites
2. Fruit of Sterculia foetida
3. Fruits of Agave mexicana
4. Sack made of fibre of Sterculia villosa
5. Fibre of Sterculia villosa
6. Specimen of Embroidered Cotton weaving
7. Yarn of Sterculia urens
8. Rope of Sterculia urens
9. Cord of Sterculia Balanghas
10. Wood of Ochroma sp.
11. Fruit & seeds of Carapa guineensis
12. Resin of Eriodendron anfractuosum
13. Fruits of Bombax malabaricum
14. Fruit of Eriodendron anfractuosum
15. Fibre of Helicteres isora
16. Cotton shirt
17. Silk Cotton Eriodendron anfractuosum

- Page 58 - <https://biodiversitylibrary.org/page/55370451>
- 18. Wood of *Pterospermum suberifolium*
  - 19. Drawing (colored) of *Aēgle marmelos*
  - 20. Bark of *Adansonia digitata*
  - 21. Wood of *Swietenia* sp.
  - 22. Wood of *Bombax malabaricum*
  - 23. Wood of *Chickrassia tabularis*
  - 24. Wood of *Soymida febrifuga*
  - 25. Olibanum *Boswellia Carteri*
  - 26. Model of fruit of *Artocarpus integrifolia*
  - 27. Fruit of *Anona reticulata*
  - 28. Fruit of *Anona squamosa*
  - 29. Gum of *Moringa pterygosperma*
  - 30. Bark of *Cinchona officinalis* Jamaica
  - 31. Bark of *Cinchona officinalis*
  - 32. Bark of *Cinchona Calisaya*, S America
  - 33. Bark of *Cinchona succirubra*, Jamaica
  - 34. Bark of *Cinchona succirubra* India
  - 35. Bark of *Cinchona succirubra* India
  - 36. Paper of *Broussonetia* treated with oil of *Perilla ocyoides*
  - 37. Sliced root of *Oroxylum indicum*
  - 38. Seeds of *Luffa acutangula*
  - 39. Portion of plant of *Echium* sp.
  - 40. Roots of *Rubia munjista*
  - 41. Fruits of *Phyllanthus Emblica*
  - 42. Gum of *Cochlospermum gossypium*
  - 43. Fibre of *Boēhmeria nivea*
  - 44. Fruits of *Diospyros Embryopteris*
  - 45. Resin of *Shorea robusta*
  - 46. Seeds of *Strychnos nux-vomica*
  - 47. Kino, *Butea frondosa*
  - 48. Gum of *Conocarpus latifolia*
  - 49. Nardostachys jatamansi
  - 50. Pulas flowers, *Butea frondosa*

Page 59 - <https://biodiversitylibrary.org/page/55370452>

- 51. Flowers of Grislea tomentosa
- 52. Fibri of Calotropis gigantea
- 53. Fibri of Crotalaria tenuifolia
- 54. Fibri of Boehmeria puya
- 55. Fibri of Lepurandra saccidora
- 56. Fibri of Urena lobata
- 57. Fibri of Sida rhomboidea
- 58. Fibri of Hibiscus sabdariffa
- 59. Fibri of Agave americana
- 60. Fibri of Hibiscus cannabinus
- 61. Fibri of Malva paradisiaca
- 62. Fibri of Adansonia digitata
- 63. Fibri of Brosimum sp.
- 64. Fibri of Boehmeria nivea
- 65. Fibri of Caryota urens
- 66. Fibri of Attalea funifera
- 67. Black Salep substitute
- 68. Marking nuts Semecarpus anacardium
- 69. Fruits of Terminalia belirica
- 70. Bark of Cassia auriculata
- 71. Bark of Morinda citrifolia
- 72. Cardamons, Elettaria cardamomum
- 73. Fruits of Terminalia tomentosa
- 74. Flax of Linum usitatissimum
- 75. Resin of Canarium strictum
- 76. Flowers of Cedrela Toona
- 77. Betel nuts, Areca catechu
- 78. Gum of Odina wodier
- 79. Khus Khus roots, Andropogon muricatus
- 80. Mucherus, Bombax malabaricum
- 81. Rhea tow, Bōehmeria nivea
- 82. Fruits of Terminalia catappa, Florida

Page 60 - <https://biodiversitylibrary.org/page/55370453>

- 83. Candles of wax from *Rhus vernicifera*
- 84. Fruits of *Rhus vernicifera*
- 85. Two specs of wax from *Rhus vernicifera* from Aidzu & Aomori Japan
- 86. Pods of *Lonchocarpus cyanescens*
- 87. Fruit of *Kigelia africana*
- 88. Rope made of *Carex* sp
- 89. Fruits of *Strychnos spinosa*
- 90. Matting of *Pollinia eripoda*
- 91. Rope of *Pollinia eripoda*
- 92. Oil cake of *Camellia sasanqua*, China
- 93. Wood of *Daniellia* sp
- 94. Seeds of *Gynandropsis pentaphylla*
- 95. Branch of *Cupressus thujoides*
- 96. Seeds of *Abies Webbiana*
- 97. Fruits of *Nipa fruticans*
- 98. Cones of *Pinus pinsapo*
- 99. Cones of *Pinus rigida*
- 100. Seeds of *Sesamum orientale*
- 101. Chaw stick powder, *Gouania domingensis*
- 102. Wood of *Trochetia melanoxylon*
- 103. Cones of *Pinus sinensis*
- 104. Ceylon moss, (*Plocaria lichenoides*)
- 105. Cones of *Retinispora obtusa*
- 106. Cones of *Pinus Cembra*, Switzerland
- 107. Cones of *Abies Engelmanni*
- 108. Cones of *Pinus albicaulis*
- 109. Cones of *Abies Douglasii*
- 110. Cones of *Pinus excelsa*
- 111. Cones of *Cedrus Deodara*
- 112. Buchu leaves. *Baxosma* spp
- 113. Paper from *Daphne papyraceae*
- 114. Cones of *Picea webbiana*

Page 61 - <https://biodiversitylibrary.org/page/55370454>

- 115. Cones of *Pinus Edgariana*
- 116. Cones of *Cedrus Libani*
- 117. Cones of *Pinus ponderosa*
- 118. Cones of *Pinus monophylla*
- 119. Cones of *Pinus patula*
- 120. Cones of *Cedrus atlantica*
- 121. Cones of *Pinus contorta*
- 122. Cones of *Sequoia gigantea*
- 123. Cones of *Callitris macrocarpa*
- 124. Tapa cloth, *Broussonetia papyrifera*
- 125. Soft Copal Dammar
- 126. Germinating seeds of *Borassus flabelliformis*
- 127. Pods of *Moringa pterygosperma*
- 128. Cones of *Pinus inops*, Vancouver Id.
- 129. Cones of *Pinus serotina*
- 130. Cones of *Abies menziesii*
- 131. Cones of *Pinus monticola*
- 132. Cones of *Pinus glabra*
- 133. Cones of *Pinus amabilis*
- 134. Cones of *Pinus flexilis*
- 135. Cones of *Pinus smithiana*
- 136. Stems of *Solanum Dulcamara*
- 137. Plant of *Selaginella lepidophyllum*
- 138. Leaves of *grewia* sp used in Burma for cigars
- 139. Bark of *Sindora Rideliana*. sp nov
- 140. Cone of *Pinus ayacahuite*
- 141. Root of *Acorus gramineus*
- 142. Root of *Acorus spurius*
- 143. Fruits of *Nelumbium speciosum*
- 144. Pitchers of *Nepenthes Pervillei*
- 145. Spec. of English Rhubarb

17 January 1884

Prof Baird, Smithsonian Institution, Washington, U.S America

c/o W. Wesley, 28 Essex Street, Strand. 1 box containing the following specimens

1. Fruits of *Vateria acuminata*
2. *Balanophora elongata*
3. Fruit of *Bertholettia excelsa*
4. Seeds of *Lens esculenta*
5. Fan made of Spathe of *Areca* palm
6. Castor oil seed
7. Pod of *Entada scandens*
8. Seeds of *Strychnos nux vomica*
9. Stick Lac
10. *Mucuna ? urens* (pods)
11. Fruit *Barringtonia speciosa*
12. Paraguay tea *Ilex paraguayensis*
13. Starch from the Greenheart (*Nectandra Rodiae*)
14. Fruits of *Xylopia aethiopica*
15. Block of *Dichopsis gutta*

- Page 69 - <https://biodiversitylibrary.org/page/55370462>
- 16. Double Cocoa nut
  - 17. 4 samples of Indian Mustard seed
  - 18. 2 specs. of Indian capsicum Lukinpole & Chittagong
  - 19. Wood of Acacia pendula
  - 20. Manioc Bread, *Manihot utilissima*
  - 21. Renewed bark of *Cinchona officinalis* (not sent)
  - 22. Bark of *Cinchona officinalis* (not sent)
  - 23. Renewed bark of *Cinchona succirubra* (not sent)
  - 24. Mossed bark of *Cinchona succirubra*
  - 25. Fruits of "Kapok" *Eriodendron anfractuosum*, Java
  - 26. 2 specs. of "Kapok" silk cotton *Eriodendron anfractuosum*, Java
  - 27. Wood of Huon pine cut in the form of a book
  - 28. Bark of *Cinnamomum cassia*
  - 29. Paper of *Broussonetia papyrifera*
  - 30. Wood of *Clethra arborea*
  - 31. Bark of *Cinnamomum obtusifolium*
  - 32. Seeds of *Beilschmiedia Tawa*
  - 33. Kapok oil cake *Eriodendron anfractosum*. Java
  - 34. High Lunkah Tobacco Coconada
  - 35. Tobacco, Malwa
  - 36. Fruits of *Ligusticum diffusum*
  - 37. Linseed (white) Cawnpore
  - 38. Fruits of *Zanthoxylon rhetsa*
  - 39. Leaves of *Wrightia tinctoria*
  - 40. Whisk of *Arundo Phragmites*
  - 41. Cotton Yarn Central Africa
  - 42. Tinder box
  - 43. Cotton Cloth
  - 44. Cotton Rope, India
  - 45. Fruits of *Nelumbium speciosum*
  - 46. Pitchers of *Nepenthes Pervillei*
  - 47. Specimen of English Rhubarb
  - 48. Biennial Henbane *Hyoscyamus niger*, var. *biennis*

- 49. Models of fruit of *Anona squamosa*
  - 50. Bark of *Cinchona succirubra*, Ceylon
  - 51. Broussonetia paper heated with oil of *Perilla ocymoides*
  - 52. Bark of *Cinchona succirubra* grown in St Helena
  - 53. Fruits of *Strophanthus Kombe*
  - 54. Fibre of *Barringtonia* sp
  - 55. Shola Hat (*Aeschynomene aspera*)
  - 56. Bark of *Sindora Rideliana* nov sp. Ceram
  - 57. Wood of *Fagus Cunninghamii* in the form of a book
  - 58. Fruits of *Hyphaene coriacea*
  - 59. Seeds of *Sapindus saponaria*
  - 60. Kauri gum *Dammara australis*
  - 61. Sweet Cassava Starch
  - 62. Black salep substitute
  - 63. Dammar, *Shorea robusta*
  - 64. Gum of *Xanthorrhaea*
  - 65. Germinating seeds of *Borassus flabelliformis*
  - 66. Mucherus, *Bombax malabricum*
  - 67. Seeds of *Strychnos nux-vomica*
  - 68. Tapa Cloth Sandwich Islands
  - 69. Fruits of *Nipa fruticans*
  - 70. *Piper longum*
  - 71. China grass *Boehmeria nivea*
  - 72. Roots of *Arnebia hispidissima*
  - 73. Buchu leaves *Barosma* spp
  - 74. Pods of *Moringa pterygosperma*
  - 75. Bark of *Betula Bhojpatra*
  - 76. *Plocaria gracilis confervoides*
  - 77. Pods of *Poinciana regia*
  - 78. Bark of *Strychnos atherstonei*
  - 79. Seeds of *Lagenaria vulgaris*
  - 80. Stems & roots of *Rubus Sikkimensis*
  - 81. Leaves of *Cinnamomum Cassia Luk Po* S. China
  - 82. Leaves of *Cinnamomum Cassia Fai Wu* S. China

- Page 71 - <https://biodiversitylibrary.org/page/55370464>
- 83. Bark of *Cinnamomum Cassia* Lotung S. China
  - 84. Cassia Buds *Cinnamomum Cassia*, Yarkand
  - 85. Fibre of *Fourcroya gigantea*, Mauritius
  - 86. Roots of *Morinda citrifolia*
  - 87. Seeds of *Cucumis trigonus*
  - 88. Candles of *Rhus vernicifera* (wax)
  - 89. Fruits of *Rhus vernicifera*
  - 90. Wax from fruits of *Rhus vernicifera* Aidyu
  - 91. Grass ropes of *Pollinia eriopoda*
  - 92. Walking stick of Bois dur. (*Plectronia bibracteata*)
  - 93. Walking stick of Coco de Mer (*Lodoicea sechellarum*)
  - 94. Arrowroot from seeds of *Macrozamia spiralis*
  - 95. *Selaginella lepidophylla*
  - 96. Leaves of *Grewia* sp. used in Burma for cigars
  - 97. Shoe of fibre of *Chamaerops excelsa*
  - 98. Shoe of stems of *Alpinia* sp.
  - 99. Shoe of *Pandanus* leaves with uppers of *Alpinia* sp
  - 100. 3 shoes of Culms of *Cyperus tegetiformis*
  - 101. Pattens of unknown wood
  - 102. Box of artifical flowers of Rice Paper
  - 103. Native tea Formosa
  - 104. Cuff made of culms of *Cyperus tegetiformis*
  - 105. Bamboo portable stove for warming body
  - 106. Hat stand of portion of stems of Tree fern
  - 107. Mat of *Chamaerops humilis*, Coimbra
  - 108. Fan made of leaves of *Phoenix farinifera*
  - 109. Brush made of Coir fibre
  - 110. Portion of leaf of Coir Palm
  - 111. Bark of *Hibiscus tiliaceus*
  - 112. Prepared rice paper
  - 113. Crude Camphor
  - 114. Pith of *Aralia papyrifera*
  - 115. Mat of *Lepironia mucronata*

17 January 1884

Dr Vines, Herbarium, Cambridge

A series of fluid guttas in bottles recd from N Cantley Singapore 5th inst.

28 January 1884

E M Holmes Esq, Pharm Society 17 Bloomsbury Square WC

6 specimens of unnamed Indian drugs from the Amsterdam Exhib. of 1883.

12 February 1884

Prof Wrightson, College of Agriculture, Downton near Salisbury

About 1 peck of white Linseed recd 29/6/82

Page 76 - <https://biodiversitylibrary.org/page/55370469>

7 May 1884

, Messrs J Carter & Co, High Holborn, London

Small parcel containing

1. Seeds of *Strychnos nux vomica*
2. Fruits of *Elettaria cardamomum*
3. Seeds of *Areca catechu*
4. Fruits of *Diospyros embryopteris*

27 May 1884

Prof Moseley, 14 St Giles Oxford

Necklaces of the following

Necklace. *Ocimum sanctum*, wood, 2

Necklace. *Ocimum basilicum*, wood 1

Necklace. *Ocimum Gratissimum*, wood 1

Necklace. *Justicia adhatoda*, wood, 2

Necklace. *Butea frondosa*, wood 1

Necklace. *Aēgle marmelos*, wood 1

Necklace. *Vallaris dichotoma*, wood 1

Necklace. *Purrassee*, wood 1

Necklace. *Nelumbium speciosum*, seeds 1

Necklace. *Linum usitatissimum*, stems 1

Necklace. *Elaēocarpus ganitrus* 1

5 June 1884

W Carruthers Esq, Botanical Dept, S Kensington Museum

Sugar Cane (*Saccharum officinarum*, L) from Jamaica, (flower spikes)

5 June 1884

F Coles Esq, Bethnal Green Museum

Fruits of *Anona reticulata*

Fruits of *Zizyphus Jujuba*

Fruits of *Adansonia digitata*

Fruits of *Durio zibethinus*

cake made of the fibrous portion of the bulb of *Lilium cordifolium* & sweetmeat prepared from the same.

13 June 1884

Prof Moseley, 14 St Giles Oxford

Bowl (Food) or Kava bowl of oval shape from Guadalcanar, Solomon Islands. Coll. Milne.

Page 77 - <https://biodiversitylibrary.org/page/55370470>

17 June 1884

W R Mac Nab, Royal College of Science, Dublin

The following specimens

1. *Balanophora dioica*, Khasia
2. *Balanophora dioica*
3. *Balanophora involucrata*
4. *Cynomorium coccineum*, Malta
5. *Helosis mexicana*, New Grenada
6. *Helosis guianensis*, Rio de Janeiro
7. *Lophophytum*, Bahia
8. *Lophophytum Weddellii*, New Grenada
9. *Rhopalocnemis phalloides*, Java
10. *Phyllocoryne jamaicensis*, Jamaica
11. *Balanophora involucrata*, Sikkim
12. *Sarcophyte sanguinea*
13. *Corynea crassa*
14. *Corynea Purdiei*
15. *Balanophora involucrata*, Sikkim
16. *Balanophora globosa*, Java
17. *Langsdorffia hypogaēa*, Venezuela

23 June 1884

S W Silver Esq, 106 Cannon Street

Specimen of Rubber from *Parameria glandulifera* received from Mr Brace, Royal Gardens, Calcutta.

Page 78 - <https://biodiversitylibrary.org/page/55370471>

30 July 1884

M M Robert Caspary, Royal Bot Gardens, Konigsberg  
Woods for microscopic purposes contained in one box

1. Wood. *Litsaēa dealbata*, N.S. Wales
2. Wood. *Oreodaphne bullata*, S. Africa
3. Wood. *Acroclidium chrysophyllum*
4. Wood. *Actinodaphne elegans*, Ceylon
5. Wood. *Machilus velutina*, Hong Kong
6. Wood. *Nectandra Willdenowiana*, Florida (wood)
7. Wood. *Cryptocarya Wightiana*, Ceylon (wood)
8. Wood. *Cinnamomum Camphora*, Mauritius (wood)
9. Wood. *Beilschmiedia Roxburghiana*, Assam (wood)
10. Wood. *Cinnamomum Tamala*, India (wood)
11. Wood. *Sassafras officinale*, S. America (wood)
12. Wood. *Cinnamomum Cassia*, Mauritius (wood)
13. Wood. *Aydendron cannella* (wood)
14. Wood. *Persea indica*, Madeira (wood)

1 August 1884

Miss E A Ormerod, Dunster Lodge, Springrove, Isleworth

Specimen of wood damaged and rendered useless by the attacks of insects. Cross cut section is from one of the uprights of a summer house in the gardens and the other is a cross beam of the same house, the former is a tree of Bois noir (*Albizia Lebbeck*) The latter a branch of Jambae (*Eugenia malaccensis*) The wood was damaged as it now is in about a month after it was put up. (Recd from Mr Scott, Mauritius, July 5 1884)

22 October 1884

Herr Prof Dr Eichler, Konigl Botanischer Garten, Potsdamer Strasse 75a, Berlin W

Box containing cones & leaf of *Encephalartos longifolia*

Page 79 - <https://biodiversitylibrary.org/page/55370472>

8 November 1884

Prof Dickson MD FLS, Royal Botanic Garden Edinburgh

Parcel containing 7 spp. of Fungi from Demerara also some dried plants from Herbarium

9 November 1884

Prof Asa Gray, Harvard University, Cambridge Mass U S America

c/o W. Wesley, 28 Essex Street, Strand

Box containing specimens of 9 spp of Fungi from Demerara and a packet of dried plants from Herbarium

9 November 1884

F O Bower Esq,

Specimens of seven spp. of Fungi from Demerara

17 November 1884

E M Holmes Esq,

The following specimens

1. Resin of *Pinus Laricio*, Cyprus
2. Indigo from *Polygonum tinctorium*, Japan
3. Gum of *Khaya senegalensis*, Gambia
4. Kamdah or Locust seeds & pods *Parkia biglobosa*
5. Resin of *Cedrus Libani*, var. *Crevifolia*, Cyprus

3 December 1884

E M Holmes Esq, Pharmaceutical Society

Box containing the following specimens

1. Bitter Aloes from Jamaica (for Report)
2. Portion of stem of *Canella alba*
3. Starch from *Pachyrhizus angulatus*
4. Bark of *Simaruba glauca*
5. Root of *Cissampelos Pareira*
6. Portions of stem of *Forsteronia floribunda*
7. Bark of *Picramnia antidesma*
8. Powdered bark of *Pinus halepensis*
9. Locust seeds (*Hymenaea courbaril*)

Page 80 - <https://biodiversitylibrary.org/page/55370475>

10. Snake nuts (*Ophiocaryon paraxasm*)
11. Cantaballi fruits
12. Cola nuts (red) Gambia
13. Cola nuts (white) Gambia
14. Wallaba Oil (*Eperua falcata*)
15. Llama fruits
16. Palm Kernels (*Elaeis guineensis*) Sierra Leone
17. Gum Opal St Vincent
18. Fruits of *Vatairea guianensis*
19. Indigo (*Indigofera*) Gambia
20. Cowardenaroo fruits
21. Sumac (*Rhus coriaria*) Cyprus
22. Black country soap made from the Tambacoombah nut. Gambia
23. Walnuts (Euphorbiaceae) B. Guiana
24. Mucuna seeds, B. Guiana
25. Hawshee fruits (*Sloanea*), B. Guiana
26. Deodar oil (*Cedrus Deodara*) India
27. Fruits of *Chrysophyllum cainito*, Venezuela
28. Fruits of *Achras Sapota*, Venezuela
29. Hyawa or Incense Gum (*Icica heptaphylla*)
30. Trebizonde Tea (*Vaccinium arctostaphylos*)
31. Stems of *Lindera sericea*, Japan

12 December 1884

Mr Holmes, Pharmaceutical Society

Specimens of gum of *Hymenaea Courbaril*

Bark of Payena (*Ceratophorus leei*). Perak

Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901

Page 81 - <https://biodiversitylibrary.org/page/55370476>

17 December 1884

W J Evelyn Esq, Wootton House, Dorking

Delivered to Mr Paton, Secretary to W J Evelyn Esq

Two panes of glass bearing autograph of John Evelyn the Author of "Sylva" which panes had been in Museum  
for many years

Page 82 - <https://biodiversitylibrary.org/page/55370477>

12 January 1885

W Elborne Esq, Materia Medica Museum, The Owens College, Manchester

One box containing the following specimens

1. False Pareira Brava (*Cissampelos Pareira*) root
2. Issue Peas (Immature Orange berries)
3. Pulas flowers (*Butea frondosa*)
4. Resin of *Hopea odorata*
5. Seeds of *Cucumis trigornis*
6. Cascarilla bark (*Croton Eluteria*)
7. Fruits of *Foeniculum vulgare*
8. Toon flowers (*Cedrela Toona*)
9. Resin of *Shorea robusta*
10. Cuprea bark (*Remijia sp.*)
11. Raw Cotton (white) E. Indies
12. Bark of *Cannella alba*
13. Roots of *Asparagus racemosus*
14. Tobacco, Jamaica
15. Seeds of *Athamanta cretensis*
16. Gum Sarcocolla (*Asparagus sp.*)
17. Seeds of *Lagenaria vulgaris*
18. Galls on *Rhus semialata*
19. Velvet Tamarinds (*Dialium guineense*)
20. Gum of *Azadirachta indica*
21. Seeds of *Ricinus communis*
22. Roots of *Cyperus hexandra*
23. Resin of *Vateria indica*
24. Elytropappus Rhinocerotis
25. Fruits of *Cacoucia coccinea*
26. Wood of *Liquidambar styraciflua*
27. Bark of *Liquidambar styraciflua*
28. Wood of *Populus balsamifera*

Page 83 - <https://biodiversitylibrary.org/page/55370478>

- 29. Kokum Butter (*Garcinia indica*, Chois)
- 30. Flowers of *Malva sylvestris*
- 31. Fruits of *Calophyllum inophyllum*
- 32. Spurious tea Kunawur (*Osyris arborea*)
- 33. Resin of *Vateria indica*
- 34. Resin of *Pinus Laricio*, Poir. Cyprus
- 35. Resin of *Cedrus Libani*, var. *Crevifolia*, Cyprus
- 36. Fruits of *Sloanea*, B. Guiana
- 37. Sumac (*Rhus coriaria*) Cyprus
- 38. Seeds of *Hymenaea Courbaril*, B. Guiana
- 39. Powdered bark of *Pinus halepensis*
- 40. Palm Kernels (*Elaeis guineensis*) Sierra Leone
- 41. Starch from *Pachyrhizus angulatus*
- 42. Resin of *Icica heptaphylla*
- 43. Fruit of *Anda gomesii*
- 44. Seeds of *Cassia Tora*
- 45. Fruits of *Tamarindus indica*. L.
- 46. Seeds of *Glycine Soja*, 2 specimens, Siam & Java
- 47. Roots of *Calotropis Hamiltonianus*
- 48. *Parmelia* sp.
- 49. Salep, *Orchis* sp.
- 50. *Cinnamodendron zeylanicum*
- 51. Fruits of *Barringtonia acutangula*
- 52. Roots of *Aristolochia rotunda*
- 53. Tobacco, Madras
- 54. Fruits of *Zanthoxylon rhetsa*
- 55. Safflower, *Carthamus tinctoria*
- 56. Fruits of *Ficus carica*
- 57. Flowers of *Nyctanthes arbor-tristis*
- 58. Flowers of *Tagestes erecta*
- 59. Root of *Camphora glandulifera*
- 60. Resin of *Canarium strictum*
- 61. Roots of *Rheum moorcroftianum*

Page 84 - <https://biodiversitylibrary.org/page/55370479>

- 62. Roots of *Amarantus spinosus*
- 63. Roots of *Rhatany* (*Krameria triandra*)
- 64. Roots of *Ipomoea Turpethum*
- 65. Seeds of *Carum Ajowan*
- 66. Fruits of *Helicteres Isora*
- 67. Plants of *Oxalis corniculata*
- 68. Roots of *Valeriana Hardwickii*
- 69. Fruits of *Althaea rosea*
- 70. Camphor from *Dryobalanops*
- 71. Fruits of *Celastrus paniculata*
- 72. Seeds of *Abrus precatorius*
- 73. Flowers of *Punica granatum*
- 74. Roots of *Curcuma* sp.
- 75. Pods of *Acacia arabica*
- 76. White Linseed *Linum usitatissimum*
- 77. Plants of *Fumaria parviflora*
- 78. Root of *Rheum Emodi*
- 79. Fruits of *Ligusticum diffusum*
- 80. *Mangifera indica*
- 81. Young fruits of *Wrightia tinctoria*
- 82. Portion of plant of *Onosma echiodoides*
- 83. Resin of *Shorea siamensis*
- 84. Seeds of *Sapindus trifoliatus*
- 85. Resin of *Vateria indica*
- 86. Resin of *Hopea odorata*
- 87. Leaves of Larch felted together by water
- 88. Bark of *Cinnamomum obtusifolium*
- 89. Bark of *Shorea robusta*
- 100. Seeds of *Beilschmiedia Tawa*
- 101. Baobab fruit *Adansonia digitata*
- 102. Oil of *Dipterocarpus turbinatus*
- 103. Oil of *Dipterocarpus turberculatus*
- 104. Fruits of *Melia dubia*

Page 85 - <https://biodiversitylibrary.org/page/55370480>

21 January 1885

Herbert Williamson Esq, Saunders Road Board School, Notting Hill

One box of specimens, viz,

1. Munjeet, *Rubia munjista*
2. Flax, *Linum usitatissimum* L.
3. Myrobalans, *Terminalia belerica*, Roxb.
4. Myrobalans, *Terminalia Chebula*, Retz.
5. Seeds of *Strychnos Nux-Vomica*
6. Cardamons, *Elettaria Cardamomum*
7. Spikenard, *Nardostachys Jatamansi*, D.C.
8. Black Pepper, *Piper nigrum*, L.
9. Sesanum seed (*Sesamum indicum*, D.C.)
10. Ground nuts, *Arachis hypogaea*, L.
11. Maize, *Zea Mays*, L.
12. Castor oil seeds, *Ricinus communis*, L.
13. Baobab fruit, *Adansonia digitata* L.
14. Rice, *Oryza sativa*
15. Seeds of *Sapindus trifoliatus*, L.
16. China grass, *Boehmeria nivea*, H.&A.
17. Cacao fruit, *Theobroma cacao*, L.
18. Cola nuts, *Cola acuminata*, R.Br.
19. Tapa cloth, *Broussonetia papyrifera*, Vent.
20. Dammar, Eastern Archipelago
21. Pitcher of *Nepenthes ampullacea*, Jack.
22. Hymeaea courbaril, British Guiana (Copal)

21 January 1885

E M Holmes Esq, Pharmaceutical Society, Bloomsbury

The following specimens

1. Dried specimen of *Ligustrum lucidum*
2. Twig of *Fraxinus chinensis* with wax in situ
3. 5 candles of animal tallow, vegetable & insect wax from Tung Ching Hsien, China

Page 86 - <https://biodiversitylibrary.org/page/55370481>

23 February 1885

, The Sanitary Bureau, Home Department, Tokio, Japan

per Messyrs Norris & Joyner (126 Bishopsgate Street within E.6). Extra No. F. One box containing the following specimens

1. Fibre of *Bauhinia tomentosa*
2. Fibre of *Bauhinia racemosa*
3. Twigs of *Ficus indica*
4. Fibre of *Urena sinuata*
5. Fruits of *Dialium guineense*
6. Seeds of *Vigna catieng*
7. Sumac (*Rhus coriaria*) Cyprus
8. Thé de Bel Dagh (*Vaccinium Arctostaphylos* L.)
9. Black Pepper (*Piper nigrum*, L.)
10. Resin from *Pinus Laricio*, Poir. Cyprus
11. Seeds of *Brassica juncea*
12. Resin from *Pinus Khasiana*
13. Fibre of *Debreasia longifolia*
14. Fibre of *Musa sapientum*
15. Plant of Trebizonde tea (*Vaccinium Artostaphylos*, L.)
16. Incense gum, *Icica heptaphylla*
17. Buck Wax, *Symphonia globulifera*
18. Copal, *Hymenaea Courbaril*
19. Snake Nuts (*Ophiocaryon paradoxum*)
20. Yam Bean (*Pachyrhizus angulatus*)
21. Fibre from *Crotalaria tenuifolia*
22. Fibre from *Urena lobata*
23. Fibre from *Boehmeria Puya*
24. Fibre from *Urtica heterophylla*
25. Fibre from *Agave americana*
26. Fibre from *Boehmeria nivea*
27. Fibre from *Hibiscus sabdariffa*
28. Fibre from *Hibiscus cannabinus*

Page 87 - <https://biodiversitylibrary.org/page/55370482>

- 29. Fibre of *Sida rhomboidea*
- 30. Fibre of *Calotropis gigantea*
- 31. Khus Khus roots (*Andropogon muricatus*)
- 32. Munjeet, (*Rubia munjista*)
- 33. Flax, *Linum usitatissimum*
- 34. Butea kino, *Butea frondosa*
- 35. Areca nuts (*Areca Catechu*)
- 36. Toon flowers, *Cedrela Toona*
- 37. Bark of *Antiaris saccidora*
- 38. Pulas flowers, *Butea frondosa*
- 39. Marking nuts *Semecarpus anacardium*
- 40. Spikenard, *Nardostachys Jatamansi*
- 41. Kuteera gum, *Cochlospermum gossypium*
- 42. Seeds of *Strychnos nux-vomica*
- 43. Black Salep Substitute
- 44. Gum of *Odina Wodier*
- 45. Myrobalans, *Terminalia Chebula*
- 46. Myrobalans, *Terminalia belerica*
- 47. Cardamons, *Elettaria cardamomum*
- 48. Flowers of *Woodfordia floribunda*
- 49. Resin of *Shorea robusta*
- 50. Gum of *Conocarpus latifolia*
- 51. Gub fruit, *Diospyros Embryopteris*
- 52. Bark of *Cassia auriculata*
- 53. Mocherus, *Bombax malabaricum*

  - 87. Quercitron bark, Quercus tinctoria
  - 88. Pituri, Duboisia Hopwoodii
  - 89. Male cone of Encephelartos villosus
  - 90. 54 specimens of Maize (cobs)

Page 89 - <https://biodiversitylibrary.org/page/55370484>

24 February 1885

E M Holmes Esq, Pharmaceutical Society

Parcel containing transverse section of Batch wood *Acacia catechu*, Resin of *Hymenaea Courbaril*, cake of Chinese insect white wax

17 March 1885

, Bethnal Green Museum

Removed by van from South Kensington. In all 219 specimens.

199 duplicate fruits, seeds and other vegetable products of Siam from the International Health Exhibition, 1884

Mangoes, *Mangifera indica*, L., Venezuela (5 bottles)

Mangoes, *Mangifera indica*, L., West Indies (1 bottle)

Mangoes, *Mangifera indica*, L., Malacca (1 bottle)

Mangoes, *Mangifera indica*, L., Bangalore (3 bottles)

Mangoes, *Mangifera indica*, L., Jamaica (1 bottle)

3 models of Mangoes, India

Fruits of *Coccoloba uvifera*, Venezuela

Fruits of *Citrus limomum*, Natal

Fruits of *Anacardium occidentale*, Venezuela

Fruits of *Anacardium occidentale*, Hort. Society

Fruit of *Rhodomyrtus tomentosa*, Nilgiris

Curds of milk, Afghanistan

4 May 1885

W Elborne Esq, Materia Medica Museum, The Owens College, Manchester

Candle of Chinese Insect white wax and specimen of white wax used for sizing paper and visiting cards

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 90 - <https://biodiversitylibrary.org/page/55370485>

5 May 1885

W Carruthers Esq FRS, Botanical Department, Natural History Museum, S Kensington  
Parcel containing 15 specimens of drift and pigeon crop seeds collected by the Challenger Expedition and Dr Guppy

7 May 1885

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square, WC

Parcel containing the following specimens

1. Starch from *Sagus amicarum*
2. Fruits of *Vateria indica*
3. Fat of *Vateria indica*
4. Kneaded turpentine of *Pistacia Terebinthus*
5. Seeds of *Cassia alata*
6. Fruits of *Celtis Caucasic*

15 May 1885

A W Franks Esq, British Museum, W.C

Drumstick used for beating the big drum called in Lingua Geral 'Furucana' - the head is made of caoutchouc.  
Rio Uaupes, Mr R Spruce

18 May 1885

Revd F A Preston MA, The Green, Marlborough, Wilts

Box containing the following specimens

1. Snake nuts *Ophiocaryon paradoxum*
2. Rice in the husk *Oryza sativa*
3. Fruit of *Gardenia* sp
4. Fruits & seeds of *Soymida*, near *S. rhopalifolia*
5. Pods of *Tetrapleura thonningii*

- Page 91 - <https://biodiversitylibrary.org/page/55370486>
- 6. Fruits of *Pterospermum lanceifolium*
  - 7. Fruits of *Trapa bicornis*
  - 8. Fruit of *Flindersia Bennettiana*
  - 9. Cotton plant
  - 10. Fruits of *Strophanthus*
  - 11. Fruit of *Cedrela* sp
  - 12. Fruit of *Eriodendron anfractuosum*
  - 13. Model of fruit of *Hibiscus esculentus*
  - 14. Fruit of *Bombax Buonopozense*
  - 15. Fruit of *Sterculia*
  - 16. Palm spadix
  - 17. Fruits of *Nepenthes Rafflesiana*
  - 18. Fruits of *Nepenthes Rajah*
  - 19. Fruit of *Vateria indica*

- 53. Fruit of *Bombax malabaricum*
- 54. Lecanora esculenta
- 55. Cups of *Quercus aegilops*
- 56. Pod of *Canavalia ensiformis*
- 57. Fruits of *Thespesia gaganica*
- 58. Fruits of *Fusanus*
- 59. Pod of *Acacia natans*
- 60. Fruit of *Clusia rosea*
- 61. Cones of *Pinus contorta*
- 62. Fruits of *Elaeocarpus amoensis*
- 63. Seeds of *Camellia japonica*
- 64. Fruits of *Juglans cinerea*
- 65. Fruits of *Xylopia aethiopica*
- 66. Fruits of *Liquidambar orientale*
- 67. Fruits of *Hakea incrassata*
- 68. Fruits of *Macadamia ternifolia*
- 69. Yellow Pareira brava Menispermaceae
- 70. Double coconut *Lodoicea sechellarum*

Page 93 - <https://biodiversitylibrary.org/page/55370488>

26 May 1885

Prof Baird, Smithsonian Institution, Washington, USA

(Rer. W. Wesley, 28 Essex Street, Strand) One box containing the following specimens

1. Fruits of *Casuarina equisetifolia*
2. Cuprea bark *Remijia* sp. Bogota
3. Beeswax made for sale on the Delta of the Zambesi
4. Six *Lignum vitae* blocks for pulleys - complete set from the rough to the finished wheel - & one gun-metal centre for wheel
5. Tuft of plant of *Thylacospermum rupifragum* W Tibet
6. Shea butter *Butyrospermum Parkii*, Niger
7. Flower buds of *Sophora japonica* used in dyeing in China
8. Diss (*Ampelodesma tenax*)
9. Spoon of wood of *Clethra arborea*
10. One part of Field & garden Crops (Pt2) of the N.W. Provinces & Oudh by Duthie & Fuller
11. Bundle of straw *Triticum vulgare* var. *aestivum* used for plaiting at Florence
12. Wood of *Trochetia melanoxylon*, St. Helena
13. Drawing of a Betel nut Slicer
14. Roots of *Atropa Belladonna*
15. Necklace of fruits of *Elaeocarpus ganitrus*
16. Necklace of roots of *Ocimum sanctum*
17. Necklace of Purrasse (Bot. name unknown)
18. Necklace of wood of *Linum usitatissimum*
19. Necklace of wood of *Ocimum basilicum*
20. Necklace of wood of *Justicia adhatoda*
21. Necklace of wood of *Aegle marmelos*
22. Broom of flower spikes of *Thysanolaena acarifera*
23. Kokum butter from *Garcinia indica*, Choisy
24. Resin from *Cedrus Libani*, var. *brevifolia*, Cyprus

Page 94 - <https://biodiversitylibrary.org/page/55370489>

- 25. Candles made from animal tallow and insect white wax, *Fraxinus chinensis* and *Ligustrum lucidum* from Tung Chêng Hsien
- 26. Insect wax on twig of *Fraxinus chinensis* Tung Chêng Hsien
- 27. Candles made of vegetable wax coated with insect or white wax. *Fraxinus chinensis* and *Ligustrum lucidum*, used at marriages, births and other joyful occasions, Tung Chêng Hsien
- 28. Candles made of animal tallow coated with insect wax from *Fraxinus chinensis* & *L lucidum* from Tung Chêng Hsien
- 29. Cake of insect white wax, Japan
- 30. Leaves of *Albizia amara*
- 31. Fruits of *Calophyllum inophyllum*
- 32. Bark of *Prunus pseudocerasus*, Japan
- 33. Fibre of *Kydia calycina*
- 34. Fibre of *Sterculia ornata*
- 35. Fibre of *Anthocephalus cadamba*
- 36. Fibre of *Dipterocarpus tuberculatus*
- 37. Hard wheat grown at Saharunpore
- 38. Brown Barley grown at Saharunpore
- 39. Kittool fibre as imported (*Caryota urens*)
- 40. Kittool fibre prepared (*Caryota urens*)
- 41. Fruits of *Elaeagnus*, Afghanistan
- 42. Chinese white wax
- 43. Acorns of *Quercus lusitanica*, var. *orientalis*, var. *petiolaris*
- 44. Oil of *Cinnamomum cassia*
- 45. Oil of *Illicium anisatum*
- 46. Rule made of Bamboo, Japan
- 47. Fibre of *Debregeasia longifolia*
- 48. Fibre of *Holoptelea integrifolia*
- 49. Fibre of *Ficus tsiela*

Page 95 - <https://biodiversitylibrary.org/page/55370490>

- 50. Fibre of *Cordia grandis*
- 51. Fibre of *Phoenix pedunculata*
- 52. Bark of *Soymida febrifuga*
- 53. Rhocha or Spurious tea of Kunawar, *Osyris arborea*
- 54. Gum Piney, *Vateria indica*
- 55. Fruits of Perum Piney, *Vateria indica*, Malabar
- 56. Basket of split Bamboo, India
- 57. Bark of *Pinus halepensis*
- 58. Fabric of fibre of *Pueraria thunbergiana*
- 59. Mangabevia rubber, *Hancornia speciosa*
- 60. Specimens of eight species of fungi
- 61. Fruit of *Nepenthes Rafflesiana* var. *nivea*
- 62. Cone of *Dammara Moorei*
- 63. Cone of *Dammara vitiensis*
- 64. Cone of *Dammara robusta*
- 65. Briar root (*Erica arborea*)
- 66. Samples of blocks of Briar root (*Erica arborea*) used for making pipes
- 67. Two candles of insect White Wax, Ningpo
- 68. Resin of *Icica heptaphylla*
- 69. Exchequer Tally recd from Mr Franks with the following label "Tallies for £100,000 in part principal of then of £1,400,000 from Government and for £6,049.6.3 for interest thereon due 30th Sept 1776 paid the 28th Nov 1776
- 70. Thee door K.W. van Gorkom
- 71. Koloniaal Museum, Haarlem (catalogue)
- 72. Suiker door K.W. van Gorkom
- 73. Cacao en Vanielje door K.W. van Gorkom

Page 96 - <https://biodiversitylibrary.org/page/55370491>

16 June 1885

W R Guilfoyle Esq, Curator, Botanic Garden, Melbourne, Victoria

One box containing the following

1. Specimens of 8 species of fungi, Demerara
2. Wood of *Nephelium longan*, Hong Kong
3. Wood of *Nephelium Litchi*, Hong Kong
4. Wood of *Myrica rubra*, Hong Kong
5. Wood of *Spondias mangifera*, Hong Kong
6. Wood of *Adenanthera pavonina*, Hong Kong
7. Wood of *Chrysophyllum pentagonum*, Hong Kong
8. Wood of *Grewia microcos*, Hong Kong
9. Wood of *Stillingia sebifera*, Hong Kong
10. Wood of *Elaeocarpus laurifolium*, Hong Kong
11. Wood of *Schima Noronhae*, Hong Kong
12. Spoons made of wood of *Clethra arborea*
13. Seeds of *Sapindus saponaria*
14. Broom made of flower spikes of *Thyrsanolaena acarifera*
15. Bark of *Croton eluteria*
16. Fruits of *Crataeva religiosa*
17. Seeds of *Elaeis guineensis*
18. Fruits of *Calophyllum inophyllum*
19. *Lecidea geographica*
20. Plate of *Trichosanthes anguina*, Bot. Mag.
21. Plate of *Lathyrus sativus*, Bot. Mag.
22. Plate of *Dolichos sinensis*, Bot. Mag.
23. Plate of *Dolichos lablab*, Bot. Mag.
24. Fruit of *Pholidocarpus*
25. Briar root (*Erica arborea*)
26. Fibre of *Agave lechuguilla*
27. Wool from summit of plant of *Echinocactus ingens*, Mexico used for stuffing pillows etc
28. Fruits of *Eriodendron anfractuosum*

Page 99 - <https://biodiversitylibrary.org/page/55370492>

- 29. Pods of *Cassia nodosa*
- 30. Wood of *Guaiacum officinale*
- 31. Wood of *Magnolia cordata*, North America
- 32. Wood of *Quercus rubra*, North America

- 49. Thingan resin, *Hopea robusta*
- 50. Tuffs of *Thylacospermum rupifragum*, W. Tibet
- 51. Flowers of *Sophora japonica*, China
- 52. Cones of *Pinus excelsa*
- 53. 2 necklaces made of wood of *Purashee*
- 54. Necklace made of wood of *Ocimum sanctum*
- 55. Necklace made of wood of *Justicia adhatoda*
- 56. Necklace made of stems of *Linum usitatissimum*
- 57. Necklace made of wood of *Aegle marmelos*
- 58. Fabric of fibre of *Pueraria thunbergiana*
- 59. Fruits of *Nepenthes Rajah*
- 60. Fruits of *Nepenthes Rafflesiana*, var. *nivea*
- 61. Rule of bamboo, Japan

Page 100 - <https://biodiversitylibrary.org/page/55370493>

- 62. Fruits of *Cola laurifolia*
- 63. Waistband of unknown seeds from the Gambia
- 64. Toothbrushes & picks combined made of *Populus* sp.
- 65. Tobacco, Japan
- 66. 9 Specimens of Maize
- 67. Wood of *Rhizophorus mucronata*, Johore
- 68. Wood of *Aquilaria Agallocha*
- 69. Wood of *Artocarpus polyphema*
- 70. Wood of *Calophyllum spectabilis*
- 71. Bark of *Soymida febrifuga*
- 72. *Roccella montagnei*, India
- 73. Fruits of *Eleagnus*, Afghanistan
- 74. 4 candles of vegetable tallow coated with insect white wax
- 75. Fibre of *Debregeasia longifolia*
- 76. Bark of *Prunus pseudo-cerasus*, Japan
- 77. Fibre of *Kydia calycina*, Moulmein
- 78. Fibre of *Sterculia ornata*, Wall. Moulmein
- 79. Fibre of *Anthocephalus cadamba* Moulmein
- 80. Fibre of *Dipterocarpus tuberculatus*
- 81. Leaves of *Albizzia amara*, Nellorc
- 82. 2 specimens of *Setaria italica*
- 83. Black rice, *Oryza sativa*
- 84. Vulcanized India rubber
- 85. Peruvian Caoutchouc
- 86. 2 specimens of Para rubber (*Hevea brasiliensis*)
- 87. Gum of *Woodfordia floribunda*
- 88. Fruits of *Coriandrum sativum*
- 89. Model of Maize
- 90. Candle made of animal tallow with small proportion & sheath of white wax
- 91. 2 candles of Vegetable tallow with sheath of white wax
- 92. Leaves of *Hermas gigantea* with midribs taken out

Page 101 - <https://biodiversitylibrary.org/page/55370494>

93. Model of Pomelo fruit (*Citrus decuma*)
94. Model of Custard Apple (*Anona squamosa*)
95. Model of Mango (*Mangifera indica*, L.)
96. Model of Pomegranate (*Punica granatum*)
97. Model of Averrhoa Carambola
98. Model of Bel fruit (*Aegle marmelos*)
99. Model of Orange (*Citrus aurantium*)
100. Model of Cucumber (*Cucumis sativus*, L.)
101. Mother cloves, *Eugenia caryophyllata*
102. Virgin cork, *Quercus Suber*
103. Rain coat of fibre of *Chamaerops Fortunei*, Hong Kong
104. Bark of *Ternstroemia japonica*
105. Carnauba wax, *Copernicia cerifera*, Brazil
106. 4 maps shewing the distribution of timber trees in America
107. Cotton from the Garo Hills cultivated in the Bot. Gard. Calcutta
108. Rhocha or Spurious tea of Kunawr, *Osyris arborea*
109. Male cones of *Araucaria imbricata* grown at Stoke Bishop, Bristol
110. Samples of blocks Briar root (*Erica arborea*) as prepared for pipe making

23 May 1885

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square, WC

Parcel containing the following Indian drugs

1. Indian drug. Bark of *Phyllanthus multiflorus*
2. Indian drug. Herb *Cressa cretica*
3. Indian drug. Fruits of *Vitex indica*
4. Indian drug. Roots of *Cissus latifolius*
5. Indian drug. Leaves of *Phyllanthus multiflorus*
6. Indian drug. Bark of *Elaedendron Roxburghii*
7. Indian drug. Portions of plant of *Trichosanthes cucumerina*
8. Indian drug. Roots of *Microrhynchus sarmentosus*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 102 - <https://biodiversitylibrary.org/page/55370495>

9. Indian drug. Portions of plant of *Clerodendron siphonanthus*
10. Indian drug. Roots of *Polypodium quercifolium*

16 July 1885

Dr King, Botanic Garden, Calcutta

per Herb. Kew

Cuprea bark (*Remijia* sp.) Bogota

16 July 1885

Dr Trimen, Bot Garden, Peradeniya, Ceylon

per Herb. Kew

Cuprea bark (*Remijia* sp.) Bogota

6 August 1885

Alex Hosie Esq, 29 Guildford Street, Russell Square, WC

8 specimens Insect Wax (Chinese) in situ

Candle of Vegetable Wax coated with insect or white wax

Cake of Chinese White Wax from Tung Chêng

11 August 1885

F Fluckiger, Pharmaceutiches Institut der Universitat Strassburg

1. *Santalum album* Indian Forest Dept

2. *Santalum yasi*, Fiji Horue

3. *Fusanus acuminatus*, S. Australia

14 August 1885

Dr Schomburgk, Adelaide

9 portraits sent to Herb. Kew for transmission

9 portraits sent to Herb. Kew for transmission to Dr Schomburgk, Very Revd. M. J. Berkeley, Fries, Robert Wight, Marshall P. Wilder, Dr S. Presse, Carolus Clusius, G. Frauenfeld, Alex. McLeay, (Prof Saegent, Mr Skinner & Dr Engelmann in group) also plan of University Garden, Coimbra. Also portraits of Linnaeus, Morren, Darlington Townsend, Asa Gray, A. De Candolle, Sullivant, Charles Darwin, Photo. of Asa Gray's Herbarium, Drawing of Cone of *Pinus Sabiniana*

Page 103 - <https://biodiversitylibrary.org/page/55370496>

2 September 1885

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square WC

25 specimens of Chinese and Tibetan drugs received from Dr Bretschneider, Peking. June 11th 1883

22 October 1885

Revd Henry H Higgins, Rainhill, Prescot, Lancashire

One box containing the following

1. Zea Mays, L. Cobs
2. Zea Mays, L. Cobs
3. Plocaria candida
4. Fruits of Thapsia garganica
5. Cones of Cedrus Deodara
6. Locust Gum (Hymenaea Courbaril)
7. Marking nuts (Semecarpus Anacardium)
8. Buchu leaves (Barosma sp)
9. Edible Bird Nests
10. Edible Bird Nests
11. Seeds of Pongamia glabra
12. Seeds of Pentaclethra macrophylla
13. Seeds of Strychnos Nux-Vomica
14. Bark of Cassia auriculata
15. Resin Canarium strictum
16. Pitcher of Nepenthes sp
17. Fruits of Phyllanthus Emblica
18. Seeds of Brassica juncea
19. Thé de Bel Dagh (Vaccinium Arctostaphylos)
20. Bark of Alangium Lamarckii
21. Fruits of Calamus sp
22. Toon flowers (Cedrela Toona)
23. Fruits of Terminalis Chebula
24. Fruits of Terminalis belerica
25. Gum of Odina Wodier

Page 104 - <https://biodiversitylibrary.org/page/55370497>

26. Bark of *Morinda citrifolia*
27. Resin of *Shorea robusta*
28. Soft Copal (Dammar)
29. Seeds of *Sesamum indicum*
30. Fruit of *Theobroma Cacao*
31. Fruits of *Diospyros Embryopteris*
32. Flowers of *Woodfordia floribunda*
33. Kino, *Butea frondosa*
34. *Ellettaria cardamomum* fruit
35. Leaves of *Albizia amara*
36. Gum of *Cochlospermum Gossypium*
37. Pulas flowers, *Butea frondosa*
38. Tapa cloth
39. Spikenard (*Nardostachys Jatamansi*)
40. Betel nuts (*Areca catechu*)
41. Woad dye (*Istatis tinctoria*)
42. Fruits of *Casuarina equisetifolia*
43. Cloth from *Pachyrhizus angulatus*
44. Gum of *Anogeissus latifolia*
45. Pods of *Moringa pterygosperma*
46. Cones of *Pinus excelsa*
47. Mocherus, *Bombax malabaricum*
48. Rhea fibre, *Boehmeria nivea*
49. Pith of Rice paper plant (*Fatsia papyrifera*)
50. Khus Khus roots (*Andropogon muricatus*)
51. Fruits of *Nipa fruticans*
52. Munjeet (*Rubia munjista*)
53. Fruits of *Eucalyptus pyriformis*
54. Yuba made of Soy Beans (*Glycine soja*, S+Z) Japan

Page 105 - <https://biodiversitylibrary.org/page/55370498>

13 November 1885

M C Potter Esq, University Herbarium, Cambridge

The following specimens

Spadix of *Caryota urens*

Stem of *Aloe dichotoma*

Spadix of *Raphia*

Bamboo Rhizome

Stem of *Macrozamia Miquelii*

Section of wood of Coco de Mer

23 December 1885

Dr Engler, Botanic Garden, Breslau

1 box containing the following specimens

1. Seeds of *Pachyrhizus angulatus*

2. Tinder of leaves of *Liabum igniarium*

3. Cones of *Pinus cubensis*

4. Bark of *Myrica sapida*

5. Fruit of *Vateria indica*

6. Fruit of *Aegle Marmelos*

7. Cones of *Dammara vilensis*

8. Cones of *Sciadopitys verticillata*

9. Condurango *Gonolobus condurango*

10. Cones of *Pinus milis*

11. Seeds of *Strychnos potatorum*

12. Seeds of *Chrysobalanus Icaco*

13. Fruits of *Peumus Boldus*

14. Starch from *Pachyrhizus angulatus*

15. Seeds of *Torreya nucifera*

16. Fruit of *Vatica Roxburghiana*

17. Roots of *Coptis teeta*

18. Cone of *Pinus Gerardiana*

Page 106 - <https://biodiversitylibrary.org/page/55370499>

19. Balanophora involucrata
20. Wood of *Zanthoxylum clava-herculis*, L
21. Cones of *Pinus insignis*
22. Seeds of *Phaseolus lunatus*
23. Arrowroot from *Macrozamia spiralis*
24. Cones *Pinus aristata*
25. Fibre of *Calotropis gigantea*
26. Seeds of *Phaseolus mungo*
27. Fruits of *Terminalia tomentosa*
28. Fruit of *Barringtonia speciosa*
29. Fruits of *Terminalia Catappa*
30. Fruits of *Trapa bispinosa*
31. Jute, *Corchorus olitorius*
32. Fruit of *Vatairea guianensis*
33. Seeds of *Entada sudanica*
34. Fruits of *Zanthoxylum piperitum*
35. Seeds of *Samadera indica*
36. Pods of *Voandzeia subterranea*
37. Wood of *Securidaca longipedunculata*
38. Fruit of *Picrolaena*, Valdivia
39. Seeds of *Fusanus acuminatus*
40. Leaves of *Bignonia chica*
41. Seeds of *Jatropha curcas*
42. Fruit of *Cavanillesia platanifolia*
43. Seeds of *Bassia longifolia*
44. Fruits of *Altingia excelsa*
45. Seeds of *Celastrus paniculatus*
46. Calyces of *Careya arborea*
47. Fruits of *Prangos pabularia*
48. Plant of *Polygonum tinctorium*
49. Portion of plant of *Azorella selago*
50. Gum of *Spondias Mangifera*

Page 107 - <https://biodiversitylibrary.org/page/55370500>

51. Gum of *Anacardium occidentale*
52. Seeds of *Excoecaria sebifera*
53. Fruits of *Argania sideroxylon*
54. Flowers of *Mimusops Elengi*
55. Fruits & seeds of *Macadamia ternifolia*
56. Fruits of *Guevina avellana*
57. Fruits of *Pycnocoma macrophylla*
58. Stems of *Andrographis paniculata*
59. Bark of *Alstonia scholaris*
60. Root of *Coscinium fenestratum*
61. Wood of *Hippomane mancinella*
62. Muskwood, *Olearia argophylla*
63. Bark of *Broussonetia papyrifera*
64. Bark of *Broussonetia kaempferi*
65. Bark of *Broussonetia kaempferi* (partially prepared)
66. Fruit of *Hexalobus senegalensis*
67. Seeds of *Butyrospermum Parkii*
68. Seeds of *Plantago ispaghula*
69. Bushman's Tea, *Catha edulis*
70. Pods of *Parkia biglobosa*
71. Fibre of *Barringtonia* sp.
72. Fruits of *Illicium griffithii*
73. Fruits & seeds of *Calodendron capense*
74. Fibre of *Gnetum latifolium*
75. Galls of *Pistacia Khinjuk*
76. Fruits of *Pringlea antiscorbutica*
77. Fruits of *Terminalia Chebula*
78. Gum of *Odina Wodier*
79. Germinating seeds of *Borassus flabelliformis*
80. Fibre of *Boehmeria Puya*
81. Rhea Tow
82. Cones of *Pinus excelsa*

Page 108 - <https://biodiversitylibrary.org/page/55370501>

- 83. Fruits of *Embelia Ribes*
- 84. Seeds of *Vigna catieng*
- 85. Fruits of *Phyllanthus Emblica*
- 86. Kino, *Butea frondosa*
- 87. Bark of *Antiaris saccidora*
- 88. Fibre of *Hibiscus cannabinus*
- 89. Fibre of *Hibiscus sabdariffa*
- 90. Munjeet, *Rubia munjista*
- 91. Roots of *Andropogon muricata*
- 92. Pith of *Fatsia papyrifera*
- 93. Rhea fibre, *Boehmeria nivea*
- 94. Fibre of *Sida rhomboidea*
- 95. Thé de Bel Dagh, *Vaccinium Arctostaphylos*
- 96. Woad, *Isatis tinctoria*
- 97. Fibre of *Crotalaria tenuifolia*
- 98. Fibre of *Urena lobata*
- 99. Fruits of *Diospyros embryopteris*
- 100. Fibre of *Agave*
- 101. Portion of stem of *Gnetum sp.*
- 102. Fruits of *Nephelium lappaceum*
- 103. Fruits of *Nephelium Litchi*
- 104. Fruits of *Baccaurea dulcis*
- 105. Fruits of *Bunchosia glandulifera*
- 106. Fruits of *Deinbollia pinnata*
- 107. Fruits of *Dryobalanops aromatica*
- 108. Fruits of *Zizyphus jujuba*
- 109. Fruits of *Aberia kaffra*
- 110. Fruits of *Hancornia speciosa*
- 111. Fruits of *Genipa americana*
- 112. Fruits of *Myristica fragrans*
- 113. Fruits of *Passiflora maliformis*
- 114. Fruits of *Sarcocephalus esculentus*

Page 109 - <https://biodiversitylibrary.org/page/55370502>

115. Fruits of *Persea gratissima*

116. Fruits of *Phytocrene bracteata*

Model of wood apple *Feronia acidissima*

Page 111 - <https://biodiversitylibrary.org/page/55370504>

22 January 1886

Walter Gardiner Esq, Botanical Laboratory, New Museums, Cambridge

One box and one package containing the following specimens

1. Cones of *Zamia skinneri*
2. Section of *Welwitschia mirabilis*
3. Roots of *Cycas circinalis*
4. Pitchers of *Nepenthes* in fluid
5. Cones and flowers of *Welwitschia* in fluid
6. Portions of plant of *Myzodendron* in fluid
7. Two double cocoa nuts, *Lodoicea sechellarum*
8. Cones of *Encephalartos villosus*
9. Balai de Sorcier, *Pinus*
10. Plant of *Dischidia*
11. Portion of stem of *Gnetum scandens*
12. Section of palm stem
13. Wood of *Acacia leprosa*
14. *Langsdorffia hypogaea*
15. *Balanophora dioica* (dry & in fluid)
16. *Protea* sp. (flower)
17. *Balanophora globosa*
18. Fruits of *Hakea pandanicarpa*
19. *Cynomorium coccineum*
20. Fruits & leaves of *Hakea laurina*
21. *Balanophora involucrata*
22. *Balanophora* sp.
23. *Balanophora involucrata*, var. *flava*
24. *Helosis mexicana*
25. Branch of *Hakea platysperma*
26. Fruits of *Hakea Hookeriana*
27. *Leucadendron argenteum*
28. Stem of *Catakozamia macleayi*

Page 112 - <https://biodiversitylibrary.org/page/55370505>

- 29. Stem of *Pinus Pinaster*, incised to promote the flow of Turpentine
- 30. Fibre of *Agave* sp.
- 31. Fibre of *Boehmeria Puya*
- 32. Fibre of *Urena lobata*
- 33. Fibre of *Crotalaria tenuifolia*
- 34. Fibre of *Hibiscus cannabinus*
- 35. Fruit of *Pandanus tenuifolius*
- 36. Seeds of *Stillingia sebifera*
- 37. Seeds of *Butyrospermum Parkii*
- 38. Fruits of *Acacia arabica*
- 39. Pod of *Entada scandens*
- 40. Pod of *Cassia Fistula*
- 41. Pods of *Erythrina corallodendron*
- 42. Seeds of *Afzelia africana*
- 43. Pods of *Moringa pterygosperma*
- 44. Portion of stem of *Bauhinia*
- 45. Fruit of *Anacardium occidentale*
- 46. Fruits of Cotton
- 47. Seeds of *Zanzania macrocarpa*
- 48. Seeds of *Oroxylum indicum*
- 49. Seeds of *Strophanthus*
- 50. Seeds of *Stephanolis*

27 January 1886

Michael Foster Esq FRS, Shelford, Cambridge

(Sent at the request of Dr Aitchison)

Parcel containing portions of plants of *Ephedra* supposed by Dr Aitchison to be the 'Soma' plant (sent at the request of Dr Aitchison)

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 113 - <https://biodiversitylibrary.org/page/55370506>

30 January 1886

Chas S Dicken Esq, Secretary, Queensland Govt Office, 1 Westminster Chambers, Victoria Street, London SW  
100 small maps as used in the museum for illustrating the distribution of Economic plants

11 March 1886

W Carruthers Esq FRS, Botanical Department, Natural History Museum, S. Kensington

Portions of plant of Ephedra sp. collected in Afghanistan by Dr Aitchison and supposed by him to be the Soma plant

12 March 1886

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square WC

One box containing the following specimens mostly from Afghanistan

1. Plant of Ephedra
2. Gum Kendal, Ferula
3. Roots of Eremurus sp.
4. Powdered roots of Eremurus sp.
5. Manna from Cotoneaster sp.
6. Manna from Alhagi Maurorum
7. Roots of Gypsophila
8. Galls of Pistacia vera
9. Roots of Glycyrrhiza
10. Gum Katira, Astragalus
11. Portions of plant of Astragalus sp (yields gum Katira)
12. Root stock of Rheum

Page 114 - <https://biodiversitylibrary.org/page/55370507>

13. *Lavandula* sp.
14. *Umbelliferae* used in medicine
15. Portions of plant of *Gastrolobium bilobum*
16. *Aristolochia bracteata*, leaves & fruits
17. *Aristolochia indica*, roots

21 April 1886

J F Royle Esq, Asst Secretary for India, Colonial & Indian Exhibition, London  
Slab of Indian Cedar (*Cedrus Deodora*, Lond.) size 21 feet x 3 ft. 6 ins.

4 May 1886

H Marshall Ward Esq, Royal Indian Engineering College, Cooper's Hill, Staines

Box containing the following specimens

1. Seeds of *Strychnos Nux-vomica*
2. Gum of *Cochlospermum gossypium*
3. Flowers of *Cedrela Toona*
4. Cardamoms *Elettaria cardamomum*
5. Cone of *Dammara vitiensis*
6. Bark of *Cassia auriculata*
7. Flowers of *Butea frondosa*
8. Kino from *Butea frondosa*
9. Flowers of *Woodfordia floribunda*
10. Betel nuts, *Areca catechu*
11. Resin of *Canarium strictum*
12. Fruits of *Terminalia belerica*
13. Copal, *Hymenaea Courbaril*
14. Leaves of *Albizzia amara*
15. Bark of *Morinda citrifolia*

Page 115 - <https://biodiversitylibrary.org/page/55370508>

16. Fruits of *Phyllanthus emblica*
17. Gab fruits *Diospyros embryopteris*
18. Marking nuts, *Semecarpus anacardium*
19. Gum of *Odina Wodier*
20. Resin of *Shorea robusta*
21. Gum of *Anogeissus latifolia*
22. Mucherus, *Bombax malabaricum*
23. Cones of *Abies menziesii*
24. Cones of *Cedrus Deodara*
25. Cones of *Pinus monticola*
26. Cones of *Cedrus atlantica*
27. Cones of *Pinus excelsa*
28. Germinating seeds of *Borassus flabelliformis*
29. Fruits of *Casuarina equisetifolia*

18 May 1886

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square, WC

The following specimens

Fruits of *Dryobalanops camphora*

Three specimens of *Aquilaria agallocha* wood

Block of gum *Ammoniacum* from Saffi

31 May 1886

J H Maiden Esq, Curator & Secretary, Technological and Industrial Museum, Sydney, New South Wales

c/o Sir Saul Samuel K.C.M.G 5 Westminster Chambers Victoria Street S.W. One box containing the following

1. Bark of *Daphne papyracea*
2. 53 specimens of cotton
3. 4 specimens of cotton seed

Page 116 - <https://biodiversitylibrary.org/page/55370509>

4. Fruits & seeds of *Carapa moluccensis*, Zambesi
5. Fruits & seeds of *Carapa moluccensis*, Siam
6. Rope of *Hibiscus cannabinus*
7. 60 specimens of cotton
8. Wood of *Nyssa uniflora*
9. Wood of *Magnolia cordata*
10. Wood of *Carya aquatica*
11. Wood of *Quercus heterophylla*
12. Photograph of *Ficus rettusa*, Bot. Garden, Saharunpore
13. Fibre of *Fourcroya gigantea*
14. Balls of *Posidonia caulinii*
15. Model of fruit of *Citrus indica*
16. Bark of *Cinchona succirubra*, St. Helena.
17. Cotton from St. Helena.
18. Fruits of *Olea europaea*
19. Ebony *Dalbergia melanoxylon*
20. Wood of *Podocarpus elongatus*
21. Wood of *Podocarpus thunbergii*
22. Wood of *Mastixia*
23. Bark of *Cinnamomum obtusifolium*
24. Larch leaves felted together from the actions of water
25. Swizzle stick, Demerara
26. 44 specimens of Maize
27. Pods of *Inga* sp.
28. Seeds of *Musa Livingstonei*
29. View of Cinchona Plantation in Ceylon
30. Rhatany Plants *Krameria triandra*
31. Cuprea Bark, Remijia sp, Bogota
32. Lignum Vitaē, *Guaiacum officinale*, British Guiana
33. Bark of *Guaiacum officinale*
34. 2 hand screens of *Opuntia* fibre etc

Page 117 - <https://biodiversitylibrary.org/page/55370510>

- 35. Wood of *Ulmus montana*, var. *laciniata*
- 36. Necklace of wood of *Justicia adhatoda*, India
- 37. Necklace of wood *Linum usitatissimum*, India
- 38. Necklace of wood *Aegle marmelos*, India
- 39. Cotton from the Garo Hills cultivated in Calcutta Bot. Gard.
- 40. Resin of *Vateria indica*, S Kanara
- 41. Fruits of *Vateria indica*
- 42. Rule made of Bamboo, Japan
- 43. Fabric from fibre of *Pueraria Thunbergiana*
- 44. 4 Photos of an Indian Tea Plantation
- 45. Basket of *Anthurium concinnum*
- 46. Rope of *Pteris aquilina*
- 47. Broom of flower spikes of *Thysanolaena acarifera*
- 48. 18 mounted sections of American woods
- 49. Portrait of Marshall P. Wilder
- 50. Fruits of *Calophyllum inophyllum*
- 51. Briar Root, *Erica arborea*
- 52. Blocks of Briar root cut for making pipes
- 53. 2 candles made of Chinese Insect White Wax, Ningpo
- 54. Wood of *Cryptomeria japonica*
- 55. Wood of *Magnolia hypoleuca*
- 56. Wood of *Podocarpus macrophylla*
- 57. Wood of *Thujopsis dolabrata*
- 58. Wood of *Quercus glauca*
- 59. Wood of *Zelkova keyaki*
- 60. Wood of *Paulownia imperialis*
- 61. Wood of *Prunus pseudo-cerasus*
- 62. Wood of *Distylium racemosum*
- 63. Wood of *Picea Menziesii*
- 64. Fruits of *Nepenthes Rafflesiana*, var. *nivea*
- 65. Fruits of *Nepenthes villosa*

Page 118 - <https://biodiversitylibrary.org/page/55370511>

- 66. Fruits of Nepenthes Rajah
- 67. Fibre from Debregeasia longifolia
- 68. Cubebs, Piper Cubeba, Madras
- 69. Engraved portrait of Charles Macintosh F.R.S
- 70. Seeds of Agave mexicana, Florence
- 71. Caffer date, Harpephyllum caffrum
- 72. Half Bean cake of Glycine Soja
- 73. Rattan seed, Calamus sp.
- 74. Section of Pinus Pinaster shewing gemmage
- 75. Wood of Picea alba used as sound boards for American Pianos
- 76. Fruits of Bombax Buonpozense
- 77. Cotton, Siam
- 78. Nankin cotton, Salem
- 79. Flower buds of Sophora japonica
- 80. Spoons made of wood of Clethra arborea
- 81. Job's tears, Coix Lachryma
- 82. 5 views of Palm House St Petersburg
- 83. Plan of Royal Horticultural Society's Garden, S Kensington
- 84. Bark, Croton Eluteria
- 85. Set consisting of rough specimens of Lignum Vitae blocks 2nd & 5th processes, also gun metal centre
- 86. Candles of Vegetable Wax coated with Insect White Wax Fraxinus chinensis & Ligustrum lucidum Tung Chêng Hsien
- 87. Candle used as funerals - animal tallow coated with insect wax & chinensis & L lucidum, Tung Chêng Hsien
- 88. Candles made of animal tallow & insect white wax F chinensis & L Lucidum
- 89. Fibre of Holoptelia integrifolia
- 90. Fibre of Ficus Tsiela
- 91. Fibre of Cordia grandis

Page 119 - <https://biodiversitylibrary.org/page/55370512>

- 92. Wood of *Pterocarpus santalinus*
- 93. Bark of *Soymida febrifuga*
- 94. *Roccella montagnei*, India
- 95. Insect white wax, *F chinensis* & *L. lucidum*. Tung Chêng Hsien
- 96. Mother cloves
- 97. Leaves & roots of *Hermas gigantea*
- 98. Leaves of *Hermas gigantea* with midribs taken out
- 99. Leaves of *Phyllanthus multiflorus*, India
- 100. Portions of plant of *Trichosanthes cucumerina*
- 101. Fruits of *Thapsia garganica*
- 102. Spadix of *Phoenix reclinata*
- 103. Wood of *Miconia* (*Diplochita Fothergilla*, D6)
- 104. Wood of *Mammea americana*
- 105. Wood of *Ratonia pyriformis*
- 106. Fruits of Japan pepper (*Zanthoxylum piperitum*, D6)
- 107. Preserved fruits of *Diospyros Kaki*
- 108. Cocoanut from Penang
- 109. Section of cocoanut, Ceylon
- 110. Coir fibre from Cochin, for mat making
- 111. Cocoa nut fibre, twine & rope
- 112. Esparto grass, *Stipa tenacissima*
- 113. Trinidad nut in husk, *Cocos nucifera*
- 114. Trinidad husk, *Cocos nucifera*
- 115. Jamaica husk, *Cocos nucifera*
- 116. Ceylon husk, *Cocos nucifera*
- 117. Belize husk, *Cocos nucifera*
- 118. Three specimens of prepared fibre for bushmaking, *Cocos nucifera*
- 119. Blighted Cocoa nut, *Cocos nucifera*
- 120. Cocoa nut fibre prepared for mat making, *Cocos nucifera*
- 121. 11 specimens of Cochin ropes & yarns
- 122. Leaves of *Erythroxylum lucidum*

Page 120 - <https://biodiversitylibrary.org/page/55370513>

- 123. Bark of Daphne Laureola
- 124. Portions of plant of Euphorbia Tirucalli
- 125. Cattimandoo (Euphorbia cattimandoo)
- 126. Cloth of Ko plant, Pueraria Thunbergiana
- 127. Bark of Prunus pseudocerasus, Japan
- 128. Fibre of Kydia calycina, Moulmein
- 129. Fibre of Sterculia ornata, Moulmein
- 130. Fibre of Bombax insigne, Moulmein
- 131. Fibre of Anthocephalus Cadamba, Moulmein
- 132. Fibre of Dipterocarpus tuberculatus
- 133. Kittool fibre (Caryota urens) as imported
- 134. Leaves of Albizzia amara
- 135. Fruits of Coriandrum sativum
- 136. Candle of animal tallow with small proportion of sheath of white wax
- 137. 3 candles of vegetable tallow with sheath of white wax
- 138. Model of Pomelo (Citrus decumana)
- 139. Woad dye, Isatis tinctoria
- 140. Seeds of Aleurites moluccana
- 141. Sweet Cassava flower, Manihot Aipi
- 142. Bitter Cassava guagua, Manihot utilissima
- 143. Fruits of Mallotus philippensis
- 144. Kamala dye, Mallotus philippensis
- 145. Manna from Alhagi Maurorum
- 146. Manna from Cotoneaster sp.
- 147. Powdered root of Eremurus sp.
- 147a. Roots of Eremurus sp.
- 148. Pulley of Crotoneaster sp.
- 149. Root stock of Rheum sp.
- 150. Roots of Glycyrrhiza sp.
- 151. Galls of Pistacia vera

Page 121 - <https://biodiversitylibrary.org/page/55370514>

- 152. Gum Katira, *Astragalus*
- 153. *Aristolochia bracteata*
- 154. Model of Snake Gourd (*Trichosanthes anguina*, L.)
- 155. Umbellifer used in medicine, Afghanistan
- 156. Root of *Pueraria Thunbergiana*
- 157. Flowers of *Delphinium*
- 158. Model of fruit of *Cucumis Melo*.
- 159. Wood of *Callisemon pallidum*
- 160. Model of coffin, made of *Cunninghamia sinensis*
- 161. 11 specimens of Lac Dyes and Shellac, India
- 162. Bamboo pipe stems prepared with resin, Siam
- 163. Flambeau made of gum from 'gommier' (*Bursera guumifera*) Dominica
- 164. Wood of *Elaeocarpus lancaefolius*, Hong Kong
- 165. Wood of *Eriobotrya japonica*, Hong Kong
- 166. Wood of *Acacia arabica*, Hong Kong
- 167. Wood of *Casuarina equisetifolia*, Hong Kong
- 168. Wood of *Aleurites triloba*, Hong Kong
- 169. Wood of *Artocarpus integrifolia*, Hong Kong
- 170. Wood of *Cinnamomum Burmanni*, Hong Kong
- 171. Wood of *Spondias mangifera*, Hong Kong
- 172. Wood of *Olea marginata*, Hong Kong
- 173. Wood of *Schima Noronhae*, Hong Kong
- 174. Wood of *Pinus sinensis*, Hong Kong

5 June 1886

Dr J L Soubeiran &c &c Prof a l'Ecole Sup de Pharmacie, Montpellier France

Dried plants of *Illicium floridum*, & *Illicium religiosum* from Herb

Fruits of *Illicium religiosum*, *Illicium anisatum* & *Illicium Griffithii* from Museum

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 122 - <https://biodiversitylibrary.org/page/55370515>

15 June 1886

Robert Kaye Gray Esq, India, Rubber, Gutta Percha & Telegraph Works Co, Silverstow, Essex

Four casks of bark of "Getah Faban Simpor" received from Leonard Wray Esq Perak (See "Received Book" No 38. 1996)

18 June 1886

Thos Wardle Esq, Leek, Staffordshire

Flowers of Zalil (Delphinium sp.) Collected by Dr Aitchison. Afghan Boundary Comm.

4 October 1886

Capt W A Kerr VC, Kensington House, South Lowestoft, Sussex

Small sample of fibre of Neilgherry nettle (*Girardinia heterophylla*, Dec.)

15 October 1886

The Director, Museum of Science and Art, Edinburgh

Plank of Dalbergia cultrata, Grah. Pegu

15 October 1886

D P Penhallow Esq, Prof of Botany, McGill University, Montreal

Sent via Canadian Express Co 22 St Pauls Churchyard E6. One case containing the following. This box was sent to the care of Canadian Express Co. on Oct 15th, returned as the firm had left. It was sent finally on Nov 1st per High Commission for Canada, 9 Victoria Chambers, S.W

1. Gum of *Cochlospermum gossypium*
2. Munjeet (*Rubia munjista*)
3. Rhea fibre (*Boehmeria nivea*)
4. Gab fruits (*Diospyros embryopteris*)

Page 123 - <https://biodiversitylibrary.org/page/55370516>

5. Resin of *Shorea robusta*
6. Seeds of *Strychnos nux-vomica*
7. Spikenard, *Nardostachys Jatamansi*
8. Wild Rhea fibre
9. Pulas flowers (*Butea frondosa*)
10. Fibre of *Urena lobata*, Pegu
11. Fibre of *Boehmeria Puya*
12. Kino from *Butea frondosa*
13. Gum from *Conocarpus latifolia*
14. Marking nuts (*Semecarpus anacardium*)
15. Flowers of *Grislen tomentosa*
16. Fruits of *Terminalia belerica*
17. Rhea Tow
18. Bark of *Cassia auriculata*
19. Toon flowers (*Cedrela Toona*)
20. Fibre of *Sida rhomboidea*
21. Fibre of *Urtica heterophylla*
22. Cochin Dammar (*Canarium strictum?*)
23. Cardamoms (*Elettaria Cardamomum*)
24. Areca nuts (*Areca Catechu*)
25. Fibre of *Agave*
26. Gum of *Odina Wodier*
27. Fibre of *Hibiscus Cannabinus*
28. Kyankyi Tobacco, British Burma
29. Maize Cigarettes, British Burma
30. Mucherus (*Bombax malabaricum*)
31. Khus Khus roots (*Andropogon muricatum*)
32. Starch from *Manihot Utilissima*
33. Bitter Cassava guagua (*Manihot utilissima*)
34. Sweet Cassava Flour (*Manihot aipi*)
35. Mocassit Seeds (*Jatropha Curcas*)

- Page 124 - <https://biodiversitylibrary.org/page/55370517>
- 36. Seeds of *Aleurites moluccana*
  - 37. Fruits of *Mallotus philippensis*
  - 38. Seeds of *Mesua ferrea*
  - 39. Kamala powder from *Mallotus philippensis*
  - 40. Fabric made from fibre of *Pueraria Thunbergiana*
  - 41. Seeds of *Croton Tigium*
  - 42. Leaves of *Jatropha glandulifera*
  - 43. Sirkee mat of culms of Munj (*Saccharum Munja*)
  - 44. Rope made of culms of Munj (*Saccharum Munja*)
  - 45. Roots of *Glycyrrhiza* sp
  - 46. Roots of *Eremurus* sp
  - 47. Powdered roots of *Eremurus* sp
  - 48. Galls of *Pistacia vera*
  - 49. Manna from *Alhagi Maurorum*
  - 50. Manna from *Cotoneaster* sp
  - 51. Pulley from wood of *Cotoneaster* sp
  - 52. Umbelliferous plant used in medicine
  - 53. Ravensara nuts (*Agathophyllum aromaticum*)
  - 54. Roots of *Rubia sikkimensis*
  - 55. Roots of *Pueraria Thunbergiana*.
  - 56. Fibre from *Entada scandens*
  - 57. "Shamb alit" Orchid bulbs
  - 58. Rope of *Hardwickia binata*
  - 59. Leaves of *Erythroxylon monogynum*
  - 60. Pods of *Acacia concinna*
  - 61. Wood and comb of *Walsura Piscidia*
  - 62. Pulu from *Macrozamia spiralis*
  - 63. Gum of *Eucalyptus globulus*
  - 64. Wood of *Canthium Didymum* used for making combs
  - 65. Fruits of *Terminalia Chebula*
  - 66. Seeds of *Buchanania angustifolia*

Page 125 - <https://biodiversitylibrary.org/page/55370518>

- 67. Elephantorrhiza Burchellii
- 68. Seeds of Theobroma Cacao (2 samples)
- 69. Seeds of Helianthus annuus
- 70. Peaberry Coffee, Natal
- 71. Beans, Natal
- 72. Wood of Ehretia acuminata
- 73. Wood of Elaeodendron australe
- 74. Flowers of Delphinium sp
- 75. Wood of Casuarina stricta
- 76. Bamboo pipe stems prepared with resin
- 77. Flambeau made from gum of the gommier (*Bursera gummifera*) Dominica
- 78. Wood of Pinus Sinensis
- 79. Wood of Eucalyptus melliodora
- 80. Wood of Eucalyptus Amygdalina
- 81. Wood of Eucalyptus Stuartiana
- 82. Wood of Eucalyptus Polyanthema
- 83. Wood of Rhodamnia Trinervia
- 84. Wood of Capparis nobilis
- 85. Wood of Myoporum acuminatum
- 86. Wood of Cedrela serrata
- 87. Wood of Tristania neriifolia
- 88. Wood of Albizia stipulata
- 89. Wood of Cedrela Toona
- 90. Wood of Terminalia tomentosa
- 91. Wood of Dipterocarpus alatus
- 92. Wood of Shorea robusta.
- 93. nine specimens of Lac Dyes & shellac
- 94. nine specimens of Lac Dyes & shellac.
- 95. nine specimens of Lac Dyes & shellac.
- 96. nine specimens of Lac Dyes & shellac.
- 97. nine specimens of Lac Dyes & shellac.
- 98. nine specimens of Lac Dyes & shellac.
- 99. nine specimens of Lac Dyes & shellac.
- 100. nine specimens of Lac Dyes & shellac.
- 101. nine specimens of Lac Dyes & shellac.
- 102. Ammoniacum from Elaeoselinum sp. Morocco

Page 126 - <https://biodiversitylibrary.org/page/55370519>

21 October 1886

W Elborne Esq, The Owens College, Manchester

Fruit of *Strophanthus Kombe*

27 October 1886

Prof Asa Gray, Harvard University Cambridge Mass, U.S America

One box containing the following specimens of Karroo plants from Beaufort West

1. Karroo plants. *Limeum athiopicum*, Burm

2. Karroo plants. *Salsola tuberculata* Fenzl

3. Karroo plants. *Galenia Procumbens*, L. fil.

4. Karroo plants. *Lyperia Crocea*, Eckl.

5. Karroo plants. *Nestlera nov. sp.*

6. Karroo plants. *Pentzia virgata*, Les (6 specimens varying in appearance)

7. Karroo plants. *Adenachaenia* sp.n.

8. Karroo plants. *Eriocephalus spinescens*, Burch.

9. Karroo plants. *Helichrysum Zeyheri*.

12 December 1886

Prof Balfour, Botanic Gardens, Oxford

Herbarium specimen of *Primula imperialis*

22 December 1886

Prof Balfour, Botanic Gardens, Oxford

Selection of dup. Grenada fruits in fluid

22 December 1886

Dr Scott, Laboratory, Kew

Selection of dup. Grenada fruits in fluid

Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901

Page 127 - <https://biodiversitylibrary.org/page/55370520>

22 December 1886

Prof Oliver, University College

Selection of dup. Grenada fruits in fluid

22 December 1886

Prof Bower, Glasgow University

Selection of dup. Grenada fruits in fluid

28 December 1886

Walter Gardiner Esq, Botanical Laboratory, New Museums, Cambridge

(Sent to Kew Laboratory for Mr Gardeneri on Dec 28th from asked to Cambridge 29/1/97)

Selection of dup. Grenada fruits in fluid also flowers of Kingia australis

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 128 - <https://biodiversitylibrary.org/page/55370521>

5 January 1887

Prof Bayley Balfour, Botanic Gardens, Oxford

3 packages containing the following

1. Stem of sugar cane, Jamaica
2. Flower spikes of *Xanthorrhoea*
3. Plant of *Kingia australis*
4. Stem of *Hemilelia Brunonianana*, Herb. Griffith
5. Spadix of *Raphia Ruffia*, Mauritius

6 January 1887

Dr Pierre, Avenue de Gravelles 67 Charenton, Seine

1. Seeds of *Butyrospermum Parkii*

2. Seeds of *Bassia latifolia*

3. Seeds of *Bassia longifolia*

4. Fruit & seeds of *Chrysophyllum albidum*

5. Fruit & seeds of *Chrysophyllum africanum*

6. Fruits of *Argania sideroxylon*

7. Fruit of *Lucuma mammosum*

11 January 1887

J W H Trail Esq MD, Prof of Botany, Aberdeen University

Selection of dup. Grenada fruits in fluid

15 January 1887

Sir Philip Cunliffe Owen, Colonial & Indian Exhibition, London

Sent by carrier 39 glass jars with stoppers at the request of the Executive Commissioner for the West Indies.

These jars contained a collection of Grenada fruits which was presented to this museum

Page 129 - <https://biodiversitylibrary.org/page/55370522>

17 January 1887

Prof Bayley Balfour, Botanic Gardens, Oxford

Two blocks of wood

1. Wood. *Mora excelsa*

2. Wood. *Nectandra Rodioei*

29 January 1887

Walter Gardiner Esq, Botanical Laboratory, New Museums, Cambridge

Two boxes & two packages containing

Grenada fruits in fluid

Flowers of *Kingia australis*

(Named plants) *Pentzia Virgata*, *Lyperia Crocea*, *Galenia procumbens*, *Nestlera nov. sp* *Salsola tuberculata*

*Limeum athiopicum*

Sugar Cane

Stem of Trinidad Bamboo

Spike of *Xanthorrhoea*

10 February 1887

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square, WC

One box containing the following

1. Cranberries (*Oxycoccus macrocarpus*)

2. Liberian Coffee, Grenada, (fruits)

3. Fruits of Cacao, Jamaica (2 specimens)

4. Mangoes, Jamaica

5. Fruits of *Melicocca bijuga*, Jamaica

6. Fruits of Akee (*Blighia sapida*) 2 specimens

7. Limes, Trinidad & Grenada

8. Cho Cho (*Sechium edule*) Jamaica

9. Jimbling fruits (*Cicca disticha*) Jamaica

10. Avocado Pears, Venezuela

Page 130 - <https://biodiversitylibrary.org/page/55370523>

11. Fruits of *Anona reticulata* Malay Ids
12. Bread Fruit (*Artocarpus incisa*) Malay Ids
13. Fruits of *Artobotrys odoratissima*, Jamaica
14. Fruit of *Fischeria scandens*, Jamaica
15. Fruits of *Cyphomandra betacea*, Jamaica
16. Fruits of *Annona muricata*, Venezuela
17. Oil from *Anacardium occidentale*, India
18. Oil from *Guizotia abyssinica*, India
19. Oil from *Terminalia chebula*, India
20. Oil from *Argemone mexicana*, India
21. Oil from *Pongamia glabra*, India
22. Oil from *Cedrus deodara*, India
23. Oil from *Eucalyptus amygdalina*, Victoria
24. Root bark of *Ventilago calyculata*, India
25. Pods of *Acacia catechu*
26. Bark of *Prunus occidentalis*
27. Wild Celery (*Buton galbanum*)
28. *Salvia africana*
29. Kava root (*Piper methysticum*)
30. Wild Tea (*Geranium incamun*)
31. Root of *Bocconia frutescens*
32. Bark of *Cinchona hybrid*
33. Gum Guaiacum
34. Divi Divi pods (*Acacia arabica*)
35. Vegetable Tallow in Bamboo, B.N. Borneo
36. *Parmelia perlata*
37. *Ramalina polymorpha*
38. Block of Fijian sandal wood

Page 131 - <https://biodiversitylibrary.org/page/55370524>

24 February 1887

W Carruthers Esq FRS, Botanical Department, Natural History Museum, S. Kensington

One box containing the following woods

1. Wood. *Curtisia faginea*, Cape
2. Wood. *Olea verrucosa*, Cape
3. Wood. *Myrsine melanophloeos*, Cape
4. Wood. *Sideroxylon inerme*, Cape
5. Wood. *Pterocelastrus rostratus*, Cape
6. Wood. *Platylophus trifoliatus*, Cape
7. Wood. *Olima capensis*, Cape
8. Wood. *Celastrus acuminatus*, Cape
9. Wood. *Calodendron capense*, Cape
10. Wood. *Scolopia Ecklonii*, Cape
11. Wood. *Grumilea cymosa*, Cape
12. Wood. *Mystroxylon Kuba*, Cape
13. Wood. *Euclea undulata*, Cape
14. Wood. *Sycomorus capensis*
15. Wood. *Ochna arborea*, Cape
16. Wood. *Vepris lanceolata*, Cape
17. Wood. *Niebuhria triphylla*, Cape
18. Wood. *Royena lucida*, Cape
19. Wood. *Olea laurifolia*, Cape
20. Wood. *Elaeodendron croceum*, Cape
21. Wood. *Harpephyllum caffrum*, Cape
22. Wood. *Brabejum stellatifolium*, Cape
23. Wood. *Podocarpus latifolius*, Cape
24. Wood. *Cunonia capensis*, Cape
25. Wood. *Plectronia ventosa*, Cape
26. Wood. *Rhus Thunbergii*, Cape
27. Wood. *Gonioma Kamassi*, Cape
28. Wood. *Ekebergia capensis*, Cape
29. Wood. *Virgilia capensis*, Cape
30. Wood. *Phoberos Zeyheri*, Cape
- Wood. Wolvedoorn, Cape
31. Wood. *Andira inermis*, Trinidad
32. Wood. *Carapa guyanensis*, Trinidad
33. Wood. *Dimorphandra mora*, Trinidad
34. Wood. *Tectona grandis*, Trinidad
35. Wood. *Cordia* sp., Trinidad
36. Wood. *Vitex divaricata*, Trinidad
37. Wood. Wild Wattle, Victoria
38. Wood. Hickory (*Acacia leprosa*) Victoria
39. Wood. *Angophora lanceolata*, Victoria
40. Wood. *Myrsine variabilis*, Victoria
41. Wood. *Olearia argophylla*, Victoria
42. Wood. *Frenela robusta*, Victoria

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 132 - <https://biodiversitylibrary.org/page/55370525>

24 February 1887

V Ball Esq FRS, Director, Museum of Science and Art, Dublin

One box containing the following

Two double cocoanuts, Seychelle Ids

Section of root of double cocoanut, Seychelle Ids

Leaf of bread fruit, Seychelle Ids

28 February 1887

A Ranson Esq, Stanley Works, King's Road Chelsea

The following woods

1. Wood. Locust (*Hymenaea Courbaril*) Trinidad 1862 Exhibition
2. Wood. Crabwood (*Carapa guianensis*) Trinidad 1862 Exhibition
3. Wood. Fustic (*Chlorophora tinctoria*, var *Xanthoxylon*) Trinidad 1862 Exhibition
4. Wood. Roble (*Platymiscium platystachyum*) Trinidad 1886 Exhibition
5. Wood. Balata (*Mimusops globosa*) Trinidad 1886 Exhibition
6. Wood. Yoke (*Piptadenia peregrina*) Trinidad 1886 Exhibition
7. Wood. Synoum glandulosum, N.S. Wales, 1886 Exhibition
8. Wood. Ceratopetalum apetalum, N.S. Wales, 1886 Exhibition
9. Wood. Alphitonia excelsa, N.S. Wales, 1886 Exhibition

9 March 1887

Prof C S Sargent, Arboretum, Harvard University, Mass, U.S. America

The following specimens of wood contained in 33 packages & 1 box

1. Wood. Flindersia Bennetii Inter. Exhib. 1862
2. Wood. Mam mee apple (*Mammea americana*) Trinidad
3. Wood. Acmena elliptica, N.S Wales, Inter. Exhib. 1862
4. Wood. Callistemon pallidum, N.S Wales, Inter. Exhib. 1862
5. Wood. Myrtus trinervis, N.S Wales, Inter. Exhib. 1862
6. Wood. Monotoca albens, N.S Wales, Inter. Exhib. 1862
7. Wood. Odum Chlorophora excelsa, W.Africa
8. Wood. Odum Chlorophora excelsa, W.Africa
9. Wood. Olea laurifolia, S.Africa

- Page 133 - <https://biodiversitylibrary.org/page/55370526>
10. Wood. Rottlera japonica
  11. Wood. Eugenia Smithii
  12. Wood. Atherosperma micranthum
  13. Wood. Elaeodendron australe
  14. Wood. Mallotus philippensis
  15. Wood. Pseudomonos Brunoniana
  16. Wood. Notelaea ovata
  17. Wood. Bosistoa sp.
  18. Wood. Rhodamnia argentea
  19. Wood. Jamaica Dogwood (*Ceanothus* sp?)
  20. Wood. Melaleuca leucadendron
  21. Wood. Cinnamomum Burmanni
  22. Wood. Spondias mangifera
  23. Wood. Elaeocarpus lancaeifolius
  24. Wood. Pinus sinensis
  25. Wood. Notelaea sp.
  26. Wood. Bosistoa sp.
  27. Wood. Ceanothus sp.
  28. Wood. Greeting, B.N. Borneo
  29. Wood. Russcock, B.N. Borneo
  30. Wood. Ships knee (*Eucalyptus*) N.S.Wales
  31. Wood. Mimusops globosa
  32. Wood. Shorea stellata, India
  33. Wood. Dalbergia cultrata, India
  34. Wood. Cankalon or Yaka (*Casuarina*) Fiji Col. Exhib. 1886
  35. Wood. Sacan, Fiji, Col. Exhib. 1886
  36. Wood. Bau Loa (*Euphorb.* , Fiji, Col. Exhib. 1886
  37. Wood. Rosawa, Figi Col. Exhib. 1886
  38. Wood. Bau vudi (*Euphorbiaceae*) Fiji, Col. Exhib. 1886
  39. Wood. Galali, Fiji, Col.Exhib. 1886
  40. Wood. Yasioa, Fiji, Col.Exhib. 1886
  41. Wood. Daga, Fiji, Col. Exhib. 1886
  42. Wood. Cara, Fiji, Col. Exhib.1886
  43. Wood. Dedura, Fiji, Col. Exhib.1886
  44. Wood. Vulavula Fiji, Col. Exhib.1886
  45. Wood. Caukuru (*Casuarina* sp.) Fiji, Col. Exhib.1886
  46. Wood. Vola (*Metrosideros* sp.) Fiji, Col. Exhib.1886
  47. Wood. Savairabunidama, Fiji, Col. Exhib.1886
  48. Wood. Vutukaloa (*Barringtonia*) Fiji, Col. Exhib.1886
  49. Wood. Yasiyasi (*Eugenia* sp.) Fiji, Col. Exhib.1886
  50. Wood. Bau, Fiji, Col. Exhib. 1886
  51. Wood. Vodea, Fiji, Col. Exhib. 1886
  52. Wood. Abarania, St John's River Natal
  53. Wood. Ambubu, St John's River Natal
  54. Wood. Ayanayana, St John's River Natal
  55. Wood. Black Iron wood, St John's River Natal
  56. Wood. Castina, St John's River Natal
  57. Wood. Essedoley, St John's River Natal
  58. Wood. Gakozana, St John's River Natal
  59. Wood. Gluyta, St John's River Natal
  60. Wood. Hammella, St John's River Natal
  61. Wood. Imeylayalla, St John's River Natal

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

- 62. Wood. Knobthorn, St John's River Natal
- 63. Wood. Lebba, St John's River Natal
- 64. Wood. Milkwood, St John's River Natal
- 65. Wood. Nebella, St John's River Natal
- 66. Wood. Nonuno, St John's River Natal
- 67. Wood. Omgobby, St John's River Natal
- 68. Wood. Omgopaty, , St John's River Natal
- 69. Wood. Omguonna, St John's River Natal
- 70. Wood. Ompannda, St John's River Natal
- 71. Wood. Ompangote, St John's River Natal
- 72. Wood. Onelobo, St John's River Natal

Page 134 - <https://biodiversitylibrary.org/page/55370527>

- 73. Wood. Onotenga, St John's River Natal
- 74. Wood. Ozoka, St John's River Natal
- 75. Wood. Plum, St John's River Natal
- 76. Wood. Ovapanda, St John's River Natal
- 77. Wood. Seap Baas, St John's River Natal
- 78. Wood. Takoza, St John's River Natal
- 79. Wood. Umgassluna, St John's River Natal
- 80. Wood. Umglahgato
- 81. Wood. Umgogota
- 82. Wood. Umkosho
- 83. Wood. Umxoxoto
- 84. Wood. Xaganna
- 85. Wood. Xomza
- 86. Wood. Hymenaea Courbaril Brit Guiana
- 87. Wood. Cuchape (*Coccoloba* sp.) Trinidad, Inter. Exhib. 1862
- 88. Wood. Gasparillo (*Licania* sp.) Trinidad, Inter. Exhib. 1862
- 89. Wood. Carino blanco Trinidad, Inter. Exhib. 1862
- 90. Wood. Batata Macaque Trinidad, Inter. Exhib. 1862
- 91. Wood. Yema de Haeva (Rubiaceae) Trinidad, Inter. Exhib. 1862
- 92. Wood. Laurel (Laurineae) Trinidad Inter. Exhib. 1862
- 93. Wood. Sapodilla (*Achras sapota*) Trinidad Inter. Exhib. 1862
- 94. Wood. Cacapoule (Malpighiaceae) Trinidad Inter. Exhib. 1862
- 95. Wood. Wild Guava (Myrtaceae) Trinidad Inter. Exhib. 1862
- 96. Wood. Mora (*Dimorphandra mora*) Trinidad Inter. Exhib. 1862
- 97. Wood. Avocat (*Ruprechtia* sp) Trinidad Inter. Exhib. 1862
- 98. Wood. Laurier Caca (Laurineae) Trinidad Inter. Exhib. 1862
- 99. Wood. Jarrah (*Eucalyptus marginata*) W. Australia, Inter. Exhib. 1862
- 100. Wood. Messmate Gum (*Eucalyptus* sp) Victoria, Inter. Exhib. 1962
- 101. Wood. Eucalyptus sp. Victoria, Australia, Inter. Exhib. 1862
- 102. Wood. Tamarind tree (*Cupania anacardoides*) N.S. Wales, Phil. Exhib. 1876
- 103. Wood. Cherry (*Eugenia myrtifolia*) N.S. Wales, Phil. Exhib. 1876

Page 135 - <https://biodiversitylibrary.org/page/55370528>

104. Wood. Grey gum (*Eucalyptus* sp.) N.S. Wales. Inter. Exhib. 1862
105. Wood. Sassafras (*Doryphora Sassafras*) N.S. Wales Inter. Exhib. 1862
106. Wood. Red Gum (*Eucalyptus* sp.) N.S. Wales Inter. Exhib. 1862
107. Wood. Iron bark (*Eucalyptus* sp.) N.S. Wales Inter. Exhib. 1862
108. Wood. Coom bar (Forest swamp oak) *Casuarina* sp. N.S.W. Inter. Exhib. 1862
109. Wood. Dthackai Courroo (*Eucalyptus* sp.) N.S.W. Inter. Exhib. 1862
110. Wood. Booah, Mahogany (*Eucalyptus* sp.) N.S.W. Inter. Exhib. 1862
111. Wood. Barroul Gourrah (*Eucalyptus* sp.) N.S.W. Inter. Exhib. 1862
112. Wood. White Cedar (*Melia composita*) N.S.W. Inter. Exhib. 1862
113. Wood. Iron bark (*Eucalyptus* sp.) N.S. Wales Inter. Exhib. 1862
114. Wood. *Eucalyptus* sp. N.S. Wales Inter. Exhib. 1862
115. Wood. *Eucalyptus* sp. N.S. Wales Inter. Exhib. 1862
116. Wood. White Iron bark (*Eucalyptus* sp.) N.S.W. Inter. Exhib. 1862
117. Wood. Maandowie (*Eucalyptus* sp.) N.S.W. Inter. Exhib. 1862
118. Wood. Wild Chesnut (*Calodendron capense*) Natal, Inter. Exhib. 1862
119. Wood. Wild Quince, Natal, Inter. Exhib. 1862
120. Wood. Inhlaba Inthlovo, Natal, Inter. Exhib. 1862
121. Wood. Essenboom (*Eckebergia capensis*) Natal, Inter. Exhib. 1862
122. Wood. Umneoloti, Natal, Inter. Exhib. 1862
123. Wood. Umcamboti, Natal, Inter. Exhib. 1862
124. Wood. Red Speke Wood Natal, Inter. Exhib. 1862
125. Wood. Mossop wood, Natal, Inter. Exhib. 1862
126. Wood. Umcacose Natal, Inter. Exhib. 1862
127. Wood. Thick bos wood Natal, Inter. Exhib. 1862
128. Wood. Zwartbast (*Royena lucida*) Natal, Inter. Exhib. 1862
129. Wood. Yellow wood (*Podocarpus elongatus*) Natal, Inter. Exhib. 1862
130. Wood. Saffron wood (*Elaeodendron croceum*) Natal, Inter. Exhib. 1862
131. Wood. White Pear wood (*Pterocelastrus rostratus*) Natal, Inter. Exhib. 1862

Page 136 - <https://biodiversitylibrary.org/page/55370529>

12 April 1887

Prof Rob Caspary &c &c Director, Botanic Garden, Konigsberg, Germany

Small samples of the following woods for microscopical purposes

Wood. *Eucalyptus resinifera*

Wood. *Dipterocarpus laevis*

Wood. *Shorea robusta*

Wood. *Shorea tumbaggia*

Wood. *Shorea Talura*

Wood. *Dryobalanops Camphora*

Wood. *Vateria indica*

Wood. *Glyptostrobus heterophyllus*

Wood. *Liquidambar altingiana*

Wood. *Athrotaxis* sp.

Wood. *Illicium religiosum*

Wood. *Thea chinensis*

Wood. *Sciadopitys verticillata*

Wood. *Fitzroya patagonica*

15 April 1887

Col R Murdoch Smith RE, Director, Museum of Science & Art, Edinburgh

1 parcel containing the following

1. Samples of Juncio matting (*Juncus maritimus*) St Fernando

2. Samples of Juncio matting (*Juncus maritimus*) St Fernando

3. Basket made of leaves of *Chamaerops humilis*, Tangier prison

4. Basket made of leaves of *Chamaerops humilis*, Morocco, purchased at Gibralter

5. Twisted rope of Esparto, St Fernando, Spain

6. Brush made of leaves of *Chamaerops humilis*, S. of Spain

7. Basket of Arundo Donax, Spain

18 April 1887

H Marshall Ward Esq, Cooper's Hill Staines

Piece of Horse Chestnut wood attacked by woodpecker. From Arboretum, Kew

Page 137 - <https://biodiversitylibrary.org/page/55370530>

23 April 1887

Dr G Schweinfurth, Cairo, Egypt

A small box containing

5 Samples seeds of Phaseolus, Natal

3 Samples of Wheat, Natal

2 Samples of Kafir Corn, Natal

5 Samples of Maize, Natal

18 May 1887

Walter Gardiner Esq, Botanical Laboratory, New Museums, Cambridge

One box containing the following specimens

Wood of Araliaceae, fruit of Theobroma bicolor, Fruit of Fischeria scandens, Gum of Dorema ammoniacum,

Plant of Xerophyta retinerve, Fruit of Strophanthus Kombe, Wood of Double Cocoanut.

19 May 1887

H N Moseley Esq, Pitt Rivers Museum Oxford

1. Chinese Chair from Ningpo made of wood of funeral Cypress (*Cupressus funebris*)

2. Set of Opium smoking apparatus from Singapore

8 June 1887

Charles Madeley Esq, Curator, Museum, Warrington, Lancashire

Note handed to Director 8/6/87

1. Maize cigarettes, British Burma

2. Kyankyi Tobacco, British Burma

3. Ground roots of Elephantorrhiza Burchellii

4. Portion of stem of Zanthoxylum Clava-Herculis

5. Root of Elephantorrhiza Burchellii

6. Sergena root, Corrigiola telephylloides

Page 138 - <https://biodiversitylibrary.org/page/55370531>

7. Fibre of *Sansevieria zeylanica*
8. Bark of *Broussonetia papyrifera*
9. Paper from *Broussonetia papyrifera*
10. Twigs of *Ricinus communis*
11. Bark cloth (*Artocarpae*) Malacca
12. Root bark of *Ventilago calyculata*
13. Pods of *Acacia catechu* & chips of wood of same
14. Pods of *Caesalpinia coriaria*
15. Bark of *Canella alba*
16. Root of *Elephantorrhiza Burchellii*
17. Pods of *Caesalpinia coriaria*
18. Seeds of *Caesalpinia Bonduc*
19. Fruits of *Aleurites moluccana*
20. Seeds of *Mucuna* sp.
21. Seeds of *Mucuna* sp.
22. Fruits of *Nectandra Rodiae*
23. Piece of Sugar Cane, Jamaica
24. Basket of Date palm leaves
25. Two Coconuts
26. Two Coconuts
27. Roots of *Smilax China*
28. Cutch from British Burma
29. *Parmelia perlata*
30. *Ramalina polymorpha*
31. *Nardostachys Jatamansi*, Ceylon
32. Cloth made from leaves of *Raphia* sp. Zanzibar.
33. Bundle of Kus Kus roots
34. Fruits of *Acacia catechu*
35. Sample of *Asafoetida*, Bombay
36. *Styrax Benzoin*
37. Flowers of *Jasminum Sambac*
38. Fruits of *Cummim Cyminum*
39. Fibre of *Hibiscus tiliaceus*

- 119. Oil-cake of *Melia Azadirachta*
- 120. *Pogostemon parviflorus*
- 121. *Opuntia Dillenii*
- 122. Lentils (split & unsplit) India
- 123. Fruits of *Terminalia arjuna*

10 June 1887

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square, WC

One box containing the following specimens

- 1. *Peumus Boldus*, Chile
- 2. *Paspalum vaginatum*
- 3. *Euphorbia portulacoides*, Chile
- 4. *Quillaia saponaria*, Chile
- 5. *Erythraea chilensis*, Chile
- 6. *Buddleia globosa*, Chile
- 7. *Cuminum Cyminum*, Chile
- 8. *Solanum nigrum*, Chile
- 9. *Ligusticum Panul*, Chile
- 10. *Xanthium spinosum*, Chile
- 11. *Modiola caroliniana*, Chile
- 12. *Kageneckia oblonga*, Chile

Page 142 - <https://biodiversitylibrary.org/page/55370535>

13. *Vestia lycoides*, Chile
14. *Colliguaja odorifera*, Chile
15. *Chenopodium ambrosioides*, Chile
16. *Polygonum sanguinaria*, Chile
17. *Mentha Pulegium*, Chile
18. *Fumaria media*, Chile
19. Fruits of Coix, Str. Settlements
20. Indian Tobacco (2 Samples)
21. Poppy Trash (2 Samples)
22. Balam seeds (*Dichopsis Gutta*, var.)
23. Kayu Laka, B.N. Borneo
24. Chengal Bark, B.N. Borneo
25. Pods of Cassia Tora
26. Seeds of *Cardiospermum Halicacabum*
27. Swung Oil (Sapotaceae)
28. Cestrum Parqui, Chile
29. Escallonia sp. Chile
30. Escallonia Illinita, Chile
31. *Psoralea glandulosa*, Chile
32. *Fabiana imbricata*, Chile
33. Baccaharis sp, Chile
34. *Calceolaria thyrsiflora*, Chile
35. *Acaena argentea*, Chile
36. *Aristolochia Macqui*, Chile
37. *Gnaphalium Vira-vira*, Chile
38. *Galium Chilensis*, Chile
39. *Senecio Hualtata*, Chile
40. *Notochlaena hypoleuca*, Chile
41. *Solanum crispum*, Chile
42. *Oenothera Berteriana*, Chile
43. *Podanthus Mitique*, Chile

19 July 1887

G H Daglish Esq MICE, Rock Mount, Aigburth, Liverpool

57 small specimens of woods

10 August 1887

Prof A H Church, Shelsley, Kew

Sample of Mitenga seed (*Bambusa Tulda*) India.

17 August 1887

Prof A H Church, Shelsley, Kew

Seeds of *Bambusa vulgaris*, India.

Page 143 - <https://biodiversitylibrary.org/page/55370536>

10 September 1887

Dr Beccari,

1. Portions of Spadix of Pritchardia martiana, Birds Isl Coll. Dr Hillebrand
2. "Loulon" Fruits of Pritchardia martiana? Honolulu Coll Stephen Spencer Esqre 35.1884
3. Fruits of Pritchardia nov.sp. Islands near Molokoi Sandwich Islands, S Spencer Esq 35.1884
4. Fruits of Pritchardia nov.sp. Nov. Fiji, Hon. J.B Thurston 10.1886

21 October 1887

, Sanitary Bureau, Home Dept, Tokio, Japan

per Messrs Norris & Joyner (126 Bishopsgate Street within E.6). One case containing the following specimens.

Notice to be sent before sending box

1. *Hyoscyamus niger*
2. *Kandahar Hing*
3. Bark of *Vochysia guyanensis*
4. Wood of *Quaassia amara*
5. Bark of *Hymenaea Courbaril*
6. Fibre of *Thuja gigantea*
7. *Tumbeki (Nicotiana persica)*
8. *Manna, Alhagi Maurorum*
9. Herb.spec. of *Diploglottis Cunninghamii*
10. *Cassytha filiformis*
11. *Bubon galbanum*
12. *Elytropappus rhinocerotis*
13. Bark of *Atherosperma moschata*
14. *Salvia officinalis*
15. *Solanum Jacquinii*
16. Bark of *Betula alba*
17. *Buchu, Barosma crenata*
18. *Kageneckia oblonga, Chile*
19. *Liberian Coffee*
20. *Cestrum Parqui, Chile*
21. *Fabiniana imbricata, Chile*
22. *Escallonia illinita, Chile*
23. *Escallonia sp. Chile*
24. *Chenopodium ambrosioides, Chile.*
25. *Senecio Huatlata, Chile*
26. *Notochlaena hypoleuca, Chile*
27. Roots of *Morinda tinctoria*
28. *Ceylon Coffee (two samples)*
29. Seeds *Trigonella foenum graecum*
30. Fruits *Carum Carvi*
31. Seeds *Celastrus Paniculata*
32. Flax + F. yarn (nine samples)
33. Leaves of *Erythroxylon Coca*
34. Seeds of *Amarantus Blitum*
35. *Gnaphalium Vira-vira*

Page 144 - <https://biodiversitylibrary.org/page/55370537>

36. Bark of Cedrela Toona
37. Bark of Symplocos crataegoides
38. Shingles of Eperua falcata
39. Bark of Randia dumetorum
40. Bark of Cassia auriculata
41. Bark of Odina Wodier
42. Roots of Krameria triandra
43. Bark of Holarrhena antidyserterica
44. Fruits of Phyllanthus emblica
45. Leaves of Memecylon edule
46. Roots of Picrorhiza Kurroa
47. Flax, Linum usitatissimum
48. Mucuna seeds, Dominica
49. Fruits of Terminalia arjunas
50. Bark of Acacia leucophloea
51. Bark of Acacia arabica
52. Fruits of Prunus armeniaca
53. Oil-cake, Melia Azadirachta
54. Lentils (two samples)
55. Bark of Andira inermis
56. Seeds of Cicer arietinum
57. Seeds of Cajanus indicus
58. Seeds of Phaseolus mungo, var.
59. Seeds of Strychnos nux-vomica
60. Coffee
61. Bark of Alstonia scholaris
62. Seeds of Semecarpus anacardium
63. Fruits of Sapindus trifoliatus
64. Galls of Pistacia Terebinthus
65. Fruits of Tectona grandis
66. Pods of Pongamia glabra
67. Seeds of Morinda citrifolia
68. Bark of Holarrhena antidyserterica
69. Fruits of Malva sylvestris
70. Seeds of Pisum sativum
71. Seeds of Avena sativum
72. Elettaria Cardamomum fruits
73. Seeds of Pennisetum typhoideum
74. Seeds of Sorghum vulgare
75. Seeds of Semecarpus anacardium
76. Button Lac, India
77. Seeds of Caesalpinia
78. Seeds & pods of Delphinium consolida
79. Roots of Eupatorium purpureum
80. Roots of Hydrangea arborescens
81. Flowers of Delphinium sp.
82. Flower heads of Trifolium repens
83. Bark of Prunus persica
84. Bark of Ampelopsis quinquefolia
85. Seeds of Carya oliviformis
86. Pods of Prosopis spicigera
87. Roots of Cirsium arvense

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

- 88. Dyed Manila Hemp
- 89. Roots of *Curculigo brevifolia*
- 90. Fibre of *Phormium tenax*
- 91. Paper from *Agave americana*
- 92. Plantain Fibre
- 93. *Musa* Fibre
- 94. Cups made of leaves of *Musa sapientum*
- 95. Fruits of *Phormium*
- 96. Arrowroot from *Tacca pinnatifida*

Page 145 - <https://biodiversitylibrary.org/page/55370538>

- 97. Sarsaparilla
- 98. Wood of *Monotoca elliptica*
- 99. Wood of *Croton phebaloides*
- 100. Masticated Para Rubber
- 101. Glove made of India rubber
- 102. Bark of *Daphne Laureola*
- 103. Gum Katira (*Astragalus* sp)
- 104. Roots of *Glycyrrhiza*
- 105. Galls of *Pistacia vera*
- 106. Roots of *Eremurus*, Afghanistan
- 107. Powdered roots of *Eremurus*, Afghanistan
- 108. Lac & Lac Dyes (4 specimens)
- 110. Canvas from *Agave americana*
- 111. Wood of *Eupomatia laurina*
- 112. Wood of *Flindersia Bennettii*
- 113. Wood of *Capparis nobilis*
- 114. Wood of *Acacia Cunninghamii*
- 115. Fruits of *Terminalia Chebula*
- 116. Seeds of *Buchanania angustifolia*
- 117. Pods of *Acacia concinna*
- 118. Leaves of *Erythroxylon monogynum*
- 119. Maize cigarettes, B. Burma
- 120. Stem of *Alsophila armata*
- 121. Stem of *Cyathea gracilis*
- 122. Root bark of *Ventilago calyculata*
- 123. Pods & chips of *Acacia catechu*
- 124. Plant *Salvia africana*
- 125. Bark of *Canella alba*
- 126. Bark of *Prunus occidentalis*
- 127. Fruits of *Capsicum fastigiatum*
- 128. Bark of *Cinchona Calisaya*
- 129. Mucuna seeds (two samples)
- 130. Fruits of *Nectandra Rodiae*
- 131. Pods of *Caesalpinia coriaria*
- 132. Cutch from British Burma
- 133. *Parmelia perlata*
- 134. *Ramalina polymorpha*
- 135. Fibre of *Holoptelia integrifolia*
- 136. Bark of *Soymida febrifuga*
- 137. Fibre of *Ficus Tsiela*
- 138. Fibre of *Cordia grandis*
- 139. Fibre of *Cochlospermum gossypium*
- 140. Kittool (*Caryota urens*) fibre
- 141. Piassaba (*Leopoldina piassaba*)
- 142. Piassaba (*Attalea funifera*)
- 143. Leaves of *Albizia amara*
- 144. Cocus wood, Jamaica
- 145. Fruits of *Angelica archangelica*
- 146. Fruits of *Coriandrum sativum*
- 147. Fruits of *Foeniculum vulgare*
- 148. Leaves of *Lawsonia alba*
- 149. Leaves of *Phyllanthus multiflorus*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

- 150. Bark of *Phyllanthus multiflorus*
- 151. Plant *Cressa cretica*
- 152. Fruits of *Vitex indica*
- 153. Roots of *Cissus latifolius*
- 154. Bark of *Elaeodendron Roxburgii*
- 155. Portions of plant of *Trichosanthes cucumerina*
- 156. Roots of *Microrhynchus sarmentosus*
- 157. Esparto (*Stipa tenacissima*)
- 158. Fruits *Piper cubeba*

Page 146 - <https://biodiversitylibrary.org/page/55370539>

- 159. Fruits of *Peucedanum graveolens*
- 160. Fruits of *Thapsia gorganica*
- 161. Cake of Elder flowers (*Sambucus canadensis*)
- 162. Leaves of *Chimaphila corymbosa*
- 163. Meeria seeds (*Dichopsis grandis*)
- 164. Bark of *Thevetia nerifolia*
- 165. Fruits of *Carum copticum*
- 167. Two samples of Rubber from *Landolphia* sp. Gambia
- 168. Herb specimen of *Cinchona Puhudiana*
- 169. Two models of fruits of *Momordica balsamina*
- 170. Wood of *Fraxinus excelsior*
- 171. Mounted specimen of *Cinchona succirubra*
- 172. Mounted specimen of *Cinchona calisaya*
- 173. Mounted specimen of *Cinchona officinalis*
- 174. Drug, *Eclipta alba*
- 175. Leaves and fruit of *Datura stramonium*

21 October 1887

Prof C S Sargent, Arnold Arboretum, Brookline, Mass, U.S America

One package containing trunk of oak from Wistmans' Wood

2 November 1887

Prof H. Marshall Ward, Indian Civil Engineering College, Coopers Hill, Staines

Portion of trunk of oak from Wistmans Wood

2 November 1887

Prof Balfour, Botanic Gardens Oxford

Portion of trunk of oak from Wistmans Wood

Portion of trunk of Date palm

Page 147 - <https://biodiversitylibrary.org/page/55370540>

14 November 1887

Sir James Paget, Royal College of Surgeons, London

A large collection of specimens of vegetable morphology viz

1. *Ranunculus bulbosus*, old corn on new one, G. E. Frere
2. Young shoot of *Heracleum* growing through a previous years growth, Mr. Andrews
3. Double leaf of Ivy, Jenner Weir
4. Synanthy of terminal flower of foxglove, Sir G. Birdwood
5. Undeveloped branch of lime, W. J. Dyer
6. *Dahlia* inflorescence, bracts leafy, J. H. Judge
7. Seedlings of an unknown plant, with curious cotyledons, Mr Goldie
8. Abnormal inflorescence of *Calla aethiopica*, Sir J. D. Hooker
9. Cabbage leaf punctured by aphis, Mr Wilkin
10. Young cabbage leaf pitcher, Martin Roberts
11. Abnormal growth of cabbage leaves, Mr N. Brown & Mr J. Haynes
12. Cabbage leaf punctured by aphis
13. Abnormal growth of a radish, Rev. C. Smith
14. Abnormal flower of *Fuchsia*, Mr G. Wild
15. Portion of a diseased branch of a tree, Lt Holman
16. Abnormal flowers of *Cyclamen*, Messrs Page & Son
17. Portions of leaves of *Yucca* with recurved points, G. E. Frere
18. Portions of diseased branches of Poplar and drawing of same, Worthing, W.W. Saunders
19. Malformation of stem of *Geonoma*, Prof Frail
20. Examples of parasitism (sections through wood)
21. Abnormal growth of wood, New Zealand, W Travers
22. Gall on Elm, Provins France, Prof Oliver
23. Fruit spikes of *Carex vulpina* attacked by *Cecidomyia*, E T Bennett
24. Galls upon *Aperula* sp., Munipur, Dr Watt

Page 148 - <https://biodiversitylibrary.org/page/55370541>

25. Galls on Casuarina torulosa ? Herb, Kew
26. Galls on Paullinia pinnata, Lagos, Capt Moloney
27. Galls on Rose, Vancouver Isds , Mr C. B. Wood
28. Bladder Plums (*Prunus Padus*)
29. Engraving shewing abnormal growth on an unknown tree, Sumatra
30. Galls on leaf of *Inga* sp., New Granada, Mr A Bruchmuller
31. Galls on leaf of Euphorbiaceae, New Granada, Mr A Bruchmuller
32. Galls from South Africa, Dr Shaw
33. Four specimens of galls, Chili, F C Read
34. Four specimens of galls, Chili, F C Read
35. Four specimens of galls, Chili, F C Read
36. Four specimens of galls, Chili, F C Read
37. Three specimens of Veg morphology, Rev Prof Henslow
38. Three specimens of Veg morphology, Rev Prof Henslow
39. Three specimens of Veg morphology, Rev Prof Henslow
40. Pears exhibiting cracking, H Webb Esqre FRHS
41. Galls on aspen, La Mastre, S France, M. Chantre
42. Galls on *Styrax* sp, Churra, Sir J D Hooker
43. Spruce fir with conelike excrescences caused by *Adelges abietis*, Higham, Suffolk, F W Blunt Esqre
44. Pine leaves infested with *Coccus*, Corsica, Hert D Hanbury
45. Galls on leaves of Sugar Maple & Beech, New York, Mr G. H. Williams
46. Portion of leaf of an orchid infested with *Vinsonia pulchella*, Barbados, Gen Munro
47. Vine roots attacked by *Onorhynchus sulcatus*, Sir W Wallace
48. Galls on roots of Deodar, Wimbledon, A Muller Esqre
49. Gall unnamed, China, H. E. M. James Esqre
50. Galls on *Solidago* sp., N America, M Bourgeau
51. Galls on *Vitis angustifolia*, no name, no locality
52. Diseased flower spike of *Brassica nigra*, Westbury on Severn, W T Dyer Esq
53. Fasciated plant, Challenger Expedition, H N Moseley XI,VIII
54. Fasciated stem of common broom, Tooting, Mr Parker
55. Fasciated plant of *Carlina acaulis*, Dover
56. Fasciated flower of Aster, Mr Truelove, Jun 6
57. Flower of *Calla aethiopica* with double spathe

Page 149 - <https://biodiversitylibrary.org/page/55370542>

58. Fasciated flowers of vegetable marrow, Kew, Mr J Haynes
59. Fasciated stem of *Valeriana officinalis*, Marlborough, Mr T A Preston
60. Abnormal apples, Prof Oliver
61. Walnuts shrivelled by frost, Sibbertoft, Rev M J Berkeley
62. Abnormal flowers of *Digitalis purpurea*, Cranwich, Rev Ray
63. Abnormal growth of tulip, Kew, Mr J Haynes
64. Fasciated flower stalk of Dandelion, Mr M. Smith
65. Abnormal flowers of *Digitalis purpurea*, Eversley, Hants, Mrs E. Heynes
66. Plant of Daisy with fasciated flowers, Mr Hillier
67. Fasciated branch of *Cotoneaster macrophylla*, Mr Hillier
68. Three specimens shewing bud variation, Gordon Castle, Banffshire, Mr J. Webster
69. Three specimens shewing bud variation, Gordon Castle, Banffshire, Mr J. Webster
70. Three specimens shewing bud variation, Gordon Castle, Banffshire, Mr J. Webster
71. Hollyhock leaves attacked with *Puccinia malvacearum* Mr D. I. Fish
72. Galls on *Terminalia myriocarpa*, Manipur, Dr Watt
73. Galls on *Ludia sessiliflora*, Rodrigues, Prof I. B. Balfour
74. Galls on Sweet briar, near Brentford, Mrs A. Wood
75. Galls on *Dicelostyles jujubifolia*, Lingli, Munipur, Dr Watt
76. Galls on *Holboellia*, Munipur Dr Watt
77. Double flower of Fuchsia
78. Double apples, W. F. Dyer Esqre, Miss Will, Mr Hillary
79. Small Lemon fruit found inside a large one, J Salter Esqre
80. Abnormal growth of a pear J. J. Weir Esqre
81. Drawing of Burr on Elm, Gardeners Chronicle
82. Seedling Sycamore with 3 cotyledons
83. Photo of fasciated inflorescence of *Fourcroya cubensis*, Dr Erust
84. Abnormal flowers of *Passiflora caerulea*, Dr Dresser
85. Tuberous roots containing starch, Ashfield Hall, Cheshire, Mr J Studdart
86. Fruits of Plymouth Strawberry, Bitton near Bristol, Rev. Ellacombe
87. Fasciation of a plant of Daphne, Douglas, Isle of Man
88. Double apple, Mrs A Ringer
89. Monstrous fruit of citrus, St Vincent, Revd L Guilding

Page 150 - <https://biodiversitylibrary.org/page/55370543>

90. Abnormal fruit of lemon, Mr Kennedy
91. Small orange enclosed within a larger one, Mr M Vanheems
92. Abnormal pear, Mr Hillary
93. Strawberry with Joliaceous carpels, Mrs Ringer
94. Double Prunus (*Prunus domestica*) Dr Thompson, Mr Lane, Mr Richards
95. Immature double plum, Prof Morren
96. Abnormal fruits of Capsicum, Transylvania, Revd M. J. Berkely
97. Apples with neither seeds nor pips, C. Dresser Esqre
98. Abnnormal growth of a pear, Mr T Layton
99. Abnormal flower of Fuchsia, Mr Wild
100. Abnormal flowers of Gladiolus *dracocephalus*, Hillfield, Reigate
101. Photograph of tree of Orange Pearmain apple, one branch produced a russet-like fruit, also sketch of the branch, Clevedon, Bristol, Mr G. Lee
102. Engraving of abnormal growth of a Pear
103. Engraving of a Potato penetrated by Couch-grass
104. Abnormal flowers of Penstemon
105. Branch of *Humulus Lupulus* with male and female flowers, Kent Mr L. Lewis
106. Abnormal flowers of *Passiflora*. J. S. Salter Esqre
107. Sketch of disease on cucumber roots, W.G. Smith
108. Drawing shewing curious hypertrophy of the cellular tissue in the root of a *Livistona*. W. G. Smith
109. Sketch of a branch of *Ampelopsis hederacea* which had been partially denuded of its bark by an injury, W. G. Smith
110. Abnormal growth of unknown plant, Australia, Mr Duncan
111. Punctures on Willow caused by *Cecidomyia*, Dr. Hogg
112. Diseased stems of Passion flower Rev M. J. Berkeley
113. Abortive flowers of *Acacia pyenantha*, Australia, Mr Duncan
114. Abnormal growth of unknown plants, Australia, Mr Dunan
115. Abnormal growth of unknown plants, Australia, Mr Dunan
116. Abnormal growth of unknown plants, Australia, Mr Dunan
117. Abnormal growth of unknown plants, Australia, Mr Dunan

Page 151 - <https://biodiversitylibrary.org/page/55370544>

- 118. Abnormal growth on unknown plant, Sikkim, Sir J. D. Hooker
- 119. Insect punctures on twigs of *Populus*
- 120. Monstrosity on Rose, Major Garden
- 121. Cedar apples on *Juniperus virginiana*, U.S America, Mr Evans
- 122. Warted branch on plant unknown
- 123. Arrested growth of *Thuja orientalis*, Dorset, Prof. Allman
- 124. Three abnormal growths without labels
- 125. Three abnormal growths without labels
- 126. Three abnormal growths without labels
- 127. Tuberclad root of *Chamaercyparis Lawsoniana*
- 128. Abnormal flower of *Gloxinia*, J. B. Kellock Esqre
- 129. Proliferous potatoes, Shirley Hibberd
- 130. Abormal growth of potato Mr Hanneman
- 131. Potato grown into the cavity of a bone, Prof. Flower
- 132. Galls on *Galium mollugo*, Gads Hill
- 133. Abnormal growth of *Ipomoea paniculata*, Rodrigues, J. B. Balfour
- 134. Dialysis of corolla in *Rhododendron jasminiflorum*, Revd Preston
- 135. Double cucumber, Cholsey, Berks, Mr Bisley, Robards
- 136. Abnormal growth of a Pine apple, Azores, Alex. Raith Esqre
- 137. Wood of *Quercus Robur* cracked by frost
- 138. Two Chandrones, sections of Pine trunks
- 139. Two Chandrones, sections of Pine trunks
- 140. Fasciated stem of Scarlet Runner, Mr W. Johnson
- 141. Portion of deciduous branch of *Castilloa elastica* shewing the plane of Articulation
- 142. Abnormal flower of *Crocus Weldenii* Mr. Nicholson
- 143. Seven specimens of vegetable morphology, W. S. Dyer Esqre
- 144. Seven specimens of vegetable morphology, W. S. Dyer Esqre
- 145. Seven specimens of vegetable morphology, W. S. Dyer Esqre
- 146. Seven specimens of vegetable morphology, W. S. Dyer Esqre
- 147. Seven specimens of vegetable morphology, W. S. Dyer Esqre
- 148. Seven specimens of vegetable morphology, W. S. Dyer Esqre
- 149. Seven specimens of vegetable morphology, W. S. Dyer Esqre
- 150. Seven specimens of vegetable morphology, H. C. Watson Esqre
- 151. Seven specimens of vegetable morphology, H. C. Watson Esqre
- 152. Seven specimens of vegetable morphology, H. C. Watson Esqre
- 153. Seven specimens of vegetable morphology, H. C. Watson Esqre
- 154. Seven specimens of vegetable morphology, H. C. Watson Esqre
- 155. Seven specimens of vegetable morphology, H. C. Watson Esqre
- 156. Seven specimens of vegetable morphology, H. C. Watson Esqre
- 157. Eight specimens of vegetable morphology, Mr G. Nicholson
- 158. Eight specimens of vegetable morphology, Mr G. Nicholson
- 159. Eight specimens of vegetable morphology, Mr G. Nicholson
- 160. Eight specimens of vegetable morphology, Mr G. Nicholson
- 161. Eight specimens of vegetable morphology, Mr G. Nicholson
- 162. Eight specimens of vegetable morphology, Mr G. Nicholson
- 163. Eight specimens of vegetable morphology, Mr G. Nicholson
- 164. Eight specimens of vegetable morphology, Mr G. Nicholson
- 165. Five specimens of vegetable morphology, Baron von Mueller
- 166. Five specimens of vegetable morphology, Baron von Mueller
- 167. Five specimens of vegetable morphology, Baron von Mueller
- 168. Five specimens of vegetable morphology, Baron von Mueller
- 169. Five specimens of vegetable morphology, Baron von Mueller

- 449. Thirty one specimens of vegetable morphology, Royal Hort. Society
- 450. Swede Turnip with anbury or blubbing Disease, Reigate, W.W Saunders Esqre
- 451. Drawing of prolific cabbage
- 452. Malformed flowers of Papaver orientale, Norfolk, G. E. Frere Esqre
- 453. Besom on Pinus, France, Col. Pearson
- 454. Abormal Ipomoea grandiflora, Dr Dickie
- 455. Sketch of abnormal cucumber, J. Salter Esqre

17 November 1887

Prof H Marshall Ward, Indian Civil Engineering College Cooper's Hill, Staines

- 1. Section of trunk of Spruce fir (*P. excelsa*) Arboretum, Kew
- 2. Portion of trunk of Acacia struck by lightning at Kensington, June 12. 1859. W. Banting Esqre
- 3. Portion of matted mass of root fibres of Willow, Ash, &c which choked a tile drain also portion of drain-pipe, Hitcham, Suffolk, Rev. Prof. Henslow
- 4. Knot from tree, unknown, Ionian Is., 1862
- 5. Portion of trunk of Cedrus Libani on which Cedrus Deodora has been grafted, Elvaston Castle, Derby, W Barron
- 6. *Fraxinus verrucosus*, grafted of *Fraxinus excelsior*, M. Neumann
- 7. *Mespilus elliptica*, grafted of *Mespilus oxyacantha*, M. Neumann
- 8. *Tilia heterophylla*, grafted *Tilia europea*, M. Neumann
- 9. *Pavia rubra*, grafted of *Asculus Hippocastanum*, M. Neumann
- 10. *Acer pseudoplatanus* on which there is a ring of *Acer rubrum*, M. Neumann

Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901

11. *Fraxinus rotundifolia* on *Fraxinus excelsa*, Mr D. Moore
12. *Fraxinus ormus* on *Fraxinus excelsior*, Mr D. Moore
13. Grafted pear tree, Hort. Kew
14. Apple graft on Crab stock, J. S. Henslow (two specimens)

Page 153 - <https://biodiversitylibrary.org/page/55370546>

15. Plum graft on plum stock
16. Graft showing decay of stock (Pears?) Royal. Hort. Kew
17. Wood bored by insects, Royal. Hort. Kew
18. Elm attacked by larvae of *Scolytus destructor* (two specimens)
19. Ash attached by larvae of *Hylesinus fraxinus*, Osterley Park, Middlesex, Miss Ormerod
20. Oak showing effect of pruning, Prof. Henslow
21. Branch of Willow bored by insects and attacked by Woodpecker, G. E. Frere Esqre
22. Blemish introduced in Prune timber, Prof. Henslow
23. Sections exposing the union of an apple tree graft with the stock, the graft having increased in diameter more rapidly than the stock, Prof Henslow
24. Ash showing effect of pruning
25. Section of Plane tree showing a preparation between two annual layers of wood probably occasioned by a severe winter or excessive pruning, Prof. Henslow
26. Extent of blemish manifested by forced separation of new wood, Prof. Henslow
27. Plum branch invested and partially invested by new wood, Prof. Henslow
28. Hollow from decay of stump of pruned branch filling in with new wood, Prof. Henslow
29. Oak showing effects of pruning, Higford Burr Esqre
30. Oak unpruned showing decay of broken branch, H. Burr Esq
31. Excrescence on root of Elder, Prof. Henslow
32. Knot formed on the branch of a tree (unknown) R Steward, Jamaica
33. Disease in apricot caused by budding and pruning, Mr Prestoe
34. Portion of branch of *Crataegus* showing growth of wood over wire band, G. E. Frere
35. Adventitious buds upon Black Pepper

Page 154 - <https://biodiversitylibrary.org/page/55370547>

36. Specimen showing the effect of pruning a branch of common Ash, Prof. Henslow
37. Portion of a branch of a coniferous tree, the growth of which has been arrested by frost and new wood subsequently formed over it, Rutlandshire, Lord Aveland
38. Wood eaten by white ants, Mauritius, Mr Duncan
39. Teak wood bored by white ants, Madras, J. Strachan Esqre
40. Portions of *Quercus Phellos* forming tissue round decayed wood, G. E. Frere Esqre
41. Piece of a rafter or joist eaten by white ants, St Helena, J. C. Mellis Esqre
42. Section of a tree eaten by white ants, St Helena, J. C. Mellis Esqre
43. Wood from heart of a large tree of *Dalbergia sissoo*, Botanic Garden, Calcutta, Dr Anderson
44. Oak bark attracted by larvae of *Clytus arcuatus*, Prof. Henslow
45. Camellia japonica var. showing Japanese mode of grafting and layering combined, Sir R. Alcock
46. Decayed wood bored by larvae of *Formica umbrata*, Kew
47. Galleries made by black ants in the plump of a decayed Ash
48. Abnormal growth of Douglas Fir (*Pseudotsuga Douglasii*) Dr. Masters
49. Portion of a mass of cocoons of a social moth (*Ilithyia sociella*) from the interior of an old Oak in the Arboretum, Kew
50. Ant galleries in Ash wood Prof. Henslow
51. Acacia melanoxylon, after having been exposed for six months to white ant, St Helena, J.C. Mellis Esq
52. Cossus ligniperda, moth and larvae, Prof. Henslow
53. Larvae of Goat moth (*Cossus ligniperda*) Winchester, N. Bright
54. Beetles of *Hylesinus fraxinus*, Miss Ormerod
55. Twelve plates showing abnormal growths of wood
56. Twelve plates showing abnormal growths of wood
57. Twelve plates showing abnormal growths of wood
58. Twelve plates showing abnormal growths of wood
59. Twelve plates showing abnormal growths of wood
60. Twelve plates showing abnormal growths of wood
61. Twelve plates showing abnormal growths of wood
62. Twelve plates showing abnormal growths of wood
63. Twelve plates showing abnormal growths of wood
64. Twelve plates showing abnormal growths of wood
65. Twelve plates showing abnormal growths of wood
66. Twelve plates showing abnormal growths of wood
67. Twelve plates showing abnormal growths of wood
68. Insect punctures (*Veitchia japonica*) Coll. Oldham

Page 155 - <https://biodiversitylibrary.org/page/55370548>

- 69. Branch of *Pinus Pinea* with tuft of contracted branches, Dr. Masters
- 70. Tufted growth of branches of *Pinus sylvestris*, A. D. Webster
- 71. Tufted growth of branches of *Betula alba*, A. D. Webster
- 72. Tufted growth of branches of *Laburnum*, A. D. Webster
- 73. *Abies lasiocarpa* grafted on silver Fir, Mr. Noble
- 74. Four cases of mounted specimens of applied Entomology from Paris Exhibition 1855
- 75. Four cases of mounted specimens of applied Entomology from Paris Exhibition 1856
- 76. Four cases of mounted specimens of applied Entomology from Paris Exhibition 1857
- 77. Four cases of mounted specimens of applied Entomology from Paris Exhibition 1858
- 78. Section of stem of *Edwardsia grandiflora* showing arrested bud. Prof. Henslow
- 79. Three sections of twisted stems, French Guyane, Herb. Mus. Paris
- 80. Three sections of twisted stems, French Guyane, Herb. Mus. Paris
- 81. Three sections of twisted stems, French Guyane, Herb. Mus. Paris
- 82. Inarched stem of Oak, Dr Bromfield
- 83. Protruding root of forest tree of Borneo, used for floats, J. W. Burbidge
- 84. Twisted stems of two climbing plants, J. Motley Esqre
- 85. Twisted stems of two climbing plants, J. Motley Esqre
- 86. Unknown wood used in E. Trop. Africa for floats, H. Waller
- 87. Portion of stem of a climbing plant forming ropes 30 to 40 feet long, Dr. Watt
- 88. Twisted stem unknown, Capt. Sir. E. Home
- 89. Leguminous stem with winged bark, New South Wales Capt. P. P. King
- 90. Section of stem Combretaceae, Sir J.D. Hooker
- 91. Beech with letters cut in, Mr Vaughan
- 92. Portions of trunk of Ash struck by lighting, G. E. Frere Esqre
- 93. Knot on *Pyrus domestica*, Hort. Kew.
- 94. Root of *Tilia europaea* with stones embedded, Hort. Kew
- 95. Section of coniferous trunk showing origin of branches Richmond, A Mudge. Esqre

Page 156 - <https://biodiversitylibrary.org/page/55370549>

96. Twisted stem (unknown) N. S. Wales
97. Decayed portion of trunk, N. S. Wales
98. Balai de Sorcier on *Pinus* sp. Col. Pearson
99. Chandrone, Nancy, Col. Pearson
100. Fasciated coniferous stem, Prof. Henslow
101. Nineteen samples frozen woods, Nancy, Col. Pearson
102. Nineteen samples frozen woods, Nancy, Col. Pearson
103. Nineteen samples frozen woods, Nancy, Col. Pearson
104. Nineteen samples frozen woods, Nancy, Col. Pearson
105. Nineteen samples frozen woods, Nancy, Col. Pearson
106. Nineteen samples frozen woods, Nancy, Col. Pearson
107. Nineteen samples frozen woods, Nancy, Col. Pearson
108. Nineteen samples frozen woods, Nancy, Col. Pearson
109. Nineteen samples frozen woods, Nancy, Col. Pearson
110. Nineteen samples frozen woods, Nancy, Col. Pearson
111. Nineteen samples frozen woods, Nancy, Col. Pearson
112. Nineteen samples frozen woods, Nancy, Col. Pearson
113. Nineteen samples frozen woods, Nancy, Col. Pearson
114. Nineteen samples frozen woods, Nancy, Col. Pearson
115. Nineteen samples frozen woods, Nancy, Col. Pearson
116. Nineteen samples frozen woods, Nancy, Col. Pearson
117. Nineteen samples frozen woods, Nancy, Col. Pearson
118. Nineteen samples frozen woods, Nancy, Col. Pearson
119. Nineteen samples frozen woods, Nancy, Col. Pearson
120. Balai de Sorcier on *Pinus Abies*, Col. Pearson
121. Tufted Larch branches Mr Webster
122. Fasciated Thistle stem, H.S. Relf
123. Inarching stem of Poplar, Dr Masters
124. Root of Apple tree destroyed by water vole, Royal Hort. Soc
125. Excrescence on a Cupressus, W.G. Smith
126. Portions of trunk of Mulberry with adventitious roots
127. Branches of wood of Oak and Ash bored by Wood-Leopard Moth, Lady Cowper
128. Holly bored by Wood Leopard Moth, Kew
129. Portion of a post bored by Carpenter bee, Prof, Henslow
130. Larch bored by Sirex, Henry Bright
131. Decayed Walnut wood attached by larvae of beetles, Prof. Henslow
132. Drift wood from Beach at Salinas, Brazil, Capt. Sir E Home
133. Nest of leaf cutter bee in a portion of the rafter of a Vinery, J. Rigby, Esqre.
134. Wood of *Pinus sylvestris* bored by *Sirex gigas*, J. Macintosh
135. Portion of Horse Chestnut enclosing stones, Miss Ormerod
136. Wood of Ash bored by *Cossus ligniperda*, N. Bright
137. Shoots of *Pinus tuberculata* attacked by *Tortrix*, Mr Gower
138. Portion of bottom of steam vessel Carron after having been ashore in the W. Indies, Capt. Sir E Home
139. Oak perforated by *Clytus arcuatus*
140. Black Willow bored by *Cossus ligniperda*, G.E. Frere
141. Twigs of Apple diseased by fungus, Royal Hort. Soc.

Page 157 - <https://biodiversitylibrary.org/page/55370550>

- 142. Willow wood perforated by the caterpillar of the Goat Moth, Hitcham, Suffolk, Prof. Henslow
- 143. Beech shewing branch covered with new wood
- 144. Elder 23 years old shewing original dimensions of pith, Prof. Henslow
- 145. Two photos of Matapala trees, Las Nubes
- 146. Two photos of Matapala trees, Las Nubes
- 147. Various sections of Lianes, A.W. Bennett, Esqre
- 148. Coniferous stem with arrested growth, A Murray
- 149. Bark of Larch attacked by fungus, A Murray
- 150. Fusion of two branches of *Camellia japonica*, Dr. Masters
- 151. Natural graft of *Ficus*, Borneo, Coll. Motley
- 152. Hollowed trunk of Elm with descending branch, Hort. Kew
- 153. Branch attacked by fungus, Royal Hort, Soc.
- 154. Abnormal growths of wood Capt. Tupper
- 155. Pendant root of a *Ficus* which has been cut off and re-established itself upon the trunk against which it is hung, Borneo, J. Motley, Esqre.
- 156. Larch wood showing progress of disease of *Corticium amorphum*, A. Murray
- 157. Ash bored by *Hylesinus fraxini*, Prof. Henslow
- 158. Abnormal growth of wood (unknown)
- 159. Wood of yew split by the power of frost
- 160. Transverse section of shewing the union of the roots of two Larch trees, Dr. Masters
- 161. Woody ring of Elm which has formed over the wound of a branch, caused by severance. It subsequently decayed and fell away. Royal Gardens, Kew
- 162. Peculiar growth of *Magnolia grandiflora*
- 163. Engraving of Larch roots grafted together
- 164. Burr from a tree, Nagasaki, Japan, Dr Sutherland
- 165. Roots of two Larch trees naturally drafted together, Dr Masters

Page 158 - <https://biodiversitylibrary.org/page/55370551>

- 166. Wood of elm perforated by the caterpillar of the goat moth, Hitcham, Suffolk, Prof Henslow
- 167. Portion of trunk of a Mulberry tree which when very young received a check in its growth probably by frost and afterwards grew on forming its wood in the usual course. The tree was planted about 1836 and blown down about 1868. Dogmersfield Rectory, Winchfield, Rev'd C. N. Foot
- 168. Portion of a Burr, New Zealand, R. Bevan Esqre
- 169. Piece of Elm punctured by Insects, Arboretum, Kew
- 170. Excrescence on branch of Birch apparently connected with formation and arrest of adventitious buds, Down, Kent, Prof. Henslow
- 171. Numerous specimens of twisted stems, abnormal growths, lianes &c. R. Spruce, E. G. Boughton H. M. S Rattlesnake, Sir J.D. Hooker, Dr Welwitsch and others
- 172. Abnormal growths on *Abies veitchii*

14 December 1887

W R Guilfoyle Esq, Director, Botanic Garden, Melbourne

One box containing the following

1. Mahwa flowers (*Bassia latifolia*)
2. Fruits of *Juniperus excelsa*
3. Seeds of *Aegle marmelos*
4. Seeds of *Melia azadirachta*
5. Flowers of *Cassia auriculata*
6. Seeds of *Trigonella foenum-graecum*
7. Piece of Raphia cloth, Upper Congo, Coll. Kirk
8. Fruiting branch of *Evodia Daniellii*
9. Fruits of *Diospyros embryopteris*

Page 159 - <https://biodiversitylibrary.org/page/55370552>

10. Vegetable Butter (*Bassia butyracea*)
11. Three samples flax
12. Three samples flax
13. Three samples flax
14. Flax yarn
15. Branches of *Gnaphalium vira-vira*
16. Bark of *Acacia leucophloea*
17. Seeds of *Pisum sativum*
18. Seeds of *Lens esculenta*
19. Wood of *Berberis aristata*
20. Fruits of *Gossypium herbaceum*, var *religiosum*
21. Bark of *Artocarpus lakoocha*
22. Bark of *Myrica sapida*
23. *Cistanche tubulosa*
24. Bark of *Kydia calycina*
25. Bark of *Symplocos crataegoides*
26. Seeds of *Cajanus indicus*
27. Seeds of *Cicer arietinum*
28. Shingles of *Eperua falcata*, British Guiana
29. Plants of *Ocimum basilicum*
30. Model of pod of *Canavalia ensiformis*
31. Bark of *Zizyphus jujuba*
32. Leaves of *Opuntia Dillenii*
33. Model of fruit of *Cucurbita moschata*
34. Roots of *Rheum Emodi*
35. Bark of *Populus Euphratica*
36. Pod of *Cassia fistula*
37. Bark of *Cinnamomum zeylanicum*
38. Photo of *Pinus australis* Mississippi Valley
39. Cocoanut fibri Tonga Id
40. Raw cotton, Tonga Id
41. *Coffea arabica*, Tonga Id
42. Copra, Tonga Id

- Page 160 - <https://biodiversitylibrary.org/page/55370553>
- 43. Three models of fruits of *Citrullus vulgaris*
  - 44. Three models of fruits of *Citrullus vulgaris*
  - 45. Three models of fruits of *Citrullus vulgaris*
  - 46. Seeds of *Papaver somniferum*
  - 47. Sample of Oats, India
  - 48. Sample of Wheat, India
  - 49. Seeds of *Pennisetum typhoidium*, India
  - 50. Seed pods of *Delphinium consolida*, N. America
  - 51. Roots of *Plantago major*, N. America
  - 52. Roots of *Angelica atropurpurea*, N. America
  - 53. Bark of *Euonymus americanus*, N. America
  - 54. Roots of *Hydrangea arborescens*, N. America
  - 55. Flowers & leaves of *Eupatorium perfoliatum*, N. America
  - 56. Root bark *Melia azedarach*, N. America
  - 57. Husked seeds of *Amarantus paniculatus*, India
  - 58. Roots of *Dicliptera Roxburghiana*, India
  - 59. Immature pods of *Prosopis spicigera*, India
  - 60. Bark of *Negundo aceroides*, N. America
  - 61. Fruits of *Myrospermum frutescens*, S. America
  - 62. Fruits of *Tetranthera cubeba*, Nepal
  - 63. Sieve made of split stems of *Maranta* sp.
  - 64. Paper made of *Agave americana*
  - 65. Cloth made of *Musa textilis*
  - 66. Articles of dyed Manila Hemp
  - 67. Roots of *Smilax* sp
  - 68. Fruits of *Saguerus saccharifera*
  - 69. Fruits of *Verschaffeltia splendida*
  - 70. Fruits of *Lophira alata*
  - 71. Gutta percha from *Butyrospermum Parkii*
  - 72. Sago (*Sagus vitiensis*)
  - 73. Sago (*Sagus amicarum*)
  - 74. Portion of cable made of *Calamus rudentum*
  - 75. Matting of *Pandanus odoratissimus*, Madras

Page 161 - <https://biodiversitylibrary.org/page/55370554>

- 76. Kafir basket made of Cyperus stems
- 77. Culms of Cyperus tegetum, Madras
- 78. Besom made of Restio sp. S Africa
- 79. Ground nut (Cyperus sp.) W. Africa
- 80. Ladle made of cocoa-nut shell, Bahia
- 81. Two samples of cocoa-nut fibre used as a substitute for horse-hair
- 82. Two samples of cocoa-nut fibre used as a substitute for horse-hair
- 83. Comb made of wood of Memecylon edule
- 84. Kyanki Tobacco, British Burma
- 85. Maize cigarettes
- 86. Seeds of Myristica surinamensis
- 87. Stem of Cyathea gracilis?
- 88. Stem of Alsophila armata
- 89. Bark of Broussonetia papyrifera
- 90. Fibre from Broussonetia papyrifera
- 91. Fibre from Sansevieria guineensis
- 92. Stem of Cyathea muricata
- 93. Root bark of Ventilago calyculata
- 94. Pods and chips of Acacia catechu
- 95. Bark of Simaruba glauca
- 96. Bark of Canella alba
- 97. Fibre of Lecythis Ollaria
- 98. Hog gum (Symphonie globulifera)
- 99. Bark of Cinchona calisaya
- 100. Two samples of Mucuna seeds
- 101. Two samples of Mucuna seeds
- 102. Fruits of Nectandra Rodioei
- 103. Divi Divi pods (Caesalpinia coriaria)
- 104. Ramalina polymorpha
- 105. Parmelia perlata
- 106. Hyoscyamus niger
- 107. Bark of Vochysia guyanensis
- 108. Wood of Quassia amara

Page 162 - <https://biodiversitylibrary.org/page/55370555>

- 109. Bark of *Hymenaea Courbaril*
- 110. Fibre of *Thuja gigantea*
- 111. Fruits of *Cuminum cyminum*, Chile
- 112. Fruiting branch of *Quillaia saponaria*
- 113. Rope of *Livistona sinensis*
- 114. Basket of Esparto (*Stipa tenacissima*)
- 115. Brush made of leaves of *Chamaerops humilis*
- 116. Yellow maize from Natal
- 117. Two samples of Bornean Rubber
- 118. Two samples of Bornean Rubber
- 119. Sample of Gutta percha (Zanzibar) probably from a wreck
- 120. Cloth made of fibre from the Ko plant (*Pueraria thunbergiana*)
- 121. Fruits of *Mallotus philippinensis*
- 122. Kamala powder
- 123. Seeds of *Aleurites moluccana*
- 124. Root of *Eremurus* sp Afghanistan
- 125. Powdered root of *Eremurus*, Afghanistan
- 126. Galls of *Pistacia vera*, Afghanistan
- 127. Roots of *Glycyrrhiza*, Afghanistan
- 128. Root-stocks of *Rheum*, Afghanistan
- 129. Pulley of wood of *Cotoneaster* sp.
- 130. Gum Kutura (*Astragalus*) Afghanistan
- 131. Aristolochia tractuta, drug, Afghanistan
- 132. Gum Kendal, *Ferula* sp. Afghanistan
- 133. Plants of Umbelliferae, drug, Afghanistan
- 134. Root of *Pueraria Thunbergiana*, Afghanistan
- 135. Model of a Pini apple
- 136. Six samples of Lac & Lac Dyes, India
- 137. Six samples of Lac & Lac Dyes, India
- 138. Six samples of Lac & Lac Dyes, India
- 139. Six samples of Lac & Lac Dyes, India
- 140. Six samples of Lac & Lac Dyes, India
- 141. Six samples of Lac & Lac Dyes, India
- 142. Bamboo pipe stems prepared with resin, Siam
- 143. Spathe, spadix and fruits of *Manicaria Plukinetii*
- 144. Fruits of *Terminalia chebula*
- 145. Fruits of *Acacia concinna*
- 146. Seeds of *Buchanania angustifolia*
- 147. Leaves of *Erythroxylon monogynum*

Page 163 - <https://biodiversitylibrary.org/page/55370556>

5 January 1888

L A Bernays Esq FLS &c, Acclimatisation Society Gardens, Bowen Park, Brisbane, Queensland

One box containing the following. c/o Mr Arthur Marshall 7 East India Avenue London E.6

1. Seeds of *Lens esculenta*
2. Seeds of *Pisum sativum*
3. Roots of *Rubia cordifolia*
4. Bark of *Melia azederach*
5. Bark of *Anacardium occidentale*
6. Bark of *Bauhinia purpurea*
7. Fruits of *Coriandrum sativum*
8. Wood of *Acacia catechu*
9. *Cistanche tubulosa*
10. Seeds of *Phaseolus triloba*
11. Seeds of *Indigofera tinctoria*
12. Seeds of *Dolichos biflorus*
13. Oil cake of *Melia azadirachta*
14. Seeds of *Vigna Catiang*
15. Seeds of *Pisum arvense*
16. Seeds of *Cicer arietinum*
17. Seeds of *Cajanus indicus*
18. Seeds of *Phaseolus mungo* var. *radiatus*
19. Seeds of *Phaseolus mungo*
20. Shingles of *Eperua falcata*, British Guiana
21. Bark of *Zizyphus jujuba*
22. Leaves of *Opuntia Dillenii*
23. Pods of *Cassia fistula*
24. Model of fruit of *Citrullus vulgaris*
25. Seeds of *Strychnos nux-vomica*
26. Seeds of *Sorghum vulgare*, Sierra Leone
27. Seeds of *Eleusine coracana*, India
28. *Parmelia perlata*, India

Page 164 - <https://biodiversitylibrary.org/page/55370557>

- 29. Seeds of *Paspalum scrobiculatum*, India
- 30. Corn rici (*Paspalum*)
- 31. Italian millet
- 32. Cocoa-nut fibre, Tonga Island
- 33. *Coffea arabica*, Tonga Island
- 34. Copra, Tonga Island
- 35. Chillies (*Capsicum minimum*) Tonga Island
- 36. Raw Cotton, Tonga Island
- 37. Bark of *Eugenia jambolana*, India
- 38. Root of *Coscinium fenestratum*
- 39. Plants of *Swertia Chirata*
- 40. Bark of *Alstonia scholaris*
- 41. Roots of *Rubia tinctorum*
- 42. Young shoots of *Polygonum molle*
- 43. Bark of *Cedrela Toona*
- 44. *Hirneola polytricha* (Jews ears)
- 45. Seeds *Semecarpus anacardium*, India
- 46. Galls of *Pistacia terebinthus*, India
- 47. Bark of *Melia azedarach*, India
- 48. Fruits of *Tectona grandis*, India
- 49. Seeds of *Plantago ispaghula*, India
- 50. Seeds of *Phaseolus mungo*, India
- 51. Seeds of *Morinda citrifolia*, India
- 52. Seeds of *Papaver somniferum*, India
- 53. Bark of *Holarrhena antidyserterica*, India
- 54. Fruits of *Phyllanthus emblica*, India
- 55. Roots of *Picrorhiza kurroa*, India
- 56. Seeds of *Dolichos biflorus*, India
- 57. Dried fruit of *Mangifera indica*, India
- 58. Oats (*Avena sativa*), India
- 59. Seeds of *Panicum frumentaceum*, India

Page 165 - <https://biodiversitylibrary.org/page/55370558>

- 60. Seeds of *Pennisetum typhoideum*, India
- 61. Seeds of *Sorghum vulgare*, India
- 62. Fruits of *Sapindus trifoliatus*
- 63. Bark of *Soymida febrifuga*
- 64. Fruits of *Tribulus terrestris*
- 65. Gum of *Moringa pterygosperma*
- 66. Fruits of *Solanum ferox*
- 67. Fruits of *Terminalia belerica*
- 68. Fruits of *Randia dumetorum*
- 69. Resin of *Shorea robusta*
- 70. Roots of *Morinda citrifolia*
- 71. Gum of *Melia azadirachta*
- 72. Bark of *Myrica sapida*
- 73. Button lac
- 74. Seeds of *Caesalpinia* sp.
- 75. Seeds of *Plantago major*
- 76. Seeds of *Peucedanum graveolens*
- 77. Gum of *Moringa pterygosperma*
- 78. Seeds of *Coix lachryma*
- 79. Arrowroot (*Curcuma angustifolia*)
- 80. *Hordeum vulgare*
- 81. *Eleusine coracana*
- 82. *Triticum sativa*
- 83. *Brunella vulgaris*
- 84. Fruits of *Mesua ferrea*
- 85. Fruits of *Croton tiglium*
- 86. Bitter wood (*Picraena excelsa*)
- 87. Flowers of *Thespesia populnea*
- 88. Fruits of *Amomum korarima*
- 89. Fruits of *Amomum latifolium*
- 90. Fruits of *Lophira alata*, W, Africa

Page 166 - <https://biodiversitylibrary.org/page/55370559>

91. Ears of *Setaria italica*
92. Spikes of *Penicillaria spicata*
93. Seven samples of Paddy
94. Seven samples of Paddy
95. Seven samples of Paddy
96. Seven samples of Paddy
97. Seven samples of Paddy
98. Seven samples of Paddy
99. Seven samples of Paddy
100. Seeds of *Panicum miliare*
101. Herb. Specimens of *Pueraria Thunbergiana*, Japan
102. Seeds of *Ocimum sanctum*
103. Seeds of *Hibiscus abelmoschus*
104. Cups of *Quercus aegilops*
105. Twigs of *Trichodesma indicum*
106. Cone of *Pinus reflexa*
107. Root bark of *Melia azedarach*, N America
108. Cups of *Quercus macrocarpa*, N America
109. Acorns of *Quercus tinctoria*, N America
110. Cones of *Pinus taeda*
111. Fijian sago (*Sagus vitiensis*) Fiji
112. *Sagus amicarum*
113. Matting made of leaves of *Pandanus odoratissimus*
114. Roots of *Gelsemium sempervirens*, N. America
115. *Apocynum cannabinum* (roots) , N America
116. Roots of *Aralia nudicaulis*, N. America
117. Seeds of *Panicum italicum*, India
118. Seeds of *Panicum miliaceum*, India
119. Seeds of *Paspalum scrobiculatum*, India (husked)
120. Seeds of *Paspalum scrobiculatum*, India (unhusked)
121. Seeds of *Paspalum scrobiculatum*, India (unhusked)
122. Seeds of *Penicillaria spicata*
123. Three samples of Husked rice
124. Three samples of Husked rice
125. Three samples of Husked rice
126. Two samples of Paddy
127. Two samples of Paddy
128. Rope of *Pollinia eriopoda*
129. Seeds of *Panicum frumentaceum*
130. Ropes of *Chrysopogon gryllus*
131. Leaves of *Pollinia eriopoda*

Page 167 - <https://biodiversitylibrary.org/page/55370560>

131. Seeds of *Eleusine coracana*

132. Stems of *Aristida setacea*

133. Brooms of *Ammophila arenaria*

1 February 1888

Prof H Marshall Ward, Indian Civil Engineering College, Cooper's Hill, Staines

The following collection

1. Ceylon Bamboos (*Teinostachyum maculatum*)
2. Rici pounder of wood of *Acacia catechu*
3. Stem of *Bambusa vulgaris*, Trinidad
4. Large section of Douglas fir from No3 museum
5. Wood of *Populus grandidentata*, U.S America
6. Wood of *Ardisia Pickeringii*, U.S America
7. Wood of *Genipa clusiaefolia*, U.S America
8. Wood of *Rhamnus caroliniana*, U.S America
9. Wood of *Liquidambar styraciflua*, U.S America
10. Wood of *Prunus sphaerocarpa*, U.S America
11. Wood of *Guaiacum sanctum*, U.S America
12. Wood of *Thuja occidentalis*, U.S America
13. Wood of *Guettarda elliptica*, U.S America
14. Wood of *Lysiloma latisiliqua*, U.S America
15. Wood of *Aesculus parviflora*, U.S America
16. Wood of *Quercus macrocarpa*, U.S America
17. Wood of *Persea caroliniana*, U.S America
18. Wood of *Celtis occidentalis*, U.S America
19. Wood of *Ficus pedunculata*, U.S America
20. Wood of *Pinus cubensis*, U.S America
21. Wood of *Oxydendron arboreum*, U.S America
22. Wood of *Acer macrophyllum*, U.S America
23. Wood of *Betula nigra*, U.S America

Page 168 - <https://biodiversitylibrary.org/page/55370561>

24. Wood of *Ilex decidua*, U.S America  
25. Wood of *Chrysobalanus Icaco*, U.S America  
26. Wood of *Sassafras officinale*, U.S America  
27. Wood of *Carya olivaeformis*, U.S America  
28. Wood of *Quercus virens*, U.S America  
29. Wood of *Quercus lyrata*, U.S America  
30. Wood of *Pinus milis*, U.S America  
31. Wood of *Crataegus crus-galli*, U.S America  
32. Wood of *Piscidia erythrina*, U.S America  
33. Wood of *Tsuga caroliniana*, U.S America  
34. Wood of *Abies subalpina*, U.S America  
35. Wood of *Canella alba*, U.S America  
36. Wood of *Sideroxylon masticodendron*, U.S America  
37. Wood of *Quercus aquatica*, U.S America  
38. Wood of *Quercus agrifolia*, U.S America  
39. Wood of *Negundo californica*, U.S America  
40. Wood of *Pinus muricata*, U.S America  
41. Wood of *Tsuga canadensis*, U.S America  
42. Wood of *Colubrina reclinata*, U.S America  
43. Wood of *Carya amara*, U.S America  
44. Wood of *Cupressus macrocarpa*, U.S America  
45. Wood of *Betula lutea*, U.S America  
46. Wood of *Pinus flexilis*, U.S America  
47. Wood of *Laguncularia racemosa*, U.S America  
48. Wood of *Tilia americana*, U.S America  
49. Wood of *Cladrastis tinctoria*, U.S America  
50. Wood of *Quercus densiflora*, U.S America  
51. Wood of *Pinus reflexa*, U.S America  
52. Wood of *Olneya tesota*, U.S America  
53. Wood of *Quercus hypoleuca*, U.S America  
54. Wood of *Ficus aurea*, U.S America

Page 169 - <https://biodiversitylibrary.org/page/55370562>

55. Wood of *Quercus wishzeni*, U.S. America  
56. Wood of *Carya aquatica*, U.S. America  
57. Wood of *Gleditschia monosperma*, U.S. America  
58. Wood of *Abies magnifica*, U.S. America  
59. Wood of *Magnolia grandiflora*, U.S. America  
60. Wood of *Nyssa uniflora*, U.S. America  
61. Wood of *Chamaecyparis nutkaensis*, U.S. America  
62. Wood of *Abies sabalpina*, U.S. America  
63. Wood of *Pinus murrayana*, U.S. America  
64. Wood of *Hypelate trifoliata*, U.S. America  
65. Wood of *Pinus arizonica*, U.S. America  
66. Wood of *Fraxinus viridis*, U.S. America  
67. Wood of *Quercus obtusiloba*, U.S. America  
68. Wood of *Bumelia cuneata*, U.S. America  
69. Wood of *Cordia sebestena*, U.S. America  
70. Wood of *Salix longifolia*, U.S. America  
71. Wood of *Ulmus racemosa*, U.S. America  
72. Wood of *Alnus rhombifolia*, U.S. America  
73. Wood of *Halesia diptera*, U.S. America  
74. Wood of *Quercus heterophylla*, U.S. America  
75. Wood of *Alnus maritima*, U.S. America  
76. Wood of *Fraxinus quadrangulata*, U.S. America  
77. Wood of *Fraxinus americana*, U.S. America  
78. Wood of *Bumelia lanuginosa*, U.S. America  
79. Wood of *Byrsonima lucida*, U.S. America  
80. Wood of *Quercus undulata*, var *Gambelii* U.S. America  
81. Wood of *Eugenia buxifolia*, U.S. America  
82. Wood of *Eugenia monticola*, U.S. America  
83. Wood of *Diospyros virginiana*, U.S. America  
84. Wood of *Quercus michauxi*, U.S. America  
85. Wood of *Ximenia americana*, U.S. America

Page 170 - <https://biodiversitylibrary.org/page/55370563>

86. Wood of *Rhus venenata*, U.S. America
87. Wood of *Rhus colinooides*, U.S. America
88. Wood of *Dipholis salicifolia*, U.S. America
89. Wood of *Carya sulcata*, U.S. America
90. Wood of *Eugenia* sp., U.S. America
91. Wood of *Cercis canadensis*, U.S. America
92. Wood of *Juglans rupestris*, U.S. America
93. Wood of *Prunus ilicifolia*, U.S. America
94. Wood of *Sapindus marginatus*, U.S. America
95. Wood of *Planera aquatica*, U.S. America
96. Wood of *Conocarpus erecta*, U.S. America
97. Wood of *Prosopis juliflora*, U.S. America
98. Wood of *Rhus toxicodendron*, U.S. America
99. Wood of *Bourreria havanensis*, U.S. America
100. Wood of *Quercus catesbeia*, U.S. America
101. Wood of *Populus angustifolia*, U.S. America
102. Wood of *Fraxinus viridis*, var *Berlandiana*, U.S. America
103. Wood of *Cereus giganteus*, U.S. America
104. Wood of *Platanus racemosa*, U.S. America
105. Wood of *Pinus albicaulis*, U.S. America
106. Wood of *Acer circinatum*, U.S. America
107. Wood of *Quercus emorzi*, U.S. America
108. Wood of *Hypelate paniculata*, U.S. America
109. Wood of *Pickeringia montana*, U.S. America
110. Wood of *Picea excelsa* with uneven growth of annual rings

Page 171 - <https://biodiversitylibrary.org/page/55370564>

17 February 1888

Walter Gardiner Esq, New Museums Cambridge

1. Squared stem of *Alsophila australis*
2. Apex of trunk of *Alsophila armata*, W. Indies
3. Stem of *Dendrocalamus Hamiltoni*
4. Stem of *Dendrocalamus strictus*
5. Stem of *Teinostachyum maculatum* Ceylon
6. Stems of *Bambusa vulgaris*, Trinidad
7. Stems of *Sorghum*, N.S.Wales
9. Flower spikes of *Cannamois virgatus*, S.Africa, Coll.Burchell
10. Stems of *Calamus gracilis*
11. Wood of *Canthoxylum Clava. Herculis*
12. Spikes of *Penicillaria spicata*
13. Section of Cocoa nut wood
14. Portion of Spadix of *Raphia Ruffia*
15. Cones of *Tsuga caroliniana*
16. Fruit of *Dipladenia Harrisii*
17. Fruit of *Hippocratea* sp.
18. Fruit head of Sunnflower
19. Fruits of *Bambusa stricta*
20. Cones of *Abies nobilis*
21. Flat glazed case of Huon Pine, Tasmania, Exhib.1862

18 February 1888

Prof Goodale, Botanic Garden of Harvard University, Cambridge Mass, U.S.A

One case containing the following. c/o H.L. Sherlock 9 Canning Place, Liverpool

1. Fruits of *Corypha umbraculifera*
2. Sandals of *Nannorrhops ritchieana*
3. Spikes of *Penicillaria spicata*
4. Samples of Paddy
5. Samples of Paddy
6. Samples of Paddy
7. Samples of Paddy
8. Samples of Paddy
9. Samples of Paddy

Page 172 - <https://biodiversitylibrary.org/page/55370565>

10. Seeds of *Panicum miliare*
11. Seeds of *Oplismenus frumentaceus*
12. Seeds of *Penicillaria spicata*
13. Samples of Rice
14. Samples of Rice
15. Samples of Rice
16. Samples of Rice
17. Samples of Rice
18. *Panicum milaire* in the ear
19. Seeds of *Eleusine coracana*
20. Broussa Tea (*Vaccinium arctostaphylos*)
21. Kelp made from Seaweed
22. Book made from fibre of *Streblus asper*
23. Waistband made of seeds of *Musa Livingstonei*
24. Bhang (*Cannabis sativa*) India
25. Ganjah (*Cannabis sativa*) India
26. Seeds of *Phaseolus mungo*
27. Seeds of *Pongamia glabra*
28. Bark of *Michelia champaca*
29. Seeds of *Pisum arvense*
30. Flowers of *Woodfordia floribunda*
31. Seeds of *Eleusine coracana*
32. Fruits of *Mimusops elengi*
33. Split seeds of *Phaseolus mungo*, var *radiatus*
34. Flowers of *Mesua ferrea*
35. Seeds of *Lens esculenta*
36. Seeds of *Vigna Catiang*
37. Seeds of *Phaseolus mungo* var. *radiatus*
38. Acorns of *Quercus Ballota*
39. Seeds of *Cajanus indicus*
40. Patchouly (*Pogostemon Patchouli*)
41. Galls of *Quercus infectoria*
42. Seeds of *Hibiscus abelmoschus*
43. Fruits of *Lophira alata*
44. Seeds of *Butyrospermum Parkii*

Page 173 - <https://biodiversitylibrary.org/page/55370566>

- 45. Seeds of *Panicum italicum*
- 46. Seeds of *Panicum miliaceum*
- 47. Seeds of *Panicum scrobiculatum* (Husked)
- 48. Seeds of *Panicum scrobiculatum* (unhusked)
- 49. Fruits of *Thevetia nerifolia*
- 50. Bark of *Phyllanthus emblica*
- 51. Fruits of *Zizyphus* sp
- 52. Poppy heads (*Papaver somniferum*)
- 53. Fruits of *Cucumis trigonus*
- 54. Split seeds of *Phaseolus aconitifolius*
- 55. Fruits of *Spondias mangifera*
- 56. Fruits of *Terminalia belerica*
- 57. Chick Pea (*Cicer arietinum*)
- 58. Walnuts (*Juglans regia*)
- 59. Bark of *Spondias mangifera*
- 60. Fruits of *Nyctanthes arbor tristis*
- 61. Roots of *Rhinacanthus communis*
- 62. Fruits of *Illicium anisatum*
- 63. Fruits of *Prunus armeniaca*
- 64. Maize cigarettes, B. Burma
- 65. Kava root (*Piper methysticum*) Fiji
- 66. Powdered root (*Piper methysticum*) Fiji
- 67. Root bark of *Ventilago calyculata*
- 68. Pods of *Acacia catechu*
- 69. Roots of *Smilax China*
- 70. Pods of *Caesalpinia coriaria*
- 71. Indigo in course of preparation (*Lonchocarpus cyanescens*)
- 72. Cutch (*Acacia catechu*) B. Burma
- 73. *Parmelia perlata*
- 74. *Ramalina polymorpha*
- 75. Bundle of Khus Khus roots

Page 174 - <https://biodiversitylibrary.org/page/55370567>

- 76. Hyoscyamus niger
- 77. Areca nuts
- 78. Fruits of Salvertia convallariaeodora
- 79. Wood of Quassia amara
- 80. Benzoin, Styrax Benzoin
- 81. Fruit of Strophanthus, near Strophanthus Kombe
- 82. Herb specimen of Diploglottis cunninghamii
- 83. Bush tea (*Cyclopia latifolia*)
- 84. Fruits of Mesembryanthemum edule
- 85. Herb, Leonotis leonurus
- 86. Lemon grass, Fiji
- 87. Fruiting branch of Quillaia saponaria
- 88. Fruits and leaves of Erythraea chilensis
- 89. Fruits of Cuminum cyminum
- 90. Twigs of Peumus Boldus
- 91. Twigs of Kageneckia oblonga
- 92. Twigs of Colliguaya odorifera
- 93. Siak Gambier (*Uncaria Gambier*)
- 94. Betel nut fibre (Areca catechu)
- 95. Rope of Livistona sinensis
- 96. Roots of Morinda tinctoria
- 97. Balam seeds (*Dichopsis Gutta*, var.)
- 98. Cloth made from leaves of Raphia sp. W Africa
- 99. Herb. specimen Escallonia sp.
- 100. Herb. specimen Baccharis sp.
- 101. Herb. specimen Fabiana imbricata
- 102. Sarawak Illipe nuts
- 103. Fruits of Hyphaene Petersiana
- 104. Sample of Bornean Gutta Percha
- 105. Sample of Bornean Rubber
- 106. Flowers of Cassia auriculata

Page 175 - <https://biodiversitylibrary.org/page/55370568>

- 107. Seeds of *Melia azadirachta*
- 108. Seeds of *Buchanania latifolia*
- 109. Seeds of *Trigonella foenum-graecum*
- 110. Seeds of *Crotalaria juncea*
- 111. Seeds of *Olea cuspidata*
- 112. Fruits of *Carum gracile*
- 113. Flowers of *Moringa pterygosperma*
- 114. Seeds of *Strychnos potatorum*
- 115. Fruits of *Celastrus paniculata*
- 116. Fruits of *Terminalia belerica*
- 117. Fruits of *Diospyros embryopteris*
- 118. Fat from seeds of *Bassia butyracea*
- 119. Pods of *Acacia concinna*
- 120. Leaves of *Olea glandulifera*
- 121. Leaves of *Spondias mangifera*
- 122. Fruits of *Capsicum frutescens*
- 123. Indigo (Indigofera sp) Gambia
- 124. Bark of *Myrica sapida*
- 125. *Cistanche tubulosa*
- 126. *Melilotus officinalis*
- 127. Bark of *Kydia calycina*
- 128. Bark of *Cedrela Toona*
- 129. Bark of *Symplocos crataegioides*
- 130. Fruits of *Coriandrum sativum*
- 131. Fruits of *Croton Tiglium*
- 132. Seeds of *Cicer arietinum*
- 133. Seeds of *Cajanus indicus*
- 134. Seeds of *Phaseolus mungo*
- 135. Flower of *Cicer arietinum*
- 136. Seeds of *Phaseolus vulgaris*
- 137. Bark of *Acacia arabica*

Page 176 - <https://biodiversitylibrary.org/page/55370569>

- 138. Seeds of *Strychnos nux-vomica*
- 139. Bark of *Alstonia scholaris*
- 140. Plant of *Swertia chirata*
- 141. Bark of *Eugenia jambolana*
- 142. Herb of *Ocymum sanctum*
- 143. Seeds of *Pennisetum typhoidium*
- 144. Galls of *Pistacia terebinthus*
- 145. Seeds of *Phaseolus mungo*
- 146. Seeds of *Morinda citrifolia*
- 147. Leaves of *Memecylon edule*
- 148. Seeds of *Schleichera trijuga*
- 149. Bark of *Randia dumetorum*
- 150. Bark of *Cassia auriculata*
- 151. Roots of *Krameria triandra*
- 152. Bark of *Holarrhena antidysenterica*
- 153. Fruits of *Sapindus trifoliatus*
- 154. Fruits of *Tribulus terrestris*
- 155. Bark of *Tetranthera monopetala*
- 156. Fruits of *Pedalium murex*
- 157. Fruits of *Randia dumetorum*
- 158. Safflower (*Carthamus tinctorius*)
- 159. Roots of *Salvia haematodes*
- 160. Leaves of *Mussaenda frondosa*
- 161. Galls of *Tamarix gallica*
- 162. Portrait of Carl Hansen, Copenhagen
- 164. Flowers of *Nyctanthes arbor-tristis*

2 March 1888

J H Maiden Esq, Curator & Secretary, Technological and Industrial Museum, Sydney, N.S Wales

One box containing the following specimens. C/o Sir Saul Samuel K.C.M.G 5 Westminster Chambers, Victoria Street, S.W Preparations of flax, tow + jute viz [217-231]

1. *Hyoscyamus niger*
2. Wood of *Quassia amara*
3. Bark of *Hymenaea Courbaril*
4. Bark of *Vochysia guyanensis*
5. Fibre of *Thuja gigantea*
6. Resin of *Hopea micrantha* ?
7. Fruits of *Rheum* sp.
8. Tumbeki (*Nicotiana persica*)
9. Bush tea (*Cyclopia latifolia*)
10. Lemon grass (*Andropogon*), Fiji
11. Wood of *Castilloa elastica*
12. Fruiting branch of *Quillaia saponaria*, Brazil
13. *Erythraea chilensis*, Chili
14. *Solanum nigrum*, Chili
15. Twigs of *Peumus Boldus*, Chili
16. *Kageneckia oblonga*, Chili
17. *Polygonum sanguinaria*, Chili
18. *Colliguaya odorifera*, Chili
19. Strainer made of split Bamboo, India
20. Shield made of split Rattan, India
21. Mat made of Split Rattan, India
22. Roofing mat of split Bamboo, India
23. Mat of split leaves of *Pondanus odoratissimus*, India
24. Siak Gambier (*Uncaria Gambier*) Straits settlements
25. Liberian Coffee, Grenada
26. Bark of *Prunus pseudocerasus*

- 129. Bark of *Quercus rubra*
- 130. Leaves of *Cynoglossum officinale*

28 March 1888

Prof Samuel Pierpont Langley LLD, Smithsonian Institution, Washington, U.S America

One box containing the following. per W. Wesley & Son 28 Essex Street Strand. The above mounts were from Cinchona Plantations, Ootacamund [34-54]

- 1. Fruits of *Coriandrum sativum*
- 2. Leaves of *Stermas gigantea*
- 3. Roots of *Stermas gigantea*
- 4. Bark of *Phyllanthus multiflorus*

Page 189 - <https://biodiversitylibrary.org/page/55370582>

5. Herb *Cressa cretica*
6. Fruits of *Vitex indica*
7. Roots of *Microrhynchus sarmentosus*
8. Portions of plant of *Trichosanthes cucumerina*
9. Fruits of *Thapsia garganica*
10. Fruits of *Cuminum cyminum*, Sindh
11. Black Storax (*Liquidambar orientalis*)
12. Strips of leaves of Doum Palm (*Hyphaene Thebaica*), Portions of mummy wreathing found at Dra abu l' Negga. (rec 13/7/85)
13. Branches of *Mimusops schimperi* from a tomb at Gebelem (rec 13/7/85)
14. Bark of *Thevetia nerifolia*
15. Bark of *Daphne laureola*
16. Leaves of *Jatropha glandulifera*
17. Seeds of *Aleurites moluccana*
18. Roots of *Glycyrrhiza*, sp.
19. Roots of *Eremurus* sp.
20. Powdered roots of *Eremurus* sp.
21. Galls of *Pistacia vera*
22. Manna from *Alhagi Maurorum*
23. Manna from *Cotoneaster* sp
24. Pulley made of wood of *Cotoneaster* sp
25. Root bark of *Ventilago calyculata*
26. Pods and chips of *Acacia catechu*
27. Pods and chips of *Acacia catechu*
28. Woad dye (*Isatis tinctoria*)
29. Fruits of Japan pepper (*Xanthoxylum piperitum*)
30. Esparto grass (*Stipa tenacissima*)
31. Wood of *Fusanus spicatus*
32. Cloth of fibre from Ko plant (*Pueraria thunbergiana*)
33. Sirkee mat made of culms of *Saccharum munja*

- 114. Seeds of *Vernonia anthelmintica*
- 115. Seeds of *Jatropha curcas*
- 116. Seeds of *Vigna catiang*
- 117. Seeds of *Adenanthera pavonina*
- 118. Scurf from leaves of *Caryota* sp.
- 119. Roots of *Viola serpens*
- 120. Bark of *Ficus glomerata*
- 121. Fruits of *Mangifera sylvatica*
- 122. Leaves of *Anogeissus latifolia*
- 123. Seeds of *Tamarindus indica*

Page 192 - <https://biodiversitylibrary.org/page/55370585>

- 124. Flowers of *Butea frondosa*
- 125. Leaves of *Adansonia digitata*
- 126. Leaves of *Memecylon tinctorium*
- 127. Fruits of *Pterocarpus marsupium*
- 128. Flower buds of *Eriodendron anfractuosum*
- 129. Roots of *Picrorhiza kurroa*
- 130. Roots of *Rubia tinctorum*
- 131. Fruits of *Capsicum frutescens*
- 132. Fruits of *Terminalia arjuna*
- 133. Leaves of *Phyllanthus emblica*
- 134. Gum of *Anogeissus latifolia*
- 135. Seeds of *Schleichera trijuga*
- 136. Galls of *Pistacia integerrima*
- 137. Roots of *Polygonum Bistorta*
- 138. Bark of *Baccaurea sapida*
- 139. Herb (Gisekia pharnaceoides)
- 140. Roots of *Rubia cordifolia*
- 141. Fruits of *Terminalia chebula*
- 142. Galls of *Terrminalia chebula*
- 143. Pods of *Dalbergia sissoo*
- 144. Roots of *Gypsophila* sp
- 145. Pods of *Caesalpinia coriaria*
- 146. Leaves of *Erythroxylon monogynum*
- 147. Fibre of *Guazuma tomentosa*
- 148. Fibre of *Maoutia Puya*
- 149. Fibre of *Sterculia urens*
- 150. Roots of *Rubia Sikkimensis*
- 151. Fibre of *Abroma augusta*
- 152. Fibre of *Laportea crenulata*
- 153. Fibre of *Ficus religiosa*
- 154. Bark of *Betula Bhojpattra*

Page 193 - <https://biodiversitylibrary.org/page/55370586>

- 155. Fibre of *Sterculia villosa*
- 156. Fibre of *Villebrunea appendiculata*
- 157. Roots of *Ehretia buxifolia*
- 158. Fibre of *Kydia calycina*
- 159. Fibre of *Sterculia urens*
- 160. Coir Yarn (*Cocos nucifera*)
- 161. Fibre of *Hibiscus cannabinus*
- 162. Fibre of *Butea frondosa*
- 163. Fibre of *Barringtonia racemosa*
- 164. Fibre of *Fourcroya gigantea*
- 165. Rope of *Pollinia eriopoda*
- 166. Fibre + rope of *Cocos nucifera*
- 167. Sling made of fibre of *Agave americana*
- 168. Fruit of *Bignonia xylocarpa*
- 169. Unknown seeds ("Saphajon") India
- 170. Bark of *Cassia fistula*
- 171. Bark of *Morinda tinctoria*
- 172. Bark of *Mesua ferrea*
- 173. Bark of *Symplocos racemosa*
- 174. Bark of *Acacia leucophloea*
- 175. Bark of *Albizia julibrissin*
- 176. Bark of *Ficus hispida*
- 177. Flowers of *Gnaphalium polycephalum*
- 178. Bark of *Terminalia tomentosa*
- 179. Two samples of flax
- 180. Two samples of flax
- 181. Sample of wheat, India
- 182. Sample of oats, India
- 183. Necklace made of Whalebone and shell discs, New Guinea
- 184. Netted bag made of unknown fibre, Port Moresby, Papuan Gulf
- 185. Sieve made of split stems of *Maranta*
- 186. Fibre of *Phormium tenax*

Page 194 - <https://biodiversitylibrary.org/page/55370587>

187. Fruits of *Elettaria major*
188. Rope of *Plantain* fibre
189. Fan of *Corypha gebanga*
190. Mat made of the leaves of *Pandanus odoratissimus*
191. Rice strainer of *Beesha stridula*

16 April 1888

Dr Fritsch, Director of the Museum, The Museum, Prague, via Hamburg

One package containing the following. Per Head Morison & Blair 3 Gracechurch Street E.6

1. Stems of sugar cane
2. Stems of Sorghum, N.S.Wales
3. Polished stem of *Alsophila australis*
4. Stem of *Alsophila australis*, Tasmania
5. Flower spikes of *Cannamois virgatus*, Burchells Coll
6. Stem of *Alsophila armata*, Jamaica
7. Stem of *Cyathea serra*, W.Indies
8. Stems of *Teinostachyum maculatum*, Ceylon
9. Stem of *Bambusa vulgaris*, Trinidad

2 May 1888

Dr Schomburgk, Botanic Garden, Adelaide, S Australia

One case containing the following:-

1. Stems of Sugar cane
2. Stems of Sorghum, N.S.Wales
3. Polished stem of *Alsophila australis*
4. Stem of *Alsophila australis*, Tasmania
5. Flower spikes of *Cannamois virgatus*, S.Africa, Burchell Coll.
6. Stem of *Alsophila armata*, Jamaica
7. Stem of *Cyathea serra*, W.Indies
8. Stems of *Teinostachyum maculatum*, Ceylon
9. Stem of *Babusa vulgaris*, Trinidad
1. Leaves of *Anogeissus latifolia*
2. Seeds of *Tamarindus indica*
3. Galls of *Terminalia tomentosa*
4. Charred leaves of *Pinus longifolia*
5. Leaves of *Azima tetracantha*
6. Flowers of *Butea frondosa*
7. Leaves of *Adansonia digitata*

Page 195 - <https://biodiversitylibrary.org/page/55370588>

8. Wood of *Pisonia aculeata*
9. Fruits of *Aegle marmelos*
10. Bark of *Cinnamomum Tamala*
11. Leaves of *Memecylon tinctorium*
12. Fruits of *Pterocarpus marsupium*
13. Radish fermented
14. Roots *Picrorhiza Kurroa*
15. Bark of *Alangium lamarckii*
16. Leaves of *Cassia lanceolata*
17. Leaves of *Ipomoea biloba*
18. Fruits of *Terminalia Arjuna*
19. Leaves of *Phyllanthus emblica*
20. Roots of *Piper longum*
21. Gum of *Anogeissus latifolia*
22. Seeds of *Schleichera trijuga*
23. Bark of *Baccaurea sapida*
24. Wood of *Guaiacum officinale*
25. Wood of *Machaerium schomburgkii*
26. Roots of *Adhatoda vasica*
27. Wood of *Brosimum aubletii*
28. Wood of *Carapa guianensis*
29. *Ficus Lac*
30. Roots of *Gentiana saponaria*
31. Roots of *Sanicula marylandica*
32. Roots of *Elephantopus tomentosus*
33. Fibre *Ficus religiosa*
34. Fibre *Sterculia villosa*
35. Roots *Baptisia tinctoria*
36. Bark *Robinia pseudoacacia*
37. Herb *Pilea Pumila*
38. *Ailanthus glandulosus*

Page 196 - <https://biodiversitylibrary.org/page/55370589>

- 39. Roots of *Urtica dioica* (also sample of leaves of same)
- 40. Leaves of *Solidago odora*
- 41. Fibre of *Butea frondosa*
- 42. Bark of *Acacia arabica*
- 43. Fibre of *Urena lobata*
- 44. Fibre of *Sida rhombifolia*, var *rhomboidea*
- 45. Fibre of *Bauhinia racemosa*
- 46. Fibre of *Hibiscus cannabinus*
- 47. Fibre of *Sterculia urens*
- 50. Rope of *Bombax malabaricum*
- 51. Fibre of *Ficus religiosa*
- 52. Fibre of *Barringtonia racemosa*
- 53. Fibre of *Bombax malabaricum*
- 54. Fibre of *Laportea crenulata*
- 55. Rope + fibre of *Pollinia eriopoda*
- 56. Fibre + rope *Cocos nucifera*
- 57. Roots *Oldenlandia umbellata*
- 58. Roots *Smilax China*
- 59. Fibre of *Hibiscus macrophylla*
- 60. Plants of *Sida acuta*
- 61. Bag made of unknown fibre, India
- 62. Bark of *Tamarindus indica*
- 63. Bark of *Albizia Lebbek*
- 64. Seeds unknown "Sophajon", India
- 65. Seeds *Bixa orellana*
- 66. Bark of *Symplocos racemosa*
- 67. Roots of *Morinda citrifolia*
- 68. Resin of *Gluta travancorica*
- 69. Bark of *Cordia Rothii*
- 70. Leaves of *Epigaea repens*
- 71. Bark of *Mimusops elengi*

Page 197 - <https://biodiversitylibrary.org/page/55370590>

- 72. Bark of *Ficus hispida*
- 73. Roots of *Trianthema decandra*
- 74. Bark of *Fraxinus americana*
- 75. Bark of *Myrica Sapida*
- 76. Bark of *Albizia Lebbek*
- 77. Flowers of *Gnaphalium polycephalum*
- 78. Bark of *Cinchona officinalis*, var. *crispa*
- 79. Root of *Tinospora cordifolia*
- 80. Bark of *Symplocos racemosa*
- 81. Bark of *Buchanania latifolia*
- 82. Resin of *Canarium strictum*
- 83. Gum of *Buchanania latifolia*
- 84. Bark of *Soymida febrifuga*
- 85. Roots of *Rheum emodi*
- 86. Lac from *Zizyphus jujuba*
- 87. Ball Cutch
- 88. Resin *Vateria indica*
- 89. Mushrooms *Agaricus russaticeps*
- 90. Roots *Centaurea Behen*
- 91. Roots *Ipomoea turpethum*
- 92. Engraving of Coffee leaf bag, Ceylon
- 93. Engraving of spread of *Phylloxera* in France
- 94. Plant of *Enicostema littorale*
- 95. Flowers of *Aerva lanata*
- 96. Roots of *Gloriosa superba*
- 97. Gum of *Soymida febrifuga*
- 98. Rhizomes of *Osmunda regalis*
- 99. Rhizomes of *Acorus calamus*
- 100. Scurf from *Borassus flabelliformis*
- 101. Gum from *Borassus flabelliformis*
- 102. Leaves of *Strobilanthes flaccidifolius*

Page 198 - <https://biodiversitylibrary.org/page/55370591>

- 103. Roots of *Onosma echioïdes*
- 104. Bark of *Avicennia officinalis*
- 105. Gum of *Terminalia bellirica*
- 106. Berries of *Juniperus virginiana*
- 107. Bark of *Cinnamomum tamala*
- 108. Dried fruit of *Garcinia indica*
- 109. Resin *Boswellia carteri*
- 110. Gum from *Euphorbia tirucalli*
- 111. Bark of *Artocarpus integrifolia*
- 112. Indigo, India
- 113. Drug *Delphinium saniculaefolium*
- 114. Bark of *Caloptropis gigantea*
- 115. Sliced roots of *Curcuma zedoaria*
- 116. Bark of *Psidium guajava*
- 117. Fruits of *Phyllanthus emblica*
- 118. Leaves of *Memecylon edule*
- 119. Seeds of *Dolichos biflorus*
- 120. Fruits of *Sapindus trifoliatus*
- 121. Fruits of *Terminalia belerica*
- 122. Safflower, *Carthamus tinctorius*
- 123. Roots of *Morinda citrifolia*
- 124. Galls of *Tamarix gallica*
- 125. Seeds of *Pennisetum typhoidium*
- 126. Seeds of *Coix Lachryma*
- 127. Roots of *Cyperus pertenuis*
- 129. *Parmelia kamtschadalensis*
- 130. Herb *Brunella vulgaris*
- 131. Seeds *Amarantus polygamus*
- 132. Seeds of *Portulaca oleracea*

Page 199 - <https://biodiversitylibrary.org/page/55370592>

- 133. Wood of *Picraena excelsa*
- 134. Flowers of *Thespesia populnea*
- 135. Flowers of *Rosa centifolia*
- 136. Fruits of *Mesua ferrea*
- 137. Pods of *Acacia arabica*
- 138. Fruits of *Croton tiglium*
- 139. Roots of *Verbascum thapsus*
- 140. Roots of *Hydrastis canadensis*
- 141. New Zealand Flax (*Phormium tenax*)
- 142. Seeds of *Panicum miliaceum*
- 143. Seeds of *Panicum scrobiculatum*
- 144. Seeds of *Panicum scrobiculatum* (husked)
- 145. Seven samples of Paddy (*Oryza sativa*)
- 146. Seven samples of Paddy (*Oryza sativa*)
- 147. Seven samples of Paddy (*Oryza sativa*)
- 148. Seven samples of Paddy (*Oryza sativa*)
- 149. Seven samples of Paddy (*Oryza sativa*)
- 150. Seven samples of Paddy (*Oryza sativa*)
- 151. Seven samples of Paddy (*Oryza sativa*)
- 152. Seeds of *Penicillaria spicata*
- 154. Two samples Husked rice
- 154. Two samples Husked rice
- 155. Fruit spikes of *Penicillaria spicata*
- 156. Two samples of Paddy in the ear
- 157. Two samples of Paddy in the ear
- 158. Bark of *Populus tremuloides*
- 159. Herb *Gentiana quinquefolia*
- 160. Leaves *Archangelica atropurpurea*
- 161. Herb *Artemisia vulgaris*
- 162. Leaves of *Erigeron philadelphicum*
- 163. Prepared leaves of *Pinus palustris* for mat-making
- 164. Leaves of *Ambrosia artemisiaefolia*
- 165. Bark of *Juniperus virginiana*
- 166. Leaves of *Juniperus virginiana*
- 167. Leaves of *Bidens bipinnata*
- 168. Seeds of *Castanea vulgaris* var. *americana*
- 169. Leaves of *Oenothera biennis*
- 170. Roots of *Geum virginianum*
- 171. Roots of *Oxydendron arboreum*

Page 200 - <https://biodiversitylibrary.org/page/55370593>

- 172. Leaves of *Cynoglossum officinale*
- 173. Sliced roots of *Nuphar advena*
- 174. Herb *Erigeron canadense*
- 175. Inner bark of *Liriodendron tulipifera*
- 176. Bark of *Alnus rubra*
- 177. Bark of *Tsuga mertensiana*
- 178. Bark of *Gordonia lasianthus*
- 179. Bark of *Tsuga Pattoniana*
- 180. Bark of *Quercus alba*
- 181. Bark of *Rhizophora mangle*
- 182. Bark of *Quercus tinctoria*
- 183. Bark of *Exostemma caribaeum*
- 184. Bark of *Pseudotsuga Douglassii*
- 185. Bark of *Quercus rubra*
- 186. Wood of *Prunus ilicifolia*
- 187. Wood of *Hypelate paniculata*
- 188. Wood of *Cereus giganteus*
- 189. Wood of *Nyssa capitata*
- 190. Wood of *Ficus aurea*
- 191. Wood of *Colubrina reclinata*
- 192. Wood of *Umbellularia californica*
- 193. Wood of *Platanus racemosa*
- 194. Wood of *Pinus reflexa*
- 195. Wood of *Eugenia buxifolia*
- 196. Wood of *Quercus lyrata*
- 197. Cones of *Tsuga caroliniana*
- 198. Wood of *Rhamnus caroliniana*
- 199. Wood of *Pinus rigida*
- 200. Wood of *Pinus cubensis*
- 201. Leaves of *Comptonia asplenifolia*
- 202. Bark of *Cercis canadensis*

Page 201 - <https://biodiversitylibrary.org/page/55370594>

- 203. Sliced roots of *Cochlearia*
- 204. Roots *Caulophyllum thalictroides*
- 205. Drug *Chelone glabra*
- 206. Two models of *Cucurbita moschata*
- 207. Two models of *Cucurbita moschata*
- 208. Model of cake gourd
- 209. Ganjah
- 210. Bark of *Quercus virens*
- 211. Bark of *Picea Engelmanni*
- 212. Majun (*Cannabis sativa*)
- 213. Leaves *Hepatica triloba*
- 214. Herb *Ruta graveolens*
- 215. Fibre *Sida carpinifolia*
- 216. Seeds *Cajanus indicus*
- 217. Seeds *Cicer arietinum*
- 218. Split seeds, *Lens esculenta*
- 219. Seeds *Vigna catieng*
- 220. Split seeds *Cajanus indicus*
- 221. Seeds *Phaseolus aconitifolius*
- 222. Fruits *Fagopyrum marginata*
- 223. Bark *Ilex verticillata*
- 224. Seeds *Phaseolus mungo*
- 225. Leaves *Pinus strobus*
- 226. Fruits of *Capsicum annuum*
- 227. Seeds *Dolichos Lablab*
- 228. Seeds *Pongamia glabra*
- 229. Fruits *Thevetia neriiifolia*
- 230. Fruits *Spondias mangifera*
- 231. Chick Pea (*Cicer arietinum*)
- 232. Fruits *Juglans regia*
- 233. Seeds *Dolichos Lablab*
- 234. Roots *Saussurea Lappa*

Page 202 - <https://biodiversitylibrary.org/page/55370595>

- 235. Bark Melia azedarach
- 236. Sliced tuber Pueraria tuberosa
- 237. Fruits Illicium anisatum
- 238. Fruits Terminalia belerica
- 239. Fibre Ficus sp
- 240. Set of mats of scented grass (*Hierochloa borealis*)
- 241. Scurf from Caryota sp.
- 242. Roots Viola serpens
- 243. Roots Aconitum sp.
- 244. Cotton, Bombay
- 245. Fruits Mangifera sylvatica
- 246-272. Portraits of the following botanists, Wight, Tries, Marshall P. Wilder, Berkely, Clusius, Linne, Darwin, Alphonse De Candolle, Care Hansen, Darlington, Townsend, Asa Gray (2), Sullivant, E. Morren, Griffith, Decaisne, Pietro Savi, MacLeay, Schultz Bipontinus, Grauenfeld, Sargent, Skinner, Engelmann (2), Septimus Piessie,

10 May 1888

Mr F Carnelly, Prof of Chemistry, University College, Dundee

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

One case containing the following:-

1. Fibre of *Hibiscus esculentus*, Mauritius
2. Fibre of *Hibiscus* sp. Mauritius
3. Fibre of *Melia azadirachta*, Mauritius
4. Fibre of *Bombax* sp. Mauritius
5. Fibre of *Malvaviscus arboreus*, Mauritius
6. Fibre of *Boehmeria nivea*, Mauritius
7. Fibre of *Clusia* sp. Mauritius

Page 203 - <https://biodiversitylibrary.org/page/55370596>

8. Fibre of *Mucuna* sp. Mauritius
9. Fibre of *Cajanus* sp. Mauritius
10. Fibre of *Sida carpinifolia*, Mauritius
11. Fibre of *Macrazamia spiralis*, Mauritius
12. Pods of *Gossypium barbadense*
13. Cotton of *Gossypium barbadense*, var.
14. Seeds of *Schleichera trijuga*
15. Seeds of *Tamarindus indica*
16. Twine of *Calotropis procera*
17. Fibre of *Caryota rumphiana*
18. Fibre of *Agave angustifolia*
19. Fibre of *Arum macrorhizum*
20. Fibre of *Agave mexicana*
21. Fibre of *Sansevieria cylindrica*
22. Fibre of *Fourcroya gigantea*
23. Leaves of *Typha angustifolia*
24. Fibre of *Yucca variegata*
25. Fibre of *Sansevieria cylindrica*
26. Fibre of *Agave variegata*
27. Fibre of *Sida carpinifolia*
28. Fibre of *Sterculia villosa*, also rope
29. Fibre of *Sterculia villosa*, also rope
30. Fibre of *Bombax malabaricum*, also rope
31. Fibre of *Bombax malabaricum*, also rope
32. Fibre of *Maoutia Puya*
33. Coir Yarn
34. Fibre of *Bauhinia vahlii*
35. Fibre of *Cordia* sp.
36. Fibre of *Hibiscus vitifolius*
37. Fibre of *Butea frondosa*
38. Fibre of *Sterculia urens*
39. Rope of fibre of *Acacia catechu*
40. Fibre of *Sarcocephalus cadamba*

Page 204 - <https://biodiversitylibrary.org/page/55370597>

- 41. Fibre of Hibiscus sp.
- 42. Fibre of Grewia sp.
- 43. Fibre of Abutilon indicum
- 44. Fibre of Hibiscus cannabinus
- 45. Fibre of Calotropis gigantea
- 46. Fibre of Sida rhombifolia
- 47. Fibre of Corchorus olitorius
- 48. Fibre of Sterculia colorata
- 49. Rope of Bauhinia vahlii
- 50. Fibre of Acacia arabica
- 51. Fibre of Kydia calycina
- 52. Fibre of Hibiscus macrophyllus
- 53. Fibre of Melia azadirachta
- 54. Fibre of Bombax insigne
- 55. Fibre of Sida rhombifolia
- 56. Fibre of Saccharum spontaneum
- 57. Fibre of Saccharum munja, & rope
- 58. Fibre of Saccharum munja, & rope
- 59. Rope of Agave americana
- 60. Fibre of Musa paradisiaca
- 61. Fibre of Arenga saccharifera
- 62. Leaves of Eriophorum comosum
- 63. Leaves of Andropogon schoenanthus
- 64. Culms + rope of Pollinia eriopoda
- 65. Culms + rope of Pollinia eriopoda
- 66. Leaves of Licuala peltata
- 67. Leaves of Borassus flabelliformis
- 68. Fibre of Beesha Rheedii
- 69. Fibre of Agave americana
- 70. Fibre of Pandanus odoratissimus
- 71. Fibre + rope of Cocos nucifera
- 72. Fibre + rope of Cocos nucifera
- 73. Bark of Cordia Rothii
- 74. Bark of Adansonia digitata

Page 205 - <https://biodiversitylibrary.org/page/55370598>

- 75. Bark of *Grewia oppositifolia*
- 76. Fibre from stem of *Caryota Rumphii*
- 77. Seeds of *Excoecaria sebifera*
- 78. Fibre from petioles of *Borassus flabelliformis*
- 79. Culms of *Cyperus Pangorei*
- 80. Seeds of *Semecarpus anacardium*
- 81. Seeds of *Gynocardia odorata*
- 82. Seeds of *Bassia longifolia*
- 83. Fibre of *Boehmeria nivea*
- 84. Fibre of *Hibiscus cannabinus*
- 85. Roots of *Andropogon muricatus*
- 86. Roots of *Rubia munjista*
- 87. Fibre of *Crotalaria tenuifolia*
- 88. Resin of *Canarium strictum*
- 89. Gum of *Cochlospermum gossypium*
- 90. Seeds of *Avicennia tomentosa*
- 91. Esparto, *Stipa tenacissima*
- 92. Fibre from leaves of *Borassus flabelliformis*
- 93. Bark cloth, *Lepurandra saccidora*
- 94. Tapa cloth, *Broussonetia papyrifera*
- 95. Cloth from Ko plant (*Pueria thunbergiana*)
- 96. Bark of *Bixa orellana*
- 97. Bark of *Sponia orientalis*
- 98. Bark of *Hibiscus tiliaceus*
- 99. Bark of *Bauhinia vahlii*
- 100. Bark of *Morus alba*
- 101. Bark of *Sterculia urens*
- 102. Bark of *Eriolaena candollei*
- 103. Bark of *Hibiscus macrophyllus*
- 104. Bark of plants of *Sida acuta*
- 105. Rope of *Sterculia versicolor*

Page 206 - <https://biodiversitylibrary.org/page/55370599>

29. Leaves of *Amygdalus persica*, U.S. America
30. Bark of *Chionanthus virginica*, U.S. America
31. Fruits of *Ilex verticillata*, U.S. America
32. Resin of *Eucalyptus globulus*, India
33. Leaves of *Vitex negundo*, U.S. America
34. Fruits of *Kalmia latifolia*, U.S. America
35. Papaver somniferum, U.S. America
36. *Chimaphila maculata*, U.S. America
37. *Lavandula spica*, U.S. America
38. *Monarda didyma*, U.S. America
39. *Rudbeckia laciniata*, U.S. America
40. Bark *Casearia tomentosa*, U.S. America
41. Leaves *Epigaea repens*, U.S. America
42. Leaves *Passiflora incarnata*, U.S. America
43. Leaves *Rubus strigosus*, U.S. America
44. Leaves *Eupatorium purpureum*, U.S. America
45. Leaves *Polymnia uvedalia*, U.S. America

Page 210 - <https://biodiversitylibrary.org/page/55370603>

- 46. Leaves of *Mentha piperita*, U.S. America
- 47. *Polygala nuttallii*, U.S. America
- 48. Roots of *Vinca major*, U.S. America
- 49. Herb *Viola pedata*, U.S. America
- 50. Bark of *Salix alba*, U.S. America
- 51. Flowers of *Calendula officinalis*, U.S. America
- 52. Leaves of *Aristolochia bracteata*
- 53. Roots of *Euphorbia neriifolia*
- 54. Bark of *Avicennia tomentosa*
- 55. *Leucas cephalatus*
- 56. Roots of *Plumbago zeylanica*
- 57. Roots of *Avicennia officinalis*
- 58. Roots of *Anagallis arvensis*
- 59. Bark of *Cassia fistula*
- 60. Bark of *Cassia auriculata*
- 61. Bark of *Eugenia jambolana*
- 62. Roots of *Corchorus fascicularis*
- 63. Bark of *Terminalia arjuna*
- 64. Plant of *Enicostema littorale*
- 65. Roots of *Indigofera aspalathoides*
- 66. Resin of *Calophyllum inophyllum*
- 67. Roots of *Smilax pseudo-china*
- 68. Fronds of *Adiantum pedata*
- 69. *Uvularia pedata*
- 70. Roots *Typha latifolia*
- 71. Rhizomes of *Osmunda regalis*
- 72. Roots of *Tephrosia spicata*
- 73. Roots of *Menispermum canadense*
- 74. Roots of *Eupatorium ageratoides*
- 75. Bark of *Calycanthus florida*
- 76. Bark of *Cornus sericea*

Page 212 - <https://biodiversitylibrary.org/page/55370605>

- 108. Gum of *Elaeodendron glaucum*
- 109. Root of *Ipomoea digitata*
- 110. Flowers of *Aerva lanata*
- 111. Gum of *Albizzia odoratissima*
- 112. Extract of *Acacia catechu*
- 113. Leaves of *Albizzia amara*
- 114. Fruits of *Capparis aphylla*
- 115. Fruits of *Zanthoxylon rhetsa*
- 116. Gum of *Euphorbium antiquorum*
- 117. Flowers of *Careya arborea*
- 118. Gum of *Feronia elephantum*
- 119. Cutch Acacia catechu
- 120. Flowers of *Tamarindus indica*
- 121. Herb of *Enhydra fluctuans*
- 122. Fruits of *Spondias mangifera*
- 123. Dhup Frankincense (*Boswellia* sp.)
- 124. Roots of *Trillium erectum*, U.S. America
- 125. Roots of *Chamaelirium luteum*, U.S. America
- 126. Tubers of *Aplectrum hyemale*, U.S. America
- 127. Roots of *Agave americana*, U.S. America
- 128. *Polytrichum juniperinum*, U.S. America
- 129. Sliced tubers of *Arisaema triphyllum*, U.S. America
- 130. *Scindapsus officinalis*
- 131. Gum from *Cocos nucifera*
- 132. Fruits of *Coix Lachryma*
- 133. Roots of *Anelema tuberosa*
- 134. Galls of *Quercus infectoria*
- 135. Leaves of *Spiraea tomentosa*, U.S. America
- 136. Herb of *Stellaria media*, U.S. America
- 137. Roots of *Podophyllum peltatum*, U.S. America
- 138. Roots of *Geranium maculatum*, U.S. America

- 175. Leaves of Amarantus spinosus
- 176. Roots of Aconitum sp.
- 177. Wood of Aquilaria agallocha
- 178. Herb of Evolvulus alsinoides
- 179. Flowers of Datura fastuosa
- 180. Leaves of Vitex negundo
- 181. Fruits of Holarrhena antidysenterica
- 182. Roots of Gentiana kurroo
- 183. Leaves of Hyssopus officinalis
- 184. Seeds of Gynocardia odorata
- 185. Gum resin of Balsamodendron Roxburghii
- 186. Gum resin of Balsamodendron mukul
- 187. Ash of Adhatoda vasica
- 188. Drug of Cotula anthemoides
- 189. Gum of Spondias mangifera
- 190. Fruits &c of Luffa echinata
- 191. Galls of Zizyphus nummularia
- 192. Fruits of Cordia myxa

28 May 1888

Miss Buss, North London Coll School for Girls, Sandall Road, Camden Road N

One box containing the following:-

- 1. Seeds of Cicer arietinum
- 2. Seeds of Cajanus indicus
- 3. Seeds of Jatropha curcas

Page 215 - <https://biodiversitylibrary.org/page/55370608>

4. Acorns of *Quercus Ballota*
5. Seeds of *Sinapis alba*
5. Benzoin (Styrax Benzoin)
6. Cotton Pods
7. Seeds *Phaseolus mungo*
8. Fruits *Capsicum annuum*
9. Portion of stem of *Alsophila australis*
10. Silk Cotton (*Bombax malabaricum*)
11. Fruits of *Juglans regia*
12. Leaves of *Cassia lanceolata*
13. Seeds of *Dolichos Lablab*
14. Cotton, *Bombay*
15. Fruits of *Terminalia chebula*
16. Roots of *Rubia cordifolia*
17. Divi Divi pods (*Caesalpinia coriaria*)
18. Seeds of *Bixa orellana*
19. Annatto cake
20. Rubber from *Ficus elastica*
21. Cutch (Acacia catechu)
22. Pods of *Cassia fistula*
23. Fruits *Piper nigrum*
24. Leaves *Cinnamomum zeylanicum*
25. Fruits of *Illicium anisatum*
26. Mucherus (*Bombax malabaricum*)
27. Gamboge (*Garcinia morella*)
28. Marking nuts (*Semecarpus anacardium*)
29. Pods of *Caesalpinia Sappan*
30. Betel nut, *Areca catechu*
31. Seeds of *Bixa orellana*
32. Fruits of *Sapindus trifoliatus*
33. Gambir, *Uncaria Gambier*

Page 216 - <https://biodiversitylibrary.org/page/55370609>

34. Fruits of *Helicteres isora*
35. Roots of *Andropogon muricatus*
36. Cardamoms
37. Manna from *Cotoneaster* sp.
38. Manna from *Alhagi maurorum*
39. Tea, *Vaccinium arctostaphylos*
40. Japan Pepper (*Zanthoxylum piperitum*)
41. Cubebs, *Piper cubeba*
42. *Oryza sativa* in the ear
43. *Zea mays*
44. Wood, *Isatis tinctoria*
45. Lac Dye
46. Rice paper pith (*Fatsia papyrifera*)
47. Toddy vessel made from the spathe of *Areca catechu*
48. Seeds of *Abrus precatorius*, white var.
49. Rhubarb, *Rheum Rhaponticum*
50. Fruits of *Zanthoxylum Rhetsa*
51. Shellac, India
52. Wood of *Santalum album*

29 May 1888

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square

Stems of *Dorema ammoniacum*, and *Dorema Glabrum* Coll. Aitchison, Afghanistan Boundary Comm

4 June 1888

Dr Engler, Botanic Garden, Breslau, Germany

One box containing the following

1. Flowers *Cedrela Toona*
2. Resin of *Shorea robusta*

Page 217 - <https://biodiversitylibrary.org/page/55370610>

3. Seeds of *Strychnos nux vomica*
4. Roots of *Hedychium spicatum*
5. White musli (*Asparagus adscendens*)
6. Resin of *Calamus* sp.
7. Manna *Cotoneaster* sp.
8. *Eremurus* sp. (roots)
9. Manna from *Alhagi maurorum*
10. Bark of *Tsuga mertensiana*
11. Galls of *Pistacia vera*
12. Winter green (*Chimaphila corymbosa*)
13. Broussa tea *Vaccinium arctostaphylos*
14. Cone of *Dammara australis*
15. Peanuts of *Psammogeton setifolium*
16. Arillus from seeds of *Ravenala guyanensis*
17. Japan Pepper (*Zanthoxylum piperitum*)
18. Fruits of *Casuarina equisetifolia*
19. Fruits of *Mallotus philippinensis*
20. Seeds of *Brassica juncea*
21. *Oryza sativa* (in the ear)
22. Chinese Indigo plant (*Polygonum tinctorium*)
23. Woad (*Isatis tinctoria*)
24. Dammar, E. Indies
25. Chew stick powder (*Gouania domingensis*)
26. Lac dye
27. Fruits *Cybistax antisiphilitica*
28. Germinating seeds of *Borassus flabelliformis*
29. Gum of *Xanthorrhoea*
30. *Parmelia perlata*
31. Cones, *Tsuga caroliniana*
32. Buchu (*Barosma* sp.)
33. Seeds of *Abrus precatorius* (white var)

- 159. Immature fruits of *Terminalia chebula*
- 160. Fruits of *Pterocarpus marsupium*
- 161. Fruits of *Guazuma tomentosa*
- 162. Gambier (*Uncaria gambier*)
- 163. Seeds of *Strychnos nux-vomica*
- 164. Gum of *Cochlospermum gossypium*
- 165. Gum of *Butea frondosa*
- 166. Galls of *Terminalia chebula*
- 167. Gum of *Terminalia tomentosa*
- 168. Sliced fruit of *Aegle marmelos*
- 169. Fruits of *Helicteres isora*
- 170. Gum of *Buchanania latifolia*
- 171. Kino (*Butea frondosa*)
- 172. Fibre of *Boehmeria puya*
- 173. Resin of *Canarium strictum*
- 174. Fibre of *Crotalaria tenuifolia*
- 175. Roots of *Dorema ammoniacum*
- 176. Cardamoms *Elettaria cardamomum*
- 177. Fruits of *Barringtonia speciosa*
- 178. Fruits of *Illicium anisatum*
- 179. Extract of *Berberis lycium*
- 180. Seeds of *Elaeocarpus ganitrus*
- 181. Pods of *Bauhinia purpurea*
- 182. Roots of *Alpinia galanga*
- 183. Roots of *Acanthophyllum macrodon*
- 184. Flowers of *Delphinium Zalil*
- 185. Stems of *Calamus rotang*
- 186. Brush made of midribs of leaves of *Elaeis guineensis*
- 187. Fruit and section of fruit of *Lodoicea sechellarum*
- 188. Fruit and section of fruit of *Lodoicea sechellarum*
- 189. Fruits of *Xanthoxylum carolinianum*
- 190. Wood of *Santalum yasi*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 223 - <https://biodiversitylibrary.org/page/55370616>

11 June 1888

W Carruthers Esq, Botanical Dept, Natural History Museum, S. Kensington

Duplicate collection of 95 specimens of woods from the Bahamas, recd from Baron Eggers 4/6/88

11 June 1888

Miss A Mizen, School of Blind, Southwark

(Sent to pits care of Mr Watson 11/6/88)

1. Woad prepared from *Isatis tinctoria*
2. Seeds of *Strychnos nux-vomica*
3. Coriander fruits (*Coriandrum sativum*)
4. Tea of *Vaccinium arctostaphylos*
5. Cones of *Cedrus deodorata*
6. Bhang (*Cannabis sativa*)
7. Grain (*Cicer arietinum*)
8. Pods of *Caesalpinia sappan*

15 June 1888

Miss Frances McDonnell, St George's Infant School, North Road, Brentford

1. Fruits of *Terminalia belirica*
2. Galbanum (*Ferula galbaniflua*)
3. Cardomoms (*Elettaria cardamomum*)
4. Betel nuts (*Areca catechu*)
5. Sal resin (*Shorea robusta*)
6. Leaves of *Pinus palustris* prepared for mat making
7. Parmelia perlata
8. Coriander fruits (*Coriandrum sativum*)
9. Thé de Bel Dagh (*Vaccinium arctostaphylos*)
10. Spikenard (*Nardostachys Jatamansi*)

Page 224 - <https://biodiversitylibrary.org/page/55370617>

11. Wood (*Isatis tinctoria*)
12. Seeds of *Cicer arietinum*
13. Seeds of *Strychnos nux-vomica*
14. Seeds of *Caesalpinia bonduc*ella
15. *Oryza sativa*
16. China grass (*Boehmeria nivea*)

18 June 1888

Prof H Marshall Ward, Indian Civil Engineering College, Cooper's Hill, Staines

1. Wood of *Terminalia chebula* Ind. For. Dept.
2. Wood of *Erythroxylon monogynum* Ind. For. Dept.
3. Wood of *Shorea stellata* Ind. For. Dept.

20 June 1888

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square WC

1. Flowers of *Papaver somniferum*
2. Bark of *Sassafras officinale*
3. Fruits of *Xanthoxylum carolinianum*
4. Roots of *Rubus villosus*
5. Bark of *Stillingia sylvatica*
6. Leaves of *Vitis vinifera*
7. Roots of *Rumex crispus*
8. Bark of *Ulmus fulva*
9. Roots of *Sanguinaria canadensis*
10. Leaves and fruits of *Rhus glabra*
11. Leaves and fruits of *Rhus glabra*
12. Roots of *Sarracenia purpurea*
13. Kernels of *Prunus persica*
14. Fruits of *Arctium lappa*
15. Seeds of *Lobelia inflata*

Page 225 - <https://biodiversitylibrary.org/page/55370618>

16. Fruits of *Chenopodium anthelminticum*

17. Seeds of *Brassica nigra*

18. Flowers & roots of *Taraxacum officinale*

19. Flowers & roots of *Taraxacum officinale*

20. Leaves & etc. of *Anthemis nobilis*

21. Leaves of *Cornus florida*

22. Hops (*Humulus lupulus*)

23. Leaves of *Thuja occidentalis*

24. Leaves of *Plantago major*

25. Flowers of *Trifolium pratense*

26. Leaves of *Datura stramonium*

27. Roots of *Aristolochia serpentaria*

28. Bark of *Abies canadensis*

29. Leaves of *Ricinus communis*

30. Bark of *Quercus alba*

31. Bark of *Diospyros virginiana*

32. Seeds of *Ricinus communis*

33. Plants of *Capsella bursa-pastoris*

34. Fronds of *Pteris aquilina*

35. Roots of *Veratrum viride*

36. Leaves of *Lactuca sativa*

37. Roots of *Gillenia trifoliata*

38. Root bark of *Gossypium herbaceum*

39. Leaves of *Oxydendrum arboreum*

40. Flowers of *Achillea millefolium*

41. Leaves of *Pycnanthemum montanum*

42. Leaves of *Malva rotundifolia*

43. Leaves of *Arctium lappa*

44. Leaves of *Daucus carota*

45. Bark of *Platanus occidentalis*

46. Bark of *Juglans cinerea*

47. Roots of *Cimicifuga racemosa*

Page 226 - <https://biodiversitylibrary.org/page/55370619>

48. Bark of *Ailanthus glandulosus*, U. S America
49. Bark of *Cornus florida*, U. S America
50. Catmint (*Nepeta cataria*), U. S America
51. Leaves of *Lobelia cardinalis*, U. S America
52. Bark of *Viburnum prunifolium*, U. S America
53. Oil of *Celastrus paniculatus*, India
54. Oil of *Carthamus tinctorius*, India
55. Pods of *Bauhinia reticulata*, W. Africa
56. Wood of *Aquilaria agallocha*, Str Settlements
57. Herb of *Mollugo cerviana*
57. Fruits of *Zizyphus* sp.

17 July 1888

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square WC

One box containing the following

1. Roots of *Symplocarpus foetidus*, USA
2. Roots of *Xanthorrhiza apiifolia*, USA
3. Roots of *Bignonia capreolata*, USA
4. Roots of Acorns *calamus*, USA
5. Leaves of *Rhus toxicodendron*, USA
6. Columbine, *Aquilaria vulgaris*, USA
7. Hawkweed, *Hieracium venosum*, USA
8. *Cephalanthus occidentalis*, USA
9. Leaves of *Ceanothus americanus*, USA
10. Leaves of *Galax aphylla*, USA
11. Herb of *Ocimum basilicum*, USA
12. Bark of *Salix nigra*, USA
13. Bark of *Cornus florida*, USA
14. Flowers of *Sambucus canadensis*, USA
15. Bark of *Prunus serotina*, USA

Page 227 - <https://biodiversitylibrary.org/page/55370620>

16. Roots of *Asclepias tuberosa*, USA
17. Fruits of *Phytolacca decandra*, USA
18. Bark of *Aralia spinosa*, USA
19. Leaves of *Fragaria vesca*, USA
20. Leaves of *Ilex opaca*, USA
21. Leaves of *Hyssopus officinalis*, USA
22. Bark of *Pyrus malus*, USA
23. Leaves of *Satureja hortensis*, USA
24. Roots of *Corydalis formosa*, USA
25. Roots of *Aquilegia vulgaris*, USA
26. Roots of *Euphorbia corollata*, USA
27. Bark of *Viburnum dentatum*, USA
28. *Stylosanthes elatior*, USA
29. Roots of *Ipomoea pandurata*, USA
30. Shoots of *Genista scoraria*, USA
31. Pitchers of *Sarracenia variolaris*, USA
32. Leaves of *Kalmia latifolia*, USA
33. Sliced root of *Asclepias syriaca*, USA
34. Bark of *Celastrus scandens*, USA
35. Roots of *Asclepias incarnata*, USA
36. Sliced fruits of *Opuntia vulgaris*, USA
37. Sliced roots of *Phytolacca decandra*, USA
38. Bark *Aesculus pavia*, USA
39. Bark *Quercus falcata*, USA
40. Bugle herb, *Lycopus virginicus*, USA
41. Leaves of *Chenopodium anthelminticum*, USA
42. Flowers of *Cotula anthemoides*, USA
43. Horehound, *Marrubium vulgare*, USA
44. Leaves of *Lobelia syphilitica*, USA
45. Roots of *Cynoglossum officinale*, USA
46. Roots of *Asarum canadense*, USA

Page 228 - <https://biodiversitylibrary.org/page/55370621>

- 47. Herb Senecio aureus, USA
- 48. Leaves of Lobelia inflata, USA
- 49. Roots of Inula helenium, USA
- 50. Fruit of Ochroma lagopus
- 51. Bark of Ptelea trifoliata, USA
- 52. Bark of Pyrus americana, USA
- 53. Leaves of Gaultheria procumbens, USA
- 54. Roots of Triosteum perfoliatum, USA
- 55. Roots of Polygala senega, USA
- 56. Leaves of Lindera Benzoin, USA
- 57. Roots of Aralia quinquefolia, USA
- 58. Roots of Apocynum androsaemifolium, USA
- 59. Seeds of Hodgsonia heteroclita, USA

18 July 1888

W Carruthers Esq FRS, Botanical Dept, Natural History Museum, South Kensington

Fruits of Mabola Plum (*Diospyros discolor*, Willd.) from Mr W Fawcett, Jamaica

Specimen of Fungus Melitensis (*Cynomorium coccineum*)

19 July 1888

Prof H Marshall Ward, Indian Civil Engineering College, Cooper's Hill, Staines

Parcel containing stems of Karvi (*Strobilanthes ciliatus*) Madras, also specimens of wood of oak and elm from  
Mr E B Green

Page 229 - <https://biodiversitylibrary.org/page/55370622>

17 July 1888

The Director, Natural History Museum, S Kensington

Two stems of *Karvia (Strobilanthes ciliatus)* bored by ants. From information received from Mr A G Butler, these ants seem to belong to the genus *Typhlopone*

24 July 1888

Arthur Wallow Esq, 9 Mincing Lane EC

Sample of seeds of *Semecarpus Anacardium*

3 August 1888

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square, WC

One case containing the following

1. *Leucanthemum Parthenium*, USA
2. Roots of *Heracleum lanatum*, USA
3. Leaves of *Saponaria officinalis*, USA
4. Leaves of *Artemisia absinthium*, USA
5. Leaves of *Tanacetum vulgare*, USA
6. Herb of *Blitum Bona-Henricus*, USA
7. Bark of *Sambucus canadensis*, USA
8. Leaves of *Petroselinum sativum*, USA
9. Pitchers of *Sarracenia purpurea*, USA
10. *Monotropa uniflora*, USA
11. Poppy heads (*Papaver somniferum*), USA
12. *Potentilla canadense*, USA
13. Roots of *Hibiscus moscheutos*, USA
14. Roots of *Parthenium integrifolium*, USA
15. Leaves of *Salvia sclarea*, USA
16. Roots of *Orobanche virginiana*, USA
17. Roots of *Sarracenia flava*, USA

Page 230 - <https://biodiversitylibrary.org/page/55370623>

18. Leaves of *Impatiens pallida*, USA
19. Stigmata of Maize, USA
20. Leaves of *Polypodium vulgare*, USA
21. Roots of *Polypodium vulgare*, USA
22. Roots of *Aspidium felix-foemina*, USA
23. Roots of *Uvularia perfoliata*, USA
24. Roots of *Iris versicolor*, USA
25. Leaves of *Antennaria plantaginifolia*, USA
26. Roots of *Bidens connata*, USA
27. Herb of *Sabbatia Elliottii*, USA
28. Roots of *Verbena hastata*, USA
29. Leaves of *Cassia marylandica*, USA
30. Roots of *Onosmodium virginianum*, USA
31. Stems of *Penthorum sedoides*, USA
32. Herb of *Lycopus europaeus*, USA
33. Root of *Osmorhiza longistylis*, USA
34. Leaves of *Gordonia lasianthus*, USA
35. Leaves of *Mitella cordifolia*, USA
36. Leaves of *Clematis virginiana*, USA
37. Herb of *Brunella vulgaris*, USA
38. Leaves of *Liatris odoratissima*, USA
39. Herb of *Achillea ageratum*, USA
40. Flowers of *Monarda fistulosa*, USA
41. Herb of *Veronica officinalis*, USA
42. Roots of *Eupatorium aromaticum*, USA
43. Leaves of *Hamamelis virginiana*, USA
44. Flowers of *Cnicus benedictus*, USA
45. Flowers of *Althaea rosea*, USA
46. Fruits of *Pyrus americana*, USA
47. Roots of *Lappa officinalis*, USA
48. Flowers & leaves of *Monarda punctata*

Page 231 - <https://biodiversitylibrary.org/page/55370624>

49. Bark of *Ilex opaca*, USA
50. Roots of *Aralia racemosa*, USA
51. Roots of *Saponaria officinalis*, USA
52. Plants of *Amarantus hypochondriacus*
53. Leaves of *Leonurus cardiaca*
54. Bark of *Cornus circinata*
55. Roots of *Aster puniceus*, USA

29 August 1888

Prof C S Sargent, Arnold Arboretum, Brookline, MASS, U.S America

One case containing the following collection of woods &c. c/p H. L. Sherlock 9 Canning Place Liverpool

1. Wood of *Elaeodendron orientale*
2. Wood of *Imbricaria*
3. Acorn cups of *Quercus alnifolia*
4. Acorn cups of *Quercus pfeiffingeri*
5. Acorn cups of *Quercus Ilex*
6. Section of *Umzimbit* (*Millettia caffra*) Cape
7. Section of *Trochetia erythroxylon* St Helena
8. Wood of *Nuxia verticillata*, Mauritius
9. Wood of *Doratoxylon mauritianum*
10. Wood of *Eugenia glomerata*, Seychelles
11. Wood of *Mimusops erythroxylon*, Mauritius
12. Wood of *Sideroxylon masticodendron*, Dominica
13. Two sticks of Cork Oak
14. Two sticks of Cork Oak
15. Kauri gum (*Dammara australis*)
16. Wood of *Terminalia benzoin*, Mauritius
17. Wood of *Geniostoma borbonicum*, Mauritius
18. Wood of *Adenanthera pavonina*, Mauritius
19. Wood of *Leea sambucina*, Mauritius
20. Wood of *Dalbergia sissoo*, Mauritius

Page 232 - <https://biodiversitylibrary.org/page/55370625>

21. Wood of *Erythroxylon laurifolium*, Mauritius  
22. Wood of *Imbricaria coriacea*, Mauritius  
23. Wood of *Stadtmannia sideroxylon*, Mauritius  
24. Wood of *Erythroxylon hypericifolium*, Mauritius  
25. Wood of *Sideroxylon boutonianum*, Mauritius  
26. Wood of *Quivisia oppositifolia*, Mauritius  
27. Wood of *Sideroxylon bojerianum*, Mauritius  
28. Wood of *Swietenia mahagoni*, Mauritius  
29. Wood of *Psidium pomiferum*, Mauritius  
30. Wood of *Ochrosia borbonica*, Mauritius  
31. Wood of *Eugenia jambolana*, Mauritius  
32. Wood of *Melia azedarach*, Mauritius  
33. Wood of *Frenelia buxifolia*, Mauritius  
34. Wood of *Schmidelia racemosa*, Mauritius  
35. Wood of *Erythrospermum mauritianum*, Mauritius  
36. Wood of *Terminalia catappa*, Mauritius  
37. Wood of *Pithecellobium saman*, Mauritius  
38. Wood of *Nephelium longan*, Mauritius  
39. Wood of *Albizia lebbeck*, Mauritius  
40. Wood of *Flacourtie ramontchi*, Mauritius  
41. Wood of *Diospyros melanda*, Mauritius  
42. Wood of *Camphora officinarum*, Mauritius  
43. Wood of *Morinda citrifolia*, Mauritius  
44. Wood of *Terminalia tomentosa*, Mauritius  
45. Wood of *Averrhoa carambola*, Mauritius  
46. Wood of *Terminalia chebula*, Mauritius  
47. Wood of *Erythroxylon monogynum*, Mauritius  
48. Wood of *Bauhinia retusa*, Mauritius  
49. Wood of *Semecarpus anacardium*, Mauritius  
50. Wood of *Calophyllum inophyllum*, Mauritius  
51. Wood of *Bursera obtusifolia*, Mauritius

Page 233 - <https://biodiversitylibrary.org/page/55370626>

- 52. Wood of *Eugenia mespiloides*
- 53. Wood of *Eugenia cotinifolia*
- 54. Wood of *Mimusops erythroxylon*
- 55. Wood of *Eugenia jambosa*
- 56. Wood of *Hornea mauritiana*
- 57. Wood of *Antirrhoea verticillata*
- 58. Wood of *Canarium colophania*
- 59. Wood of *Cinnamomum zeylanicum*
- 60. Wood of *Lagerstroemia reginae*
- 61. Wood of *Noronhia broomeana*
- 62. Wood of *Weinmannia tinctoria*
- 63. Wood of *Inga dulcis*
- 64. Wood of *Tetranthera laurifolia*
- 65. Wood of *Tecoma pentaphylla*
- 66. Wood of *Ficus mauritiana*
- 67. Wood of *Diospyros ebenum*
- 68. Wood of *Foetidia mauritiana*
- 69. Wood of *Labourdonnaisia calophylloides*
- 70. Wood of *Erythrospermum verticillatum*
- 71. Wood of *Tabernaemontana mauritiana*
- 72. Wood of *Polyscias repanda*
- 73. Wood of *Labourdonnaisia glauca*
- 74. Wood of *Mangifera indica*
- 75. Wood of *Nuxia verticillata*
- 76. Wood of *Psiloxylon mauritianum*
- 77. Wood of *Pongamia glabra*
- 78. Wood of *Elaeodendron orientale*
- 79. Wood of *Artocarpus integrifolia*
- 80. Wood of *Heritiera littoralis*
- 81. Wood of *Haronga madagascariensis*
- 82. Wood of *Pithecellobium dulce*

- Page 234 - <https://biodiversitylibrary.org/page/55370627>
- 83. Wood of *Rhodamnia trinervia*, Straits Settlement
  - 84. Wood of *Artocarpus chaplasha*, Straits Settlement
  - 85. Wood of *Rhizophora mucronata*, Straits Settlement
  - 86. Wood of *Tristania maingayi*, Straits Settlement
  - 87. Wood of *Citrus aurantium*, Seychelles
  - 88. Wood of *Artocarpus integrifolia*, Seychelles
  - 89. Wood of *Northea seychellarum*, Seychelles
  - 90. Wood of *Rhizophora mucronata*, Seychelles
  - 91. Wood of *Artocarpus incisa*, Seychelles
  - 92. Wood of *Alnus orientalis*, Cyprus
  - 93. Wood of *Virgilia capensis*, Cape
  - 94. Wood of *Celastrus undatus*, Cape
  - 95. Wood of *Callitris cupressoides*, Cape
  - 96. Wood of *Strychnos atherstonei*, Cape
  - 97. Wood of *Toddalia lanceolata*, Cape
  - 98. Wood of *Halleria lucida*, Cape
  - 99. Wood of *Platylophus trifoliatus*, Cape
  - 100. Wood of *Trichocladus crinitus*, Natal
  - 101. Wood of *Magnolia hypoleuca*, China
  - 102. Wood of *Putranjiva Roxburghii*
  - 103. Sample of Tonquin beans
  - 104. Flowers of *Tamarindus indica*
  - 105. Fruits of *Eriodendron anfractuosum*
  - 106. Wood of *Cordyline australis*
  - 107. Wood of *Elaeis guineensis*
  - 108. Acorns of *Quercus maingayi*
  - 109. Mat made of split stems of *Arundinaria falcata*
  - 110. Rice ball tray of *Beesha stridula*
  - 111. Wood of Combretaceae
  - 112. Wood of *Fagus sylvatica* seasoned by Mr Green's patent process

Page 235 - <https://biodiversitylibrary.org/page/55370628>

- 113. Wood of *Erythrospermum verticillatum*
- 114. Wood of Elm dried and seasoned by Mr Green's patent process
- 115. Wood of *Betula bhojpattra*
- 116. Pods of *Dalbergia sissoo*
- 117. Fruits of *Bignonia xylocarpa*
- 118. Bark of *Terminalia tomentosa*
- 119. Fruits of *Barringtonia speciosa*
- 120. Bark of *Bombax malabaricum*
- 121. Bark of *Ficus bengalensis*
- 122. Bark of *Casuarina equisetifolia*
- 123. Bark of *Bauhinia variegata*
- 124. Bark of *Buchanania latifolia*
- 125. Wood of *Carapa moluccensis*
- 126. Wood of *Vitex negundo*
- 127. Gum resin of *Balsamodendron Roxburghii*
- 128. Wood of *Nephelium lappaceum*
- 129. Gum of *Cochlospermum gossypium*
- 130. Resin of *Canarium strictum*
- 131. Mucherus (*Bombax malabaricum*)
- 132. Flowers of *Cedrela Toona*
- 133. Resin of *Shorea robusta*
- 134. Fruits of *Terminalia belerica*
- 135. Pods of *Dalbergia lanceolaria*
- 136. Cogwood (*Ceanothus chloroxylon*)
- 137. Calabash wood (*Crescentia cujete* )
- 138. Prickly yellow wood (*Xanthoxylum clava-herculis*)
- 139. Stems of *Bocconia frutescens*
- 140. Stems of *Calamus Rotang*
- 141. Section of fruit of Double Cocoanut
- 142. Fruit of Double Cocoanut

Page 236 - <https://biodiversitylibrary.org/page/55370629>

- 144. Basket and rice drainer of *Cercis* sp. Dr Aitchison
- 145. Wood of *Haloxylon ammodendron* sp. Dr Aitchison
- 146. Wood of *Eperua falcata*
- 147. Wood of *Elaeocarpus lanceifolius*, Hong Kong
- 148. Wood of *Schima noronhae*, Hong Kong
- 149. Wood of *Eriobotrya japonica*, Hong Kong
- 150. Wood of *Dalbergia sissoo*, Hong Kong
- 151. Wood of *Melia azedarach*, Hong Kong
- 152. Wood of *Quercus fissa*, Hong Kong
- 153. Wood of *Ficus hispida*, Hong Kong
- 154. Wood of *Spondias mangifera*, Hong Kong
- 155. Wood of *Melaleuca leucadendron*, Hong Kong
- 156. Wood of *Pentaphylax eurioides*, Hong Kong
- 157. Wood of *Ormosia pachycarpa*, Hong Kong
- 158. Wood of *Tetranthera citrifolia*, Hong Kong
- 159. Wood of *Quercus harlandi*, Hong Kong
- 160. Wood of *Stillingia sebifera*, Hong Kong
- 161. Wood of *Eugenia odorata*, Hong Kong
- 162. Wood of *Vitex louriri*, Hong Kong
- 163. Seeds of *Caesalpinia bonducella*
- 164. Fruit of *Inocarpus edulis*
- 165. Seeds of *Fusanus acuminatus*

3 September 1888

Prof H M Ward, Indian Civil Engineering College, Cooper's Hill, Staines

One package containing sections of wood of

- 1. Wood. *Achras sapota*, Belize
- 2. Wood. *Guaiacum officinale* from the Admiralty
- 3. Sample of Kauri resin

Page 237 - <https://biodiversitylibrary.org/page/55370630>

3 September 1888

A W Franks Esq, Department of Ethnography, British Museum, W6

One box containing an oil vessel made from the powdered roots of *Eremurus aucherianus*, also a small vessel made of skin. Collected by Dr. Aitchison while with the Afghan Boundary Commission

3 September 1888

Prof I B Balfour, Royal Botanic Garden, Edinburgh

One box and two packages containing the following -

1. Stem of *Catakidozamia macleayi*, Brisbane
2. Stem of *Cycas seemanni*, Fiji
3. Plant of *Welwitschia mirabilis*
4. Pods of *Acacia catechu*
5. Wood of *Dracaena Draco*
6. Fruit of *Oroxylum indicum*
7. Seeds of *Hura crepitans*
8. Fruit of *Lecythis ollaria*
9. Fruit of *Nectandra rodiei*
10. Portion of stem and flowers of *Kingia australis*
11. Divi Divi pods (*Caesalpinia coriaria*)
12. Fruit of *Sterculia bicolor*
13. Fruit of *Sterculia sylvestris*
14. Eight samples of Dates, Coll. Coll Dr. Bonavia
15. Eight samples of Dates, Coll. Coll Dr. Bonavia
16. Eight samples of Dates, Coll. Coll Dr. Bonavia
17. Eight samples of Dates, Coll. Coll Dr. Bonavia
18. Eight samples of Dates, Coll. Coll Dr. Bonavia
19. Eight samples of Dates, Coll. Coll Dr. Bonavia
20. Eight samples of Dates, Coll. Coll Dr. Bonavia
21. Eight samples of Dates, Coll. Coll Dr. Bonavia
22. *Parmelia perlata*
23. *Ramalina polymorpha*
24. Biennial Henbane (*Hyoscyamus niger*)
25. Fruits of *Areca catechu*

Page 238 - <https://biodiversitylibrary.org/page/55370631>

- 26. Knolled gourd (*Cucurbita pepo*)
- 27. Fruit of *Strophanthus* near S. Kombe
- 28. Pods of *Gleditschia australis*
- 29. Plant of *Cistanche tubulosa*
- 30. Plant of *Glycine Soja*
- 31. Fruits of *Hevea spruceana*
- 32. Fruit of *Adansonia gregorii*
- 33. Roots of *Coscinium fenestratum*
- 34. Arillus from seeds of *Ravenala guyanensis*
- 35. Fruits of *Sapindus trifoliatus*
- 36. Fruits of *Tectona grandis*
- 37. Seeds of *Bambusa arundinacea*
- 38. Fruits of *Phyllanthus emblica*
- 39. Safflower (*Carthamus tinctorius*)
- 40. Fruits of *Coffea bengalensis*
- 41. Fruits of *Martynia diandra*
- 42. Eleven specimens of fossil woods from Antigua
- 43. Eleven specimens of fossil woods from Antigua
- 44. Eleven specimens of fossil woods from Antigua
- 45. Eleven specimens of fossil woods from Antigua
- 46. Eleven specimens of fossil woods from Antigua
- 47. Eleven specimens of fossil woods from Antigua
- 48. Eleven specimens of fossil woods from Antigua
- 49. Eleven specimens of fossil woods from Antigua
- 50. Eleven specimens of fossil woods from Antigua
- 51. Eleven specimens of fossil woods from Antigua
- 52. Eleven specimens of fossil woods from Antigua
- 53. Section of wood of *Corypha australis*
- 54. Stems of *Calamus gracilis*
- 55. Stem of *Thrinax parviflora*
- 56. Wood and fibre of *Trachycarpus excelsa*
- 57. Spadix of *Eugeissonia triste*
- 58. Spadix of *Plectocomia elongata*
- 59. Fruit head of *Pandanus pyramidalis* Coll. Balfour
- 60. Fruit head of *Pandanus drupaceus*, Mauritius, Coll. Horne
- 61. Fruit head of *Pandanus odoratissimus*, Hort. Kew
- 62. Seeds of *Pandanus conglomeratus*
- 63. Cone of *Pinus halepensis*, Coll. Aitchison
- 64. Spikes of *Penicillaria spicata*
- 65. Cone of *Pinus australis*, U.S America
- 66. Cone of *Pinus cubrensis*, U.S America

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 239 - <https://biodiversitylibrary.org/page/55370632>

67. Acorn cups of *Quercus alnifolia*

68. Acorn cups of *Quercus pfaeffingeri*

69. Acorn cups of *Quercus ilex*

70. Block of Kauri gum (*Dammara australis*)

71. Cigarette wrappers made of the leaves of *Nipa fruticans*

72. Album containing a collection of British and North American seaweeds, rec'd from Herb. Kew

13 September 1888

Kenric B Murray, The London Chamber of Commerce

Sample of fibre from *Sida rhombifolia* var. *rhomboidea*, India

26 September 1888

Dr Schunck FRS, Kersal, Manchester

Sample of between 12 & 13 lbs. of the rootbark of Akilbar (*Datisca cannabina*) received from the India Office,

20/9/88

4 October 1888

E Richardson Esq, Shrewsbury Road Board School, East Ham, E

1. Seeds of *Semecarpus anacardium*

2. Fruits of *Terminalia belerica*

3. Tea from *Vaccinium arctostaphylos*

4. Gum from *Dorema ammoniacum*

5. Cardamoms (*Elettaria cardamomum*)

6. Galls of *Pistacia vera*

7. Fruits of *Terminalia chebula*

8. Galbanum (*Ferula galbaniflua*)

Page 240 - <https://biodiversitylibrary.org/page/55370633>

9. Resin of *Canarium strictum*
10. *Mucherus, Bombax malabaricum*
11. *Spikenard, Nardostachys jatamansi*
12. Seeds of *Strychnos nux-vomica*
13. *Bhang, Cannabis sativum*
14. Fruits of *Coriandrum sativum*
15. Seeds of *Brassica juncea*
16. Seeds of *Garcinia hanburyi*
17. Seeds of *Cicer arietinum*
18. *Woad, Isatis tinctoria*
19. *China grass, Boehmeria nivea*
20. Root of *Zingiber officinale*
21. *Lac dye*
22. Sliced fruit of *Aegle marmelos*
23. *Areca nuts*

4 October 1888

Miss Simmance, Board School, St Dunstan's Road, Fulham, SW

1. Seeds of *Semecarpus anacardium*
2. Fruits of *Terminalia belerica*
3. *Broussa tea, Vaccinium arctostaphylos*
4. Cardamoms, *Elettaria cardamomum*
5. Galls from *Pistacia vera*
6. Fruits of *Terminalia chebula*
7. Resin of *Canarium strictum*
8. *Mucherus, Bombax malabaricum*
9. *Spikenard (Nardostachys jatamansi)*
10. Seeds of *Strychnos nux-vomica*
11. Fruits of *Coriandrum sativum*
12. Seeds of *Brassica juncea*

Page 241 - <https://biodiversitylibrary.org/page/55370634>

13. Woad, *Isatis tinctoria*
14. China grass, *Boehmeria nivea*
15. Areca nuts

4 October 1888

Miss Brett, The Girls' School, Winkfield, Windsor

1. Seeds of *Semecarpus anacardium*
2. Fruits of *Terminalia belerica*
3. Tea, *Vaccinium arctostaphylos*
4. Galls of *Pistacia vera*
5. Resin of *Canarium strictum*
6. Mucherus, *Bombax malabaricum*
7. Spikenard, *Nardostachys jatamansi*
8. Seeds of *Strychnos nux-vomica*
9. Fruits of *Coriandrum sativum*
10. Seeds of *Brassica juncea*
11. China grass *Boehmeria nivea*
12. Areca nuts
13. Cardamoms, *Elletaria cardamomum*
14. Woad *Isatis tinctoria*

17 October 1888

A W Franks Esq, Dept of Ethnography, British Museum, WC

1. Three bows
2. Three bows
3. Three bows
4. Six arrows
5. Six arrows
6. Six arrows
7. Six arrows
8. Six arrows
9. Six arrows
10. Spatula
11. Horse scraper
12. Model of a Toboggan
13. Model of a native hut of Birch bark

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](https://biodiversitylibrary.org/page/55370635)

Page 242 - <https://biodiversitylibrary.org/page/55370635>

23 October 1888

E B Tylor Esq FRS, Museum House, Oxford

Two boxes containing the following collection for the Pitt Rivers Museum:- All of the above recd from Ottawa

Sept 5th 1888

Two bows & five arrows apparently made of the wood of a species of Acer (Ottawa)

Door mat made of the husk of Indian Corn (*Zea mays*) (Ottawa)

Door mat made of the Hickory wood shavings (*Carya alba*) (Ottawa)

Door mat made of the bark of White Cedar (*Thuja gigantea*) (Ottawa)

Necklace of porcupine quill (Ottawa)

One horn (Ottawa)

One pair of childs snow shoes (Ottawa)

Forty four baskets made of split woods (unknown) (Ottawa)

One bottle covered with wicker-work (Ottawa)

One shoe (Ottawa)

Three mats of wood shavings (Ottawa)

One broom (Ottawa)

Three paper holders of Birch bark (Ottawa)

One axe of unknown wood (Ottawa)

One spoon of unknown wood (Ottawa)

Seven articles of Birch bark (Ottawa)

One flower stand of unknown wood (Ottawa)

Two cradles of unknown split wood (Ottawa)

Two hats of of unknown split wood (Ottawa)

9 November 1888

Cecil H Hooper Esq, The Horticultural & Technical College, Swanley, Kent

One box containing the following:-

1. Cardamoms, *Elettaria cardamomum*

2. Spikenard, *Nardostachys jatamansi*

Page 243 - <https://biodiversitylibrary.org/page/55370636>

3. Marking nuts, *Semecarpus anacardium*
4. Fibre of *Boehmeria Puya*
5. Mucherus, *Bombax malabaricum*
6. Kino, *Butea frondosa*
7. Seeds of *Strychnos nux-vomica*
8. Fruits of *Terminalia belerica*
9. Fruits of *Piper clusii*
10. Gum of *Cochlospermum gossypium*
11. Gum *Acaroides, Xanthorrhoea*
12. Woad, *Isatis tinctoria*
13. Fruits of *Terminalia tomentosa*
14. Seeds of *Brassica juncea*
15. Cones of *Tsuga caroliniana*
16. Lac from *Acacia arabica*
17. Fibre from *Boehmeria nivea*
18. Fruits of *Zizyphus jujuba*

12 November 1888

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square, WC

The following specimens used in the preparation of Ipoh poison, from the Peninsula of Malacca. Recd from the Honble Dudley Hervey, per India Office 10.11.88

4 pieces of root (Malacca)

1 bottle of prepared poison (Malacca)

1 hollow bamboo with concrete juice (Malacca)

Page 244 - <https://biodiversitylibrary.org/page/55370637>

19 November 1888

JJ Hummel Esq, The Yorkshire College, Leeds

One box of specimens viz:-

1. Fibre of Boehmeria Puya
2. Seeds of Semecarpus Anacardium
3. Toon flowers, Cedrela Toona
4. Zalil flowers, Delphinium zalil
5. Fibre of Sida rhombifolia
6. Fruits of Phyllanthus emblica
7. Galls of Pistacia vera
8. Galls of Pistacia Khinjik
9. Parmelia perlata
10. Root-bark of Ventilago calyculata
11. Rhea Tow, Boehmeria nivea
12. Fibre of Hibiscus cannabina
13. Fibre of Hibiscus sabdariffa
14. China grass, Boehmeria nivea
15. Bark of Cassia auriculata
16. Fruit of Terminalia tomentosa
17. Woad, Isatis tinctoria
18. Kamala fruits & powder, Mallotus philippensis
19. Kamala fruits & powder, Mallotus philippensis

1 December 1888

A W Franks Esq, Dept of Ethnography, British Museum, WC

The following specimens from Corea, Coll. F Watters Esq

Two fans, two hand-screens, one kite, one tobacco pouch, three samples of paper, one sunblind, one pair of chopsticks & knife in case (Corea)

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 245 - <https://biodiversitylibrary.org/page/55370638>

4 December 1888

Dr Brandis, Bonn, Germany

Small box containing small sections of wood of *Cedrus atlantica*, *Cedrus libani* and also some Cedar cones in spirit, collected in the gardens and received from the pits

6 December 1888

E B Tylor Esq FRS, Museum House, Oxford

The following specimens from Corea, Coll. F Watters Esq

One fan, two hand-screens, Cloth from *Pueraria*, five samples of paper from *Broussonetia papyrifera*, sunblind made of finely split bamboo (Corea)

Page 246 - <https://biodiversitylibrary.org/page/55370639>

14 February 1889

P Geddes Esq FRS, 6 James Court, Lawnmarket, Edinburgh

One box of specimens viz:-

1. Fruits of *Pedalium murex*
2. Seeds of *Cassia Tora*
3. Seeds of *Aleurites moluccana*
4. Cones of *Tsuga caroliniana*
5. Tea of *Vaccinium arctostaphylos*
6. Fruits of *Terminalia tomentosa*
7. Seeds of *Strychnos nux-vomica*
8. Seeds of *Brassica juncea* (two samples)
9. Seeds of *Brassica juncea* (two samples)
10. Gum of *Anogeissus latifolia*
11. Kamala powder, *Mallotus philippensis*
12. Woad, *Isatis tinctoria*
13. Cardamons, *Elettaria Cardamomum*
14. Seeds of *Entada scandens*
15. Fruits of *Phyllanthus emblica*
16. Mocherus, *Bombax malabaricum*
17. Root-bark of *Ventilago calyculata*
18. Fruits of the Doum palm (*Hyphaene Thebaica*)
19. Prepared leaves of *Pinus palustris* for mat-making
20. Gum of *Cochlospermum gossypium*
21. Resin of *Shorea robusta*
22. Seeds of *Semecarpus Anacardium*
23. Spikenard, *Nardostachys jatamansi*
24. Fibre of *Boehmeria Puya*
25. Kino, *Butea frondosa*
26. Fruits of *Piper Clusi*
27. Paraguay tea
28. Resin of *Canarium strictum*
29. Seeds of *Caesalpinia Bonducella*

Page 247 - <https://biodiversitylibrary.org/page/55370640>

1 March 1889

Walter Gardiner Esq, Botanical Dept, New Museums, Cambridge

One package containing the following:-

60 plates, Zippel und Bollmann, Repraesentanten einheimischer, Pflanzenfamilien

66 plates of L. Rey's Bot. Diagrams

4 Plates Dodel Port.

1 March 1889

Prof F O Bower, MA FLS, University Glasgow

One package containing stem of Cycas circinalis from the Royal Horticultural Society, Chiswick

1 March 1889

Prof I B Balfour, Royal Botanic Garden, Edinburgh

One box and one package containing the following:-

1. Mount of silkworms viz. *Bombyx sinensis*, *Bombyx textor*, *Theophila Huttoni*, *Rhodia newara*

2. Mount containing *Eria* silkworm (*Attacus cynthia*), *Ailanthus* silkworm (*Attacus Hybrid*)

3. Mount of Mulberry silkworm cocoons (*Bombyx* spp.)

4. Mount of Tusseh silkworm (*Antherea paphia*)

5. Mount of Moonga silkworm (*Antherea assama*)

6. Two lithographic views in New Granada

7. Two lithographic views in New Granada

8. Stem of *Cycas circinalis*, Royal Hort. Soc. Chiswick

9. Stem of *Cycas media*, var. *cinnamomea*

10. Stem of *Cycas intermedia*

Page 248 - <https://biodiversitylibrary.org/page/55370641>

11 March 1889

Karl Juergenson, Dorpat, Russland, Philosophia Str No. 4

1. Bark of Conessi (*Holarrhena antidysenteria*), India

2. Bark of Alstonia constricta, Queensland

3. Bark of Quebracho (*Aspidosperma quebracho*)

4. Bark of Wrightia tinctoria, Bombay

5. Bark of Alstonia scholaris, Bombay

6. Bark of Chalut (*Alyxia stellata*), Siam

7. Bark of Rauvolfia caffra, Durban

8. Bark of paddle-wood tree (*Aspidosperma excelsum*), Guiana

9. Bark of Thevetia nerifolia

20 March 1889

Prof Cohn, Botanic Garden Breslau

Sections of Pachyma cocos, Mylitta australis, Mylitta lapidescens

29 March 1889

Prof Frankland, The Yews, Reigate Hill, Reigate

Engraved portrait of John Evelyn. Withdrawn from the old collection

2 April 1889

Prof H Marshall Ward, Indian Civil Engineering College, Cooper's Hill, Staines

Small collection of thin transverse sections of British woods

5 April 1889

Prof I B Balfour, Royal Botanic Garden, Edinburgh

One box containing the following -

1. Coir fibre (*Cocos nucifera*)

Page 249 - <https://biodiversitylibrary.org/page/55370642>

2. Sal resin (*Shorea robusta*)
3. Jute (*Corchorus olitorius*)
4. Mucherus (*Bombax malabaricum*)
5. Spikenard (*Nardostachys jatamansi*)
6. Gum from *Melia Azadirachta*
7. Kino from *Butea frondosa*
8. Wood from *Paulownia imperialis*
9. Marking nuts (*Semecarpus anacardium*)
10. Zalil flowers (*Delphinium zalil*)
11. Gum of *Cochlospermum gossypium*
12. Fruits of *Aegle marmelos*
13. Seeds of *Strychnos nux vomica*
14. Wood of *Withania aristata*, Teneriffe
15. Bark of *Melia azadirachta*
16. Moonga silk, Ceylon
17. Silk of *Antherea assama*
18. Raw silk *Bombyx mori*
19. Toon flowers (*Cedrela toona*)
20. Paraguay tea (*Ilex paraguariensis*)
21. Fruits of *Lagerstroemia lanceolata*
22. Section of stem of *Cycas moorei*

11 April 1889

Prof H Marshall Ward, Indian Civil Engineering College, Cooper's Hill, Staines

Seven vols of microscopic sections of wood by Dr Nordlinger entitled *Holzquerschnitte*, Stuttgart und Tubingen

1952. Withdrawn from the museum library

31 March 1889

F Oliver Esq, University College, London

Section of stem of *Macrozamia moorei*

Page 250 - <https://biodiversitylibrary.org/page/55370643>

26 April 1889

Walter Gardiner Esq, Botanical Dept, New Museums, Cambridge

One box containing the following:-

1. Stems of *Bambusa quadrangularis*
2. Section of stem of *Macrozamia moorei*
3. Fruits of *Cynometra cauliflora*
4. Bark covered with lichen (from Mr Dyer)
5. Fruits of *Urceola esculenta*
6. Eighteen diagrams (Dodel Port)

4 May 1889

Mr J Batey, St John's College, Battersea

(student)

Portion of stem of sugar cane

14 June 1889

G C Walton Esq, Public Library & Museum, Folkestone

1. Fruits of *Pithecoctenium aubletii*
2. Section of a palm stem
3. Fruits of *Sapindus trifoliatus*
4. Fruits of *Cariniana exigua*, Trinidad
5. Fruits of *Xylopia aethiopica*
6. Fruits of *Semecarpus anacardium*
7. Mucherus (*Bombax malabaricum*)
8. Cones of *Cedrus deodara*
9. Seeds of *Strychnos nux-vomica*
10. Flowers of *Delphinium zalil*
11. Thé de bel Dagh (*Vaccinium arctostaphylos*)
12. Cones of *Pinus excelsa*
13. Cones of *Tsuga caroliniana*
13. Piassaba fibre prepared for brush-making

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 251 - <https://biodiversitylibrary.org/page/55370644>

21 June 1889

H R Coombs, Immanuel Church Schools, Streatham Common, SW

Cones of *Tsuga caroliniana*

Thé de bel Dagh (*Vaccinium arctostaphylos*)

Seeds of *Strychnos nux-vomica*

Mucherus (*Bombax malabaricum*)

Seeds of *Semecarpus anacardium*

Zalil flowers (*Delphinium zalil*)

New Zealand flax (*Phormium tenax*)

Portion of fruit of *Ochroma lagopus*

Four samples of Potatoes (sliced &c) prepared by Chollet's Patent Process

16 September 1889

Prof Wyndham R Dunstan, Pharmaceutical Society 17 Bloomsbury Square, WC

Block of wood of *Celtis cinnamomea*, Ceylon

20 September 1889

W Fawcett Esq, Botanical Dept, Jamaica

Sample of "fine old South American H.O. Loxa quills sold for the French market for making wine"

28 September 1889

F Oliver Esq, University College, London

Fruits of *Eucalyptus macrocarpa*

Fruits of *Banksia ornata*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 252 - <https://biodiversitylibrary.org/page/55370645>

25 September 1889

Walter Gardiner Esq, Botanical Laboratory, New Museums, Cambridge

Four cases containing 139 glass jars, old museum stock

2 October 1889

E B Tylor Esq FRS, Museum House Oxford

Small samples of the following woods:-

1. Wood. *Bambusa arundinacea*, Dehra Dun
2. Wood. *Bambusa nutans*, Dehra Dun
3. Wood. *Bambusa polymorpha*, Toungoo
4. Wood. *Bambusa tulda*, Bengal
5. Wood. *Dendrocalamus Brandisii*, Toungoo
6. Wood. *Dendrocalamus Hamiltoni*, Darjeeling
7. Wood. *Dendrocalamus membranacea*, Toungoo
8. Wood. *Gigantochloa macrostachya*, Toungoo

5 October 1889

Prof I B Balfour, Royal Botanic Garden, Edinburgh

Two diagrams, viz. Coco de Mer (*Lodoicea sechellarum*) and Date palm (*Phoenix dactylifera*)

8 October 1889

T C Hogarth Esq, G W Railway Works, Swindon

One case containing specimens of wood of the following:-

1. Wood of *Jacquinia armillaris*
2. Wood of *Nyssa multiflora*
3. Wood of *Parkinsonia microphylla*
4. Wood of *Erica arborea*

Page 253 - <https://biodiversitylibrary.org/page/55370646>

5. Wood of *Kalmia latifolia*
6. Wood of *Abies Engelmanni*
7. Wood of *Pyrus americana*
8. Wood of *Catalpa speciosa*
9. Wood of *Juniperus occidentalis*
10. Wood of *Aporosa frutescens*
11. Wood of *Quercus salicina*
12. Wood of *Platanus occidentalis*
13. Wood of *Liquidambar styraciflua*
14. Wood of *Platanus orientalis*
15. Wood of *Ficus aurea*
16. Wood of *Ficus pedunculata*
17. Wood of *Cedrela Toona*
18. Wood of *Terminalia tomentosa*
19. Wood of *Juniperus occidentalis*
20. Wood of *Lysiloma sabicu*
21. Wood of *Pinus bahamensis*
22. Wood of *Genipa clusiifolia*
23. Wood of *Nectandra Willdenoviana*
24. Wood of *Ardisia Pickeringii*
25. Wood of *Dipholis salicifolia*
26. Wood of *Xanthoxylum Herota*
27. Wood of *Lysiloma latisiliqua*
28. Wood of *Petitia domingensis*
29. Wood of *Carya alba*
30. Wood of *Byrsonima lucida*
31. Wood of *Chrysobalamus icaco*
32. Wood of *Fraxinus americana* (2 pieces)
33. Wood of *Fraxinus sambucifolia*
34. Wood of *Eucalyptus globulus*
35. Wood of *Sequoia sempervirens*
36. Braziletto wood (*Peltophorum linnei*)
37. Andaman Bullet wood (*Mimusops littoralis*)
38. Wood of *Ratonia apetala*
39. Wood of *Juniperus barbadensis*
40. Wood of *Ilex aquifolium*
41. Wood of *Crataegus oxyacantha*
42. Wood of *Populus nigra*
43. Wood of *Alnus glutinosa*
44. Wood of *Acacia homalophylla*
45. Wood of *Brosimum aubletii*
46. Wood of *Celtis mississipiensis* (2 pieces)
47. Wood of *Carya aquatica*
48. Wood of *Juglans regia* (2 pieces)
49. Wood of *Coffea arabica*
50. Wood of *Calophyllum tomentosum*
51. Wood of *Asimina triloba*
52. Wood of *Quercus thalassica*
53. Wood of *Quercus tissa*
54. Wood of *Quercus bambusaefolia*
55. Wood of *Quercus championi*
56. Wood of *Quercus Harlandi*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

- 57. Wood of *Quercus incana*
- 58. Wood of *Leucadendron argenteum*
- 59. Wood of *Laplacea Haematoxylon*
- 60. Wood of *Attalea Cohune*
- 61. Wood of *Erythrina umbrosa*
- 62. Wood of *Odina wodier*
- 63. Wood of *Fagus cunninghami*
- 64. Wood of *Paulownia imperialis*
- 65. Wood of *Adina cordifolia*
- 66. Wood of *Rhys cotinoides*
- 67. Wood of *Pyrus communis*

Page 254 - <https://biodiversitylibrary.org/page/55370647>

68. Wood of *Crataegus oxyacantha*
69. Wood of *Ulmus campestris*
70. Wood of *Cerasus vulgaris*
71. Wood of *Quercus Robur* (seasoned by Mr E. B. Green's patent process)
72. Wood of *Carpinus Betulus* (seasoned by Mr E. B. Green's patent process)
73. Wood of *Fraxinus excelsior* (seasoned by Mr E. B. Green's patent process)
74. Wood of *Fagus sylvatica* (seasoned by Mr E. B. Green's patent process)

18 October 1889

, Messrs Ide & Christie, 72 Mark Lane, EC

Two samples of the fibre of *Abutilon periplocifolium*, G. Don var. *albicans*, one sample prepared by setting, the other by scraping

5 November 1889

H Watling Esq, Cottingham, Uppingham, Rutland [school]

Small box containing the following:-

1. Zalil flowers (*Delphinium zalil*)
2. Buchu leaves (*Barosma* sp.)
3. Seeds of *Strychnos nux-vomica*
4. Resin of *Canarium strictum*
5. Mucherus (*Bombax malabaricum*)
6. Manna from *Alhagi maurorum*
7. Flowers of *Calligonum polygonoides*
8. Gum of *Cochlospermum gossypium*
9. Cardamoms (*Elettaria cardamomum*)
10. The de Bel Dagh (*Vaccinium arctostaphylos*)
11. Baobab bark (*Adansonia digitata*)
12. Tapa cloth (*Broussonetia papyrifera*)
13. Piece of sugar cane (*Saccharum officinarum*)

Page 256 - <https://biodiversitylibrary.org/page/55370649>

15 January 1890

Kenric B Murray Esq, London Chamber of Commerce, Botolph House, Eastcheap EC

One case containing the following collection of Indian fibres &c.

1. Fibre of *Crotalaria juncea*, Sealcote
2. Fibre of *Crotalaria juncea*, Garhwal
3. Fibre of *Crotalaria juncea*, Gardaspur
4. Fibre of *Crotalaria juncea*, Godaveri, Madras
5. Fibre of *Crotalaria juncea*, Kangra
6. Fibre of *Crotalaria juncea*, Bombay
7. Fibre of *Crotalaria juncea*, Jullundur
8. Fibre of *Crotalaria juncea*, Hoshiarpur
9. Cocoa nut coir, Bombay
10. Fibrous portion of stem of *Caryota urens*, Bombay
11. Fibre of *Cocos nucifera*, Madras
12. Mudar, *Calotropis gigantea*, Lucknow
13. Bark of *Broussonetia papyrifera*, Kamrup, Assam
14. Fibre from sheath of *Caryota urens*, Bombay
15. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Jamadarhat, Bengal
16. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Rajgange, Bengal
17. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Pubna, Bengal
18. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gosaingunge, Bengal
19. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gourepuri, Bengal
20. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Naraingunge, Bengal
21. Jute, *Corchorus olitorius* & *Corchorus capsularis*, from Delhi
22. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Fakkeergunge, Bengal
23. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Nathpore, Bengal
24. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Meshta, Bengal
25. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gonore-tolah, Bengal
26. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Daisee, Bengal
27. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Serajgunge, Bengal

Page 257 - <https://biodiversitylibrary.org/page/55370650>

28. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Godhadhar-indranarain, Bengal
29. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Lalmoneerhat, Bengal
30. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Maldah, Bengal
31. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Shumbogunge, Bengal
32. Bark of *Broussonetia papyrifera*, Burma
33. Bark of *Broussonetia papyrifera*, Lucknow
34. Fibre from leaf stalk of *Cocos nucifera*, 24 - Parganas, Bengal
35. Bark of *Broussonetia papyrifera*, Kamrup, Assam
36. Flower spikes of *Caryota urens*, Bombay
37. Paper from *Broussonetia papyrifera*, Lucknow
38. Silk cotton from *Bombax malabaricum*, Salem
39. Silk cotton from *Bombax malabaricum*, Kamrup
40. Silk cotton from *Bombax malabaricum*, S. Canara
41. Silk cotton from *Bombax malabaricum*, Lucknow
42. Stems of *Ischaemum angustifolium*, Lucknow
43. Split stems of *Saccharum sara*
44. Culms of *Cyperus Pangorei*, Kistna, Madras
45. Fibre of *Agave americana*, Bot. Gard. Saharunpore
46. Fibre of *Agave vivipara*, Bot. Gard. Saharunpore
47. Fibre of *Agave vivipara*, Bot. Gard. Seebpore
48. Fibre of *Agave americana*, Hazaribagh
49. Fibre of *Agave americana*, var. Mauritius, Hazaribagh
50. Fibre of *Ananas sativa*, Calcutta
51. Roots of *Andropogon muricatus*, Rajmehal
52. Roots of *Andropogon muricatus*, Kistna
53. Inner bark of *Bombax malabaricum*, Bombay
54. Stems of *Linum usitatissimum*, Nagpur
55. Fibre of *Hibiscus cannabinus*, Khandaish
56. Stems of *Linum usitatissimum*, Nagpur
57. Flax, *Linum usitatissimum*, Nagpur
58. Fibre of *Musa textilis*, Andaman Ids

Page 258 - <https://biodiversitylibrary.org/page/55370651>

59. Fibre of *Sterculia villosa*, Bamonpukri Range
60. Bark of *Maoutia Puya*, Kamrup
61. Half stuff of *Ischaemum angustifolium*, Lucknow
62. Half stuff of *Saccharum sara*, Lucknow
63. Bark of *Hardwickia binata*, Khandwa

15 January 1890

, Messrs Ide & Christie, 72 Mark Lane EC

One case containing the following collection of Indian fibres &

1. Fibre of *Hibiscus cannabinus*, Khandaish
2. Stems of *Linum usitatissimum*, Nagpur
3. Flax *Linum usitatissimum*, Nagpur
4. Fibre of *Musa textilis*, Andaman Ids
5. Fibre of *Sterculia villosa*, Bamonpukri Range
6. Bark of *Maoutia Puya*, Kamrup
7. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Pubna, Bengal
8. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gosaingunge, Bengal
9. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gourepuri, Bengal
10. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Naraingunge, Bengal
11. Jute, *Corchorus olitorius* & *Corchorus capsularis*, from Delhi
12. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Fakkeergunge, Bengal
13. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Nathpore, Bengal
14. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Meshta, Bengal
15. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gonore-tolah, Bengal
16. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Daisee, Bengal
17. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Serajgunge, Bengal
18. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Godhadhar-indranarain, Bengal
19. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Lalmoneerhat, Bengal
20. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Maldah
21. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Shumbogunge
22. Stems of *Ischaemum angustifolium*, Lucknow

Page 259 - <https://biodiversitylibrary.org/page/55370652>

23. Split stems of *Saccharum sara*, Lucknow
24. Culms of *Cyperus Pangorei*, Kistna, Madras
25. Fibre of *Agave americana*, Bot. Gard. Saharunpore
26. Fibre of *Agave vivipara*, Bot. Gard. Saharunpore
27. Fibre of *Agave vivipara*, Bot. Gard. Seebpore
28. Fibre of *Agave americana*, Hazaribagh
29. Fibre of *Agave americana*, var. *Mauritius*, Hazaribagh
30. Fibre of *Ananas sativa*, Calcutta
31. Inner bark of *Bombax malabaricum*, Bombay
32. Stems of *Linum usitatissimum*, Nagpur
33. Silk cotton, *Bombax malabaricum*, Kamrup
34. Silk cotton, *Bombax malabaricum*, South Malabar, Madras
35. Silk cotton, *Bombax malabaricum*, Lucknow
36. Fibre of *Crotalaria juncea*, Sealcote
37. Fibre of *Crotalaria juncea*, Garhwal
38. Fibre of *Crotalaria juncea*, Gardaspur
39. Fibre of *Crotalaria juncea*, Godaveri, Madras
40. Fibre of *Crotalaria juncea*, Kangra
41. Fibre of *Crotalaria juncea*, Bombay
42. Fibre of *Crotalaria juncea*, Jullundur
43. Fibre of *Crotalaria juncea*, Hoshiarpur
44. Coir, *Cocos nucifera*, Bombay
45. Fibrous portion of stem of *Caryota urens*, Bombay
46. Coir, *Cocos nucifera*, Madras
47. Mudar, *Calotropis gigantea*, Lucknow
48. Bark of *Broussonetia papyrifera*, Kamrup, Assam
49. Fibre from sheath of *Caryota urens*, Bombay
50. Jute *Corchorus olitorius* & *Corchorus capsularis*, var. *Jamadarhat*, Bengal
51. Jute *Corchorus olitorius* & *Corchorus capsularis*, var. *Rajgange*, Bengal
52. Bark of *Broussonetia papyrifera*, Burma
53. Bark of *Broussonetia papyrifera*, Lucknow

Page 260 - <https://biodiversitylibrary.org/page/55370653>

54. Bark of *Broussonetia papyrifera*, Kamrup, Assam
55. Fibre from leaf stalk of *Cocos nucifera*, 24 - Parganas, Bengal
56. Flower spikes of *Caryota urens*, Bombay
57. Cotton from *Bombax malabaricum*, Kurnool

15 January 1890

G C Walton Esq, Public Library & Museum, Folkestone

One case containing the following:-

1. Samples of paper from *Broussonetia papyrifera*, Corea
2. Samples of paper from *Broussonetia papyrifera*, Corea
3. Fruit of *Lagenaria vulgaris*
4. Fruit of Coco de mer (*Lodoicea sechellarum*)
5. Fruits of *Banksia ornata*
6. Fruits of *Eucalyptus macrocarpa*
7. Flowers of Phog (*Calligonum polygonoides*)
8. Ropes made of the fibre of *Butea frondosa*
9. Pods of *Acacia arabica*
10. Pods of *Acacia catechu*
11. Cutch (*Acacia catechu*)
12. Gum of *Acacia arabica*
13. Kino from *Butea frondosa*
14. Seeds of *Moringa pterygosperma*
15. Hirneola polytricha, New Zealand
16. Leaves of *Pinus australis*, N. Carolina, used for mat making
17. Bark, fibre and fabrics from *Boehmeria nivea*
18. Block of sugar from *Acer saccharinum*, N. America
19. Sample of pine wood matting (*Pinus australis*) N. Carolina
20. Dried specimen of *Coffea arabica*
21. Sample of coffee (*Coffea arabica*) Travancore
22. Seeds of *Theobroma cacao*, British Guiana
23. Wood of *Theobroma cacao*, Java

Page 261 - <https://biodiversitylibrary.org/page/55370654>

24. Wood of *Coffea arabica*, Madeira
25. Powdered potatoes prepared by Chollet & Co patent process
26. Sliced potatoes prepared by Chollet & Co patent process
27. Strips potatoes prepared by Chollet & Co patent process ( 2 samples)
28. Strips potatoes prepared by Chollet & Co patent process ( 2 samples)
29. Granulated chicory (*Cichorium Intybus*)
30. Roasted chicory (*Cichorium Intybus*)
31. Ground chicory (*Cichorium Intybus*)
32. Chicory nibs (*Cichorium Intybus*)
33. Gab fruits (*Diospyros embryopteris*)
34. Portion of plant of *Myrtus nummularia*
35. Portions of plants of *Azorella selago*
36. Dittany of Crete, *Origanum Dictamnus*
37. Zalap root (*Ipomoea Purga*)
38. Fruits of *Gardenia Thunbergia*
39. Roots of *Moringa pterygosperma*
40. Gum of Odina wodier
41. Roots of *Cynoglossum officinale*
42. Acorns (*Quercus placentaria*)
43. Cone of *Pinus canariensis*
44. Piassava fibre (*Attalea funifera*) Bahia
45. Spathe, spadix & fruit of *Manicaria plukinetii*, Guatemala
46. Large yellow and Black soy beans (*Glycine soja*)
47. Lozenge Gambier (*Uncaria Gambier*)
48. Fruits of *Cochlospermum Gossypium* N. Arcot, Madras
49. Fibre of *Hibiscus cannabinus*, Khandeish
50. Fruits of *Eriodendron anfractuosum*, Anantapur, Madras
51. Flax, *Linum usitatissimum*, Nagpur
52. Fibre of *Agave americana*, Bot. Gard. Saharunpore
53. Fibre of *Agave vivipara*, Bot. Gard. Seebpore
54. Roots of *Andropogon muricatus*, Rajmehal
55. Roots of *Andropogon muricatus*, Kistna, Madras

Page 262 - <https://biodiversitylibrary.org/page/55370655>

56. Stems of *Linum usitatissimum*, Nagpur
57. Silk cotton, *Bombax malabaricum*, Kamrup
58. Fibre of *Crotalaria juncea*, Sealcote
59. Fibre of *Crotalaria juncea*, Garhwal
60. Fibre of *Crotalaria juncea*, Bombay
61. Sheathing base of *Cocos nucifera*, Bombay
62. Coir, *Cocos nucifera*, Bombay
63. Mudar, *Calotropis gigantea*, Lucknow
64. Bark of *Broussonetia papyrifera*, Kamrup, Assam (2 samples)
65. Paper from *Broussonetia papyrifera*, Lucknow
66. Silk cotton, *Bombax malabaricum*, Nellore

15 January 1890

Dr Schomburgk, Botanic Garden, Adelaide

One case containing the following:-

1. Stems of *Ischaemum angustifolium*, Lucknow
2. Split stems of *Saccharum sara*, Lucknow
3. Culms of *Cyperus Pangorei*, Kistna, Madras
4. Fibre of *Agave americana*, Bot. Gard. Saharunpore
5. Fibre of *Agave vivipara*, Bot. Gard. Saharunpore
6. Fibre of *Agave vivipara*, Bot. Gard. Seebpore
7. Fibre of *Agave americana*, Hazaribagh
8. Fibre of *Agave americana*, var. Mauritius, Hazaribagh
9. Roots of *Andropogon muricatus*, Rajmehal
10. Roots of *Andropogon muricatus*, Kistna, Madras
11. Stems of *Linum usitatissimum*, Nagpur
12. Silk cotton, *Bombax malabaricum*, Kamrup
13. Silk cotton, *Bombax malabaricum*, Lucknow
14. Bark of *Hardwickia binata*, Khandwa
15. Fibre of *Crotalaria juncea*, Sealcote

Page 263 - <https://biodiversitylibrary.org/page/55370656>

16. Fibre of *Crotalaria juncea*, Garhwal
17. Fibre of *Crotalaria juncea*, Gardaspur
18. Fibre of *Crotalaria juncea*, Godaveri, Madras
19. Fibre of *Crotalaria juncea*, Bombay
20. Fibre of *Crotalaria juncea*, Jullundur
21. Fibre of *Crotalaria juncea*, Hoshiarpur
22. Coir, *Cocos nucifera*, Bombay
23. Coir, *Cocos nucifera*, Madras
24. Mudar, *Calotropis gigantea*, Lucknow
25. Bark of *Broussonetia papyrifera*, Kamrup, Assam (2 samples)
26. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Jamadarhat, Bengal
27. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Rajgange, Bengal
28. Bark of *Broussonetia papyrifera*, Burma
29. Bark of *Broussonetia papyrifera*, Lucknow
30. Paper from *Broussonetia papyrifera*, Lucknow
31. Silk cotton, *Bombyx malabaricum*, Ganjam
32. Roots of *Epiphegus americanus*
33. Fruits of *Solanum insidiosum*
34. Cones of *Pinus bahamensis*
35. Cigarette wrappers made of the split leaf of *Nipa fruticans*
36. Cones of *Leucadendron argenteum*
37. Gamboge seeds
38. Resin of *Dammara australis*
39. Root bark of *Datisca cannabina*
40. Fig nut fruit (*Chailletia toxicaria*)
41. Fruit of *Crescentia* sp.
42. Fruit of *Crescentia alata*
43. Fruits of *Solanum aculeatissimum*
44. Seeds of *Pentaclethra filamentosa*
45. Seeds of *Carapa guianensis*
46. Fruit of *Kigelia* sp. W Africa

Page 264 - <https://biodiversitylibrary.org/page/55370657>

- 47. Fruits of *Dillenia indica*
- 48. Fruit of *Crescentia cucurbitina*
- 49. Sample of Birch bark
- 50. Immature fruits of *Thespesia populnea*
- 51. Fruit of *Tanaecium jaroba*
- 52. Door-mat made of husk of *Zea Mays*
- 53. Two hanging bags of Birch bark ornamented with Porcupine quills
- 54. Two hanging bags of Birch bark ornamented with Porcupine quills
- 55. Two baskets made of split wood, probably *Fraxinus americana*
- 56. Two baskets made of split wood, probably *Fraxinus americana*
- 57. Two baskets made of split wood, probably Poplar
- 58. Two baskets made of split wood, probably Poplar
- 59. Four samples of paper from *Broussonetia papyrifera*, Corea
- 60. Four samples of paper from *Broussonetia papyrifera*, Corea
- 61. Four samples of paper from *Broussonetia papyrifera*, Corea
- 62. Four samples of paper from *Broussonetia papyrifera*, Corea
- 63. Samples of Yerba (*Ilex paraguariensis*)
- 64. Flowers of *Cedrela toona*
- 65. Various samples of Jute cords & twines
- 66. Wood of *Erythrina aurantiaca*, Fernando do Norhonia
- 67. Wood of *Psychotria insulana*, Fernando do Norhonia
- 68. Wood of *Croton odoratus*, Fernando do Norhonia
- 69. Wood of *Cordia globosa*, Fernando do Norhonia
- 70. Wood of *Jatropha Pohliana*, Fernando do Norhonia
- 71. Wood of *Bignonia rosea alba*, Fernando do Norhonia
- 72. Wood of *Capparis cynophallophora*, Fernando do Norhonia
- 73. Wood of *Jacquinia armillaris*, Fernando do Norhonia
- 74. Wood of *Bumelia fragrans*, Fernando do Norhonia
- 75. Two samples of seed of *Fevillea cordifolia*
- 76. Two samples of seed of *Fevillea cordifolia*
- 77. Seeds of *Cucumis sativus*, India
- 78. Coir, *Cocos nucifera*, Lagos
- 79. Fibre from *Arum colocasia*, Mauritius
- 80. Raw silk of *Bombyx mori*, Burma
- 81. Gum of *Odina wodier*
- 82. Cuticle of leaf of *Raphia ? vinifera*
- 83. Bark of *Daphne Gnidioides*
- 84. Fibre of *Musa* sp. near *Musa textilis*, Malacca

Page 265 - <https://biodiversitylibrary.org/page/55370658>

- 85. Seeds of *Hyptis spicigera*
- 86. Fruits of *Xylopia aethiopica*
- 87. Cone of *Pinus montezumae*
- 89. Paper made from fibre of *Lasiosiphon eriocephalus*
- 90. Bark of *Cinnamomum bassia*
- 91. Unknown wood from Somali coast - it affords a very poisonous alkali known as Wabaine
- 92. Dried specimens of *Rheum australe*
- 93. Two samples of Corean Ginseng
- 94. Two samples of Corean Ginseng
- 95. Fruits of *Cynometra ramiflora*
- 96. Bark of *Piptadenia macrocarpa*
- 97. Congo ball rubber from *Landolphia*
- 98. Fruit of Coco de mer (*Lodoicea sechellarum*)
- 99. Gum from *Anacardium occidentale*
- 100. Flowers of *Calligonum polygonoides*
- 101. Cutch, *Acacia catechu*, Madras
- 102. Kino, *Butea frondosa*, Deccan
- 103. Wood of *Acacia catechu*, Burma
- 104. Pods of *Acacia arabica*, Niger
- 105. Hirneola polytricha, New Zealand
- 106. Wooden model of a fish spear from N. America
- 107. Mat made of split stems of *Bambusa Balcooa*
- 108. Sample of Pine wool matting (*Pinus australis*) N. America
- 109. Two bobbins with Jute yarn
- 110. Two bobbins with Jute yarn
- 111. Gum resin of *Balsamodendron Roxburghii*
- 112. Fruit of *Simaba cedron*
- 113. Gum of *Terminalia belerica*
- 114. Seeds of *Amomum Danielli*
- 115. Fruits of *Terminalia catappa*

Page 266 - <https://biodiversitylibrary.org/page/55370659>

- 116. Ball of Ceara Rubber (*Manihot Glaziovii*)
- 117. Pods of *Gymnocladus chinensis*
- 118. Pods of *Gleditschia sinensis*
- 119. Fibre of *Ficus Rumphii*, Burma
- 120. Cigarettes made of Tobacco enclosed in the leaf of *Diospyros tomentosa*
- 121. Four samples of potatoes prepared by Chollet & Co. patent process
- 122. Four samples of potatoes prepared by Chollet & Co. patent process
- 123. Four samples of potatoes prepared by Chollet & Co. patent process
- 124. Four samples of potatoes prepared by Chollet & Co. patent process
- 125. Roasted chicory root
- 126. Ground chicory root
- 127. Chicory nibs
- 128. Gab fruits (*Diospyros embryopteris*)
- 129. Roots of *Chiococca anguituga*
- 130. Portion of plant of *Myrtus nummularia*
- 131. Portions of plants of *Azorella selago*
- 132. Dittany of Crete, *Origanum Dictamnus*
- 133. Acorns of *Quercus pachyphylla*
- 134. Acorns of *Quercus lancaeifolia*
- 135. Acorns of *Quercus incana*
- 136. Gambier (*Uncaria Gambier*) Singapore
- 137. Fruits of *Ochroma lagopus*, Jamaica
- 138. Roots of *Asarum canadense*
- 139. Stigmata of Maize, U. S. America
- 140. Leaves of winter green, *Gaultheria procumbens*
- 141. Leaves of *Diospyros tomentosa*, Bombay
- 142. Shirkhist or Manna, *Cotoneaster* sp. Afghanistan
- 143. Fruits of *Amomum melegueta*
- 144. Cone of *Araucaria brasiliensis*, Brazil
- 145. Pods of *Dichrostachys platycarpa*, S. Leone
- 146. Fruits of *Bombax jenmani*, B. Guiana
- 147. Fruits of *Piper Clusii*, Cent. Africa
- 148. Mezzotype view in Bot. Garden, Castleton, Jamaica
- 149. Photograph of *Hyophorbe amaricaulis*

17 January 1890

Prof Bernadin, Conservateur, Conservateur du Musée de Maison de Melle, Gand, Belgium

Two boxes containing the following collection of specimens:- Deceased Jan 1890 [T Ernest, Prefect of Studies]

- 1. Fruits of *Cochlospermum Gossypium* N. Arcot, Madras
- 2. Fibre of *Hibiscus cannabinus*, Khandeish
- 3. Fruits of *Eriodendron anfractuosum*, Anantapur, Madras
- 4. Stems of *Linum usitatissimum*, Nagpur

Page 268 - <https://biodiversitylibrary.org/page/55370661>

5. Flax of *Linum usitatissimum*, Nagpore
6. Fibre of *Musa textilis*, Andaman Ids
7. Fibre of *Sterculia villosa*, Bamonpukri range
8. Half stuff of *Ischaemum angustifolium*, Lucknow
9. Half stuff of *Saccharum sara*, Lucknow
10. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Pubna, Bengal
11. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gosaingunge, Bengal
12. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gourepuri, Bengal
13. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Naraingunge, Bengal
14. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Nathpore, Bengal
15. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Godhadhar-indranarain, Bengal
16. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Jamadarhat, Bengal
17. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Rajgange, Bengal
18. Fibre of *Crotalaria juncea*, Sealcote
19. Fibre of *Crotalaria juncea*, Garhwal
20. Fibre of *Crotalaria juncea*, Gardaspur
21. Fibre of *Crotalaria juncea*, Bombay
22. Fibre of *Crotalaria juncea*, Jullundur
23. Fibre of *Crotalaria juncea*, Hoshiarpur
24. Sheathing base of *Cocos nucifera*, Bombay
25. Cocoa nut coir, *Cocos nucifera*, Bombay
26. Fibrous portion of stem of *Caryota urens*, Bombay
27. Fibre of *Cocos nucifera*, Madras
28. Spathes of *Cocos nucifera*, Bombay
29. Mudar, *Calotropis gigantea*, Lucknow
30. Bark of *Broussonetia papyrifera*, Kamrup (2 samples)
31. Bark of *Broussonetia papyrifera*, Kamrup (2 samples)
32. Paper from *Broussonetia papyrifera*, Lucknow
33. Bark of *Broussonetia papyrifera*, Lucknow
34. Silk cotton from *Bombax malabaricum*, Bellary
35. Stems of *Ischaemum angustifolium*, Lucknow
36. Split stems of *Saccharum sara*, Lucknow

Page 269 - <https://biodiversitylibrary.org/page/55370662>

37. Culms of *Cyperus Pangorei*, Kistna, Madras
38. Fibre of *Agave americana*, Bot. Gard. Saharunpore
39. Fibre of *Agave vivipara*, Bot. Gard. Seebpore
40. Fibre of *Agave vivipara*, Bot. Gard. Saharunpore
41. Fibre of *Agave americana*, Hazaribagh
42. Roots of *Andropogon muricatus*, Rajmehal
43. Roots of *Andropogon muricatus*, Kistna, Madras
44. Inner bark of *Bombax malabaricum*, Bombay
45. Stems of *Linum usitatissimum*, Nagpur
46. Inner bark of *Bombax malabaricum*, Lucknow
47. Silk cotton, *Bombax malabaricum*, Kamrup
47. Silk cotton, *Bombax malabaricum*, Kamrup
48. Creosote plant, *Larrea mexicana*
49. Bamboo receptacle into which the varnish flows from incisions made in the stems of *Rhus vernicifera*
50. Spathe, spadix and fruit of *Manicaria Plukenetii*, Guatemala
51. Portions of plant of *Azorella selago*, Crozets
52. Leaves of *Yucca filifera*, Monterey, Mexico
53. Six views from a Mountain Estate in Ceylon

  - 71. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Godhadhar-indranarain, Bengal
  - 72. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gonore-tolah, Bengal
  - 73. Fibre of *Crotalaria juncea*, Sealcote
  - 74. Fibre of *Crotalaria juncea*, Garhwal
  - 75. Fibre of *Crotalaria juncea*, Gardaspur
  - 76. Fibre of *Crotalaria juncea*, Kangra
  - 77. Fibre of *Crotalaria juncea*, Bombay
  - 78. Fibre of *Crotalaria juncea*, Jullundur
  - 79. Fibre of *Crotalaria juncea*, Hoshiarpur
  - 80. Fibre of *Cocos nucifera*, Madras
  - 81. Coir, *Cocos nucifera*, Bombay
  - 82. Sheathing base of *Cocos nucifera*, Bombay
  - 83. Mudar, *Calotropis gigantea*, Lucknow
  - 84. Spathes of *Cocos nucifera*, Bombay
  - 85. Bark of *Broussonetia papyrifera*, Kamrup
  - 86. Bark of *Broussonetia papyrifera*, Burma
  - 87. Bark of *Broussonetia papyrifera*, Lucknow
  - 88. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Jamadarhat
  - 89. Paper from *Broussonetia papyrifera*, Lucknow
  - 90. Cotton from *Bombax malabaricum*, S. Arcot
  - 91. Stems of *Ischaemum angustifolium*, Lucknow
  - 92. Split stems of *Saccharum sara*, Lucknow

Page 275 - <https://biodiversitylibrary.org/page/55370668>

93. Culms of *Cyperus Pangorei*, Kistna, Madras
94. Fibre of *Agave americana*, Bot. Gard. Saharunpore
95. Fibre of *Agave vivipara*, Bot. Gard. Saharunpore
96. Fibre of *Agave vivipara*, Bot. Gard. Saharunpore
97. Fibre of *Agave americana*, Hazaribagh
98. Fibre of *Agave americana*, (var. *Mauritius*) Hazaribagh
99. Roots of *Andropogon muricatus*, Rajmehal
100. Roots of *Andropogon muricatus*, Kistna, Madras
101. Inner bark of *Bombax malabaricum*, Bombay
102. Stems of *Linum usitatissimum*, Nagpur
103. Inner bark of *Bombax malabaricum*, Khandwa
104. Silk cotton from *Bombax malabaricum*, Kamrup
105. Silk cotton from *Bombax malabaricum*, Lucknow

10 February 1890

Prof I B Balfour, Royal Botanic Garden, Edinburgh

One box containing the following specimens:-

1. Fruits of *Ficus pumila*, Formosa
2. Portrait of Louis van Houtte
3. Cones of *Pinus excelsa*, Kangra, Punjab
4. Cones of *Pinus insignis*, California
5. Fruits of *Banksia ornata*, Wimmera, Victoria
6. Fruits of *Pandanus labyrinthicus*, Buitenzorg
7. Spadix of *Ancistrophyllum secundiflorum*, Niger Expedition
8. Acorns of *Quercus Eichleri*, Sumatra
9. Six lobed fruit of Coco de Mer, *Lodoicea sechellarum*
10. Plant of *Vellozia variabilis*, Brazil

Page 276 - <https://biodiversitylibrary.org/page/55370669>

13 February 1890

Prof F O Bower MA FLS, University Glasgow

1 box containing the following:-

1. Section of stem of *Macrozamia moorei*
2. Fruits of *Ficus pumila*
3. Fruits of *Cochlospermum Gossypium*
4. Fruits of *Eriodendron anfractuosum*
5. Cones of *Pinus Davidiana*, Itupeh, Dr Henry
6. Cardamoms, *Elettaria cardamomum*
7. Seeds of *Strychnos nux vomica*
8. Galls of *Pistacia vera*, Coll. Aitchison
9. Creosote plant, *Larrea mexicana*

17 February 1890

W Fawcett Esq FLS, Director, Public Gardens & Plantations, Kingston, Jamaica

For Jamaica Exhibition. By Goods Train. (c/o Obree & Co. Southampton) One box containing the following:-

1. Mat made of culms of *Cyperus Pangorei*, Tanjore
2. Fibre of *Agave americana*, Bot. Gard. Saharunpore
3. Fibre of *Agave americana* for mats, Tanjore
4. Fibre of *Agave vivipara*, Bot. Gard. Saharunpore
5. Fibre of *Agave vivipara*, Bot. Gard. Seebpore
6. Fibre of *Agave americana*, Hazaribagh
7. Fibre of *Agave americana*, var. Mauritius, Hazaribagh
8. Fibre of *Ananas sativa*, Calcutta
9. Roots of *Andropogon muricatus*, Rajmehal
10. Roots of *Andropogon muricatus*, Kistna, Madras
11. Inner bark of *Bombax malabaricum*, Bombay
12. Stems of *Linum usitatissimum*, Nagpur
13. Inner bark of *Bombax malabaricum*, Khandwa

Page 277 - <https://biodiversitylibrary.org/page/55370670>

14. Silk cotton, *Bombax malabaricum*, Kamrup
15. Silk cotton, *Bombax malabaricum*, Palyhat
16. Silk cotton, *Bombax malabaricum*, Lucknow
17. Bark of *Hardwickia binata*, Khandwa
18. Fibre of *Crotalaria juncea*, Sealcote
19. Fibre of *Crotalaria juncea*, Garwhal
20. Fibre of *Crotalaria juncea*, Gardaspur
21. Fibre of *Crotalaria juncea*, Godaveri
22. Fibre of *Crotalaria juncea*, Kangra
23. Fibre of *Crotalaria juncea*, Bombay
24. Fibre of *Crotalaria juncea*, Jullundur
25. Fibre of *Crotalaria juncea*, Hoshiarpur
26. Sheathing base of *Cocos nucifera*, Bombay
27. Coir, *Cocos nucifera*, Bombay
28. Fibrous portion of stem of *Caryota urens*, Bombay
29. Fibre of *Cocos nucifera*, Madras
30. Mudar, *Calotropis gigantea*, Lucknow
31. Spathes of *Cocos nucifera*, Bombay
32. Bark of *Broussonetia papyrifera*, Kamrup (2 samples)
33. Bark of *Broussonetia papyrifera*, Kamrup (2 samples)
34. Bark of *Broussonetia papyrifera*, Burma
35. Fibre of *Hibiscus cannabinus*, Khandeish
36. Fruits of *Eriodendron anfractuosum*, Anantapur
37. Stems of *Linum usitatissimum*, Nagpur
38. Flax of *Linum usitatissimum*, Nagpur
39. Fibre of *Musa textilis*, Andaman Islands
40. Fibre of *Sterculia villosa*, Bamonpukri range
41. Bark of *Maoutia Puya*, Kamrup
42. Half stuff of *Ischaemum angustifolium*, Lucknow
43. Half stuff of *Saccharum sara*, Lucknow
44. Stems of *Ischaemum angustifolium*, Lucknow
45. Split stems of *Saccharum sara*, Lucknow

- 72. Bark of *Broussonetia papyrifera*, Royal. Bot. Gard. Seebpore
- 73. Silk cotton from *Bombax malabaricum*, Nilgiris
- 74. Stick of *Caryota urens*, Bombay (handle for balance)
- 75. Bundle of stems of *Arundo karka*, Faridpur, India

Also a package containing stems of *Arundo karka* from Faridpur

Page 279 - <https://biodiversitylibrary.org/page/55370672>

24 February 1890

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square , WC

A small box containing a sample of "Cotton seed lard", a mixture of cotton seed oil and beef suet

3 March 1890

The Provost, University of Pennsylvania

Box containing the following specimens:- (c/o Messrs E. H Bailey & Co. Custom House Brokers Philadelphia U.S.A

1. Fruits of *Xylopia aethiopica*
2. Gum of *Calophyllum inophyllum*
3. Roasted Chicory
4. Chicory nibs
5. Gab fruits (*Diospyros embryopteris*)
6. Gambier, *Uncaria Gambier*
7. Tea, *Vaccinium arctostaphylos*
8. Kamala power, *Mallotus philippinensis*
9. Flowers of *Calligonum polygonoides*
10. Pods of *Acacia catechu*
11. Hirneola *polytricha*
12. Fruits of *Cochlospermum gossypium*, N. Arcot
13. Fibre of *Hibiscus cannabinus*, Khandeish
14. Fruits of *Eriodendron anfractuosum*, Anantapur
15. Stems of *Linum usitatissimum*, Nagpur
16. Flax of *Linum usitatissimum*, Nagpur
17. Fibre of *Musa textilis*, Andaman Ids
18. Fibre of *Sterculia villosa*, Bamonpukri range
19. Half stuff of *Ischaemum angustifolium*, Lucknow
20. Half stuff of *Saccharum sara*
21. *Stipa tenacissima*
22. Sample of New Zealand flax as imported
23. Safflower, *Carthamus tinctorius*, Hooghly

Page 280 - <https://biodiversitylibrary.org/page/55370673>

24. Tapa cloth, *Broussonetia papyrifera*
25. Kino, *Butea frondosa*
26. Resin of *Canarium strictum*
27. Gum of *Cochlospermum Gossypium*
28. Zalil flowers *Delphinium Zalil*
29. Phog flowers, *Calligonum polygonoides*
30. Mucherus, *Bombax malabaricum*
31. Candles made of Piney tallow, *Vateria indica*
32. Three samples of paper made from *Broussonetia papyrifera*, Corea
33. Three samples of paper made from *Broussonetia papyrifera*, Corea
34. Three samples of paper made from *Broussonetia papyrifera*, Corea
35. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Pubna, Bengal
36. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gosaingunge, Bengal
37. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gourepuri, Bengal
38. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Naraingunge, Bengal
39. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Takeigunge, Bengal

47. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Shumbogunge, Bengal
48. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Jamadar-hat
49. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Rajgange, Bengal
50. Jute, *Corchorus olitorius* & *Corchorus capsularis* from Delhi
51. Bottle of varnish from *Melanorrhoea usitata*, Burma
52. Bark of *Broussonetia papyrifera*, Burma
53. Bark of *Broussonetia papyrifera*, Lucknow
54. Bark of *Broussonetia papyrifera*, Kamrup
55. Bark of *Broussonetia papyrifera*, Kamrup
56. Paper from *Broussonetia papyrifera*, Lucknow
57. Bark of *Hardwickia binata*, Khandwa

Page 281 - <https://biodiversitylibrary.org/page/55370674>

58. Fibre from leaf stalk of *Cocos nucifera*, 24 Parganas, Bengal
59. Silk cotton, *Bombax malabaricum*, Godaveri
60. Coir, *Cocos nucifera*, Madras
61. Mudar, *Calotropis gigantea*, Lucknow
62. Spathes of *Cocos nucifera*, Bombay
63. Cones of *Picea Davidiana*

18 March 1890

Dr F Oliver, University College London

1. Fruit of Coco de mer (*Lodoicea sechellarum*)
2. Cone of *Pinus khasiana*
3. Fruits of *Garcinia* sp. Siam
4. Fruits of Gambia Mahogany tree (*Khaya senegalensis*)
5. Drupes of *Pandanus odoratissimus*, China
6. Cone of *Pinus ayacahuite*, Isle of Man

24 April 1890

J H Maiden Esq, Curator and Secretary, Technological & Industrial Museum, Sydney, N.S Wales

One case containing the following:- (c/o Sir Saul Samuel K.C.M.G 5 Westminster Chambers Victoria Street S.W)

1. Cones of *Picea Davidiana*
2. Cones of *Pinus* sp. China, Coll Dr Henry
3. Shoes made of fibre of *Tilia* sp. Ichang
4. Bark of *Stuartia*, Ichang
5. Fibre of *Tilia* sp. Ichang
6. Cones of *Pinus armandi*, China
7. Bark of *Cinnamomum Tamala*
8. Cones of *Pinus Bungeana*, China
9. Cones of *Pinus massoniana*
10. Rhizome of *Coptis Teeta*, Hupeh, Dr Henry

Page 282 - <https://biodiversitylibrary.org/page/55370675>

11. Shells and Hollow Bamboo used in China for collecting the varnish from *Rhus vernicifera*
12. Candles made of varnish seed oil (*Rhus vernicifera*) Ichang
13. Galls of *Rhus semialata*, Hupeh
14. Gamboge from Burma
15. Fruits of *Garcinia mangostana*, Bombay
16. Mango butter *Garcinia mangostana*, Mangalore
17. St Ignatius' beans, *Strychnos Ignatii*, Philippines
18. Bark of *Strychnos atherstonei atherstonei*, Natal
19. Fibre of *Urena lobata*, Lagos
20. Fibre of *Hibiscus cannabinus*, Lagos
21. Fibre of *Hibiscus sabdariffa*, Lagos
22. Fibre of *Sida cordifolia*, Lagos
23. Fibre of *Sida carpinifolia*, Lagos
24. Fibre of Honckenya *ficifolia*
25. Leaves of *Menyanthes trifoliata*
26. Roots of *Gentiana punctata*
27. Roots of *Gentiana lutea*
28. False Angostura bark (*Strychnos nux-vomica*)
29. Roots of *Gentiana kurroo*
30. Seeds of *Bixa orellana*, Lagos
31. Fruit of Coco de mer (*Lodoicea sechellarum*)
32. Bark of *Chione glabra*, Trinidad
33. Dittany, Crete, *Origanum dictamnus*
34. Winter savoury seed (*Satureia montana*)
35. Leaves of *Satureia hortensis*
36. Leaves of *Zataria multiflora*
37. Patchouly, *Pogostemon Patchouli*
38. Catmint, *Nepeta cataria*
39. Six small boxes made of Burmese lacquer
40. Coir, *Cocos nucifera*, Bombay

41. Fibrous portion of stem of *Caryota urens*, Bombay
42. Fibre from *Cocos nucifera*, Madras
43. Mudar, *Calotropis gigantea*, Lucknow
44. Spathes of *Cocos nucifera*, Bombay
45. Bark of *Broussonetia papyrifera*, Kamrup (2 samples)
46. Bark of *Broussonetia papyrifera*, Burma
47. Bark of *Broussonetia papyrifera*, Lucknow
48. Paper from *Broussonetia papyrifera*, Lucknow
49. Flower spikes of *Caryota urens*, Bombay
50. Silk cotton, *Bombax malabaricum*, Tinnevelly
51. Inner bark of *Bombax malabaricum*, Bombay
52. Inner bark of *Bombax malabaricum*, Khandwa
53. Silk cotton of *Bombax malabaricum*, Kamrup
54. Silk cotton of *Bombax malabaricum*, Lucknow
55. Stems of *Ischaemum angustifolium*, Lucknow
56. Split stems of *Saccharum sara*, Lucknow
57. Culms of *Cyperus Pangorei*, Kistna, Madras
58. Mat made of split stems of *Arundo karka*, Faridpore
59. Mat made of culms of *Cyperus tegetum* 24 Parganas, Bengal
60. Mat made of culms of *Cyperus Pangorei*, Tanjore
61. Mat made of culms of *Cyperus tegetum*, Midnapur
62. Mat made of culms of *Cyperus Pangorei*, Tanjore
63. Fibre of *Agave americana*, Bot. Gard. Saharunpore
64. Fibre of *Agave americana*, Hazaribagh
65. Fibre of *Agave americana*, var. Mauritius, Hazaribagh
66. Fibre of *Agave vivipara*, Bot. Gard. Saharunpore
67. Fibre of *Agave vivipara*, Bot. Gard. Seebpore
68. Fibre of *Ananas sativa*, Calcutta
69. Roots of *Andropogon muricatus*, Rajmehal
70. Roots of *Andropogon muricatus*, Kistna, Madras
71. Stems of *Linum usitatissimum*, Nagpur

Page 284 - <https://biodiversitylibrary.org/page/55370677>

72. Bark of *Hardwickia binata*, Khandwa
73. Fruits of *Cochlospermum gossypium*, N. Arcot, Madras
74. Fibre of *Hibiscus cannabinus*, Khandaish
75. Fruits of *Eriodendron anfractuosum*, Anantapur, Madras
76. Stems of *Linum usitatissimum*, Nagpur. Cent Provinces.
77. Flax of *Linum usitatissimum*, Nagpur, Cent. Provinces
78. Fibre of *Sterculia villosa*, Bamonpukri range
79. Bark of *Maoutia Puya*, Kamrup
80. Half stuff of *Ischaemum angustifolium*, Lucknow
81. Half stuff of *Saccharum sara*, Lucknow
82. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Pubna, Bengal
83. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gosaingunge, Bengal
84. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gourepuri, Bengal
85. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Naraingunge, Bengal
86. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Takeigunge, Bengal
87. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Daisee, Bengal
88. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Maldah, Bengal
89. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Jamadar-hat
90. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Rajgange, Bengal
91. Jute, *Corchorus olitorius* & *Corchorus capsularis*, from Delhi
92. Fibre of *Crotalaria juncea*, Sealcote
93. Fibre of *Crotalaria juncea*, Garwhal
94. Fibre of *Crotalaria juncea*, Gardaspur
95. Fibre of *Crotalaria juncea*, Godaveri, Madras
96. Fibre of *Crotalaria juncea*, Kangra
97. Fibre of *Crotalaria juncea*, Bombay
98. Fibre of *Crotalaria juncea*, Jullundur
99. Fibre of *Crotalaria juncea*, Hoshiarpur
100. Sheathing base of *Cocos nucifera*, Bombay

Page 285 - <https://biodiversitylibrary.org/page/55370678>

8 May 1890

M Fodaro, University of Palermo, Italy

Six permanent photographs of the Royal Gardens, Kew

12 May 1890

Dr J Mac Leod, Director, Botanic Garden, Ghent, Belgium

The following fruits &c.

1. Pods of *Prosopis pubescens*, Arizona
2. Pod of *Cassia Fistula*, Assam
3. Pods of *Vigna catiang*, Trop. Africa
4. Pod of *Canavalia ensiformis*, W. Africa
5. Fruits of *Detarium senegalense*, Nupé
6. Fruits of *Oncoba spinosa*, Niger
7. Pods of *Erythrina senegalensis*, Niger
8. Pods of *Parkia biglobosa*, Niger
9. Fruits, *Samadera indica*, E. Indies
10. Cotton pods, W. Berar
11. Fruits & seeds of *Sterculia tomentosa*, Niger
12. Fruit of *Eriodendron anfractuosum*, India
13. Seeds of *Calodendron capense*, S. Africa
14. Fruit of *Hippocratea* sp. Trinidad
15. Seeds of *Mesua ferrea*, Kamrup
16. Fruits of *Calophyllum inophyllum*, Ceylon
17. Fruits of *Zizyphus vulgaris*, Yarkand
18. Fruits of *Calophyllum tomentosum*, Ceylon
19. Fruits of *Cochlospermum gossypium*, Madras
20. Pods of *Cassia sophera*, India

12 May 1890

Dr G Brown Goode, US National Museum, Washington U.S America

One case containing the following:- per (W. Wesley & Son 28 Essex Street Strand)

1. Seeds of *Bixa orellana*, Lagos
2. Fruits of *Coco de Mer*, *Lodoicea sechellarum*
3. Bark of *Chione glabra*, Trinidad
4. Wood of *Baphia pubescens*, Gaboon
5. Wood of *Plectonia lucidum*, Queensland
6. Sisal Hemp, *Agave rigida*, var. *Sisalana*, Bahamas
7. Flower heads of *Spilanthes oleracea*, Para
8. Seeds of *Guizotia abyssinica*, Bengal

Page 286 - <https://biodiversitylibrary.org/page/55370679>

9. Scrapings from stems and portions of leaves of *Echinops cornigerus* used as tinder in Leh
10. Seeds of *Lagenaria vulgaris*, Bombay
11. Fruits of *Luffa echinata*, Bombay
12. Root bark of *Plumbago rosea*, Bombay
13. Husked seeds of *Benincasa cerifera*
14. Wild Chamomile, *Matricaria glabrata*, Cape
15. Roots of *Plantago rosea*, Madras
16. Seeds of *Luffa aegyptica*, Bombay
17. Cowslip flowers, *Primula veris*, Britain
18. Porto Rico Satinwood, *Terminalia (Bucida capitata)*
19. Leaves of *Feronia elephantum*, E. Indies
20. Leaves of *Murraya koenigii*, E. Indies
21. Gum of *Acacia arabica*, Madras
22. Dogwood (*Bedfordia salicina*) Tasmania
23. Roots of *Andropogon muricatus*, Rajmehal
24. Roots of *Andropogon muricatus*, Kistna, Madras
25. Inner bark of *Bombax malabaricum*, Khandwa
26. Inner bark of *Bombax malabaricum*, Bombay
27. Stems of *Linum usitatissimum*, Nagpur
28. Flax of *Linum usitatissimum*, Nagpur
29. Silk cotton, *Bombax malabaricum*, Kamrup
30. Silk cotton, *Bombax malabaricum*, S. Comibalore, Madras
31. Silk cotton, *Bombax malabaricum*, Lucknow
32. Bark of *Hardwickia binata*, Khandwa
33. Fibre of *Crotalaria juncea*, Sealcote
34. Fibre of *Crotalaria juncea*, Garwhal
35. Fibre of *Crotalaria juncea*, Gardaspur
36. Fibre of *Crotalaria juncea*, Godaveri, Madras
37. Fibre of *Crotalaria juncea*, Kangra
38. Fibre of *Crotalaria juncea*, Bombay

Page 287 - <https://biodiversitylibrary.org/page/55370680>

39. Fibre of *Crotalaria juncea*, Jullundur
40. Fibre of *Crotalaria juncea*, Hoshiarpur
41. Sheathing base of *Cocos nucifera*, Bombay
42. Coir, *Cocos nucifera*, Bombay
43. Fibre of *Cocos nucifera*, Madras
44. Mudar, *Calotropis gigantea*, Lucknow
45. Bark of *Broussonetia papyrifera*, Kamrup, Assam (2 samples)
46. Bark of *Broussonetia papyrifera*, Burma
47. Bark of *Broussonetia papyrifera*, Lucknow
48. Paper from *Broussonetia papyrifera*, Lucknow
49. Fibre from leaf stalk of *Cocos nucifera*, 24 Parganas, Bengal
50. Silk cotton, *Bombax malabaricum*, N. Malabar
51. Cones of *Picea Davidiana*
52. Fruits of *Magnolia* sp. China. Coll. Dr Henry
53. Cones of *Picea* sp.
54. Sandal made of the fibre of *Tilia* sp. Ichang
55. Poison plant, *Gastrolobium bilobum*, W. Australia
56. Sleeping mat of leaves of *Pandanus*, New Guinea
57. Fruits of *Cochlospermum gossypium*, N. Arcot, Madras
58. Fibre of *Hibiscus cannabinus*, Khandeish
59. Fruits of *Eriodendron anfractuosum*, Anantapur
60. Fibre of *Musa textilis*, Andaman Ids
61. Fibre of *Sterculia villosa*, Bamonpukri range
62. Bark of *Maoutia Puya*, Kamrup
63. Half stuff of *Ischaemum angustifolium*, Lucknow
64. Half stuff of *Saccharum sara*, Lucknow
65. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Pubna, Bengal
66. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Jamadar-hat, Bengal
67. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gourepuri, Bengal
68. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Naraingunge, Bengal
69. Jute, *Corchorus olitorius* & *Corchorus capsularis*, from Delhi

Page 288 - <https://biodiversitylibrary.org/page/55370681>

70. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. *Fakeergunge*, Bengal
71. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. *Nathpore*, Bengal
72. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. *Meshta*, Bengal
73. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. *Rajgange*, Bengal
74. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. *Gohore-tolah*, Bengal
75. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. *Daisee*, Bengal
76. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. *Serajgunge*, Bengal
77. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. *Lal Moneerhat*, Bengal
78. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. *Shumbogunge*, Bengal
79. Stems of *Ischaemum angustifolium*, Lucknow
80. Split stems of *Saccharum sara*, Lucknow
81. Culms of *Cyperus Pangorei*, Madras
82. Fibre of *Agave americana*, Bot. Gard. Saharunpore
83. Fibre of *Agave americana*, Hazaribagh
84. Fibre of *Agave americana*, var. *Mauritius*, Hazaribagh
85. Fibre of *Agave vivipara*, Bot. Gard. Saharunpore
86. Fibre of *Agave vivipara*, Bot. Gard. Seebpore
87. Fibre of *Ananas sativa*, Calcutta

4 June 1890

The Under Colonial Secretary, Queensland Museum, Brisbane, Queensland

One case containing the following:- per (Messrs Atkins & Nisbet 1 Water Lane Great Tower Street, E.6)

1. Fruits of *Lagerstroemia lanceolata*
2. Woad, *Isatis tinctoria*
3. Gum of *Cochlospermum gossypium*
4. Root of *Ventilago calyculata*
5. Seeds of *Buchanania angustifolia*
6. Bark of *Tsuga mertensiana*
7. Mocherus, *Bombax malabaricum*

Page 289 - <https://biodiversitylibrary.org/page/55370682>

8. Seeds of *Pennisetum typhoideum*
9. Roots of *Hydrastis canadensis*
10. Prepared leaves of *Pinus palustris* for mat-making
11. Kino, *Butea frondosa*
12. Marking nut, *Semecarpus anacardium*
13. Fibre of *Boehmeria Puya*
14. Sarawak Illipe nuts
15. Bark of *Ilex verticillata*
16. Model of snake gourd, *Trichosanthes anguina*
17. Leaves of *Erythrina monogynum*
18. Lac from *Zizyphus vulgaris*
19. Tea, *Vaccinium arctostaphylos*
20. Seeds of *Strychnos nux-vomica*
21. Toon flowers, *Cedrela Toona*
22. Flowers of *Calligonum polygonoides*
23. Flowers of *Gnaphalium polycephalum*
24. Kamala, *Mallotus philippinensis*
25. Sal resin, *Shorea robusta*
26. Gum from *Dorema ammoniacum*
27. Flowers of *Delphinium zalil*
28. Roots of *Asparagus adscendens*
29. Galls of *Pistacia vera*
30. Gum of *Elaeodendron glaucum*
31. Gum of *Chloroxylon swietenia*
32. Fibre of *Corchorus olitorius*
33. Gum of *Melia azadirachta*
34. Three small mats made of Coir, *Cocos nucifera*
35. Portrait of L. van Houtte
36. Japan wax, *Rhus succedanea*
37. Rope made of stems of *Pteris aquilina*
38. Seeds of *Pentaclethra macrophylla*

Page 290 - <https://biodiversitylibrary.org/page/55370683>

- 39. Bark of Daphne Gnidium
- 40. Fibre from Eriophorum vaginatum
- 41. Seed pods of Wallaba, Eperua falcata
- 42. Fruits of Xylopia aethiopica
- 43. Bark of Cinnamomum cassia
- 44. Seeds of Treculia africana
- 45. Paper made of fibre of Lasiosiphon eriocephalus
- 46. Paper made of Rhea fibre, Boehmeria nivea
- 47. Paper made of wild Rhea fibre
- 48. Coloured plate of Plumeria rubra
- 49. Photograph of Theobroma cacao in fruit, Ceylon
- 50. Photograph of Cocoa nut palms
- 51. Photograph Talipot palm (*Corypha umbraculifera*)
- 52. Collection of photographs of plants in the Botanic Garden Peradeniya, Ceylon
- 53. Photograph of Caryota ochlandra, Whampoa
- 54. Fibre of Urena lobata, Lagos
- 55. Fibre of Hibiscus cannabinus, Lagos
- 56. Fibre of Hibiscus sabdariffa
- 57. Leaves of Menyanthes trifoliata
- 58. Root of Gentiana lutea
- 59. Toja fibre, Urena lobata
- 60. Seeds of Bixa orellana, Lagos
- 61. Bark of Chione glabra, Trinidad
- 62. Wood of Canthium umbellatum, Scinde
- 63. Wood of Pterocarpus erinaceus, Gabon
- 64. Wood of Baphia pubescens, Gabon
- 65. Porto Rico satin wood, Terminalia (*Bucida capitata*)
- 66. Sisal Hemp, Agave rigidula, var. Sisalana, Bahamas
- 67. Flower heads of Spilanthes oleracea, Para
- 68. Seeds of Guizotia abyssinica, Bengal

- 133. Silk cotton, *Bombax malabaricum*, Kamrup
- 134. Silk cotton, *Bombax malabaricum*, Lucknow
- 135. Bark of *Hardwickia binata*, Khandwa
- 136. Portions of plant of *Myrtus nummularia*
- 137. Dittany, Crete, *Origanum Dictamnus*
- 138. Cones of *Pinus excelsa*
- 139. Herb, *Heliotropium indicum*
- 140. Roots of *Cynoglossum officinale*
- 141. Roots of *Moringa pterygosperma*
- 142. Pods of *Acacia arabica*, Niger
- 143. *Hirneola polytricha*
- 144. Matting made of Pine wool from *Pinus australis*, N. Carolina
- 145. Fruits of *Cochlospermum gossypium*, N. Arcot, Madras
- 146. Fibre of *Hibiscus cannabinus*, Khandeish
- 147. Fruits of *Eriodendron anfractuosum*, Anantapur, Madras
- 148. Stems of *Linum usitatissimum*, Nagpur, Cent. Provinces
- 149. Fibre of *Musa textilis*, Andaman Islands
- 150. Fibre of *Sterculia villosa*, Bamonpukri range
- 151. Bark of *Maoutia Puya*, Kamrup
- 152. Half stuff of *Ischaemum angustifolium*, Lucknow
- 153. Half stuff of *Saccharum sara*, Lucknow
- 154. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Pubna, Bengal
- 155. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Gourepuri, Bengal
- 156. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Naraingunge, Bengal
- 157. Jute, *Corchorus olitorius* & *Corchorus capsularis*, from Delhi
- 158. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Fakkeergunge, Bengal
- 159. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Meshta, Bengal
- 160. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Daisee, Bengal
- 161. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Jamadarhat
- 162. Jute, *Corchorus olitorius* & *Corchorus capsularis*, var. Rajgange, Bengal
- 163. Stems of *Ischaemum angustifolium*, Lucknow

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 294 - <https://biodiversitylibrary.org/page/55370687>

- 164. Split stems of *Saccharum sara*, Lucknow
- 165. Culms of *Cyperus Pangorei*, Kistna, Madras
- 166. Mat made of split stems of *Arundo karka*, Faridpore
- 167. Mat made of culms of *Cyperus tegetum*, 24 Parganas, Bengal

16 June 1890

Prof H Marshall Ward, Indian Civil Engineering College, Cooper's Hill, Staines

Package containing a portion of stem of bifurcated bamboo from Mr H. C. Spry (see Entry Book No 63 1890)  
Stems of *Arundo karka*, Faridpore

28 June 1890

C E Dunmore Esq, Board School, Scarsdale Road, Camberwell

One box of Museum duplicates as follows:-

- 1. Bark of *Broussonetia papyrifera*, Kamrup
- 2. Edible fungus, *Hirneola polytricha*, New Zealand
- 3. Thé de bel Dagh (*Vaccinium Arctostaphylos*) Trebizonde
- 4. Seeds of *Strychnos nux vomica*, Bombay
- 5. Tapa cloth, *Broussonetia papyrifera*, Sandwich Ids
- 6. Dried flowers of *Calligonum polygonoides*, India
- 7. Half stuff of *Saccharum sara*, Lucknow
- 8. Cardamoms, *Elletaria cardamomum*, E. Indies
- 9. Gum of *Cochlospermum Gossypium*, India
- 10. Seeds of *Glycine*, Siam
- 11. Annatto, *Bixa orellana*, Lagos
- 12. Fruit of *Swietenia mahagoni*, Central America
- 13. Salep, *Orchis* sp. Bombay
- 14. Seeds of *Guizotia abyssinica*, Bengal
- 15. Sugar cane, W. Indies

Page 295 - <https://biodiversitylibrary.org/page/55370688>

16. Mesquit Beans, *Prosopis pubescens*, Arizona
17. Leaves of *Memecylon edule*, Ceylon
18. Fruits of *Uvaria narum*, Bangalore
19. Pomegranate rind, *Punica granatum*, Punjab
20. Safflower, *Carthamus tinctorius*, Pegu

11 August 1890

Prof Bayley Balfour, Royal Botanic Garden, Edinburgh  
Section of trunk of oak from Wistman's wood

23 August 1890

T C Hogarth Esq, Timber Dept, Great Western Railway Works, Swindon

One box containing the following wood specimens:-

1. Wood of *Notelaea ligustrina*, Victoria
2. Wood of *Bumelia salicifolia*
3. Wood of *Bumelia montana*
4. Wood of *Sapota sideroxylon*
5. Gambia Mahogany, *Khaya senegalensis*, Niger
6. Wood of *Antirrhoea verticillata*, Reunion
7. Wood of *Canthium lucidum*, Queensland
8. Wood of *Fraxinus americana*, U. S. America
9. Wood of *Quercus rubra*, U. S. America
10. Wood of *Distylium racemosum*, Japan
11. Wood of *Lumnitzera racemosa*, Ceylon
12. Wood of *Bucklandia populnea*, Khasia
13. Wood of *Hamamelis virginica*, U. S. America
14. Cocos wood, *Brya Elenus* ? Jamaica
15. Wood of *Parrotia jacquemontiana*, Pangi
16. Wood of *Guettardella chinensis*, Hong Kong
17. Wood of *Bedfordia salicina*, Tasmania

Page 296 - <https://biodiversitylibrary.org/page/55370689>

18. Bois d' Ebene marbre, *Diospyros melanida*, Mauritius
19. Bois Betel, *Ehretia petiolaris*, Madagascar
20. Kaokum wood, Formosa
21. Satin wood, Jamaica
22. Satin wood, Porto Rico
23. Stockfish, Jamaica
24. Wood of *Streblus asper*, Bangkok
25. Wood of *Clethra arborea*, Madeira
26. Wood of *Myoporum serratum*, Australia
27. Wood of *Jacaranda obtusifolia*, Cruioco. Grown at Sion House
28. Wood of *Sersalisia sericea*, Queensland
29. Wood of *Datura arborea*, S. America
30. Milkwood, *Sideroxylon inerme*, Cape of Good Hope
31. Wood of Gedonee, *Cordia latifolia*, Scinde
32. Wood of *Notelaea longifolia*, Queensland
33. Wood of *Diospyros cargillia*, Queensland
34. Spanish Elm, *Cordia gerascanthus*, Jamaica
35. French oak, *Catalpa longisiliqua*, Jamaica

28 August 1890

S M A Walker Esq, The Church School, Wintringham, Rillington, York

Small package containing the following:-

1. Fibre of *Agave americana*, Saharunpore
2. Flax, *Linum usitatissimum*, Nagpore
3. Flowers of *Calligonum polygonoides*, India
4. Seeds of *Strychnos nux-vomica*
5. Thé de bel Dagh *Vaccinium Arctostaphylos*, Trebizonde
6. Annatto seeds, *Bixa orellana*, Lagos
7. Seeds of *Guizotia abyssinica*, Bengal
8. Pods of *Prosopis pubescens*, Arizona

Page 297 - <https://biodiversitylibrary.org/page/55370690>

9. Pomegranate rind, *Punica granatum*, Bombay
10. Fruits of Teak, *Tectona grandis*, India
11. Sugar cane stem, West Indies
12. Seven stereograph views of Tropical fruits &c from Trinidad
13. Seven stereograph views of Tropical fruits &c from Trinidad
14. Seven stereograph views of Tropical fruits &c from Trinidad
15. Seven stereograph views of Tropical fruits &c from Trinidad
16. Seven stereograph views of Tropical fruits &c from Trinidad
17. Seven stereograph views of Tropical fruits &c from Trinidad
18. Seven stereograph views of Tropical fruits &c from Trinidad

5 September 1890

J Tough Esq, 214 Queen's Road, Upton Park London E

A few seeds of *Aleurites moluccana*, Ceylon

12 September 1890

Miss A S Haws, National School, Ilford, Essex

Parcel containing the following:-

1. Yoruba Indigo, *Lonchocarpus cyanescens*, W. Africa
2. Mat of Birch bark & fragrant grass, N. America
3. Stem of sugar cane, W. Indies
4. Phog flowers (*Calligonum polygonoides*), India
5. Seeds of *Strychnos nux-vomica*, India
6. Fruits of *Oncoba spinosa*, Trop. Africa
7. Kino, *Butea frondosa*, India
8. Seeds of *Bixa orellana*, Lagos
9. Fibre of *Agave vivipara*
10. Fruits of *Guizotia abyssinica*, India
11. Gum of *Khaya senegalensis*, W. Africa
12. Teak charcoal, India
13. Fibre of *Ananas sativa*, India

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 298 - <https://biodiversitylibrary.org/page/55370691>

12 September 1890

W R Crinan Esq, Lower Darwen School, Darwen, Lancashire

One box containing the following:-

1. Yoruba Indigo, *Lonchocarpus cyanescens*, W. Africa
2. Mat of Birch bark and fragrant grass, N. America
3. Stem of sugar cane, W. Indies
4. Phog flowers *Calligonum polygonoides*, India
5. Nux vomica seeds, India
6. Domba fruits, *Calophyllum inophyllum*
7. Kino, *Butea frondosa*, India
8. Seeds of *Bixa orellana*, Lagos
9. Fibre of *Agave vivipara*
10. Fruits of *Uvaria narum*, India
11. Seeds of *Guizotia abyssinica*, India
12. Fruit of *Cola acuminata*, Trop. Africa
13. Fibre of *Ananas sativa*, India

11 October 1890

W Fawcett Esq FLS, Director, Botanical Department Jamaica

A collection of fibres prepared by Messrs Ide & Christie of 72 Mark Lane E6 for the Jamaica Exhibition and labelled at Kew

14 October 1890

Walter Gardiner Esq, Botanical Laboratory, New Museums, Cambridge

One package and one small box containing the following:-

1. Portion of stem of a bifurcated Bamboo, Calcutta
2. Stems of *Arundo karka*, Faridpur
3. Fruits of *Eucalyptus macrocarpa*, W. Australia
4. Fruits of *Banksia ornata*, Victoria
5. Flowers of *Calligonum polygonoides*, India

Page 299 - <https://biodiversitylibrary.org/page/55370692>

6. Pods of *Acacia arabica*, Niger
7. Fruits of *Pandanus heterocarpus*, Rodrigues
8. Fruits of *Parinarium laurinum*, Solomon Ids
9. Fruits of *Pandanus*, probably a form of *P. odoratissimus*, Hainan
10. Fruits of *Hancornia speciosa*, Pernambuco
11. Maphut fruits, *Garcinia* sp. Siam
12. Maysang fruits, *Garcinia* sp. Siam
13. Fruits of *Baccaurea sapida*, Singapore

14 October 1890

Rev J P Bannin, Italian Church, Hatton Garden, London EC

One box of specimens as follows:-

1. New Zealand flax, *Phormium Tenax*
2. Seeds of *Theobroma cacao*, British Guiana
3. Fruits of *Jubaea spectabilis*, Chili
4. Gum of *Swietenia mahogoni*, Jamaica
5. Esparto grass, *Stipa tenacissima*
6. Cone of *Abies magnifica*, Yosemite
7. Mucherus, *Bombax malabaricum*, N. W. India
8. Seeds of *Strychnos nux-vomica*, India
9. Gum of *Balsamodendron Berryi*, Ootacamund
10. Annatto, *Bixa orellana*, Lagos
11. Phog flowers, *Calligonum polygonoides*, India
12. Gum of *Cochlospermum gossypium*, India
13. Calyces of *Punica granatum*, India
14. Half-stuff of *Ischaemum angustifolium*, Lucknow
15. Portions of the creosote plant, *Larrea mexicana*, N. America
16. Portion of stem of Sugar cane, *Saccharum officinarum*, W. Indies
17. Double Cocoa-nut, *Lodoicea sechellarum*, Seychelles

Page 300 - <https://biodiversitylibrary.org/page/55370693>

29 October 1890

Kenric B Murray Esq, The London Chamber of Commerce, Botolph House, Eastcheap EC

One case of specimens as follows:-

1. Fibre of *Hibiscus tiliaceus* (unclean) Tenasserim
2. Leaves of *Phoenix sylvestris*, Bombay
3. Culms of *Maranta dichotoma*, Faridpur
4. Fibre of *Calotropis gigantea* (cleaned) Chingleput
5. Coir, *Cocos nucifera* (clean) Madras
6. Coir rope, *Cocos nucifera* (thick) Coconada
7. Coir rope, *Cocos nucifera*, Cochin
8. Culms of *Cyperus tegetum*, Bombay
9. Bark of *Adansonia digitata*, Bot. Gard. Seebpore
10. Fibre of *Ananas sativa* (unclean) Tenasserim
11. Fibre of *Boehmeria nivea* (cleaned) Pundulur
12. Fibre of *Boehmeria nivea* var. (uncleaned) Pundulur
13. Fibre of *Boehmeria nivea* (uncleaned) Pundulur
14. Fibre of *Bombax malabaricum*, Sunderbuns, Bengal
15. Stems of *Boehmeria nivea*, Pundular, Madras
16. Fibre of *Calotropis gigantea* (uncleaned) N. W. Provinces, India
17. Fibre of *Calotropis gigantea* (uncleaned) Lucknow
18. Stems of *Cannabis sativa*, Punjab
19. Fibre of *Sida rhombifolia*, var. *rhomboidea* (cleaned) Bolihar
20. Fibre of *Sida rhombifolia*, var. *rhomboidea* (uncleaned) Bolihar
21. Fibre of *Hibiscus tiliaceus*, Sunderbuns
22. Split leaves of *Phoenix sylvestris*, Bombay
23. Fibre of *Malachra capitata*, Bombay

Page 301 - <https://biodiversitylibrary.org/page/55370694>

29 October 1890

, Messrs Ide & Christie, 72 Mark Lane, London, EC

One box containing the following:-

1. Stems of Cannabis sativa, Punjab
2. Fibre of Sida rhombifolia, var. rhomboidea (clean) Bolihar
3. Fibre of Sida rhombifolia, var. rhomboidea (unclean) Bolihar
4. Fibre of Hibiscus tiliaceus, Sunderbuns
5. Split leaves of Phoenix sylvestris, Bombay
6. Fibre of Malachra capitata, Bombay
7. Coir rope, Cocos nucifera, Cochin
8. Coir, Cocos nucifera (cleaned) Madras
9. Coir rope Cocos nucifera (thick) Coconada
10. Culms of Cyperus tegetum, Bombay
11. Bark of Adansonia digitata, Bot. Gard. Seebpore
12. Fibre of Hibiscus tiliaceus (unclean) Tenasserim
13. Unsplit leaves of Phoenix sylvestris, Bombay
14. Fibre of Ananas sativa (uncleaned) Tenasserim
15. Stems of Boehmeria nivea, Pundular
16. Fibre of Boehmeria nivea var. (uncleaned) Pundulur
17. Fibre of Boehmeria nivea (uncleaned) Pundulur
18. Fibre of Boehmeria nivea var. (cleaned) Pundulur
19. Fibre of Bombax malabaricum, Sunderbuns
20. Fibre of Calotropis gigantea (uncleaned) N. W. Provinces
21. Fibre of Calotropis gigantea (uncleaned) Lucknow
22. Fibre of Calotropis gigantea (cleaned) Chingleput

7 November 1890

Prof Godfrey, Conservateur, Maison de Melle, Gand, Belgium

One case of duplicates as follows:-

1. Cleaned fibre of Boehmeria nivea, Pundulur, Madras
2. Uncleaned fibre of Boehmeria nivea, var. Pundular, Madras

- Page 302 - <https://biodiversitylibrary.org/page/55370695>
- 3. Uncleaned fibre of Boehmeria nivea, Pundular, Madras
  - 4. Stems of Boehmeria nivea, Pundulur, Madras
  - 5. Uncleaned fibre of Calotropis gigantea, Bahranghat, N. W. P. India
  - 6. Uncleaned fibre of Calotropis gigantea, Lucknow
  - 7. Fibre of Hibiscus tiliaceus, Tenasserim
  - 8. Culms of Maranta dichotoma, Faridpur
  - 9. Unsplit leaves of Phoenix sylvestris, Bombay
  - 10. Split leaves of Phoenix sylvestris, Bombay
  - 11. Coir, Cocos nucifera (clean) Madras
  - 12. Coir rope (medium) Coconada
  - 13. Culms of Cuperus tegetum, Bombay
  - 14. Bark of Adansonia digitata, Botanic Garden, Seebpore
  - 15. Stems of Cannabis sativa, Punjab
  - 16. Fibre of Sida rhombifolia, var. rhomboidea (clean) Bolihar
  - 17. Fibre of Sida rhombifolia, var. rhomboidea (unclean) Bolihar
  - 18. Fibre of Malachra capitata, Bombay
  - 19. Coir rope, Cocos nucifera, Cochin
  - 20. Wood of Tabernaemontana mauritiana, Mauritius
  - 21. Wood of Notelaea excelsa

7 November 1890

Prof F W van Eeden, Colonial Museum, Haarlem, Holland

One case containing the following:-

- 1. Cleaned fibre of Boehmeria nivea, Pundulur, Madras
- 2. Uncleaned fibre of Boehmeria nivea, var. Pundular, Madras
- 3. Uncleaned fibre of Boehmeria nivea, Pundular, Madras
- 4. Stems of Boehmeria nivea, Pundular, Madras
- 5. Uncleaned fibre of Calotropis gigantea, Bahranghat, N. W. P. India
- 6. Uncleaned fibre of Calotropis gigantea, Lucknow
- 7. Leaves of Phoenix sylvestris (unsplit) Bombay
- 8. Split leaves of Phoenix sylvestris, Bombay

Page 303 - <https://biodiversitylibrary.org/page/55370696>

9. Fibre of *Hibiscus tiliaceus*, Tenasserim
10. Culms of *Maranta dichotoma*, Faridpur
11. Coir (*Cocos nucifera*) cleaned, Madras
12. Coir rope (*Cocos nucifera*) (medium) Coconada
13. Culms of *Cyperus tegetum*, Bombay
14. Bark of *Adansonia digitata*, Bot. Gard. Seebpore
15. Stems of *Cannabis sativa*, Punjab
16. Fibre of *Sida rhombifolia* var. *rhomboidea* (cleaned) Bolihar
17. Fibre of *Sida rhombifolia* var. *rhomboidea* (uncleaned) Bolihar
18. Fibre of *Hibiscus tiliaceus*, Sunderbuns
19. Fibre of *Malachra capitata*, Saharunpore
20. Coir rope, *Cocos nucifera*, Cochin
21. Wood of *Catalpa bignonioides*, N. America
22. Wood of *Olea paniculata*, Queensland
23. Wood of *Bourreria havanensis*, N. America
24. Wood of *Ixerba brexioides*, New Zealand
25. Wood of *Terminalia latifolia*, Jamaica

7 November 1890

The Provost, University of Pennsylvania

One case containing the following:- (per Messrs W. Wesley & Son 28 Essex Street, Strand) (Messrs E. H. Bailey & Co Custom House Brokers Philadelphia)

1. Cleaned fibre of *Boehmeria nivea*, Pundulur, Madras
2. Uncleaned fibre of *Boehmeria nivea*, var. Pundulur, Madras
3. Uncleaned fibre of *Boehmeria nivea*, Pundulur, Madras
4. Fibre of *Bombax malabaricum*, Sunderbuns, Bengal
5. Stems of *Boehmeria nivea*, Pundulur, Madras
6. Uncleaned fibre of *Calotropis gigantea*, Bahranghat Division, N. W. P. India
7. Uncleaned fibre of *Calotropis gigantea*, Lucknow
8. Fibre of *Hibiscus tiliaceus* (unclean) Tenasserim
9. Leaves of *Phoenix sylvestris*, Bombay

Page 304 - <https://biodiversitylibrary.org/page/55370697>

10. Split leaves of *Phoenix sylvestris*, Bombay
11. Culms of *Maranta dichotoma*, Faridpur
12. Coir, *Cocos nucifera*, (clean) Madras
13. Coir rope, *Cocos nucifera* (medium), Madras
14. Coir rope, *Cocos nucifera*, Cochin
15. Culms of *Cyperus tegetum*, Bombay
16. Bark of *Adansonia digitata*, Bot. Gard. Seebpore
17. Korah grass, *Cyperus Pangorei*, Tinnevelly
18. Cleaned fibre of *Calotropis gigantea*, Chingleput
19. Stems of *Cannabis sativa*, Punjab
20. Fibre of *Sida rhombifolia*, var. *rhomboidea* (cleaned) Bolihar
21. Fibre of *Sida rhombifolia*, var. *rhomboidea* (uncleaned) Bolihar
22. Fibre of *Hibiscus tiliaceus*, Sunderbuns
23. Fibre of *Malachra capitata*, Bombay

7 November 1890

Dr Brown Goode, US National Museum, Washington U.S America

One box containing the following:- per (Messrs W. Wesley & Son 28 Essex Street, Strand)

1. Uncleaned fibre of *Boehmeria nivea*, Pundular, Madras
2. Uncleaned fibre of *Boehmeria nivea*, var. Pundular, Madras
3. Cleaned fibre of *Boehmeria nivea*, Pundular, Madras
4. Stems of *Boehmeria nivea*, Pundular, Madras
5. Fibre of *Bombax malabaricum*, Sunderbuns
6. Uncleaned fibre of *Calotropis gigantea*, Bahranghat
7. Uncleaned fibre of *Calotropis gigantea*, Lucknow
8. Fibre of *Hibiscus tiliaceus*, Tenasserim
9. Leaves of *Phoenix sylvestris*, Bombay
10. Split leaves of *Phoenix sylvestris*, Bombay
11. Culms of *Maranta dichotoma*, Faridpur
12. Coir, *Cocos nucifera*, (clean) Madras

- Page 305 - <https://biodiversitylibrary.org/page/55370698>
- 13. Coir rope, *Cocos nucifera*, Coconada
  - 14. Culms of *Cyperus tegetum*, Bombay

  - 17. Fibre of *Sida rhombifolia* var. *rhomboidea* (clean), Bolihar
  - 18. Fibre of *Sida rhombifolia* var. *rhomboidea* (unclean), Bolihar
  - 19. Fibre of *Hibiscus tiliaceus*, Sunderbuns
  - 20. Fibre of *Malachra capitata*, Bombay
  - 21. Coir rope, *Cocos nucifera*, Cochin
  - 22. Fibre of *Calotropis gigantea*, Chingleput, Madras

15 November 1890

W H Bottomley, Esq, St Paul's Schools, Lisson Grove NW

A collection of duplicates as follows:-

- 1. Plant of *Anastatica hierochuntica*, Desert near Suez
- 2. Seeds of *Strychnos nux-vomica*, India
- 3. Annatto, *Bixa orellana*, Lagos
- 4. Phog flowers, *Calligonum polygonoides*, India
- 5. Mucherus, *Bombax malabaricum*, India
- 6. Half stuff of *Ischaemum angustifolium*, Lucknow (paper material)
- 7. Fruits of *Banksia ornata*, Victoria
- 8. Raw silk, *Bombyx mori*, Burma
- 9. Half stuff of *Saccharum sara*, Lucknow (paper material)
- 10. Cones of *Sequoia sempervirens*, California
- 11. Sapucaia nuts, *Lecythis zabucajo*
- 12. Paper from Papyrus
- 13. Cones of *Pinus canariensis*, Canary Ids
- 14. *Cocos nucifera*, entire fruit
- 15. Coir, *Cocos nucifera*, India
- 16. Cocoa-nut, Laccadives
- 17. Double cocoanut, *Lodoicea sechellarum*, Seychelles

Page 306 - <https://biodiversitylibrary.org/page/55370699>

18. Sugar cane, *Saccharum officinarum*, W. Indies

17 November 1890

Hilton Grundy Esq, St Paul's School, Brentford

One box containing the following:-

1. Cones of *Pinus maritima*
2. Cones of *Pinus canariensis*
3. Cocoa nut, *Cocos nucifera*, Laccadives (1st process of removal of husk)
4. Mudar, *Calotropis gigantea*, Lucknow
5. Cocoa-nut, S. Arcot
6. Cleaned & uncleaned fibre of *Boehmeria nivea*, Madras
7. Cleaned & uncleaned fibre of *Boehmeria nivea*, Madras
8. Double cocoa-nut, *Lodoicea sechellarum*, Seychelles
9. Sugar cane, *Saccharum officinarum*, W. Indies
10. Plant of *Anastatica hierochuntica*, Desert near Suez
11. Section of wood of oak
12. Seeds of *Strychnos nux-vomica*
13. Annatto seeds (*Bixa orellana*), Lagos
14. Phog flowers, *Calligonum polygonoides*, India
15. Mucherus, *Bombax malabaricum*, India
16. Half stuff of *Ischaemum angustifolium*, Lucknow (paper material)
17. Half stuff of *Saccharum sara*, Lucknow (paper material)
18. Fruit of *Citrullus colocynthis*
19. Cones of *Sequoia sempervirens*, California
20. Argan fruits, *Argania sideroxylon*
21. Cone of sugar pine, *Pinus lambertiana*
22. Safflower, *Carthamus tinctorius*, Pegu
23. Fruits of *Eucalyptus macrocarpa*, W. Australia
24. Fruits of *Banksia ornata*, Victoria
25. Coir, *Cocos nucifera*, W. Africa
26. Raw silk, *Bombyx mori*, Burma

Page 307 - <https://biodiversitylibrary.org/page/55370700>

14 November 1890

JJ Hummel Esq, The Yorkshire College, Leeds

The following collection contained in one box:-

1. Stems of Boehmeria nivea, Pendular, Madras
2. Cleaned fibre of Boehmeria nivea, Pundular, Madras
3. Uncleaned fibre of Boehmeria nivea, Pundular, Madras
4. Uncleaned fibre of Boehmeria nivea var., Pundular, Madras
5. Fibre of Bombax malabaricum, Sunderbuns
6. Uncleaned fibre of Calotropis gigantea, N.W.P. India
7. Uncleaned fibre of Calotropis gigantea, Lucknow
8. Culms of Maranta dichotoma, Faridpur
9. Coir, Cocos nucifera, Madras
10. Coir rope, Cocos nucifera, Coconada
11. Second and final stage of twisting coir into yarn, Laccadives
12. Culms of Cyperus tegetum, Bombay
13. Bark of Adansonia digitata, Bot. Gard. Seebpore, Bengal
14. Fibre of Hibiscus tiliaceus, Tenasserim
15. Leaves of Phoenix sylvestris, Bombay
16. Split leaves of Phoenix sylvestris, Bombay
17. Culms of Maranta dichotoma, Faridpur
18. Split culms of Cyperus pangorei, Palghat
19. Rope of coir, Cocos nucifera, Cochin
20. Dry husk of Cocos nucifera, Amini, Laccadives
21. Coir, Cocos nucifera, 2nd & final stage of cleaning, Laccadives
22. Coir, Cocos nucifera, 1st stage of twisting fibre into yarn, Laccadives
23. Stems of Cannabis sativa, Punjab
24. Fibre of Sida rhombifolia var. rhomboidea (clean) Bolihar
25. Fibre of Sida rhombifolia var. rhomboidea (unclean), Bolihar
26. Fibre of Hibiscus tiliaceus, Sunderbuns
27. Fibre of Malachra capitata, Bombay

Page 308 - <https://biodiversitylibrary.org/page/55370701>

28. Fibre of *Malachra capitata*, Saharunpore
29. Coir rope, *Cocos nucifera*, Cochin
30. Coir *Cocos nucifera*, Cochin
31. Coir rope, *Cocos nucifera* (thin), S Arcot
32. Coir rope, *Cocos nucifera* (thick), S Arcot
33. Coir, *Cocos nucifera*, S. Arcot
34. Cleaned fibre of *Calotropis gigantea*, Chingleput

19 November 1890

The Under Colonial Secretary, Brisbane, Queensland, for Queensland Museum

One box of specimens addressed as above. (For Queensland Museum) Royal Albert Dock [diagram] Botanical Specimens Dept. of Agriculture S.S. Chybassa QG

1. Cleaned fibre of *Boehmeria nivea*, Pundular, Madras
2. Uncleaned fibre of *Boehmeria nivea*, Pundular, Madras
3. Uncleaned fibre of *Boehmeria nivea* var., Pundular, Madras
4. Stems of *Boehmeria nivea*, Pundular, Madras
5. Fibre of *Bombax malabaricum*, Sunderbuns
6. Uncleaned fibre of *Calotropis gigantea*, Bahranghat
7. Uncleaned fibre of *Calotropis gigantea*, Lucknow
8. Fibre of *Hibiscus tiliaceus*, Tenasserim
9. Leaves of *Phoenix sylvestris*, Bombay
10. Split leaves of *Phoenix sylvestris*, Bombay
11. Culms of *Maranta dichotoma*, Faridpur
12. Split culms of *Cyperus pangorei*, Palghat
13. Coir, *Cocos nucifera* (clean), Madras
14. Coir rope, *Cocos nucifera* (thick), Coconada

Page 309 - <https://biodiversitylibrary.org/page/55370702>

15. Culms of *Cyperus tegetum*, Bombay
16. Bark of *Adansonia digitata*, Bot. Gard. Seepore
17. Stems of *Cannabis sativa*, Punjab
18. Fibre of *Sida rhombifolia* var. *rhomboidea* (clean) Bolihar
19. Fibre of *Sida rhombifolia* var. *rhomboidea* (unclean) Bolihar
20. Fibre of *Hibiscus tiliaceus*, Sunderbuns
21. Fibre of *Malachra capitata*, Bombay
22. Coir rope, *Cocos nucifera*, Cochin
23. Culms of *Cyperus pangorei*, Tinnevilly
24. Cleaned fibre of *Calotropis gigantea*, Chingleput

28 November 1890

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square, WC

Parcel containing Neray bark (*Carapa moluccensis*) used in dysentery, Singapore

28 November 1890

B Lomax Esq, Curator, The Library and Museum Brighton

One box containing the following:-

1. Silk cotton, *Eriodendron anfractuosum*, S Kanara
2. Fruit of *Banksia verticillata*, Australia
3. Fruit of *Eriodendron anfractuosum*, India
4. Fruit of *Kigelia* sp. Lagos
5. Fruit of *Strychnos spinosa*, Trop. Africa
6. Broken fruits of *Strychnos potatorum*, India
7. Seeds of *Strychnos potatorum*, Bombay
8. Seeds of *Bixa orellana*, Lagos
9. Fruit of Coco de Mer, *Lodoicea sechellarum*
10. Portion of stem of sugar cane, *Saccharum officinarum*

Page 310 - <https://biodiversitylibrary.org/page/55370703>

11. Fruits of *Khaya senegalensis*
12. Section of Lianes from Brazil
13. Wood of *Baphia pubescens*, Gabook
14. Seeds of *Gaertnera vaginata*, Reunion
15. Pods and seeds of *Cassia occidentalis*, W. Africa
16. Sisal Hemp, *Agave rigida*, var. *Sisalana* Bahamas
17. Seeds of *Guizotia abyssinica*, Bengal
18. Seeds of *Cola acuminata*, W. Africa
19. Fruits of *Oncoba spinosa*, Gold Coast
20. Eleven samples of *Rhea* in different stages of preparation
21. Eleven samples of *Rhea* in different stages of preparation
22. Eleven samples of *Rhea* in different stages of preparation
23. Eleven samples of *Rhea* in different stages of preparation
24. Eleven samples of *Rhea* in different stages of preparation
25. Eleven samples of *Rhea* in different stages of preparation
26. Eleven samples of *Rhea* in different stages of preparation
27. Eleven samples of *Rhea* in different stages of preparation
28. Eleven samples of *Rhea* in different stages of preparation
29. Eleven samples of *Rhea* in different stages of preparation
30. Eleven samples of *Rhea* in different stages of preparation
32. Fruits of *Calophyllum inophyllum*, Madras
33. Pods of *Prosopis spicigera*, Arizona
34. Pods of *Bauhinia racemosa*, N.W Provinces, India
35. Pods of *Clitoria ternatea*, India
36. Safflower, *Carthamus tinctorius*, Pegu
37. Fibre of *Sterculia platanifolia*, Ichang
38. Ginseng roots *Panax quinquefolia*, var ginseng
39. Fruits of *Uvaria narum*, Bangalore
40. Cloth made of silk cotton, *Bombax malabaricum*
41. Fibre of *Bertholletia excelsa* ? Para
42. Hiccup nuts, *Combretum (Poirea bracteosa)* Cape Town
43. Gum of *Khaya senegalensis*, Trop. Africa
44. Fruits of *Tectona grandis*, Borneo
45. Fruits of *Pedalium murex*, Bombay
46. Pomegranate rind, *Punica granatum*, Bombay
47. Fruits of *Myristica sebifera*, S. America
48. Fruit of Kaffir orange *Strychnos (Brehmia) spinosa*, S. Africa
49. Seeds, *Moringa pterygosperma*, W. Africa
50. Lagos Bass, *Raphia vinifera*
51. African Raphia (R. sp)
52. Roots of *Sarcocephalus esculentus*, W. Africa

Page 311 - <https://biodiversitylibrary.org/page/55370704>

- 53. Fruits of Pandanus heterocarpus, Rodrigues
- 54. Yoruba Indigo, Lonchocarpus cyanescens, W. Africa
- 55. Fruits of Parinarium laurinum, Solomon Ids
- 56. Cones of Pinus insignis, California
- 57. Cones of Pinus ponderosa, California
- 58. Cones of Abies cilicica, Europe
- 59. Keratto fibre, Agave morrisii, Jamaica
- 60. Robo fibre Sansevieria cylindrica, Sierra Leone
- 61. Pine apple fibre Manila
- 62. Akilbir root bark Datisca cannabina, N. India
- 63. Fibre of Agave rigida, var. Sisalana, Bahamas
- 64. Fibre of Agave rigida, var. Sisalana, Mexico
- 65. Phog flowers, Calligonum polygonoides, India
- 66. Portion of sheathing base of Raphia vinifera, Lagos
- 67. Fruits of Carapa moluccensis, Singapore

5 December 1890

Walter Gardiner Esq, Botanical Laboratory, New Museums, Cambridge

One cabinet with glass top drawers from Laboratory

One case containing two large glass frames one with a selection of plants illustrating the flora of the Swan River, W. Australia, the other containing specimens illustrating the vegetation of Magellans' Straits  
12 botanical Diagrams consisting of 5 Cryptograms (Oliver's S. Kensington diagrams) and 7 Khys

10 December 1890

Elijah Helm Esq, Secretary, Chamber of Commerce, Manchester

Parcel containing samples of Extra early Carolina cotton grown at Port Darwin, S. Australia and Egyptian cotton from Aburi, Gold Coast

Page 312 - <https://biodiversitylibrary.org/page/55370705>

17 December 1890

P Clifford Esq, Boys School, Homer Row Marylebone Road, W

Small box of specimens as follows:-

1. Double cocoat nut, *Lodoicea sechellarum*
2. Portions of fruit of *Bombax buonopozense*, W. Trop. Africa
3. Gum of *Khaya senegalensis*, W. Trop. Africa
4. Root of *Cochlospermum tinctorium*
5. Annatto seed, *Bixa orellana*, Lagos
6. African Bass, *Raphia vinifera*, W. Africa
7. Dika malli resin, *Garcinia lucida*, India
8. Fruits of *Cochlospermum gossypium*, N. Arcot, Madras
9. Mucherus, *Bombax malabaricum*, N. W. India
10. Sugar cane, *Saccharum officinarum*, W. Indies

17 December 1890

E M Holmes Esq, Pharmaceutical Society 17 Bloomsbury Square WC

Fruits of *Carapa moluccensis*, Singapore

30 December 1890

Prof A F W Schimper, Bonn

(per Dr F. W. Oliver)

1. Fruits of *Calophyllum tomentosum*, Ceylon, Coll. Thwaites
2. Fruits of *Calophyllum calaba*, Mangalore
3. Fruits of *Tournefortia argentea*, Rodrigues, Coll. Balfour
4. Fruit of *Guettarda speciosa*, Solomons, Coll. Guppy

Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901

Page 314 - <https://biodiversitylibrary.org/page/55370707>

15 January 1891

J J Hummel Esq, The Yorkshire College, Leeds

Tannometer complete as received from Messrs T Christy & Co. March 29th 1876

15 January 1891

,

The following packed and sent to Director for distribution:-

Geological model, in plaster, of New Zealand

28 January 1891

J J Hummel Esq, The Yorkshire College, Leeds

The following samples of Cutch:-

1. Cutch (Acacia catechu) Papri, Dr Watt
2. Cutch (Acacia catechu) Belguti, Dr Watt
3. Cutch (Acacia catechu) Janakpuri, Dr Watt
4. Cutch (Acacia catechu) Pegu, Dr Watt
5. Cutch (Acacia catechu) Bengal, Ind. Forest. Dept
6. Cutch (Acacia catechu) Saharunpore, Col & Ind. Exhib. 1886
7. Catechuic acid (Acacia catechu) India

13 January 1891

, Royal Horticultural Society

Claie or sieve used in drying prunes, Clairae, South of France

16 February 1891

J J Hummel Esq, The Yorkshire College, Leeds

Bundle of Chay root (Oldenlandia umbellata) Madras

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 315 - <https://biodiversitylibrary.org/page/55370708>

19 February 1891

Prof Dunstan FLS, Pharmaceutical Society of Great Britain, 17 Bloomsbury Square, WC

Dried plants of *Piper ovatum*, Trinidad, sent for report

7 March 1891

The Director, Museum of Science and Art, Dublin

(V. Ball Esq)

Circular slab of Ambroyna wood, 7 feet 6 diam. Island of Ceram presented to the Museum by Miss Stanley about the year 1849

10 April 1891

J Gavan Esq, St Mary's Boys' School, Isleworth

Package containing the following dups

1. Sugar cane, W. Indies
2. African Bass fibre (*Raphia vinifera*) Lagos
3. Rubber from *Landolphia owariensis*
4. Mudar floss (*Calotropis gigantea*) Gobindpore
5. Annatto (*Bixa orellana*) Lagos
6. Cocoons of Silkworm, W. Africa
7. Models of plums, N.S. Wales
8. Mudar fibre (*Calotropis procera*) Kurachi
9. Kino (*Butea frondosa*) India
10. Mucherus (*Bombax malabaricum*) India
11. Jakota stems (*Urena lobata*) Lagos
12. Sandal wood (*Santalum album*) India

Page 316 - <https://biodiversitylibrary.org/page/55370709>

15 April 1891

Walter Gardiner Esq, Botanical Laboratory, New Museums, Cambridge  
Package containing Madagascar Piassaba palm, *Dictyosperma fibrosum*, Wendl MSS

17 April 1891

Prof C S Sargent, Arnold Arboretum, Brookline, MASS, U.S America

One box of woods as follows:- c/o (H.L Sherlock 9 Canning Place Liverpool) Note taken to Director 17.4.91)

1. Wood. *Cryptocarya glaucescens*, N. S Wales
2. Wood. *Pangah*, *Terminalia chebula*, Burma
3. Wood. *Buddleia macrostachya*, Khasia
4. Wood. *Tambourissa quadrifida*, Mauritius
5. Wood. *Wightia gigantea*, Sikkim
6. Wood. *Hedycarya dentata*, New Zealand
7. Wood. Australian sassafras, *Doryphora sassafras*, N. S. Wales
8. Wood. *Endiandra glauca*, N. S. Wales
9. Wood. Tasmanian sassafras, *Atherosperma moschata*, Tasmania
10. Wood. *Titsein*, *Terminalia belerica*, Burma
11. Wood. *Baticulin*, *Millingtonia quadripinnata*, Philippines
12. Wood. *Wrightia tinctoria*, India
13. Wood. *Terminalia latifolia*, Jamaica
14. Wood. *Barbasana apollonias canariensis*, Madeira
15. Wood. *Terminalia myriocarpa*, Darjeeling
16. Wood. *Beilschmiedia Tarairi*, New Zealand
17. Wood. *Badamier*, *Terminalia* sp. Mauritius
18. Wood. *Tecoma leucoxylon*, French Guiana
19. Wood. *Terminalia catappa*, Mauritius
20. Wood. *Cinnamomum tamala*, Cochin China
21. Wood. *Diospyros pentamera*, N. S. Wales
22. Wood. *Diospyros Tupru*, Mysore

Page 317 - <https://biodiversitylibrary.org/page/55370710>

23. Wood. *Royena pubescens*, Cape  
24. Wood. *Diospyros montana*, Bombay  
25. Wood. *Cyathodes acerosa*, New Zealand  
26. Wood. *Bursaria spinosa*, Boxwood, Tasmania  
27. Wood. *Maba geminata*, N. S. Wales  
28. Wood. Boxwood, *Vitex umbrosa*, Jamaica  
29. Wood. Ronon, *Maba* sp. Queensland  
30. Wood. Wild Elder, *Nuxia floribunda*, Cape  
31. Wood. White cedar, *Tecoma leucoxylon*, Montserrat  
32. Wood. *Nuxia congesta*, W. Africa  
33. Wood. Lanete, Anasser (*Geniostoma*) Laniti, Philippines  
34. Wood. *Paulownia imperialis*, Japan  
35. Wood. Black bark, *Royena lucida*, Cape  
36. Wood. *Arthrotaxis cupressoides*, Tasmania  
37. Wood. *Vitex Lignum vitae*, Queensland  
38. Wood. *Olea cuspidata*, Scinde  
39. Wood. *Olea lancea*, Mauritius  
40. Wood. *Olea cunninghamii*, New Zealand  
41. Wood. *Olea aquifolia*, Japan  
42. Wood. Fiddlewood *Petitia domingensis*, Jamaica  
43. Wood. Tawhero, *Weinmannia racemosa*, N Zealand  
44. Wood. *Anisophyllea zeylanica*, Ceylon  
45. Wood. Mangrove, *Rhizophora australis*, S. Australia  
46. Wood. *Ixerba brexioides*, N Zealand  
47. Wood. *Olea paniculata*, Queensland  
48. Wood. *Weinmannia sylvicola*, N. Zealand  
49. Wood. *Anopterus glandulosus*, Tasmania

Page 318 - <https://biodiversitylibrary.org/page/55370711>

29 April 1891

Miss S Dowling, St Patrick's School, Great Chapel Street, Oxford Street W

Parcel containing the following specimens:-

1. Kino, *Butea frondosa*, India
2. Seeds of *Strychnos Ignatii*, Manila
3. Cleaned and uncleaned Lagos Piassaba, *Raphia vinifera*
4. Cleaned and uncleaned Lagos Piassaba, *Raphia vinifera*
5. Fruits of *Jatropha Curcas*
6. Mucherus, *Bombax malabaricum*, NW India
7. Madagascar Piassaba, *Dictyosperma fibrosum*, Wendl. ms. Tamatave
8. Fibre of *Calotropis procera*, Karachi
9. American Aloe fibre, *Agave americana*, Mexico
10. *Suaeda fruticosa*, prepared by making Barilla, Aden
11. Flax stems, *Linum usitassimum*
12. Riga flax, *Linum usitassimum*
13. Fibre from stems of *Entada scandens*
14. Barilla prepared from *Suaeda fruticosa*, Aden
15. Rhea, *Boehmeria nivea*, (bleached)
16. Roots of *Calotropis procera*, Bengal
17. Cones of *Pinus canariensis*
18. Cones of *Pinus Torreyana*

29 April 1891

Ernest H Vidler Esq, Victoria Board School, Starch Green, London W

Two parcels containing the following duplicates:-

1. Cone of *Pinus Torreyana*
2. Cone of *Pinus Coulteri*
3. Roots of Mexican whisk used for brush-making
4. Kino, *Butea frondosa*, India
5. Diagram of Ginger
6. Seeds of *Strychnos Ignatii*, Manila

- Page 319 - <https://biodiversitylibrary.org/page/55370712>
- 7. Cleaned & uncleared Lagos piassaba, *Raphia vinifera*
  - 8. Fruits *Jatropha curcas*
  - 9. Mucherus *Bombax malabaricum*, NW India
  - 10. Madagascar Piassaba, *Dictyosperma fibrosum*, Tamatave
  - 11. Fibre of *Calotropis procera*, Karachi
  - 12. American Aloe fibre, *Agave americana*, Mexico
  - 13. *Suaeda fruticosa*, prepared by making Barilla, Aden
  - 14. Barilla prepared from *Suaeda fruticosa*, Aden
  - 15. Flax stems, *Linum usitassimum*
  - 16. Riga flax, *Linum usitassimum*

29 April 1891

Dr F W Oliver, University College, London

Plant of *Attalea funifera*

11 May 1891

Dr F W Oliver, University College, London

Transverse section of wood of *Phytolacca dioica*

Three-lobed fruit of *Lodoicea sechellarum*

20 May 1891

, Messrs Ide & Christie, 72 Mark Lane, London EC

Package containing the following fibres &c

- 1. Rhea, *Boehmeria nivea*, Wenchow, China
- 2. Jute, *Corchorus capsularis*
- 3. Inner bark of *Bauhinia Vahlii*, Ranchi, India
- 4. Stems of *Crotalaria juncea*, Gardaspur
- 5. Inner bark of *Helicteres Isora*, Palamow
- 6. Stems of *Girardinia heterophylla*, Kullu, Punjab
- 7. Fibre of *Ischaemum angustifolium*, Murzapore

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 320 - <https://biodiversitylibrary.org/page/55370713>

20 May 1891

Thos H Barker Esq, Secretary, The Incorporated Chamber of Commerce of Liverpool A 12 Exchange Buildings, Liverpool

Package of fibres as follows:-

1. Rhea, Boehmeria nivea, Wenchow, China
2. Cordage of Rhea, Boehmeria nivea, Wenchow, China
3. Jute, Corchorus capsularis, Wenchow, China
4. Inner bark of Bauhinia vahlii, Ranchi, India
5. Stems of Crotalaria juncea, Gardaspur
6. Inner bark of Helicteres Isora, Palamow
7. Stems of Girardinia heterophylla, Kullu, Punjab
8. Fibre of Ischaemum angustifolium, Murzapore
9. Lagos Piassaba, Raphia vinifera, rough & cleaned

20 May 1891

Kenric B Murray Esq, London Chamber of Commerce, Botolph House, Eastcheap EC

Package containing fibres as follows:-

1. Rhea fibre (Boehmeria nivea), Wenchow, China
2. Cordage of Rhea, Boehmeria nivea, Wenchow, China
3. Inner bark of Bauhinia vahlii, Ranchi, India
4. Stems of Crotalaria juncea, Gardaspur
5. Inner bark of Helicteres Isora, Palamow
6. Stems of Girardinia heterophylla, Kullu, Punjab
7. Fibre of Pollinia eriopoda, Mirzapore
8. Jute, Corchorus capsularis, Wenchow, China

20 May 1891

J J Hummel Esq, The Yorkshire College, Leeds

Package of fibres as follows:-

1. Rhea fibre, Boehmeria nivea, Wenchow, China
2. Fibre & cordage of Boehmeria nivea, Wenchow, China
3. Jute, Corchorus capsularis, Wenchow, China

Page 321 - <https://biodiversitylibrary.org/page/55370714>

4. Lagos piassaba, Raphia vinifera, rough and cleaned
5. Inner bark of Bauhinia vahlii, Ranchi, India
6. Stems of Crotalaria juncea, Gardaspur
7. Inner bark of Helicteres Isora, Palamow
8. Stems of Girardinia heterophylla, Kullu, Punjab
9. Fibre of Pollinia eriopoda, Murzapore
10. Esparto, Stipa tenacissima

23 May 1891

Prof Williamson FRS, The Owens College, Manchester

Plaster cast of head of H. C. Watson (Presented to the Museum by Mr Watson's Executors 22/8/81)

29 May 1891

The Provost, University of Pennsylvania

(per Wesley & Son 28 Essex Street Strand) (per Messrs E. H Bailey & Co Custom House Brokers Philadelphia)

1. Rhea fibre, Boehmeria nivea, Wenchow, China
2. Cordage of Rhea, Boehmeria nivea, Wenchow, China
3. Inner bark of Bauhinia vahlii, Ranchi, India
4. Stems of Crotalaria juncea, Gardaspore
5. Inner bark of Helicteres Isora, Palamow
6. Stems of Girardinia heterophylla, Kullu, Punjab
7. Pollinia eriopoda, Mirzapore
8. Esparto, Stipa tenacissima

Page 322 - <https://biodiversitylibrary.org/page/55370715>

1 June 1891

The Director, Botanic Garden, Adelaide, South Australia

One case of specimens as follows:- Per Office of Agent Genl for South Australia Victoria Chambers 15 Victoria Street, SW

1. Uncleaned fibre of *Ananas sativa*, Tenasserim
2. Cleaned fibre of *Boehmeria nivea*, Pundulur, Madras
3. Uncleaned fibre of *Boehmeria nivea* var. *Pundulur*, Madras
4. Uncleaned fibre of *Boehmeria nivea*, Pundulur, Madras
5. Fibre of *Bombax malabaricum*, Sunderbuns, Bengal
6. Stems of *Boehmeria nivea*, Pundulur, Madras
7. Uncleaned fibre of *Calotropis gigantea*, Bahranghat
8. Uncleaned fibre of *Calotropis gigantea*, Lucknow
9. Unsplit leaves of *Phoenix sylvestris*, Bombay
10. Cocoa nut spikes (split petiole) S. Arcot
11. Coir (clean) Madras
12. Coir rope (thick) Coconada
13. Culms of *Cypress tegetum*, Bombay
14. Bark of *Adansonia digitata*, Bot Gard. Seebpore, Bengal
15. Stems of *Cannabis sativa*, Punjab
16. Fibre of *Sida rhombifolia* var. *rhomboidea* (clean) Bolihar
17. Fibre of *Sida rhombifolia* var. *rhomboidea* (unclean) Bolihar
18. Fibre of *Hibiscus tiliaceus*, Sunderbuns
19. Split leaves of *Phoenix sylvestris*, Bombay
20. Fibre of *Malachra capitata*, Bombay
21. Coir rope, Cochin
22. Korah grass, *Cyperus Pangorei*, dyed and used for mat-making, Tinnevelly
23. Cleaned fibre of *Ananas sativa*, Tenasserim
24. Seeds of *Pentaclethra macrophylla*, W. Trop. Africa
25. Angico bark *Piptadenia macrocarpa*, Brazil
26. Fruits of Gambia Mahogany *Khaya senegalensis*
27. Fruits of *Pandanus heterocarpus*, Rodrigues

Page 323 - <https://biodiversitylibrary.org/page/55370716>

28. Wood of *Fraxinus angustifolia*, Algeria
29. Wood of *Olea europaea*, Algeria
30. Wood of *Catalpa syringaefolia*, N America
31. Wood of Jhar, *Salvadora oleoides*, Scinde
32. Wood of *Fraxinus longicuspis*, Japan
33. Wood of *Stereospermum neuranthum*, Burma
34. Wood of *Tabernaemontana mauritiana*, Mauritius
35. Black Ironwood, *Olea laurifolia*, S. Africa
36. Wood of *Notelaea excelsa*, Madeira
37. Wood of *Fraxinus australis*, Algeria
38. Wood of *Fraxinus excelsior*
39. Two iron implements used for extracting the fibre of *Rhea*, Wenchow
40. Two iron implements used for extracting the fibre of *Rhea*, Wenchow
41. Wood of *Afzelia bijuga*, Madagascar
42. Wood of *Euonymus crenulatus*, India
43. Wood of *Zanthoxylum*, Porto Rico, Satin Wood
44. Wood of *Pentac deaptera*, India
45. Wood of *Ilex denticulata*, India
46. Wood of *Cassia auriculata*, India
47. Yaiti wood, Porto Rico
48. Wood of *Rhamnus dahuricus*, India
49. Wood of *Niebuhria linearis*, India
50. Fruit of *Joannesia princeps*, Brazil
51. Three photos of *Sequoia gigantea*
52. Three photos of *Sequoia gigantea*
53. Three photos of *Sequoia gigantea*
54. Portrait of J J Rousseau
55. Carved gourd of *Lagenaria vulgaris*, Tsadda, Trop. Africa
56. Wood of *Symplocos tinctoria*, N. America
57. Wood of *Symplocos japonica*, Japan
58. Wood of *Symplocos tinctoria*, Florida
59. Jamaica satin wood, *Zanthoxylum caribaeum*
60. Lagos Bass Raphia vinifera, from petiole, Lagos
61. Portion of sheathing base of *Raphia vinifera*, Lagos

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 324 - <https://biodiversitylibrary.org/page/55370717>

62. Fruits of *Carapa moluccensis*, Singapore
63. Neray bark, *Carapa moluccensis*, Singapore
64. Photograph of *Anodendron paniculatum*, Botanic Garden, Peradeniya
65. Fruits of *Bombax Buonopozense*
66. Gum of *Acacia catechu*
67. Pale catechu *Acacia catechu*, Shahjehanpore
68. Portions of plant of *Dorema ammoniacum*, Afghanistan
69. Portion of plant of *Ephedra pachyclada*, Persia
70. Pulley called "Chambara" made of Siah chob (*Cotoneaster nummularia*) Afghanistan
71. Wood of *Elaeagnus hortensis*, Afghanistan

30 May 1891

Prof R Ramsay Wright, Biological Department, University of Toronto

E. G. Allen Library Agent 28 Henrietta Street Covent Garden

Package containing plant of Madagascar Piassaba (*Dictyosperma fibrosum*, Wendl) and leaf of *Sabal umbraculifera*, Botanical Dept Jamaica

1 June 1891

J H Maiden Esq, Curator & Secretary, Technological & Industrial Museum, Sydney

One case containing the following specimens:- c/o Sir Saul Samuel K.C.M.G 5 Westminster Chambers, Victoria Street, S.W

1. Cleaned fibre of *Calotropis gigantea*, Chingleput, Madras
2. Cleaned fibre of *Ananas sativa*, Tenasserim
3. Culms of *Maranta dichotoma*, Faridpur
4. Cocoanut coir (cleaned) Madras
5. Coir rope (medium) Coconada

Page 325 - <https://biodiversitylibrary.org/page/55370718>

6. Second and final stages of twisting coir into yarn, Laccadives
7. Culms of *Cyperus tegetum*, Bombay
8. Bark of *Adansonia digitata*, Botanic Garden, Seebpore, Bengal
9. Fibre of *Sida rhombifolia*, var. *rhomboidea*, clean, Bolihar
10. Fibre of *Sida rhombifolia*, var. *rhomboidea*, unclean, Bolihar
11. Fibre of *Hibiscus tiliaceus*, Sunderbuns
12. Split leaves of *Phoenix sylvestris*, Bombay
13. Unsplit leaves of *Phoenix sylvestris*, Bombay
14. Fibre of *Malachra capitata*, Bombay
15. Coir rope, Cochin
16. Fibre of *Hibiscus tiliaceus*, unclean, Tenasserim
17. Cleaned fibre of *Boehmeria nivea*, Pundulur, Madras
18. Uncleaned fibre of *Boehmeria nivea*, Pundulur, Madras
19. Uncleaned fibre of *Boehmeria nivea*, var. Pundulur, Madras
20. Fibre of *Bombax malabaricum*, Sunderbans, Bengal
21. Stems of *Boehmeria nivea*, Pundular, Madras
22. Uncleaned fibre of *Calotropis gigantea*, Bahranghat, India
23. Uncleaned fibre of *Calotropis gigantea*, Lucknow
24. Fibre and cordage of *Boehmeria nivea*, Wenchow, China
25. Rhea *Boehmeria nivea*, Wenchow, China
26. Jute *Corchorus capsularis*, Wenchow, China
27. Inner bark of *Bauhinia vahlii*, Ranchi, India
28. Stems of *Crotalaria juncea*, Gardaspur
29. Inner bark of *Helicteres Isora*, Palamow
30. Stems of *Girardinia heterophylla*, Kullu, Punjab
31. *Pollinia eriopoda*, Mirzapore
32. Three colored plates, two of Sydney & one of New Zealand (recd from Director)
33. Three colored plates, two of Sydney & one of New Zealand (recd from Director)
34. Three colored plates, two of Sydney & one of New Zealand (recd from Director)
35. Lagos Bass from petiole of *Raphia vinifera*, Lagos
36. Portion of sheathing base of *Raphia vinifera*, Lagos
37. Fruits of *Carapa moluccensis*, Singapore
37. Neray bark, *Carapa moluccensis*, Singapore

Page 326 - <https://biodiversitylibrary.org/page/55370719>

38. Samples of ground cork used in the manufacture of the Suberine Co
39. Cuticle of leaf of *Raphia vinifera*, Niger
40. Gum of *Acacia catechu*
41. Cutch, *Acacia catechu*, Kangra
42. Pulleys made of Siah chob, *Cotoneaster nummularia*, Afghanistan
43. Roots of *Glycyrrhiza* sp. Afghanistan
44. Siresh, Roots of *Eremurus ancherianus*, Afghanistan
45. Portion of plant of *Dorema ammoniacum*, Afghanistan
46. Portions of stem of *Pistacia vera*, Afghanistan
47. Portions of stem & roots of *Ferula galbaniflua*, Afghanistan
48. Portions of stem of *Ferula foetida*, Afghanistan
49. Gum resin of *Ferula galbaniflua*, Afghanistan
50. Portions of plant of *Sorghum vulgare*, Trop. Africa
51. Sandal wood, *Santalum album*, India
52. Yaiti wood, Porto Rico
53. Fruit of *Joannesia princeps*, Brazil
54. Fasciated ash stem, *Fraxinus excelsior*
55. Ordeal Beans of Old Calabar *Physostigma venenosum*, S. Leone
56. Great coat of Rushes, *Scirpus lacustris*, Portugal
57. Fibre of American aloe, *Agave americana*, Mexico
58. Fibre of *Calotropis procera*, Kurachi
59. Seeds of *Strychnos Ignatii*, Manila

7 July 1891

Sister Flora, Head Mistress, Princess Frederica Schools, College Road, Kensal Rise

Small box of duplicates as follows:-

1. Portion of stem of *Alsophila arborea*, St Vincent
2. Seeds of *Strychnos Ignatii*, Manila

- Page 327 - <https://biodiversitylibrary.org/page/55370720>
- 3. African Bass from petiole of *Raphia vinifera*, Lagos
  - 4. Drawings of *Urena lobata* & *Hibiscus sabdariffa*
  - 5. Drawings of *Urena lobata* & *Hibiscus sabdariffa*
  - 6. Flax stems *Linum usitatissimum*
  - 7. Madagascar Piassaba *Dictyospermum fibrosum*, Tamatave
  - 8. Sugar cane, W. Indies
  - 9. Fibre of *Maoutia Puya Seebpore*
  - 10. Riga flax, *Linum usitassimum*
  - 11. Fruits of *Jatropha curcas*
  - 12. Fruits of *Lagenaria vulgaris*, Brazil
  - 13. Fibre of *Calotropis procera*, Sind
  - 14. Plants of *Suaeda fruticosa*, Aden used for making Barilla
  - 15. Barilla from *Suaeda fruticosa*, Aden
  - 16. Annatto, *Bixa orellana*, Lagos
  - 17. Fruits *Joannesia princeps*, Brazil
  - 18. *Rhea Boehmeria nivea*, Wenchow
  - 19. Cord made of *Rhea nivea*, Wenchow
  - 20. Jute, *Corchorus olitorius*, India
  - 21. Jute, *Corchorus capsularis*, India
  - 22. Fibre of *Calotropis gigantea*, Lind

22 July 1891

Prof Bayley Balfour, Royal Botanic Garden, Edinburgh

Sent to Herb Kew, to be transmitted to Edinburgh 22.7.91. Fruits of the following spp. of Pandanus recd from

Dr Traub, Govt Botanic Gardens, Buitenzorg

- 1. Fruit. *Pandanus Rassaw*
- 2. Fruit. *Pandanus (Menado saliwaen)*
- 3. Fruit. *Pandanus sp. Poeloe Pinang*
- 4. Fruit. *Pandanus Lais*
- 5. Fruit. *Pandanus Tjangkoewang*
- 6. Fruit. *Pandanus veitchii*
- 7. Fruit. *Pandanus utilis*
- 8. Fruit. *Pandanus furcatus*
- 9. Fruit. *Pandanus labyrinthicus*
- 10. Fruit. *Pandanus microcarpus*
- 11. Fruit. *Pandanus sp. New Guinea 75-77*
- 12. Fruit. *Pandanus Bangka*
- 13. Fruit. *Pandanus fascicularis*
- 14. Fruit. *Pandanus ceramicus*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 328 - <https://biodiversitylibrary.org/page/55370721>

7 August 1891

Dr F Cavana, Conservateur, Jardin Botanique de Pavia, Italy

1. Seeds of *Amomum melegueta*
2. Seeds of *Amomum subulatum*
3. Seeds of *Amomum Danielii*
4. Seeds of *Elettaria cardamomum*

8 August 1891

T C Hogarth Esq, Timber Dept, GW Railway Works, Swindon

One case of woods as follows:-

1. Wood of white Mangrove, *Laguncularia racemosa*, B. Honduras
2. Ironwood, *Laplacca Haematoxylon*, B. Honduras
3. Wood of *Ptelea trifoliata*, N. America
4. Wood of *Melaleuca styphelioides*, Calcutta
5. Wood of *Calodendron capense*, Hort Kew
6. Wood of *Zieria arborescens*, Victoria
7. Wood of *Zieria lanceolata*, N. S. Wales
8. Wood of *Pentacerus australis*, Melbourne
9. Wood of *Callistemon salignus*, N. S. Wales
10. Wood of *Duboisia myoporoides*, Queensland
11. Wood of *Cunninghamia sinensis*, Japan

16. Wood of Casuarina glauca, NS Wales
17. Seeds of Nectandra Puchery, S. America
18. Root bark of Capparis spinosa, Bombay
19. Bark of Ceriops Roxburghianus, Akyab
20. Black soy beans, Glycine soja, Java
21. Seeds of Phaseolus mungo, India
22. Fruits of Strophanthus sp. Gambia
23. Borage flowers, Borago officinalis
24. View in the Botanic Garden, Melbourne
25. Wood of Chrysophyllum olivaeforme
26. Wood of Juniperus oxycedrus, var. rubescens, Algeria
27. Wood of Coccoloba uvifera, Jamaica
28. Samples of Tusseh & borah silks and woollen cloths dyed with warus, Flemingia congesta
29. Pods of Caesalpinia digyna, Calcutta
30. Chamomiles, Anthemis nobilis, Great Britain
31. Powder flask of native Bamboo, S.E Africa
32. Veneers of Brown and Circassian Ash
33. Wood of Podocarpus elatus
34. Wood of Podocarpus neriifolia
35. Prepared fibre of Furcraea sp. India
36. Flowers of Nyctanthes arbor-tristis, India
37. Bark of Rondeletia versicolor, Veraguas
38. Root of Pareira brava, Chondrodendron tomentosum, Brazil
39. Roots of Potentilla tormentilla, Hebrides
40. Flowers of Jasminum sambac, India
41. 2 plates illustrating cotton staples

Page 335 - <https://biodiversitylibrary.org/page/55370728>

19 October 1891

E M Holmes Esq FLS, Pharmaceutical Society, 17 Bloomsbury Square, WC

One package containing the following:-

1. Wood of *Santalum freycinetianum*
2. Catechin from wood of *Acacia catechu* (prepared from wood without spots)
3. Tannin or cutch from wood without white spots. Tree of Catechin
4. Kattah from N.W Provinces, India. Purified by filter process
5. Root of *Gypsophila arrostii*, Catania
6. Dried plant of *Curcuma kuchoor* (Coll Duthie)

3 November 1891

Prof J W H Trail FLS, University Aberdeen

One box containing the following:-

1. Fruits of *Heritiera littoralis*, Seychelles
2. Fruits of Mocho palm (*Cocos amara*) Montserrat
3. Seeds of *Strychnos Ignatii*, Manila
4. Plant of *Myrmecodia vitiensis*, Hort. Kew

3 November 1891

Prof Bayley Balfour FRS, Royal Botanic Garden, Edinburgh

One box containing the following:-

1. Double Cocoa-nut (*Lodoicea sechellarum*)
2. Stems of square Bamboo
3. Plant of *Myrmecodia vitiensis*, Hort. Kew
4. Portion of stem of *Magnolia grandiflora*, Hort. Kew
5. Portion of stem of *Eucalyptus gunnii*, Hort. Kew (in separate package)
6. Seeds of *Strychnos Ignatii*, Manila
7. Fruits of Mocho palm (*Cocos amara*) Montserrat

Page 336 - <https://biodiversitylibrary.org/page/55370729>

8. Fruits of *Thespesia populnea*, Seychelles
9. Fruit of *Myrianthus arborescens*, Trop. Africa
10. Fruit of *Barringtonia speciosa*, Seychelles
11. Fruits of *Heritiera littoralis*, Seychelles
12. Drupes of *Pandanus* probably *Pandanus odoratissimus*, Hainan

6 November 1891

John W Eagles Esq, 96 Lancaster Road, Notting Hill

Small parcel containing sample of Fijian sandal-wood (*Santalum freycinetianum*)

7 November 1891

Dr F W Oliver, University College, London

1. Fruits of *Cocos amara*, Montserrat
2. Fruit of *Sagus amicarum*, Solomons
3. Fruits & leaves of *Bois tortue* (*Morinda citrifolia*) Seychelles
4. Two plants of *Myrmecodia vitiensis*

10 November 1891

Charles W Cathcart, Esq, 8 Randolph Crescent, Edinburgh

Small samples of the following

1. Wood of *Ochroma lagopus*, sw Dominica
2. Wood of *Cecropia peltata*, W. Indies
3. Wood of *Aschynomene aspera*, India

10 November 1891

W Hutchinson Esq, 1 Mill Street Bolton

1. Stem of *Hibiscus cannabinus*, Nagpore
2. Stem of *Crotalaria juncea*, Bombay

Page 337 - <https://biodiversitylibrary.org/page/55370730>

3. Stem of *Vigna catiang*, Niger
4. Portion of stem of *Calotropis gigantea*, Ceylon

11 November 1891

The Head Mistress, Infant School, Homer Row, Marylebone Road, W

One parcel containing the following:-

1. Cones of *Pinus excelsa*, Saharunpore
2. Series of plates of India Economic plants (19 in all)
3. Photo of tree of *Bombax malabaricum*, India
4. Two plates showing length of cotton staples
5. Sample of Madagascar Piassaba (*Dichtyosperma fibrosum*)
6. Rhea (*Boehmeria nivea*) Assam
7. Rhea prepared at Manchester
8. Stem of *Alsophila aspera*, St Vincent
9. Fruit of *Barringtonia speciosa*, Jamaica
10. Sleeping mat made of *Pandanus* leaves
11. Flax (*Linum usitatissimum*)
12. *Suaeda fruticosa* prepared for making Barilla, Aden
13. Barilla prepared by burning *Suaeda fruticosa* and used for making glass
14. Leaves of *Solenostemma argel*, Egypt
15. Chamomiles (*Anthemis nobilis*) Britain
16. New Zealand flax (*Phormium tenax*) as imported
17. Annatto (*Bixa orellana*) Lagos

18 November 1891

Dr Hans Schiur, Zurich

Coma and seeds of *Kickxia africana*, W. Trop Africa

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 338 - <https://biodiversitylibrary.org/page/55370731>

27 November 1891

J S O'Halloran Esq, Secretary, Royal Colonial Institute, Northumberland Avenue, London, WC

Package containing 4 lithographic views of New Zealand

2 December 1891

Lazarus Fletcher Esq MA, Dept of Mineralogy, Natural History Museum, South Kensington

Sample of mineral soap recd from E.L Oxenham Esqre, British Consulate, Chinkiang 16.1.89

21 November 1891

A W Gerrard Esq, University College Hospital, Gower Street

Numbers in list 13 to 20 inclusive

Eight bottles containing fluid Ipoh poison received from Leonard Wray Esqre, Perak Museum 12.11.91

(numbers in list 13 to 20 inclusive)

3 December 1891

Miss E Tovey, S Mary's School, Battersea

One box containing the following:-

1. Seeds of *Bixa orellana*, Lagos
2. Leaves of *Solenostemma argel*, Egypt
3. Flax, *Linum usitatissimum*
4. China grass, *Boehmeria nivea* (3 samples)
5. China grass, *Boehmeria nivea* (3 samples)
6. China grass, *Boehmeria nivea* (3 samples)
7. Rope of *Boehmeria nivea*
8. Fibre of *Maoutia Puya* (2 samples)
9. Fibre of *Maoutia Puya* (2 samples)
8. Portion of stem of *Alsophila aspera*, St Vincent
9. Cones of *Pinus excelsa*, Saharunpore
10. Fruits of Mocho palm (*Cocos amara*) Montserrat

24 December 1891

E B Tylor Esq DCL FRS, Museum House Oxford

Box containing 3 baskets, mat and closely plaited vase made by N. American Indians

28 December 1891

J H Maiden Esq, Curator and Secretary, Technological Museum, Sydney, N.S Wales

One case of specimens as follows:- c/o Sir Saul Samuel 5 Westminster Chambers Victoria Street S.W

- 1. Persimmon wood, *Diospyros virginiana*, N. America
- 2. Borage flowers, *Borago officinalis*
- 3. Alkanet root, *Alkanna tinctoria*, S. Europe

Page 343 - <https://biodiversitylibrary.org/page/55370736>

4. Spadix of *Manicaria* *Plukinetii*, British Honduras
5. Samples of Corah and Tusseh silks dyed with waras
6. Woollen fabrics dyed with waras
7. Marking nut gum, *Semecarpus anacardium*
8. Drawing of *Cycas pectinata*
9. Wood of *Acacia albida*, Trop. Africa
10. Chamomilis, *Anthemis nobilis*, Great Britain
11. Wood of Ash, *Fraxinus excelsior*, Austria
12. Wood of *Syringa vulgaris*, Great Britain
13. Handle of paint brush made of Ash, *Fraxinus excelsior*
14. Bark of *Rondeletia versicolor*, Veraguas
15. Starch from tubers of *Pachyrhizus tuberosus*, Demerera
16. Cloth of *Girardinia heterophylla*, Nepal
17. Rope and cordage of Rhea (wild) *Boehmeria* sp. India
18. Fruits of *Heritiera littoralis*, Seychelles
19. Fruits of *Thespesia populnea*, Seychelles
20. Bleached fibre of *Boehmeria nivea*, India
21. Fruits of *Barringtonia speciosa*, Seychelles
22. Ornamental flower stand formed of the leaves and petioles of *Pritchardia filifera*, Bordighera
23. Seeds of *Copernicia cerifera*, S. America
24. Twine made of the fibre of *Villebrunea appendiculata*, Assam
25. Trumpet bark, *Cecropia peltata* ? West Indies
26. Sample of prepared Rhea (Dicksons patent)
27. Four articles of Punjab lacquer
28. Sabot made of Beech, *Fagus sylvatica*, Asturias
29. Brush made of fibre of *Agave heteracantha*, Mexico
30. Two samples of Esparto fibre, *Stipa tenacissima*
31. Hollyhock fibre, *Althaea rosea*
32. Two iron implements used for extracting Rhea fibre, Wenchow, China

Page 344 - <https://biodiversitylibrary.org/page/55370737>

33. Wood of Croton sp. Madagascar
34. Leaves of Solenostemma argel, Egypt
35. Bark of Xanthoxylum senegalense, Niger
36. Bark of Xanthoxylum Hamiltonianum, Darjeeling
37. Bottle cod root, Capparis cynophallophora, Jamaica
38. Fruits of Strophanthus sp. Gambia
39. Wood of Calluna vulgaris, Algeria
40. Wood of Vaccinium arboreum, N. America
41. Corkwood Musanga smithii, W. Africa
42. Wood of Artocarpus hirsuta, India
43. Wood of Cryptomeria elegans, Cornwall
44. Combs made of the wood of Tamarix orientalis, Punjab
45. Combs made of the wood of Holarrhena antidysenterica, Punjab
46. Wood of Ardisia excelsa, Madeira
47. Siberian coffee, Coffea liberica, Grand Bassa
48. Cloth of a mixture of Pine apple fibre, Hemp & Cotton, China
49. Chinese Jute Abutilon avicinnae, Chefoo
50. Axe handle of wood of Quercus dilatata, Punjab
51. Wood of Myrica Faya, Tenerife
52. Wood of Ficus nautarum, Seychelles
53. Wood of Thespesia populnea, Seychelles
54. Wood of Terminalia catappa, Seychelles
55. Wood of Imbricaria coriacea, Seychelles
56. Wood of Heritiera littoralis, Seychelles
57. Wood of Cinnamomum zeylanicum, Seychelles
58. Wood of Morinda citrifolia, Seychelles
59. Wood of Barringtonia speciosa, Seychelles
60. Wood of Eugenia caryophyllata, Seychelles
61. Wood of Pterocarpus near Pterocarpus advenus, Seychelles
62. Wood of Barringtonia racemosa, Seychelles
63. Wood of Afzelia bijuga, Seychelles

Page 346 - <https://biodiversitylibrary.org/page/55370739>

15 January 1892

Walter Gardiner Esq, Botanical Laboratory, New Museums, Cambridge

One box containing the following:-

1. Cones of *Pinus Lambertiana*
2. Cones of *Abies morinda*
3. Cone of *Abies brachyphylla*
4. Twigs of *Araucaria cookii*
5. Cones of *Cupressus macrocarpa*, East Grove, Cork Harbour, J.D Hooker
6. Seeds of *Pinus sabiniana*, N. America
7. Seeds of *Pinus cembroides*, Mexico
8. Seeds and scales of *Cedrus Libani*, Hort. Kew
9. Seeds and scales of *Cedrus Deodara*, Himalaya, Lt Col Steele
10. Seeds of *Pinus fremontiana*, California
11. Scales of *Picea* sp. Sierra Nevada, Coll Veitch
12. Cone and foliage of *Picea bracteata*, Coll. Gordon
13. Cones of *Cupressus Goveniana*, grown in England. Revd M J Berkeley
14. Cones of *Cedrus Libani* grown at Kew
15. Bark of *Phyllocladus trichomanoides*, Sydney Museum
16. Cone and foliage of *Pinus pumilis*, Prof Heer, Zurich
17. Section of cone, *Pinus coulteri*, California
18. Cones of *Pinus excelsa*, Kuram Valley, Dr Aitchison
19. Cones of *Pinus picea*, grown at Kew
20. Bunch of cones of *Pinus muricata*, California, Dr Hewston
21. Portion of trunk of *Dammara robusta* shewing disarticulation of branches, Hort. Kew
22. Cone of *Pinus coulteri*, Hort. Kew
23. Cone of *Pinus Sabiniana*
24. Fruits of *Juniperus communis*, India Museum
25. Resin of *Dammara vitiensis*, Fiji, Milno
26. Cones of *Picea excelsa*, Coll. G Gordon
27. Wood of *Frenela rhomboidea*, Tasmania, Paris Exhib 1855

- Page 347 - <https://biodiversitylibrary.org/page/55370740>
- 27. Wood of *Widdringtonia juniperoides*, Cape of Good Hope
  - 28. Section of knot of *Araucaria excelsa*
  - 29. Wood of *Cryptomeria japonica*, Dr Lindley Sept 1861
  - 30. Wood of *Huang-po-mu*, *Cupressus*, China, Dr Bretschneider 1883
  - 31. Wood of *Cephalotaxus drupacea*, Japan, Regel 1865
  - 32. Cone of *Pinus radiata*, California, Gordon's Coll
  - 33. Cone of *Cedrus Deodora*, Coll. Gordon
  - 34. Cones of *Abies Douglasii*, Mexico
  - 35. Cone of *Pinus canariensis*, Tenerife, G. Mann
  - 36. Cones of *Abies Douglasii*, Del Monte
  - 37. Cone of *Abies Douglasii*, Vancouver
  - 38. Seeds of *Wellingtonia gigantea*, California, acad. Imp Petrop
  - 39. Leaves of soft Pine, Bahamas, C.R Nesbit
  - 40. Two plates *Abies Williamsoni*
  - 41. Cones of *Tsuga Brunonian* (*Abies dumosa*) Sikkim, Sir JD Hooker
  - 42. Cones of *Abies alba*, N America, grown at Kew

15 January 1892

Prof H Marshall Ward, Indian Civil Engineering College, Cooper's Hill, Staines  
One box containing the following:-

- 1. Cones of *Pinus monticola*, Sir C Bunberry's Park, Barton 1864
- 2. Cones of *Pinus contorta*, Columbia River
- 3. Cone and foliage *Pinus resinosa*, Coll G Gordon
- 4. Cone of *Pinus rigida*, Coll G Gordon
- 5. Cone of *Pinus Pinaster* var. *Limoniana*, Arley Castle, Worcester
- 6. Cones of *Picea Webbiana*, Himalaya, Coll. Gordon
- 7. Cones and foliage of *Picea cephalonica*, Coll. Gordon
- 8. Cones and foliage of *Picea pinsapo*, Coll Gordon
- 9. Cones and foliage of *Picea ponderosa*, Coll. Gordon
- 10. Cones and foliage of *Picea halepensis*, Coll. Gordon

Page 348 - <https://biodiversitylibrary.org/page/55370741>

11. Cones & foliage of *Pinus Hartwegii*, Coll. G Gordon
12. Cones & foliage of *Pinus Pallasiana*, Coll. G. Gordon
13. Cones & foliage of *Pinus Gerardiana*, Dr Aitchison
14. Cones of *Pinus Bungeana*, North China, Mr Glendenning
15. Cones of *Sciadopitys verticillata*, Japan, Veitch
16. Cones & foliage of *Cupressus sempervirens*, Mount Gilead, Coll J. A Paine
17. Cones of *Pinus Mugo-montana* Gordons' Coll
18. Cones of *Cryptomeria japonica*, var *Lobbii*, Carl Hemsen 1874
19. Cones of *Cupressus sempervirens*, Mount Gilead, Coll J A Paine
20. Cones and foliage of *Cupressus macrocarpa*, Launceston, Dr J Lawrence
21. Scales and seeds of *Picea nobilis*, California
22. Seeds of *Pinus coulteri*, Hort. Kew
23. Seeds of *Pinus coulteri*, N California, Mr Jeffray
24. Scales and seeds of *Picea pectinata*, Europe
25. Scales and seeds of *Picea webbiana*, Sikkim
26. Scales and seeds of *Picea webbiana*, Nepal
27. Scales of *Cedrus libani*, Sir J D Hooker
28. Scales of *Larix Griffithii*, Sikkim, Sir J D Hooker
29. Cones of *Larix americana*, Coll Lawson
30. Cones of *Abies Engelmanni*, America
31. Cones of *Abies mertensiana*, N America
32. Cones of *Abies canadensis*, N America
33. Wood of *Chamaecyparis sphoeroidea*, Coll Dr Darlington
34. Wood of *Cupressus macrocarpa*, California, Hort. Kew
35. Wood of *Cupressus funebris*, China (Calcutta cyclone)
36. Wood of *Libocedrus decurrens*, Hort Kew
37. Wood of *Chamaecyparis sphoeroidea*, North America
38. Wood of *Shan sha*, *Agathis* near *Agathis orientalis*, Formosa
39. Wood of *Chamaecyparis sphoeroidea*, New Brunswick
40. Wood of *Taxodium distichum*, Georgia, Dept Agriculture, Washington
41. Wood of *Juniperus recurva*, Sikkim, Sir J D Hooker

- Page 349 - <https://biodiversitylibrary.org/page/55370742>
- 42. Wood of *Podocarpus nerifolia*, Khasia, Sir J D Hooker
  - 43. Wood of *Juniperus virginiana*, Vancouver, Dr Lyall
  - 44. Wood of *Juniperus cedrus*, Bourgeau
  - 45. Wood of *Widdringtonia cupressoides*, S Africa, Sir R Rawson
  - 46. Wood of *Juniperus oxycedrus*, Madeira, Coll Johnson
  - 47. Wood of *Wellingtonia gigantea*, Coll G Gordon
  - 48. Cones of *Pinus monticola*, California, Coll Jeffray
  - 49. Cones of *Pinus contorta*, Royal Gardens, Kew
  - 50. Cones of *Pinus inops*, Royal Gardens, Kew
  - 51. Cones of foliage of *Pinus monticola*, Oregon
  - 52. Cones of *Abies nigra*, Coll G Gordon
  - 53. Cone of *Pinus Pallassiana*, Tauria, Dr Regel
  - 54. Cone of *Pinus cembra*, Henfield, Sussex
  - 55. Cones of *Pinus cubensis*, Cuba, St Christy Esqre
  - 56. Cone of *Pinus longifolia*, Sikkim, Sir J D Hooker
  - 57. Seeds of *Pinus Gerardiana*, India Museum
  - 58. Cones of *Pinus contorta*, N. California, Coll Jeffray
  - 59. Cones of *Abies brachyphylla*, Hort Kew 1887
  - 60. Cone of *Abies morinda*, Coll G Gordon
  - 61. Cone of *Pinus rigida*, Dropmore Gardens, Mr Frost
  - 62. Cones of *Tsuga Pattoniana*
  - 63. Cone near *Abies webbiana*, Ardnayasher, Bantry
  - 64. Cones of *Pinus montana*, Silenesia, Sir J D Hooker
  - 65. Cones and foliage of *Sciadopitys verticillata*, Japan, Coll. Oldham
  - 66. Cones of *Pinus Khasyana*, Moulmein, Revd Parish
  - 67. Cones of *Pinus montana*, Tyrol, Sir J D Hooker
  - 68. Cones of *Pinus laricio*, Turkey in Asia
  - 68. Cone of *Pinus jeffreyi*, Tortworth Court
  - 69. Cones of *Pinus excelsa*, Indian Forest Dept
  - 70. Cones of *Pinus uncinata*, Zurich, Dr Heer
  - 71. Cones of *Pinus pumilio*, Prof. Goeppert

- Page 350 - <https://biodiversitylibrary.org/page/55370743>
- 72. Bark of *Wellingtonia gigantea*, Calaveras
  - 73. Cones of *Pinus Taeda*, Dropmore Gardens
  - 74. Seeds of *Salisburia adiantifolia*, Japan
  - 75. Cone of *Cupressus macrocarpa*, Guadalupe
  - 76. Cone of *Pinus Lambertiana*, Herb Carey
  - 77. Cone of *Pinus coulteri*
  - 78. Cone of *Pinus ayacahuite* grown at Westonbirt, Tetbury
  - 79. Cones of *Pinus sabiniana*
  - 80. Cone of *Abies smithiana*, Coll G Gordon
  - 81. Cone of *Araucaria Bidwillii*, Coll G Gordon
  - 82. Cones of *Abies smithiana*, Coll Capt Strachey
  - 83. Cones of *Abies smithiana*, Nuneham Park
  - 84. Cones of *Pinus halepensis*, Zeaam, Dr Aitchison
  - 85. Cone of *Pinus australis*, Coll A H Curtis
  - 86. Cone of *Pinus oocarpa*, Solago
  - 87. Seeds of *Pinus jeffreyi*, Sir J D Hooker
  - 88. Cone of *Pinus muricata*, Coll G Gordon
  - 89. Seeds of *Torreya californica*
  - 90. Wood of *Cryptomeria japonica*, Ningpo, China
  - 91. Branches of *Adansonia cookii*, Isle of Pines
  - 92. Cone of *Pinus tuberculata*, N California
  - 93. Cones of *Pinus gerardiana*, Northern India
  - 94. Cones of *Pinus austriaca*, Vienna
  - 95. Cones of *Pinus laricio*, Bithynian Olympus
  - 96. Cones of *Pinus Edgariana*, Rashleigh
  - 97. Cones of *Pinus ponderosa*, California, Coll Veitch
  - 98. Cones of *Pinus tuberculata*, Shasta, J D Hooker
  - 99. Cluster of cones of *Pinus pinaster*
  - 100. Cones of *Pinus serotina*, Coll A H Curtis
  - 101. Cones of *Pinus jeffreyi*, Carson Canon, California
  - 102. Cones of *Pinus Bolanderi*, Coll G Gordon
  - 103. Cones of *Pinus Khasiana*, Khasia, Sir J D Hooker

Page 351 - <https://biodiversitylibrary.org/page/55370744>

104. Cones of *Pinus californica*, California, Hort. Kew
105. Cone of *Pinus parryana*, California, Coll G Gordon
106. Cone of *Pinus jeffreyi*, Sir J D Hooker
107. Cones of *Pinus halepensis*, Bulgar Dag

25 January 1892

Percy J Eyre Esq, St John's Boys' School, Richmond

One package containing the following specimens:-

1. Three photographs of Indian Forest trees
2. Plate illustrating the length of cotton fibre
3. Fruits and seeds of Annatto (*Bixa orellana*)
4. Fruits of Mocho palm (*Cocos amara*) Montserrat
5. Bleached Rhea or China Grass
6. Stem of tree fern
7. Sample of Lagos Bass (*Raphia vinifera*)
8. Seeds of *Strychnos Ignatii*, Manila
9. Wood of *Strychnos toxifera*
10. Buchu leaves (*Barosma* sp.)
11. Wood of Pear (*Pyrus communis*)
12. Redwood (*Sequoia sempervirens*)
13. Sandarac wood (*Callitris quadrivalvis*)
14. Wood of Juniperus excelsa
15. Wood of Cedrela Toona
16. Blackwood (*Acacia melanoxylon*) Australia
17. Fibre from leaves of *Elaeis guineensis*, Sierra Leone
18. Pod of *Tetrapleura Thonningii*, Sierra Leone
19. Seeds of *Entada scandens*, Sierra Leone
20. Seeds of *Theobroma cacao*, Sierra Leone
21. Cotton pods
22. Roots and meal of *Pteris aquilina*, Japan

Page 352 - <https://biodiversitylibrary.org/page/55370745>

23. Pine needles or leaves of *Pinus sylvestris* from which a kind of wool is made
24. Pine needle wool from leaves of *Pinus sylvestris*
25. Leaves of *Rhus glabra*, U S America
26. Leaves of *Agave* sp. partially cleaned shewing fibre
27. A series of 70 plates of Indian Economic plants

26 January 1892

Miss Kellagher, St John's Girls' School, Portsmouth

One box of specimens as follows:-

1. Fruits and seeds of Annatto (*Bixa orellana*)
2. Fruits of Mocho palm (*Cocos amara*) Montserrat
3. Bleached Rhea or China grass
4. Stem of tree fern
5. Sample of Lagos Bass
6. Seeds of Strychnos Ignatii, Manila
7. Wood of Pear (*Pyrus communis*)
8. Redwood (*Sequoia sempervirens*)
9. Wood of Cedrela Toona
10. Blackwood (*Acacia melanoxylon*)
11. Melagueta pepper (*Amomum melegueta*) Sierra Leone
12. Cacao seeds (*Theobroma cacao*)
13. Cotton pods
14. Pine needles or leaves of *Pinus sylvestris* from which a kind of wool is made
15. Pine needle wool from *Pinus sylvestris*
16. Leaves of *Rhus glabra*, U S America
17. Leaves of *Agave* sp. partially cleaned showing fibre
18. Three photos Indian forest trees & a diagram illustrating cotton staples
19. Series of 68 plates of Indian Economic plants

Page 353 - <https://biodiversitylibrary.org/page/55370746>

28 January 1892

Prof Bayley Balfour, Royal Botanic Garden, Edinburgh

One box containing the following:-

1. Cones of *Pinus Pallasiana*, Liberia
2. Cones of *Pinus insignis*, California
3. Cones of *Pinus contorta*, Rocky Mountains
4. Cones of *Pinus taeda*
5. Cones of *Pinus monticola*, Dropmore
6. Cones of *Pinus arizonica*
7. Cones of *Pinus montezumae*, Acad. Imp. Petrop
8. Cones of *Pinus serotina*, Dropmore
9. Cones of *Pinus Khasia*, Coll. Gordon
10. Cones of *Pinus canariensis*, St Helena, Melliss
11. Cones of *Pinus Banksiana*, Coll G Gordon
12. Cones of *Pinus Bruttia*, Coll G Gordon
13. Cones of *Pinus ponderosa*, Arkansas, Sir J D Hooker, 1877
14. Cones of *Pinus Thunbergii*, Japan, Coll G Gordon
15. Cones of *Pinus Jeffreyi*, California, Sir J D Hooker
16. Cones of *Pinus torreyana*, California, Sir J D Hooker
17. Cones of *Pinus sabiniana*, California, A S Taylor
18. Cones of *Pinus coulteri*, California, A S Taylor
19. Cones of *Pinus montana* (*pumilio*) Grimsoll Pass, Sir J D Hooker
20. Cones of *Cedrus atlantica*, Atlas, H Christy Esq
21. Cones of *Pinus monticola*, America, Sir J D Hooker
22. Cones of *Pinus chihuahuana*, Mexico, Coll Wright
23. Cones of *Pinus massoniana*, China, Mr J Smith
24. Cones of *Pinus densiflora*, Coll G Gordon
25. Cones of *Pinus edulis*, Coll C Wright
26. Cones of *Pinus montana* (*P. humilis*) Prof Heer
27. Cones of *Pinus Hartwegii*, Mexico, Coll G Gordon
28. Cones of *Pinus montana* (*P. uncinata*) Prof Heer

Page 354 - <https://biodiversitylibrary.org/page/55370747>

- 29. Cones of *Pinus Hartwegii*, Mexico
- 30. Cones of *Pinus flexilis*, La Veta, Sir J D Hooker
- 31. Cones of *Pinus patula*, Mexico
- 32. Cones of *Pinus bahamensis*, Coll G Gordon
- 33. Cones of *Pinus ayacahuite*, Mexico
- 34. Cones of *Pinus variabilis*, New Orleans, Lawson's Coll
- 35. Cones of *Pinus contorta*, California, Coll G Gordon
- 36. Cones of *Pinus mitis*, N America
- 37. Cones of *Pinus leiophylla*, Mexico, Dr Liebman
- 38. Cones of *Pinus leiophylla*, Mexico, Royal Hort Soc
- 39. Cones of *Pinus densiflora*, Japan, Mr Oldham
- 40. Cones of *Pinus Laricio* (P Romana) Elvaston Castle, Derby
- 41. Cones of *Pinus aristata*, N America (Stevens Sale 1865)
- 42. Cones of *Pinus albicaulis*, B N America, Dr Lyall
- 43. Cones of *Pinus parviflora*, Japan, Coll Maries
- 44. Cones of *Pinus bahamensis*, Bahamas, Gen Munro 1874
- 45. Cones of *Pinus flexilis*, Rocky Mountains, Coll Bourgeau
- 46. Cones of *Pinus oocarpa*, Nicaragua, Coll Oersted
- 47. Cone of *Pinus uncinata*, Coll G Gordon
- 48. Cones of *Pinus balsamea*, Sir J D Hooker (Coll Gordon)
- 49. Cones of *Abies menziesii*, Colorado, U S Dept Agriculture
- 50. Cones of *Abies veitchii*, Japan, Coll Maries 1880
- 51. Cones of *Abies fortunei*, China, Coll Maries 1880
- 52. Cones of *Abies jessoensis*, China, Coll Maries 1880
- 53. Seeds of *Abies jessoensis*, China
- 54. Cones of *Cupressus torulosa*, Saharunpore, Gordon's Coll
- 55. Cones of *Abies menziesii*, British Columbia
- 56. Cones of *Picea firma*, Japan, Botanic Garden St Petersburg
- 57. Cones of *Cedrus atlantica*, Gordon Coll
- 58. Fruits of *Salisburia adiantifolia*, Bot Gard Vienna

Page 355 - <https://biodiversitylibrary.org/page/55370748>

10 February 1892

Prof C S Sargent, Arnold Arboretum, Brookline Mass, U.S America

One box of specimens as follows:- c/o W. Wesley & Son 28 Essex Street Strand

1. Cones of *Pinus montana*, Sir J D Hooker 1862
2. Cones of *Pinus humilis*, Sir J D Hooker 1862
3. Cones of *Cupressus sempervirens*, Royal Gardens Kew
4. Cones of *Pinus* sp ? *occidentalis*, Isle of Pines
5. Cones of *Pinus pumilio*, D Hanbury
6. Cones of *Cryptomeria japonica*, Royal Gardens Kew
7. Cones of *Cupressus macrocarpa*, Bot Gard Glasnevin, 1878
8. Cones of *Pinus montana*, Sir J D Hooker
9. Cones of *Juniperus phoenicea*, Tangier, Coll J Brooks 1882
10. Cones of *Pinus excelsa*, Bhotan, Herb Griffith
11. Cones of *Pinus sylvestris* var *tyrolensis*, Coll G Gordon
12. Cones of *Pinus sylvestris*, Briancon, Prof Oliver
13. Cones of *Pinus cubensis* (*P. occidentalis*), Cuba, Prof Ansted
14. Cones of *Pinus brutia*, Coll Kotschy
15. Cones of *Pinus parviflora*, Japan, Dr Regel 1863
16. Cones of *Pinus monticola*, California, Coll Gordon
17. Cones of *Pinus montezumae*, Mexico
18. Cones of *Pinus cembroides*, Mexico, Mr Booth
19. Cones of *Pinus densiflora*, Japan, Mr Oldham
20. Cones of *Pinus murrayana*, Coll Gordon
21. Cones of *Pinus albicaulis*, Coll Gordon
22. Cones of *Pinus sylvestris*, Coll Gordon
23. Cones of *Pinus pumilio*, Zurich, Prof Heer
24. Cones of *Pinus massoniana*, China, Coll Gordon
25. Cones of *Pinus austriaca*, Royal Gardens Kew
26. Cones of *Pinus parviflora*, Japan, Coll Oldham 1864
27. Cones of *Pinus insignis*, Cornwall, Carlyon Esq
28. Cones of *Pinus rotundata*, Syria, Herb Kew

- Page 356 - <https://biodiversitylibrary.org/page/55370749>
- 29. Cones of *Pinus montana* (P. mughus), Switzerland, Prof Henslow
  - 30. Cones of *Pinus uncinata*, Zurich, Prof Heer
  - 31. Cones of *Pinus laricio*, Hort Kew
  - 32. Cones of *Pinus* sp., Guatemala, Hort Soc 1872
  - 33. Cones of *Pinus* sp., top of Volcan Tierra del Fuego, Messrs Salvin & Godman
  - 34. Cones of *Pinus Jeffreyi*, California, Sir J D Hooker
  - 35. Cones of *Picea pectinata*, Mts of Greece
  - 36. Cones of *Pinus patula* var *stricta*, Coll Gordon
  - 37. Cones of *Pinus cubensis*, Honduras, Royal Hort Soc 1872
  - 38. Cones of *Pinus bahamensis*, C R Nesbit Esq
  - 39. Cones of *Pinus leiophylla*, Mexico, Mr Hartweg
  - 40. Cones of *Pinus pseudostrobus* ?, Mexico
  - 41. Cones of *Pinus taeda*, N America, Mr Booth
  - 42. Cones of *Pinus leiophylla*, Oaxaca, Dr Lieberman
  - 43. Cones of *Pinus leiophylla*, Dr J Gregg
  - 44. Cone of *Pinus* sp., Mexico, Dr J Gregg
  - 45. Cones of *Pinus patula* var *diversifolia*, Oajaca, Dr Lieberman
  - 46. Cones of *Pinus patula*, Royal Hort Soc 1872
  - 47. Cones of *Pinus* sp., Guatemala, Coll Salvin
  - 48. Cones of *Pinus nitida*, Mexico, Royal Hort Soc 1872
  - 49. Cones of *Pinus monticola*, Yosemite, Sir J D Hooker
  - 50. Cones of *Pinus* sp., near P Taeda, Mexico, Royal Hort Soc 1872
  - 51. Cones of *Pinus halepensis*, Afghanistan, Dr Aitchison
  - 51. Cones of *Cedrus libani* var *atlantica*, Algeria, Dr Cosson 1871
  - 52. Cones of *Picea nordmanniana*, Nuneham Park Gardens, Oxford
  - 53. Cones of *Picea pinsapo*
  - 54. Cones of *Cedrus deodara*, Coll G Gordon
  - 55. Cones of *Abies excelsa*, Coll G Gordon
  - 56. Cones of *Cedrus libani*, Syria, Coll G Gordon
  - 57. Cones of *Cedrus libani* var *glauca*, from a tree grown at Bayford Bury

Page 357 - <https://biodiversitylibrary.org/page/55370750>

- 58. Cones of *Abies magnifica*, California, Messrs Veitch
- 59. Cones of *Abies* sp., Barnstead, Coll Gordon
- 60. Cones and foliage of *Pinus contorta*, Rocky Mtns, M Bourgeau
- 61. Cones of *Abies Engelmanni*, Colorado, Sir J D Hooker
- 62. Cones of *Picea nobilis*, N California, A W MacTier Esq
- 63. Cones of *Picea religiosa*, Mexico, Messrs Veitch
- 64. Cones of *Abies magnifica*, Shasta, Sir J D Hooker (2 specimens)
- 65. Cones of *Pinus jeffreyi*, California, Coll Gordon
- 66. Cones and foliage of *Araucaria cunninghamii*
- 67. Cones of *Abies douglasii*, Rocky Mts, Coll Bourgeau
- 68. Cones of *Abies douglasii*, Oregon, G Roberts
- 69. Cones of *Abies menziesii*, Oregon, G Roberts

88. Wood of *Pinus halepensis*, Algeria, Coll. Playfair 1872
89. Cedar of Lebanon, *Cedrus Libani*, Mt Lebanon, Sir J D Hooker
90. Wood of *Juniperus thurifera*, Algeria
91. Wood of *Cupressus sempervirens*, Algeria
92. Wood of *Sequoia sempervirens*, grown at Reading
93. Wood of Weymouth pine, *Pinus strobus*
94. Arrested buds of Cedar of Lebanon, *Cedrus Libani*
95. Wood of *Cedrus atlantica*, Reef
96. Wood of *Abies pectinata*
97. Wood of *Picea pinsapo*, var Baborensis

3 March 1892

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square

Parcel containing:-

1. Twigs of *Seidlitzia florida*, Persia
2. Cured ginger, Fiji

24 March 1892

Prof F W van Eeden, Colonial Museum, Haarlem, Holland

*Crotalaria juncea*, Raigunge

*Crotalaria juncea*, Bengal

*Crotalaria juncea*, Gobaulpore

*Crotalaria juncea*, Agra

*Crotalaria juncea*, Dewghaddy

*Crotalaria juncea*, Jubblepore

28 March 1892

Prof A Mosso, Physiological Laboratory, via Po 18 Turin, Italy

Two packages containing the following:-

1. Curabi, or poisoned arrow of the Maupe Indians. The shaft is made of the flower spike of *Gynerium saccharoides* and the head of Paxiuba (*Iriartea exorrhiza*) Rio uaupes, R Spruce 143

Page 359 - <https://biodiversitylibrary.org/page/55370752>

2. Poisoned arrows for the "Gravatana" or blow-pipe made of the beard of the Patana palm (*Onocarpus* Batava, Mart) Rio Pacimoni, Rio Negro, R Spruce 183
3. Poisoned arrows, British Guiana, A F Ridgeway Esqre
4. Quiver for hold arrows (with arrows) tipped with "Ipoh" (Upas) poison and used with the blow-pipe, Perak, Sir Hugh Low 139.1884
5. Blow-pipe made of a single joint of Bamboo, Perak, Sir Hugh Low 146.1884
6. Sakai blow-pipe made of a Bamboo, Batang Padang, Perak, Leonard Wray Esqre W 39
7. Roots and stems of Ipoh aker (*Strychnos* sp.) L Wray
8. Root and stems of Lampong, Perak, L Wray
9. Plants of Ipoh (*Antiaris toxicaria*) Ulu Selema, Perak L Wray
10. Plants of Lampung (*Strychnos maingayi*?) Batang Padang, L Wray, Nov 1891
11. Bushman's arrow, poisoned with Euphorbia, Cape, G D Atherstone, Dec 1863
12. Ipoh aker arrows *Strychnos* near S Maingayi, Batang Padang, L Wray
13. Sample arrow poison of the Wakamba, prepared from Acokanthera (*Carissa*) Schimperi, E Trop Africa, Consul Holmwood, 1891
14. Poison from the arrows of the Manganja (*Strophanthus* sp.) Shire River, Cataract, Sir J Kirk, 1883

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 360 - <https://biodiversitylibrary.org/page/55370753>

8 April 1892

D Easterbrook Esq, Butcher School, Grange Road, Bermondsey

One package containing the following:-

1. Seeds of *Bixa orellana*, Lagos
  2. Rope of *Boehmeria nivea*, India
  3. Fibre of *Maoutia puya*, Seebpore
  4. Fruits of Mocho palm (*Cocos amara*) Montserrat
  5. Seeds, kernels and oil-cake of *Elaeis guineensis*, W Africa
  6. Californian nutmeg (*Torreya californica*)
  7. Tulip wood (*Liriodendron tulipifera*) N America
  8. Stem of *Alsophila arborea*, St Vincent
  9. Blackwood (*Acacia melanoxylon*) Tasmania
  10. Wood of *Cedrela australis*, N. S. Wales
  11. Lagos bass (*Raphia vinifera*) Lagos
  12. Seeds of *Strychnos Ignatii*, Manila
- 46 plates of Indian Economic plants  
2 plates illustrating cotton staples

13 April 1892

E B Tylor Esq DCL FRS, Museum House, Oxford

Package containing two pieces of Bamboo as used for making blow-pipes and finished blow-pipe from Perak

25 April 1892

Dr O Warburg, Botanisches Museum, Berlin, W. Grunewaldstrasse

Small box containing the following specimens of Myristiceae. The specimens of wood were small for microscopic purposes

1. "Kat-Jaddikai" Kino from *Myristica malabarica*, Malabar
2. False nutmegs, *Myristica malabarica*, Bombay
3. Incense candle, *Myristica malabarica*, S Kanara
4. Mace from *Myristica malabarica*, Bombay
5. Seed of *Myristica macrocarpa*, W Trop Africa

Page 361 - <https://biodiversitylibrary.org/page/55370754>

6. Fruit of Buah pala hotan, *Myristica maingayi*, Penang
7. Fruit of Buah pala hotan, *Myristica elliptica*, Penang
8. Male nutmegs, *Myristica castanaefolia*, Fiji, Dr Seemann
9. Resin from *Myristica laurifolia*, Ceylon
10. Nutmegs *Gymnacranthera canarica*, Canara
11. Small wood of *Myristica* sp. Bight of Biafra, G Mann
12. Small wood of Toompah, *Myristica intermedia*, Bl Johore
13. Small wood of *Myristica cinerea*, Poona (*Knema attenuata*, warb)
14. Small wood of *Myristica glauca*, Buitenzorg, Dr Scheffer
15. Small wood of *Myristica cimicifera*, Frankland Ids, H M S Rattlesnake
16. Small wood of *Myristica salicifolia*, Buitenzorg, Dr Scheffer
17. Small wood of *Myristica longifolia*, Khasia, Sir J D Hooker
18. Small wood of *Myristica verrucosa*, Cochin China 1878
19. Small wood of *Myristica laurifolia*, Ceylon
20. Small wood of Maloh, *Myristica Irya*, Andamans
21. Small wood of Kanagi, *Myristica malabarica*, S Kanara
22. Small wood of *Myristica sebifera*, Guadeloupe 1878
23. Small wood of *Myristica fragrans*, Trinidad, Dr Cruger

11 May 1892

Edward Montfort Esq, St Joseph's Boys' School, Pitman Street, Camberwell

The following collection of duplicates:-

1. Fruits of Touroulia jenmani and necklace made of the seeds of same
2. Mocho palm fruit *Cocos amara*, Montserrat
3. Seeds, kernels, oil-cake and fibre of *Elaeis guineensis*
4. Spathes of *Manicaria saccifera*, Demerara
5. Seeds of *Bixa orellana*, Lagos
6. Fibre of Maoutia puya, Seebpore

Page 362 - <https://biodiversitylibrary.org/page/55370755>

7. Rope of Boehmeria nivea, India
8. Two plates illustrating the length of cotton staples
9. Wood of Liriodendron tulipifera, N America
10. Wood of Cedrela australis, N. S. Wales
11. Blackwood, Acacia melanoxylon, Tasmania
12. Seeds of Pinus Gerardiana, Punjab
13. Seeds of Pinus longifolia, E Indies
14. Fifty one plates of Indian Economic plants

21 May 1892

Sir J D Hooker KCSL tc, The Camp, Sunningdale

Package containing two table-tops presented to the Museum by Sir J D H June 3rd 1842

31 May 1892

Sir Frederick Abel KCB, Imperial Institute, S Kensington

Table top of New South Wales woods

28 July 1892

Mr Palmer, Head Master, Wesleyan School, Kew Road, Richmond

1. Spathes of Manicaria saccifera, Demerara
2. Fruits of Mocho palm (*Cocos amara*) Montserrat
3. Cocoa nibs from Trinidad & Caracas
4. Cocoa seeds from Trinidad & Caracas
5. Cocoa nut husks
6. Cocoa butter
6. Two plates illustrating the staples of Cotton
7. Two plates illustrating the staples of Cotton
8. Seeds of Sesamum indicum, Kiukiang
9. Annatto seeds *Bixa orellana*, Lagos
10. Fibre of Maoutia Puya, India

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 363 - <https://biodiversitylibrary.org/page/55370756>

11. Pods of *Gymnocladus canadensis*, N. America

12. Rope of *Boehmeria nivea*, India

13. Fibre of *Elaeis guineensis*, W. Africa

14. Seeds of *Strychnos Ignatii*, Manila

15. Gum resin of *Grevillea striata*, Queensland

16. Seeds of *Moringa pterygosperma*

17. Pod *Entada scandens*

Also 56 plates of Indian economic plants

3 August 1892

Sir Frederick Abel KCB DCL tc Director, Imperial Institute, S Kensington

Two packages containing the following timbers:-

1. Timber. Teak, *Tectona grandis*, Burma

2. Timber. Andaman Marble Wood, *Diospyros Kurzii*, Andaman Ids

3. Timber. Butter nut, *Juglans cinerea*, Canada

4. Timber. Rosewood, *Dysoxylon muelleri*, Queensland

5. Timber. Black Iron Bark, *Eucalyptus* sp. Queensland

6. Timber. Fustic, *Chlorophora tinctoria*, Jamaica

7. Timber. Tallee, *Dalbergia latifolia*, Scinde

8. Timber. Gyo, *Walsura* sp. Rangoon

9. Timber. Woolia or Red Cedar, *Cedrela Toona*, N.W. Wales

10. Timber. Star Apple, *Chrysophyllum Cainito*, Trinidad

11. Timber. Swamp Mahogany, *Tristania suaveolens*, Queensland

12. Timber. Native Myrtle, *Fagus Cunninghamii*, Tasmania

5 August 1892

Prof Church, Shelsley, Kew

Sample of Black Barley

Page 364 - <https://biodiversitylibrary.org/page/55370757>

31 August 1892

J R Strubell, Head Master, Cowper Testimonial Boys' School, Hertford, Herts

One box of duplicates as follows:-

1. Wood of *Hyphaene thebaica*, Africa
  2. Wood of *Platanus orientalis*, Cyprus
  3. Wood of *Podocarpus sativa*, New Zealand
  4. Wood of *Cedrela australis*, N.S. Wales
  5. Fiji Sandal wood, *Santalum yasi*
  6. Seeds *Strychnos Ignatii*, Manila
  7. Cocoa seeds, nibs, husks & butter
  8. Seeds *Carapa guianensis*, S. America
  9. Indigo, India
  10. Long Pepper, *Piper longum*, India
  11. Cotton pods, India
  12. Fruits of Mocho Palm, Montserrat
  13. Annatto seeds, *Bixa orellana*, Lagos
  14. Fibre prepared from leaves of African oil palm (*Elaeis guineensis*) W. Trop. Africa
  15. Spathes of *Manicaria saccifera*, Demerara
  16. Pods of *Gymnocladus candensis*, N. America
  17. Photograph of group of Palms at Lisbon
- 2 Plates illustrating cotton staples  
48 Plates Indian Economic Plants

8 September 1892

R H Rees Esq, Dowlais Boys School, Dowlais, S Wales

The following collection of duplicates:-

1. Germinating cocoanut and a section of a germinating cocoanut
2. Germinating cocoanut and a section of a germinating cocoanut

Page 365 - <https://biodiversitylibrary.org/page/55370758>

3. Germinating double cocoanut
4. Safflower plant (*Carthamus tinctorius*)
5. Seeds of *Strychnos Ignatii*, Manila
6. Fruits of *Cocos amara*, Montserrat
7. Seeds of *Carapa guianensis*
8. Seeds of *Theobroma cacao*
9. Pods and seeds of *Entada scandens*
10. Cones of *Pinus Banksiana*
11. Sheath or spathe of *Manicaria saccifera*
12. 49 plates of Indian Economic plants

22 September 1892

W R Matthews Esq, Chiswick School Board Boys' School, Chiswick

The following duplicates:-

1. Pod of *Entada scandens*, Trop. Africa
2. Betel nuts (*Areca catechu*)
3. Bundle of Kittool fibre (*Caryota urens*) as imported
4. Cardamons (*Elettaria cardamomum*)
5. Spathes of *Manicaria saccifera*
6. Liberian coffee in parchment, Ceylon
7. Liberian coffee in cherry, Ceylon
8. Mother cloves
9. Nutmegs & mace, Ceylon
10. Cloves, Ceylon
11. Black pepper
12. Coca leaves, *Erythroxylon coca*, Ceylon
13. Cacao seeds, *Theobroma cacao*
14. Annatto seeds, *Bixa orellana*, Lagos
15. Fruits of *Cocos amara*, Montserrat
16. Seeds of *Strychnos Ignatii*, Manila

Page 366 - <https://biodiversitylibrary.org/page/55370759>

17. Tapa cloth, *Broussonetia papyrifera*

18. 44 plates of Indian Economic plants

22 September 1892

Miss E Bootle, Holy Family Infants' School

The following duplicates:-

1. Pod of *Entada scandens*, Trop. Africa
2. Tapa cloth (*Broussonetia papyrifera*)
3. Liberian coffee in parchment, Ceylon
4. Betel nuts (*Areca catechu*)
5. Nutmegs and mace
6. Nutmegs and mace
7. Annatto seed (*Bixa orellana*) Lagos
8. Fruits of *Cocos amara*, Montserrat
9. Cloves, Ceylon
10. Cardamons, *Elettaria cardamomum*, Ceylon
11. Black pepper
12. St Ignatius bean (*Strychnos Ignatii*) Manila
13. Spathes of *Manicaria saccifera*
14. 39 plates Indian Economic plants

23 September 1892

W Kirkby Esq, The Owens College, Manchester

One box of duplicates as follows:-

1. Gum of *Acacia catechu*
2. Pale Catechu (*Acacia catechu*) Shahjehanpore
3. Fruits of *Solanum nigrum*, Lahore
4. Roots of *Andropogon iwarancusa*, Brazil
5. Seeds of *Strychnos Ignatii*, Manila
6. Crude Potash from *Eucalyptus rostrata*, Victoria
7. Leaves of *Solenostemma Argel*, Egypt

Page 367 - <https://biodiversitylibrary.org/page/55370760>

8. Kino from *Eucalyptus amygdalina*, N. S. Wales
9. Kino from *Eucalyptus piperita*, N S Wales
10. Kino from *Eucalyptus corymbosa*, Victoria
11. Kino from *Eucalyptus tuartiana*, N. S. Wales
12. Gum from *Sterculia diversifolia*, Victoria
13. Resin of *Callitris calcarata*, N. S. Wales
14. Gum of *Khaya senegalensis*, W. Africa
15. Fruits of *Xanthoxylon senegalensis*, Niger
16. Bark of *Xanthoxylon senegalensis*, Niger
17. Bark of *Xanthoxylon Hamiltonianum*, Darjeeling
18. Bark of *Buchanania latifolia*, India
19. Kernels of *Buchanania latifolia*, Bombay
20. Seeds of *Vernonia anthelmintica*, India
21. Flowers of *Gul-i-gāo-zāban*, *Caccinia glauca* and *Anchusa italicica*, Afghanistan
22. Pods of *Caesalpinia digyna*, Calcutta
23. Bark of *Rondeletia versicolor*, Veraguas
24. Starch from tubers of *Pachyrhizus tuberosus*, B. Guiana
25. Nutmegs with mace, Grenada
26. Sasswood bark *Erythrophlaeum guineense*, Sierra Leone
27. Seeds of *Tephrosia vogelii*, Sierra Leone
28. Portions of plant of *Seidlitzia florida*, Persia
29. Roots of *Sarcocephalus esculentus*, S. Leone
30. Bark of *Myrica Nagi*, Japan
31. Roots of *Ionidium Ipecacuanha*
32. Sassy Bark (*Erythrophlaeum guineense*) S. Leone
33. Pods of *Acacia sieberiana*, S. Leone
34. Creosote plant, *Larrea mexicana*
35. Bark of *Mespilodaphne pretiosa*, Brazil
36. False Ipecacuanha root, *Cryptocoryne spiralis*, Bombay

Page 368 - <https://biodiversitylibrary.org/page/55370761>

5 October 1892

The Under Secretary, Department of Agriculture, Brisbane

Note handed to Director 6.10.92 Botanical specimens Q.G per Messrs Charles Atkins & Nisbet S. S India. One case of specimens as follows:-

1. Leaves of *Solenostemma Argel*, Egypt
2. Wood of *Juniperus Oxycedrus* var *macrocarpa*, Algeria
3. Wood of *Podocarpus taxifolius*, Jamaica
4. Rope of Wild *Rhea Boehmeria* sp. India
5. Fruits of *Terminalia catappa*, Seychelles
6. Fibre of *Boehmeria nivea* (bleached) India
7. Bark cloth *Artocarpa*, Malacca
8. Sample of *Rhea Boehmeria nivea*, Dickson's patent
9. Corkwood, *Musanga smithii*, W. Africa
10. Wood of *Artocarpus hirsuta*, India
11. Chinese Jute *Abutilon avicennae*, Chefoo
12. Axe handle of wood of *Quercus dilatata*, Punjab
13. Sample of Letter wood *Brosimum aubletii*, B. Guiana
14. Pine Apple fibre and cloth Swatow
15. Rope of Pine apple, India
16. Three pieces of Punjab Lacquer
17. Wood of *Cassia siamea*, Ceylon
18. Fibre from young leaves of *Furcraea cubensis*
19. Seeds of *Jubaea spectabilis* and engraving of the tree from Gardeners Chronicle
20. Bush pepper *Piper clusii*, Sierra Leone
21. Horse Beans, *Mucuna* sp., Sierra Leone
22. Native tooth-brush of root of *Cola acuminata*, S.Leone
23. Roots of *Sarcocephalus esculentus*, S. Leone
24. Fruit of *Gardenia* near *G. malleifera*, S. Leone

Page 369 - <https://biodiversitylibrary.org/page/55370762>

25. Broken plant *Seidlitzia florida*, Persia
26. Roots of *Rumex hymenosepalum*, Arizona
27. Fibre, yarn and fabric made from the Genet d'Espagne *Genista juncea*
28. Angico bark, *Piptadenia macrocarpa*
29. Set of specimens shewing the preparation of fibre from leaves of *Elaeis guineensis*
30. Argan fruits, *Argania sideroxylon*
31. Pods of *Pongamia glabra*, Fiji
32. Cuticle of the leaves of *Raphia vinifera* used for making mats &c. W. Trop. Africa
33. Bark of *Myrica Nagi* used in medicine, India
34. Mullein leaves *Verbascum thapsus*, N. America
35. Snakehead, *Chelone glabra*
36. Wood of *Eugenia odorata*, Bot. Gard. Hong Kong
37. Wood of *Eugenia buxifolia*, Bot. Gard. Hong Kong
38. Wood of *Eugenia nervosum*, Bot. Gard. Hong Kong
39. Seeds of *Ginkgo biloba*, Japan
40. Pods of Kentucky Coffee Tree, *Gymnocladus canadensis*
41. Seeds of *Glycine hispida*, China
42. Stems, fibre, yarn and reel of *Crotalaria juncea*
43. Paper made from bark of *Trophis aspera*, Siam
44. Sappan wood *Caesalpinia Sappan*, Siam
45. Cones of *Abies cephalonica*
46. Cones of *Pinus patula*
47. Cones of *Pinus pungens*
48. Cones of *Pinus muricata*
49. Cones of *Pinus pinaster* var. *Limoniana*
50. Cones of *Picea smithiana*
51. Cones of *Pinus rigida*
52. Cones of *Picea nigra*
53. Cones of *Abies pinsapo*
54. Cones of *Pinus taeda*
55. Cones of *Picea excelsa*
56. Cones of *Pinus strobus*
57. Cones of *Abies nobilis*
58. Cones of *Abies nordmanniana*
59. Cones of *Abies cephalonica*
60. Cones of *Pinus banksiana*
61. Rhea fibre, *Boehmeria nivea*, Wenchow, China
62. Cordage of *Boehmeria nivea*, Wenchow, China
63. Stems of *Crotalaria Juncea*, Gardaspore

Page 370 - <https://biodiversitylibrary.org/page/55370763>

64. Inner bark of *Helicteres Isora*, Palamow
65. Stems of *Girardinia heterophylla*, Kullu, Punjab
66. Pollinia eriopoda, Mirzapore
67. Inner bark of *Bauhinia Vahlii*, Ranchi, India

20 December 1892

Dr Gunther FRS, Dept of Zoology, Natural History Museum, S. Kensington  
Wasps nest from Mussoorie

20 December 1892

F D Dickins Esq, Assistant Registrar, University of London, Burlington Gardens, W  
Package containing the following:- (Note handed to Director 20/12/92)

1. Fruit of *Benincasa cerifera*, Hort, Kew
2. Fruit of *Cucurbita maxima*, Hort, Kew
3. Fruits of *Luffa aegyptiaca*, Hort, Kew
4. Fruits of *Luffa aegyptiaca*, Hort, Kew
5. Fruits of *Luffa aegyptiaca*, Hort, Kew
6. Fruits of *Luffa aegyptiaca*, Hort, Kew
7. Fruits of *Luffa acutangula*, Hort, Kew
8. Fruits of *Luffa acutangula*, Hort, Kew
9. Fruit of *Lagenaria vulgaris*, Hort, Kew
10. Aerial tubers of *Dioscorea sativa*, Hort, Kew
11. Plants of *Hydnophytum guayanensis*, Hort, Kew
12. Seeds of *Strychnos Ignatii*, Manila
13. Cone of *Cycas Rumphii*, Calcutta, Dr King
14. Cone of *Cycas Rumphii*, E Indies, Herb. Griffith
15. Cone of *Encephalartos altensteinii*, Bot Gard Cape Town
16. Seeds of *Cycas circinalis*, Sumatra

Page 371 - <https://biodiversitylibrary.org/page/55370764>

20 December 1892

Prof F E Weiss BSc FLS, The Owens College, Manchester

Package containing the following:- (Note handed to Director 20/12/92)

1. Fruit of *Benincasa cerifera*, Hort, Kew
2. Fruits of *Cucumis sativus*, var *sikkimensis*, Hort Kew
3. Fruits of *Cucumis sativus*, var *sikkimensis*, Hort Kew
4. Fruits of *Luffa aegyptica*, Hort, Kew
5. Fruits of *Luffa aegyptica*, Hort, Kew
6. Fruits of *Luffa aegyptica*, Hort, Kew
7. Tubers of *Dioscorea sativa*, Hort Kew
8. Club gourd, *Lagenaria vulgaris*, Hort, Kew
9. Bottle gourd, *Lagenaria vulgaris*, Hort, Kew
10. Fruit spike of *Ravenala guyanensis*, British Guiana
11. Plants of *Hydnophytum andamensis*
12. Stem of *Encephalartos Ghelinkii*
13. Stem of *Catakidozamia macleayi*
14. Seeds of *Strychnos Ignatii*, Manila
15. Stem of *Calamus leptopus*, Perak
16. Seeds of *Cycas Rumphii*, Solomon Islands
17. Cone of *Cycas* sp. Zanzibar
18. Cone and leaf of *Encephalartos latifrons*
19. Stem of *Guadua*, Demerera

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 372 - <https://biodiversitylibrary.org/page/55370765>

11 January 1893

Prof C S Sargent, Arnold Arboretum, Jamaica Plain, Mass, U.S America

One package containing the following:- (per W. Wesley & Son 28 Essex Street, Strand, U.S America)

1. Wood of *Cedrela Toona*, Australia
2. Wood of *Dammara australis*
3. Blackwood, *Acacia melanoxylon*

19 January 1893

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square, WC

Seeds of eight fruits of *Strophanthus* contained in the museum collection

21 January 1893

H R Coombs Esq, Head Master, Immanuel Church Schools, Streatham Common, SW

A small collection of wood specimens as follows:-

1. Wood. *Kohai*, *Sophora tetaptera*, New Zealand
2. Wood. *Acer caesium*, Punjab
3. Wood. *Acer rubrum*, N America
4. Wood. *Koeltreuteria paniculata*, China
5. Wood. *Cedrela australis*, N S Wales
6. Wood. *Acer monspessulanum*, Algeria
7. Wood. *Acer neopolitana*, Algeria
8. Wood. *Casuarina equisetifolia*, W. Indies
9. Wood. *Pittosporum rhombifolium*, Melbourne
10. Wood. *Melicytus ramiflorus*, New Zealand
11. Wood. *Canella alba*, N America
12. Wood. *Magnolia cordata*, N America

Page 373 - <https://biodiversitylibrary.org/page/55370766>

21 January 1893

Miss A Newman, Head Mistress, East Silverstown Girls School E

The following collection of wood specimens:-

1. Wood. Kohai, *Sophora tetraptera*, New Zealand
2. Wood. *Acer rubrum*, N America
3. Wood. *Acer monspessulanum*, Algeria
4. Wood. *Acer neopolitana*, Algeria
5. Wood. *Koeltreuteria paniculata*, China
6. Wood. *Canella alba*, N America
7. Wood. *Pittosporum rhombifolium*, Melbourne
8. Wood. *Melicytus ramiflorus*, New Zealand
9. Wood. *Magnolia cordata*, North America
10. Wood. *Callitris quadrivalvis*, Morocco

27 February 1893

Rev George W Garrod, Training College, Ripon

1. Spathes of *Manicaria saccifera*, Demerara
2. Sooly Qua gourd (*Luffa aegyptiaca*)
3. Leaves of *Agave* with partially cleaned fibre
4. Cotton, British Honduras
5. Physic nuts (*Jatropha curcas*)
6. Fibre of *Wissadula rostrata*, var. Trinidad
7. Rope made of leaves of *Phoenix sylvestris*, India
8. Coffee, British Honduras
9. Beans of *Entada scandens*
10. Fibre of *Elaeis guineensis*, W. Africa
11. Black pepper (*Piper nigrum*) Ceylon
12. Extract of *Rhizophora mangle*, Jamaica
13. Fruits of Mocho palm (*Cocos amara*) Montserrat
14. Gum resin *Euphorbia siplisei*, Brazil

- Page 374 - <https://biodiversitylibrary.org/page/55370767>

7 March 1893

The Superintendent, Royal Small Arms Factory, Enfield Lock, N

Package containing the following woods:-

1. Wood. *Cedrela toona* (C. Australis) New South Wales
2. Wood. *Flindersia australis*, New South Wales
3. Wood. *Dacrydium cupressinum*, New South Wales
4. Wood. *Agathis australis*, New South Wales

8 March 1893

Prof Oliver, University of London

The following collection of fruits &c.

1. Pods of *Erythrophlaeum guineense*, Mashonaland
2. Pod of *Canavalia ensiformis*, Niger Expedition
3. Fruits of *Pterocarpus erinaceus*, Niger Expedition
4. Fruiting branch of *Ravenala guianensis*, Demerara
5. Pods of *Albizia lebbek*, India
6. Pod of *Moringa pterygosperma*, Sierra Leone
7. Pod of *Cassia fistula*, Kamrup
8. Pods of *Catalpa syringaefolia*, N America
9. Plants of *Hydnora africana*, S Africa
10. Follicle of *Strophanthus hispidus*, Niger Expedition
11. Fruit of *Aristolochia triactina*, Corisco Bay
12. Fruits of *Martynia diandra*, Gobindpore
13. *Belanophora dioica*, Khasya
14. Fruits of *Hakea Hookeriana*, Coll. Milne
15. *Phaeocordylis areolata*, Sikkim
16. *Rhopalocnemis phalloides*, Khasia, Nepal & Sikkim
17. *Langsdorffia hypogaea*, New Grenada
18. *Helosis mexicana*, New Grenada
19. *Gynomorium coccineum*, Yarkand
20. Cotton pods, India

Page 377 - <https://biodiversitylibrary.org/page/55370770>

21. Fruits of Banksia latifolia, Australia
22. Fruits of Banksia marginata, Australia
23. Fruit of Eriodendron anfractuosum, Demerara
24. Fruits of Xylopia aethiopica, W Trop Africa
25. Cashew nuts, Ancardium occidentale, Madras
26. Pod of Entada scandens, Trop Africa
27. Fruits of Securidaca longipedunculata, Cent Africa
28. Fruit of Sterculia foetida, Niger Expedition
29. Fruits of Bixa orellana, Bombay
30. Egyptian cotton seed, Berar
31. Seeds of Anona squamosa, Bombay
32. Poppy head Papaver somniferum
33. Japanese star anise Illicium religiosum, Japan
34. Fruit of Cochlospermum gossypium, North Arcot
35. Fruiting branch of Ravenala guianensis, British Guiana

9 March 1893

Julian C Rogers Esq, Secretary, Surveyors' Institution, 12 Great George Street, Westminster SW

Two packages containing the following woods of New South Wales:-

1. Wood. Warrcah, Messmate Eucalyptus sp. Inter Exhib, 1862
2. Wood. Ehretia ? Acuminata
3. Wood. Coo-in-new, Beech, Gmelina leichhardtii, Inter Exhib. 1862
4. Wood. Mountain ash, Yander airy, Elaeocarpus sp. Inter Exhib 1862
5. Wood. Mountain ash, willow or white Top. Eucalyptus pilularis. Inter Exhib 1862
6. Wood. Noo coi, Forest Oak or Beefwood, Casuarina torulosa, Inter Exhib 1862
7. Wood. Marrulang, Rough Fig, Epicarpurus sp. (2 specimens) Inter Exhib 1862
8. Wood. Rosewood Dysoxylon freaseranum (D2039 Maiden)
9. Wood. Black Bean, Castanospermum australe (D2031 Maiden)
10. Wood. White Honeysuckle, Banksia integrifolia (D2036 Maiden)

Page 378 - <https://biodiversitylibrary.org/page/55370771>

9 March 1893

Daniel Hack Esq, Fir Croft, Withdean, Brighton [school]

1. Rice in the Ear *Oryza sativa*, India

2. Rhea fibre, *Boehmeria nivea*

3. Henequen, *Agave rigidula*, var *Sisalana*, Cuba

16 March 1893

Sister Margarita, Wilberforce School, Kilburn Lane NW

1. Model of white cucumber (*Cucumis sativa*) Victoria

2. Extract of Mangrove bark *Rhizophora mangle*, Jamaica

3. Native sponge, *Luffa aegyptiaca*, West Trop Africa

4. Sal Resin, *Shorea robusta*, Kamrup

5. Fruit of *Luffa acutangula*, Scinde

6. Gum resin of *Euphorbia sipolesii*, Brazil

7. Coffee from British Honduras

8. Loofah flesh brush

9. Two plates illustrating cotton staples

10. Two plates illustrating cotton staples

11. Black pepper, *Piper nigrum*, Ceylon

12. Model of an apple

13. Seeds of *Entada scandens*, Santo, New Hebrides

14. Fruits of *Calophyllum inophyllum*, Santo, New Hebrides

15. Models of Plums

16. Seeds of *Caesalpinia Bonducella*, Santo, New Hebrides

17. Tapa cloth, *Broussonetia papyrifera*, Pacific Is

18. Pod *Cassia fistula*, Kamrup

19. Annatto seeds, *Bixa orellana*, Lagos

20. Spathes of *Manicaria saccifera*, Demerara

21. Seeds *Strychnos Ignatii*, Manila

22. Wood of *Prunus amygdalus*

23. Seeds *Cucumis trigonus*, NW Provinces, India

Page 379 - <https://biodiversitylibrary.org/page/55370772>  
24. Seeds of *Adenanthera pavonina*, Santo, New Hebrides  
25. Gum of *Prunus* sp. Afghanistan  
26. Fruits of *Citrullus colocynthis*, India  
27. Cucumber seed confectionary, Baroda  
28. Seeds of *Abrus precatorius*, Santo, New Hebrides  
29. Husked seeds of *Cucumis melo*, N.W Provinces, India  
30. Fruits of *Nicotiana tabacum*, Santo, New Hebrides  
31. Thirteen plates of Indian Economic plants  
32. Thirteen plates of Indian Economic plants

23 March 1893

Prof Bayley Balfour, Royal Botanic Gardens, Edinburgh

Fruiting branch of *Ravenala guianensis*

29 March 1893

Prof Dunstan FLS, Pharmaceutical Society, 17 Bloomsbury Square, London, WC

received from Messrs James Hadden & Co 25 Fenchurch Street, London E6 14.3.93

Small chest of coffee leaf tea received from Messrs James Hadden & Co 25 Fenchurch Street, London E6 14.3.93

29 March 1893

J Buchanan Esq CMG, Oakbank, Muthill, Perthshire NB

Received from Mr J Buchanan 30.6.92

Collection of 52 specimens of Nyasaland timbers which could not be determined. Received from Mr J Buchanan 30.6.92

Page 380 - <https://biodiversitylibrary.org/page/55370773>

11 April 1893

Dr Martin Wagner, Botanic Garden, University of Dorpat, Russia

Small samples of bark of the following:-

1. Bark. *Zanthoxylum senegalense*, Niger Expedition
2. Bark. *Zanthoxylum fraxineum*, N America
3. Bark. *Piscidia Erythrina*, Jamaica
4. Bark. *Albizia anthelmintica*, Abyssinia
5. Bark. *Hymenaea courbaril*, Jamaica
6. Bark. *Andira inermis*, Jamaica
7. Bark. *Toddalea aculeata*, Mysore (root bark)
8. Bark. *Pilocarpus selloanus*, S America
9. Bark. *Dictamnus fraxinella*, Japan
10. Bark. *Galipea cusparia*, S America
11. Bark. *Dalbergia lanceolaria*, Ceylon
12. Bark. *Acacia arabica*, Mysore

18 April 1893

J M O'Brien Esq, St Joseph's School, Bolton Road, Bayswater, W

Parcel containing the following

1. Wood of *Prunus amygdalus*, Algeria
2. Leaf of *Eucalyptus* sp. NS Wales
3. Vascular tissue of *Luffa aegyptiaca*, Trinidad
4. Sal resin, *Shorea robusta*, Kangra
5. Barwood, Sierra Leone
6. Sassafras bark, *Sassafras officinale*, N America
7. Cascarilla bark, *Croton Eluteria*, Bahamas
8. Tapa cloth, *Broussonetia papyrifera*, Pacific Ids
9. Seeds of *Bixa orellana*, Lagos
10. Bark of *Melia azadirachta*, Chanda
11. Bark of *Prunus serotina*, N America

Page 381 - <https://biodiversitylibrary.org/page/55370774>

12. Bark of *Piscidia erythrina*, Jamaica
13. Lace bark, *Lagetta lintearia*, Jamaica
14. Coffee, British Honduras
15. Husked melon seed, India
16. Chips of *Evodia glauca*, N China
17. Egyptian cotton grown in Bot Gard Grenada
18. Manila hemp as used in the manufacture of ladies hats &c
19. Twelve plates of Indian Economic plants
20. Twelve plates of Indian Economic plants
21. Twelve plates of Indian Economic plants
22. Twelve plates of Indian Economic plants

33. Two plates illustrating cotton staples

3 May 1893

Prof W R Dunstan, Pharmaceutical Society, 17 Bloomsbury Square

Small sample of roots of *Aconitum heterophyllum*, Lahore

29 May 1893

J H Maiden Esq, Curator, Technological Museum, Sydney, N.S Wales

One case containing the following selection:- c/o Sir Saul Samuel K.C.M.G 5 Westminster Chambers Victoria Street .W

1. Series of specimens illustrating the preparation of fibre from leaves of *Elaeis guineensis*, W Africa
2. Five views in Botanic Garden, Calcutta
3. Cones of *Pinus torreyana*, California
4. Necklace of wood of *Ocimum sanctum*
5. Paper made of wood of *Juniperus virginiana*
6. Bark of *Myrica nagi* used in medicine in India
7. Tin in which attar of Rose is imported from Turkey
8. Seeds of *Ginkgo biloba*, Japan

Page 382 - <https://biodiversitylibrary.org/page/55370775>

9. Model of *Boletus subtomentosus* var *fuscus*
10. Model of *Boletus aureus*
11. Model of *Boletus impolitus*
12. Wood of *Sarcocephalus esculentus*, Niger Expedition
13. Pods of Kentucky coffee tree, (*Gymnocladus canadensis*)
14. Spoon of cocoanut shell with handle of cocoanut wood, India
15. Fibre of *Sansevieria guineensis*
16. Seeds of *Glycine hispida*, China
17. Seeds of *Glycine hispida*, Japan
18. Fruits of Star apple, *Chrysophyllum cainito*, Jamaica
19. Stems of *Landolphia* sp. Sierra Leone
20. Rubber, *Landolphia* sp. Sierra Leone
21. Black Burmese Rice, Chittagong
22. Cones of *Pinus excelsa*, *Pinus insignis*, *Pinus muricata*, *Pinus halepensis*, male and female cones of *Araucaria imbricata*, cones of *Pinus monticola*, *Cedrus Libani*, *Abies webbiana*, *Abies Davidiana*, *Sciadopitys verticillata*, *Pinus* near *Pinus pseudostrobus*, Guatemala, *Picea obovata*, Turkey in Asia
23. Ground bark of Hemlock (*Tsuga canadensis*) US America
24. Brick Tea, India
25. Five carved calabashes (*Crescentia cujete*) Demerara
26. Roots of *Fibraurea tinctoria*, China
27. Four samples of Coffee, British Honduras
28. Extract of mangrove bark (*Rhizophora mangle*) Jamaica
29. Poisonous grass of Kashmir, *Stipa sibirica*
30. Fish basket made of Bamboo, Japan
31. Basket lid made of Bamboo, Japan
32. Scarecrow made of Bamboo, Japan
33. Axe handle of wood of *Quercus dilatata*, Punjab
34. Plant of *Artemisia maritima*, Kashmir
35. Wood of *Trochetia orythroxylon*, St Helena

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 383 - <https://biodiversitylibrary.org/page/55370776>

36. Bark cloth, Artocarpus, Malacca
37. Seeds of Cucumis trigonus, Bombay
38. Seeds of Cucumis trigonus, N W Provinces, India
39. Cucumber seed confectionary, Baroda
40. Husked melon seed, N W Provinces, India
41. Stem of Zamia integrifolia & starch from same, British Honduras
42. Bark of Piscidia erythrina, Jamaica
43. Flowers of Althaea rosea, S Europe
44. Flowers of Althaea officinalis, Bombay
45. Flowers of Althaea rosea, U S America

31 May 1893

Prof Charles Stewart MRCS FLS, Royal College of Surgeons, Lincoln's Inn Fields, W6

Two packages containing excrescence from trunk of an Ash caused by *Prays curtisellus* and engraving of same

2 June 1893

Prof H Marshall Ward FRS, Royal Indian Engineering College, Coopers' Hill, near Staines

Four packages containing the following

1. Plank of oak shewing effect of bad pruning
2. Portion of a trunk of Laburnum entwining an iron railing
3. Portion of a trunk of Horse chestnut in which a chain has become embedded and descriptive label of same
4. Two photographs of an Acacia tree struck by lightning at Kensington 12.6.59

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 384 - <https://biodiversitylibrary.org/page/55370777>

8 June 1893

Prof Oliver, University of London

1. Fruits of *Hibiscus esculentus*, Venezuela
2. Fruits of *Citrullus colocynthis*
3. Portions of plant of *Cassytha filiformis*
4. *Loranthus*, Niger Expedition
5. *Loranthus*, Guatemala
6. Fruits of *Areca catechu*, St Vincent

27 June 1893

Prof Oliver, University College, London, Gower Street, London, WC

Wood. Cylindrical base of trunk of *Borassus flabelliformis*

27 June 1893

Prof F E Weiss BSc FLS, The Owens College, Manchester

Four packages containing the following:-

1. Leaf and section of trunk of Palmyra (*Borassus flabelliformis*)
2. Leaf and section of trunk of Palmyra (*Borassus flabelliformis*)
3. Section of base of trunk of *Lodoicea sechellarum*
4. Top of trunk of *Corypha elata* from a tree 65 feet high grown in the Botanic Garden, Calcutta

27 June 1893

Prof I B Balfour MA FRS tc, Royal Botanic Gardens, Edinburgh

Diagram of *Amorphophallus titanum* from No 3 Museum

27 June 1893

Prof Stewart, Conservator of the Museum, Royal College of Surgeons, Lincoln's Inn Fields

Trunk of Rhododendron, shewing defect caused by a dead branch, Bagshot, Mr C H Noble 1884

Page 385 - <https://biodiversitylibrary.org/page/55370778>

27 June 1893

Sir Frederick Abel, Director, Imperial Institute, South Kensington

One package containing the following woods:-

1. Wood. Narrow leaved iron bark (*Eucalyptus crebra*?) N S Wales, Inter Exhibition 1862
2. Wood. Tulip wood (*Harpullia pendula*) N S Wales, Philadelphia Exhibition 1876 188 N
3. Marbled gum (*Eucalyptus maculata*?) S Australia, Paris Exhibition 1867
4. Flooded gum (*Eucalyptus saligna*) N S Wales, J H Maiden D.2047

27 July 1893

Dr Julius Pohl, Pharmalogisches Institut, Prag, Austria

Small samples of the following

1. Seeds of *Asimina triloba*
2. Seeds of *Anona palustris*
3. Seeds of *Hedycarpus venenata*
4. Seeds of *Sterculia urens*
5. Seeds of *Cardiospermum Halicacabum*
6. Seeds of *Canavalia obtusifolia*
7. Seeds of *Adenanthera pavonina*
8. Seed of *Fevillea cordifolia*
9. Root of *Cissampelos capensis*
10. Stem of *Tinospora cordifolia*
11. Flowers of *Aglaiia odorata*
12. Bark & flowers of *Bauhinia variegata*
13. Roots of *Stylophorum diphyllum*
14. Roots of *Citrullus colocynthis*
15. Root and bark of *Chione glabra*

Page 386 - <https://biodiversitylibrary.org/page/55370779>

16. Sliced stems of *Akebia quinata*
17. Pod of *Wrightia tomentosa*
18. Section of stem of *Strychnos toxifera*

14 September 1893

Herrn Prof Dr Engler, Director, Botanischen Gardens, Berlin, Germany

One box containing the following:- Several packages of dried plants from Herbarium

1. Wood of *Cinnamomum cassia*, Mauritius
2. Wood of River Oak (*Casuarina torulosa*) Queensland
3. Wood of *Casuarina equisetifolia*, Mauritius
4. Seeds of *Strychnos Ignatii*, Manila
5. Wood of *Clethra arborea*, Madeira
6. Fruits of *Cola laurifolia*, Tropical Africa
7. Guarri seed (*Caesalpinia Bonducella*), Sierra Leone
8. Cones of *Picea firma*, Japan
9. Pods of *Pongamia glabra*, Fiji
10. Fruit of *Carapa moluccensis*, Philippines
11. Cones and foliage of *Pinus Banksiana*, Saskatchewan, Coll Bourgeau
12. Seeds of *Glycine hispida*, China
13. Seeds of *Glycine hispida*, Borneo
14. Seeds of *Glycine hispida*, Japan
15. Cones of *Pinus montezumae* ? Guatemala
16. Plant of *Artemisia maritima*, Gilgit, Kashmir
17. Wood of *Trochetia erythroxylon*, St Helena
18. Seeds of *Cucumis trigonus*, Bombay
19. Seeds of *Cucumis trigonus*, N W Provinces, India
20. Husked melon seeds, N W Provinces, India
21. Bark of *Piscidia erythrina*, Jamaica
22. Flowers of *Althaea rosea*, S Europe
23. Flowers of *Althaea officinalis*, Bombay

Page 387 - <https://biodiversitylibrary.org/page/55370780>

- 24. Plocaria candida, Ceylon
  - 25. Hirneola polytricha
  - 26. Dye Lichea (*Parmelia perlata*) Bombay
  - 27. Polyporus myllitae on *Mylitta australis*, Victoria
  - 28. Seeds of *Ginkgo biloba*
  - 29. Rhopalocnemis phalloides
  - 30. Balanophora involucrata
  - 31. Fibre of *Entada scandens*
  - 32. Seeds of *Pinus longifolia*
  - 33. Poisonous grass of Kashmir (*Stipa sibirica*)
- Several packages of dried plants from Herbarium

21 September 1893

Herrn Prof Dr T F Hanusek, Breite Gasse 5, Vienna, Austria

Handed to Director for transmission

- 1. Seeds of *Amomum melegueta*, Rose
- 2. Seeds of *Amomum granum paradisi*, Coll Dr Daniell
- 3. Seeds of *Amomum Danielli*, Coll Rev J U Graf

16 October 1893

E H Coumbe Esq, 4 St Paul's Place, Canonbury, N [school]

Parcel containing the following duplicates:-

- 1. Tapa cloth (*Broussonetia papyrifera*)
- 2. Paper from fibre of *Hibiscus esculentus*, India
- 3. Fibre from *Urena lobata*, British Guiana
- 4. Fibre from *Sida floribunda*, Mauritius
- 5. Fibre from Jamaica Banana, British Guiana
- 6. Fibre from *Hibiscus abelmoschus*, India
- 7. Fibre from *Sansevieria guineensis*, British Guiana

Page 388 - <https://biodiversitylibrary.org/page/55370781>

8. Fibre and rope from *Sida carpinifolia*, Madras
9. Chips of *Evodia glauca*, used as a dye
10. Annatto seeds *Bixa orellana*, Sierra Leone
11. Queensland arrowroot *Canna indica*
12. Two plates illustrating cotton staples
13. Rhea fibre, first & second hackling after decortication by Messrs Raabe & Zimmermann

19 October 1893

Prof F E Weiss BSc FLS, The Owens College, Manchester

One box of specimens as follows:-

1. Section of fruit of Coco de Mer (*Lodoicea sechellarum*) Genl Gordon
2. Section of wood of Coco de Mer (*Lodoicea sechellarum*)
3. Portion of male spadix of Coco de Mer (*Lodoicea sechellarum*)
4. Hirneola polytricha
5. Durvillaea utilis
6. Follicles and seeds of *Strophanthus sarmentosus*, Lagos
7. Lenzites appanata, Natal
8. Langsdorffia hypogaea
9. Rhopalocnemis phalloides
10. Balanophora dioica
11. Cones of *Banksia serrata*, Gippsland
12. Fruits of *Hakea cyclocarpa*, W Australia
13. Fruits of *Hakea epiglottis*, Australia
14. Fruits of *Brabejum stellatum*, Cape
15. Seeds of *Macadamia ternifolia*, Queensland
16. Fruits of *Eremospatha macrocarpa*, Coll G Mann
17. Marchantia polymorpha, Royal Gardens, Kew
18. Grimmia pulvinata, Monsal Dale
19. Diphysium foliosum, Barmouth

Page 389 - <https://biodiversitylibrary.org/page/55370782>

20. *Dicranella heteromalla*, Castleton, Derby
21. *Grimmia lanuginosa*
- 21A. *Sphagnum tenellum*, Keston Common
22. *Mnium hormum*, Asley, Cheshire
23. *Catherinea undulata*, Castleton, Derby
24. *Marchantia polymorpha*, Monsal Dale
25. Fescue grass (*Festuca ovina*) (ergotized grasses Coll. Wilson)
26. Wheat grass (*Triticum repens*) (ergotized grasses Coll. Wilson)
27. Holcus mollis and Holcus lanatus (ergotized grasses Coll. Wilson)
28. Nardus stricta (ergotized grasses Coll. Wilson)
29. Aira caespitosa (ergotized grasses Coll. Wilson)
30. Poa pratensis (ergotized grasses Coll. Wilson)
31. Eight samples of Ergots
32. Eight samples of Ergots
33. Eight samples of Ergots
34. Eight samples of Ergots
35. Eight samples of Ergots
36. Eight samples of Ergots
37. Eight samples of Ergots
38. Eight samples of Ergots

6 November 1893

Prof F E Weiss BSc FLS, The Owens College, Manchester

Package containing leaf of Coco de Mer (*Lodoicea sechellarum*) from Seychelles

11 November 1893

Prof Max Cornu, Director, Jardin des Plantes, Paris

Package containing leaf of Coco de Mer (*Lodoicea sechellarum*) from Seychelles

15 November 1893

Dr Francis Darwin FRS, FLS, New Museums Cambridge

Package containing leaf of Coco de Mer (*Lodoicea sechellarum*) from Seychelles

Page 390 - <https://biodiversitylibrary.org/page/55370783>

16 November 1893

Miss M Eyres, Beaumont Park Infants School, Chiswick

Package containing the following duplicates

1. Annatto seeds (*Bixa orellana*)

2. Resin of *Shorea robusta*

3. Cone of *Abies nobilis*

4. Copal resin (*Copaifera* sp.)

5. Hirneola polytricha

6. Tapa cloth

7. Sea Island cotton

8. Paper made from *Hibiscus esculentus*

9. Bark of *Canella alba*

10. Flowers of *Malva sylvestris*

11. Fruits of *Zalacca wallichii*

12. Husk of *Cocos nucifera*

13. Fruit of *Luffa aegyptiaca*

14. Decorticated *Rhea* fibre

15. Coffee from Orotava

16. Roasted coffee

17. Coffee in the husk

18. Carded silk

19. Ceylon moss (*Plocaria candida*)

20. Mucuna seeds

21. Fruits of Assam Tea Plant

22. Sample of Hyson Tea

23. Root of Marsh Mallow

24. Pods and seeds of *Erythrina* sp.

25. Gunpowder tea

26. Pekoe fanningo

27. Seeds of *Polygala rarifolia*

28. Seeds of *Abrus precatorius*

29. Pods of *Prosopis juliflora*

Page 391 - <https://biodiversitylibrary.org/page/55370784>

30. Fibre of *Musa textilis*, Demerara

31. Spadix of *Cocos* sp.

32. Spathe of *Manicaria saccifera*

Two plates illustrating cotton staples

Eleven plates of Indian Economic plants

17 November 1893

Prof R Ramsey Wright, Biological Department, University of Toronto

One case of duplicates as follows:- per E.G Allen Library Agent, 28 Henrietta Street, Covent Garden

1. Broken pods and seeds of *Entada scandens*, New Hebrides

2. Fruits of *Heritiera littoralis*, Santo, New Hebrides

3. Fruits of *Lactaria salubris*, Santo, New Hebrides

4. Stem of *Cyathea arborea*, St Vincent

5. Stem of *Alsophila infesta*, St Vincent

6. Stem of *Bactris minor*, St Vincent

7. Fruits of *Acrocomia lasiospatha*, St Vincent

8. Fruits of *Caryota urens*, St Vincent

9. Fruit of *Areca catechu*, St Vincent

10. Fruits of *Sterculia acerifolia*, Tenerife

11. Fomes australis, Antioquia

12. Fomes australis, Mauritius

13. Ceylon moss (*Plocaria candida*) Ceylon

14. Polystictus sanguineus, Guiana

15. Lenzites repanda

16. Durvillaea utilis, Kerguelens Land

17. Lansdorffia hypogaea

18. Rhopalocnemis phalloides

19. Balanophora dioica

20. Cone of *Banksia* sp. Cape York

21. Seeds of *Macadamia ternifolia*, Queensland

Page 392 - <https://biodiversitylibrary.org/page/55370785>

- 22. Fruits of Hakea suaveolens, Australia
- 23. Fruits of Hakea sp. Australia
- 24. Cone of Banksia sp. W Australia
- 25. Cone of Banksia sp. near B spinulosa, Australia
- 26. Cone of Banksia sp. Australia
- 27. Fruits of Strychnos spinosa, Lagos & Gambia
- 28. Fruits of Oncoba spinosa, Lagos & Gambia
- 29. Pods of Cassia sieberiana, Sierra Leone
- 30. Seed Ochrocarpus africana, Sierra Leone
- 31. Fruit of Gardenia sp. Sierra Leone
- 32. Fruit head of Pandanus sp. Sierra Leone
- 33. Indigo pods (Indigofera ? Anil) Sierra Leone
- 34. Fruit of Sterculia sp. Sierra Leone
- 35. Woody tissue of Opuntia sp. St Helena
- 36. Seeds of Camellia sasanqua, Japan
- 37. Seeds of Caryocar amygdaliferum, Antioquia
- 38. Stem of Gnetum sp. India
- 39. Lagos Bass from petiole of Raphia vinifera, Lagos
- 40. Portion of sheathing base of Raphia vinifera, Lagos
- 41. Fruits of Carapa moluccana, Singapore
- 42. Portion of petiole of Bamboo palm (Raphia vinifera) Lagos
- 43. Double Cocoa-nut (Lodoicea sechellarum)
- 44. Fruits of Quuna, British Guiana
- 45. Fruit of Sagus amicarum, Solomons
- 46. Pod of Caesalpinia Bonducella
- 47. Fruit of Joannesia princeps, Brazil
- 48. Seeds of Strychnos Ignatii, Manila
- 49. Sapote seeds Lucuma mammosa, Grenada
- 50. Fruits of Owenia acidula, N S Wales
- 51. Fruits of Piper clusii, W Africa
- 52. Fruits of Corchorus capsularis, Wenchow

- Page 393 - <https://biodiversitylibrary.org/page/55370786>
- 53. Pods of *Cassia sieberiana*, Gambia
  - 54. Leaves and fruits of *Khaya senegalensis*, Gambia
  - 55. Pods of *Prosopis oblonga*, Gambia
  - 56. Fruits of *Strophanthus* sp. Gambia
  - 57. Pods of *Bauhinia reticulata*, Gambia
  - 58. Fruits near *Calotropis* sp. Gambia
  - 59. Spadix of *Manicaria Plukinetii*, British Honduras
  - 60. Fruits of *Aspidosperma verrucosum*, Toronto
  - 61. Fruits of Mocho palm (*Cocos amara*) Montserrat
  - 62. Fruits of *Ochrosia salubris*, Java
  - 63. Pods of *Acacia hebeclada*, Central Africa
  - 64. Pods of *Acacia Giraffae*, S Africa
  - 65. Fruits of *Heritiera littoralis*, Seychelles
  - 66. Fruits of *Terminalia catappa*, Seychelles
  - 67. Fruits of *Pterocarpus* near *P. advenus*, Seychelles
  - 68. Fruits of *Cinnamomum zeylanicum*, Ceylon
  - 69. Fruits of *Thespesia populnea*, Seychelles
  - 70. Fruits of *Casuarina equisetifolia*, Seychelles
  - 71. Fruit of *Barringtonia speciosa*, Seychelles
  - 72. Fruits of *Terminalia tomentosa*, India
  - 73. Nutmegs with mace, Grenada
  - 74. Fruit of *Pandanus utilis*
  - 75. Fruit of *Pandanus odoratissimus*
  - 76. Fruits of *Adansonia digitata*
  - 77. Fruits of *Landolphia florida* & *L. Kirkii*
  - 78. Fruits of *Sterculia* sp. Australia
  - 79. Fruits of *Aleurites moluccana*
  - 80. Cones of *Picea firma*, Japan
  - 81. Pods of *Pongamia glabra*, Fiji
  - 82. Fruit of *Carapa moluccensis*, Philippines

Page 394 - <https://biodiversitylibrary.org/page/55370787>

- 83. Plant of *Usnea ceratina*, Nepal
- 84. *Ravensara* nuts (*Ravensara aromatica*) Mauritius
- 85. Pods of *Afzelia africana*, Sierra Leone
- 86. Leaves &c of *Calamus secundiflorus*, Sierra Leone
- 87. Portion of spadix of *Raphia* ? *vinifera*, Sierra Leone
- 88. Cones of *Pinus* near *Pinus pseudostrobus*, Guatemala
- 89. Cones of *Picea obovata*, Turkey in Asia
- 90. Cones of *Picea morinda*, Bhotan
- 91. Fruits of *Argania sideroxylon*
- 92. Seeds of *Entada scandens*, India
- 93. Fruiting branch of *Ravenala guianensis*
- 94. Fruits of seeds of *Ximenia americana*, W Coast Africa

30 November 1893

T Wilson Esq, Rivers Lodge, Harpenden, SO Herts

Small sample of mate or Paraguay tea

9 December 1893

V Ball Esq, Director LLD, FRS, Director, Museum of Science and Art, Dublin

Leaf of *Coco de Mer* (*Lodoicea sechellarum*) Coll Major Genl Gordon, Seychelles

13 December 1893

Miss E C Baker, Beaumont Park Girls' Board School, Acton Green, Chiswick

- 1. Cloth from *Pueraria thunbergiana*, Japan
- 2. Cones of *Alnus firma*
- 3. Fruits of *Thea chinensis*
- 4. Fruits of *Zizyphus vulgaris*, Japan

- Page 395 - <https://biodiversitylibrary.org/page/55370788>

Nine plates of Indian Economic Plants

Two plates illustrating cotton staples

18 December 1893

Dr Paul Jaccard, Preparateur, Musee botanique, Lausanne, Switzerland

Fruits of the following:-

1. Fruit. *Gnetum Gnemon*, Java, Coll Henshatl
2. Fruit. *Gnetum* sp. Malacca, Herb. Griffith
3. Fruit. *Gnetum* sp. Chittagong, Sir J D Hooker
4. Fruit. *Gnetum* sp. Solomon Ids Coll H B Guppy

Page 397 - <https://biodiversitylibrary.org/page/55370790>

23 January 1894

Mrs J M Mahl, Head Mistress, Girls' Board School, Turnham Green

Package containing the following:-

1. Two plates illustrating cotton staples
2. Plate of cone of *Abies excelsa*
3. Cloth made of silk & paper from *Broussonetia papyrifera*, Japan
4. Stems and fibre of *Rhea*
5. Seven plates of Indian Economic plants
6. Tapa cloth prepared from the bark of *Broussonetia papyrifera*, Pacific
7. Fruits of *Banksia* sp. Portugal
8. Rhea tow - the residue after hackling
9. Annatto seed, *Bixa orellana*, Lagos
10. Starch from *Pueraria thunbergiana*, Japan
11. Fresh cut and dried fruit of *Lagenaria vulgaris*, Japan
12. British Honduras coffee "Caracolio"
13. Soy bean cheese, *Glycine soja*, Japan
14. Seeds of *Strychnos Ignatii*, Manila
15. Spathe of *Manicaria saccifera*, Demerara
16. Coffee berries, *Coffea arabica*
17. Imperial tea, Cachar
18. Tea prepared in Tamsui & exported to America
19. Coffee in the parchment
20. Roasted coffee
21. Roots of *Althaea rosea*, India
22. Souchong tea, Munipore
23. Jute, *Corchorus capsularis*, Wenchow

23 January 1894

Herbert-Williamson Esq, Amberley Road Board School, Harrow Road, W

Package containing the following:-

1. Powdered ochro pods, *Hibiscus esculentus*, Jamaica

- Page 398 - <https://biodiversitylibrary.org/page/55370791>
- 2. Hyson tea, Assam
  - 3. Meal from pods of *Phaseolus mungo* var. *radiatus*, Japan
  - 4. Prize green tea, Neilgherries
  - 5. Eight plates of Indian Economic Plants
  - 6. Flowers of *Malva sylvestris*
  - 7. Egyptian cotton grown and prepared in Bot. Gard. Grenada
  - 8. Fibre of *Sida cordifolia*, India
  - 9. Fibre of *Hibiscus sabdariffa*, British Guiana
  - 10. Rope from fibre of *Lavatera arborea*
  - 11. Ceylon moss, *Plocaria candida*, Ceylon
  - 12. Two plates illustrating cotton staples
  - 13. Plate of cone of *Abies excelsa*
  - 14. Cloth of silk & paper from *Broussonetia papyrifera*, Japan
  - 15. Stems and fibre of *Rhea*
  - 16. Tapa cloth from fibre of *Broussonetia papyrifera* Pacific
  - 17. Fruits of *Banksia* sp. Portugal
  - 18. Annatto seed, *Bixa orellana*, Lagos
  - 19. Starch from *Pueraria thunbergiana*, Japan
  - 20. Fresh cut and dried fruit of *Lagenaria vulgaris*, Japan
  - 21. British Honduras coffee "Caracolio"
  - 22. Soy bean cheese, *Glycine hispida*, Japan
  - 23. Seeds of *Strychnos Ignatii*, Manila

50. Wood of *Hydrangea paniculata*, Japan
51. Wood of *Prunus persica*, Japan
52. Wood of *Machilus Thunbergii*, Japan
53. Wood of *Betula alba*, Japan
54. Wood of *Magnolia Kobus*, Japan
55. Wood of *Styrax japonica*, Japan
56. Wood of *Punica granatum*, Japan

28 February 1894

Walter Parsons Esq, The Union School, Midhurst, Sussex

Package containing the following duplicates

1. Coffee, British Honduras
2. Cloth made of silk & paper from *Broussonetia papyrifera*, Japan
3. Fibre from *Cyrtopodium andersonii*, British Guiana
4. Chips of *Evodia glauca*, Japan
5. Crude meal of *Pueraria thunbergiana*, Japan
6. Seeds of *Vicia faba*, Japan
7. Seeds of *Vigna catieng*, Japan
8. False cubebs *Litsea citrata*, Nepal
9. Seeds of *Phaseolus vulgaris*, Japan
10. Flowers of *Aglaiodendron odorata*, Canton
11. Soy beans *Glycine hispida*, Japan
12. Seeds of *Phaseolus vulgaris*. Japan
13. Princewood bark *Exostemma caribaeum*, Bahamas
14. Seeds of *Pachyrhizus angulatus*, Japan
15. Hyson skin tea, Dehra Dun
16. Coarse paper from *Broussonetia papyrifera*, Japan
17. Seeds of *Strychnos Ignatii*, Manila

Page 403 - <https://biodiversitylibrary.org/page/55370796>

18. Annatto seeds, *Bixa orellana*, Lagos
19. Tapa cloth, Pacific Islands
20. Samples of paper of *Edgworthia papyrifera*, Japan
21. Fibre of *Musa textilis*, British Guiana
22. Fibre of *Sida carpinifolia*, Bombay
23. Root of *Elephantorrhiza Burchelli*, Cape
24. Seven plates of Indian Economic plants
25. Rope made of Hemp fibre *Cannabis sativa*, Japan
26. Seeds of *Sesamum indicum*, Japan
27. Hyson tea
28. Gum from *Khaya senegalensis*, Gambia
29. Bark of *Piscidia erythrina*, Jamaica
30. Vermicelli from *Pueraria thunbergiana*, Japan
31. Sea Island Cotton, Grenada
32. Two Cotton plates illustrating Cotton Staples

28 February 1894

George Singleton Esq, Earl of Egmonts' Schools, Easebourne, Midhurst

Parcel containing the following:-

1. Coffee, British Honduras
2. Fibre from *Cyrtopodium andersonii*, British Guiana
3. Chips of *Evodia glauca*, Japan
4. Seeds of *Vigna Catiang*, Japan
5. False cubebs *Litsaea citrata*, Nepal
6. Seeds of *Phaseolus vulgaris*, Japan
7. Flowers of *Aglaiia odorata*, Canton
8. Soy beans *Glycine hispida*, Japan
9. Seeds of *Pachyrhizus angulatus*, Japan
10. Starch from *Pueraria thunbergiana*, Japan
11. Green tea, Neilgherries

Page 404 - <https://biodiversitylibrary.org/page/55370797>

12. Coarse paper from *Broussonetia papyrifera*, Japan
13. Seeds of *Strychnos Ignatii*, Manila
14. Seeds of Annatto, *Bixa orellana*, Lagos
15. Tapa cloth, Pacific Islands
16. Samples of paper of *Edgworthia papyrifera*, Japan
17. Fibre of *Musa textilis*, British Guiana
18. Fibre of *Sida floribunda*, Bombay
19. Six plates of Indian Economic plants
20. Fibre of *Sida rhombifolia*, India
21. Rope of Hemp, *Cannabis sativa*, Japan
22. Seeds of *Sesamum indicum*, Japan
23. Fancy tea (Old men's eyebrows) China
24. Rhea fibre
25. Sliced and dried fruit of *Lagenaria vulgaris*, Japan
26. One plate illustrating Cotton Staples
27. Roasted coffee

28 February 1894

Alfred Wilkins Esq, Stourpaine, Blandford, Dorset [school]

Package of duplicates as follows:-

1. Five plates of Indian Economic plants
2. Rope of Hemp *Cannabis sativa*, Japan
3. Seeds of *Sesamum indicum*, Japan
4. Roasted coffee
5. One plate illustrating Cotton Staples
6. Coffee, British Honduras
7. Cloth of silk & paper from *Broussonetia papyrifera*, Japan
8. Fibre of *Cyrtopodium andersonii*, British Guiana
9. Chips of *Evodia glauca*, Japan
10. Seeds of *Vigna Catiang*, Japan
11. Seeds of *Phaseolus vulgaris*, Japan

18. Tapa cloth, Pacific Islands
19. Samples of paper from *Edgworthia papyrifera*, Japan
20. Fibre from *Agave* sp. British Guiana
21. Fibre from *Sida rhombifolia*, var. *rhomboidea*, India

28 March 1894

J H Maiden, Esq, Curator, Technological Museum, Sydney

One case containing the following:- c/o Messrs Houlder Bros 146 Leadenhall Street E.6

1. Fibre from *Agave* sp., Bot. Gard. Georgetown, Demerara
2. Fibre from *Agave rigida*, var, Bot. Gard. Georgetown, Demerara
3. Fibre from *Cyrtopodium andersonii*, Bot. Gard. Georgetown, Demerara
4. Fibre from *Furcraea gigantea*, Bot. Gard. Georgetown, Demerara
5. Fibre from *Agave* sp. (broad leaf), Bot. Gard. Georgetown, Demerara
6. Fibre from *Agave* sp. (narrow leaf), Bot. Gard. Georgetown, Demerara
7. Fibre from *Agave* sp. (blue), Bot. Gard. Georgetown, Demerara
8. Fibre from *Jamaica Banana*, Bot. Gard. Georgetown, Demerara
9. Fibre from *Red Banana*, Bot. Gard. Georgetown, Demerara
10. Fibre from *Agave* near *A. variegata*, Bot. Gard. Georgetown, Demerara
11. Fibre from *Wild East Indian Banana*, Bot. Gard. Georgetown, Demerara
12. Fibre from *Chinese Banana*, Bot. Gard. Georgetown, Demerara
13. Fibre from *Giant Green Banana*, Bot. Gard. Georgetown, Demerara
14. Fibre from *Dracaena Draco*, Bot. Gard. Georgetown, Demerara
15. Fibre from *Agave* near *A. Scolymus*, Bot. Gard. Georgetown, Demerara
16. Fibre from *Agave lirida*, Bot. Gard. Georgetown, Demerara

Page 406 - <https://biodiversitylibrary.org/page/55370799>

17. Fibre from Apple Banana, Bot. Gard. Georgetown, Demerara
18. Fibre from *Musa textilis*, Bot. Gard. Georgetown, Demerara
19. *Lentinus exilis*, Cachar
20. Pair of sandals and sample of rope made of the leaves of *Nannorrhops Ritchieana*, Mukran Coast, Persian Gulf
22. Fibre from *Calotropis gigantea*, Duroor, Eastern Soudan
23. Rain cover used by labourers in fields, British Honduras - made of the leaves of *Thrinax argentea*?
24. Sassy bark, *Erythrophlaeum guineense*, Sierra Leone
25. Camwood, *Baphia nitida*, Sierra Leone
26. Butt of military rifle made of American Birch, *Betula lenta* (Royal Small Arms Factory, Enfield lock)
27. Seeds of *Cydonia vulgaris*, Bombay
28. Mountain Ash Bark, *Pyrus americana*, N. America
29. Brush of Fataque grass, *Panicum maximum*, Mauritius
30. Natural and carved seeds of *Canarium commune*, Amoy
31. Brick Tea, Burma
32. Yarkundi Black Tea, Yarkund
33. Tiencha or Le Tea, Formosa
34. Cylinder Tea, China
35. Seeds of *Camellia sasanqua*, Japan
36. Fruits and seeds of *Ximenia americana*, W. Coast Africa
37. Four specimens of Tea roots as used by the Chinese for carving
38. Kongé fibre *Sansevieria guineensis*? E. Coast Africa
39. Faggot tea, China
40. Ball Tea, China
41. Old mens eyebrow tea (two samples)
42. Tea prepared for export to America
43. Roots of *Patrinia scabiosaeifolia*, Japan
44. Fruits of *Sapindus mukorossi*, Japan

Page 407 - <https://biodiversitylibrary.org/page/55370800>

45. Roots of *Ligusticum acutilobum*, Japan
46. Seeds of *Vigna Catiang*, Japan
47. Peel of immature fruits of *Citrus* sp Japan
48. Bark of *Evodia miliaeefolia*, Japan
49. Cones of *Alnus firma*, Japan
50. Leaves of *Artemisia vulgaris*, Japan
51. Roots of *Platycodon grandiflora*, Japan
52. Starch from *Pueraria thunbergiana*, Japan
53. Sliced fruit of *Lagenaria vulgaris*, Japan
54. Powdered bark of *Phellodendron amurense*, Japan
55. Tanning extract from *Stachyurus praecox*, Japan
56. Soy bean cheese from *Glycine Soja*, Japan
57. Cloth made from fibre of *Pueraria thunbergiana*, Japan
58. Tray made from the wood of *Morus alba*, Japan
59. Fruits of *Xanthoxylum piperitum*, Japan
60. Cushion for summer use made of paper from *Broussonetia papyrifera*, Japan
61. Ginseng *Aralia quinquefolia* var. ginseng
62. Rope of *Kwaso* bark, *Cannabis sativa*, Japan
63. Leaves of *Rosa rugosa*, Japan
64. Powdered galls of *Rhus semialata*, Japan
65. Sap grass, *Stipa* near S. *Pennata*, Afghanistan
66. Fruits of *Buckleya (Quadrialia) lanceolata*, Japan
67. Sappan Wood, *Caesalpinia Sappan*, Japan
68. Dye extract from *Alnus firma*, Japan
69. Meal from *Phaseolus mungo* var. *radiatus*, Japan
70. Bark of *Artocarpus* "used for covering by the garo tribes"
71. Timbaran bark, *Artocarpus elastica*, Brit. N. Borneo, Japan
72. Bark of *Pyrus Toringo*, Japan
73. Bark & rope of fibre of *Tilia cordata*
74. Wood of *Myrica rubra*, Japan

Page 408 - <https://biodiversitylibrary.org/page/55370801>

- 75. Wood of *Myrica rubra*, Japan
- 76. Wood of *Quercus dentata*, Japan
- 77. Wood of *Zizyphus vulgaris*, Japan
- 78. Wood of *Lindera sericea*, Japan
- 79. Wood of *Ternstroemia japonica*, Japan
- 80. Fruit and bark of the Comino tree (*Aniba perutilis*) Columbia
- 81. Pleurogyné rotata, Japan
- 82. Fruits of *Pyrus Pashia?* India
- 83. Seeds of *Vigna Catiang*, Japan
- 84. Seeds of *Pisum sativum*, Japan
- 85. Seeds of *Glycine hispida*, Japan
- 86. Buckwheat *Polygonum fagopyrum*, Japan
- 87. Buckwheat Meal *Polygonum fagopyrum*, Japan
- 88. Meal from *Pteris aquilina*, Japan
- 89. Seeds of *Perilla ocimoides*
- 90. Paper from *Edgeworthia gardneri*, Japan
- 91. Rape seed oil *Brassica campestris*, Japan
- 92. Oil from seeds of *Camellia japonica*, Japan
- 93. Oil from seeds of *Torreya nucifera*, Japan
- 94. Oil from seeds of *Perilla ocimoides*, Japan
- 95. Oil from cotton seeds, Japan
- 96. Oil from the seeds of *Camellia sasanqua*, Japan
- 97. Oil from the seeds of *Camellia thea* Japan
- 98. Astringent Acid from fruits of *Diospyros Kaki*, Japan
- 99. Single Chamomile flowers, *Anthemis nobilis*, cult. in Scotland
- 100. Double Chamomile flowers, *Anthemis nobilis*, cult. in Scotland
- 101. Leaves of *Rosa rugosa*, Japan
- 102. Broom of fibre of *Trachycarpus Fortunei*, Paris
- 103. Matting of fibre of *Cyperus tegetiformis*, Japan
- 104. Mat of split leaves of *Pandanus odoratissimus*, Japan
- 105. Rope of fibre of *Trachycarpus excelsus*, Japan

Page 409 - <https://biodiversitylibrary.org/page/55370802>

- 106. Incense of Sandalwood & other ingredients, Japan
- 107. Whisk of fibre of *Trachycarpus excelsus*, Japan
- 108. Vermicelli, Japan
- 109. Mat of *Carex rhynchophysa*, Japan
- 110. Konjak meal *Amorphophallus Rivieri*, Japan
- 111. Cloth made of fibre from *Musa Basjoo*, Japan
- 112. Kava drinking bowl of coconut shell, Samoa
- 113. Japanese gall nuts on *Rhus semialata*, Japan
- 114. Getta or shoe of wood of *Tilia cordata*, Japan
- 115. Getta or shoe of wood of *Cryptomeria japonica*, Japan
- 116. Getta or shoe of wood of *Pawlownia imperialis*, Japan
- 117. Getta or shoe of wood of *Pawlownia imperialis* & *Quercus crispula*, Japan

3 April 1894

James Treble Esq, C E School, Bedlington RSO, Northumberland

Package containing the following duplicates:-

- 1. Australian Truffle *Polyporus mylittae*, Victoria
- 2. Tapa cloth *Broussonetia papyrifera*, Pacific Islands
- 3. Vermicelli, Japan
- 4. Rope and twine of fibre of *Trachycarpus excelsus*, Japan
- 5. Rici beads, Japan
- 6. Capea elongata, Japan
- 7. Granulated rice, Japan
- 8. Cakes of wheat flour gluten, Japan
- 9. Plate illustrating Cotton Staples
- 10. Vegetable Isinglass, *Gelideum corneum*, Japan
- 11. Coffee berries
- 12. *Laminaria japonica*, Japan
- 13. *Cystoseira* sp. Japan

Page 410 - <https://biodiversitylibrary.org/page/55370803>

14. Alaria esculenta, Japan
15. Hirneola polytricha, Japan
16. White wax, *Rhus succedanea*, Japan
17. Osmunda regalis, Japan
18. Bark of *Tilia cordata*, Japan
19. Seeds of *Strychnos Ignatii*, Manila
20. Wheat, *Triticum vulgare*, British Guiana
21. Fibre of *Musa textilis*, British Guiana
22. Rice, Japan
23. Ginger, Japan
24. Seeds of *Setaria italica*, Japan
25. Fibre of *Cyrtopodium andersonii*, British Guiana
26. Seeds of *Glycine hispida*, Japan
27. Sample of Yellow Maize, Japan
28. Seeds of *Sorghum vulgare*, Japan
29. Barley, *Hordeum vulgare*, Japan
30. Seeds of *Paspalum scrobiculatum*, Japan
31. Seeds of *Vigna Catiang*, Japan
32. Seeds of *Phaseolus vulgaris*, Japan
33. Roasted Barley used as a substitute for coffee
34. Three plates of Indian Economic Plants
35. Three plates of Indian Economic Plants
36. Three plates of Indian Economic Plants

3 April 1894

W Pates Esq, 11A College Avenue, Hackney [school]

Package containing the following specimens:-

1. Roots of *Curcuma zedoaria*, Japan
2. Tapa cloth, *Broussonetia papyrifera*, Pacific Is
3. Vermicelli, Japan
4. Coloured plate of Japanese varieties of Oranges
5. Mahogany bark, *Swietenia mahogani*, Jamaica

Page 411 - <https://biodiversitylibrary.org/page/55370804>

6. Plate of Santalum album
7. Roots & ground roots of Curcuma longa, Japan
8. Rice bread, Japan
9. Capea elongata, Japan
10. Granulated glutinous rice, Japan
11. Cakes made of wheat flour gluten
12. Plate illustrating cotton staples
13. Vegetable Isinglass, Gelideum corneum, Japan
14. Coffee berries in Husk
15. Laminaria japonica, Japan
16. Cystoseira sp. Japan
17. Alaria esculenta, Japan
18. Hirneola polytricha, Japan
19. White wax, Rhus succedanea, Japan
20. Osmunda regalis, Japan
21. Bark of Tilia cordata, Japan
22. Rope of Cannabis sativa, Japan
23. Seeds of Strychnos Ignatii, Manila
24. Wheat, Triticum vulgare, Japan
25. Fibre of Agave rigida, British Guiana
26. Fruit of Banksia sp. Australia
27. Ceramium sp. artificially dyed, Japan
28. Ginger, Japan
29. Two samples of Rice, Japan
30. Two samples of Rice, Japan
31. Seeds of Seturia italica, Japan
32. Fibre of Cyrtopodium andersonii, Japan
33. Seeds of Glycine hispida, Japan
34. Samples of Red and White maize, Japan
35. Samples of Red and White maize, Japan
36. Seeds of Vicia faba, Japan
37. Seeds of Pisum sp. Japan
38. Seeds of Sorghum vulgare, Japan

Page 412 - <https://biodiversitylibrary.org/page/55370805>

39. Barley, *Hordeum vulgare*, Japan
40. Seeds of *Paspalum scrobiculatum*, Japan
41. Seeds of *Vigna Catiang*, Japan
42. Seeds of *Phaseolus mungo*, var. Japan
43. Roasted Barley used as a substitute for coffee, Japan
44. Three plates of Indian Economic Plants
45. Three plates of Indian Economic Plants
46. Three plates of Indian Economic Plants

17 April 1894

Lance Rawes Esq, Send National Schools, Woking

Package containing the following duplicates:-

1. Pods of *Canavalia ensiformis*, Brazil
2. St Ignatius beans, *Strychnos Ignatii*, Manila
3. Rice in the husk, Japan
4. Wheat, *Triticum vulgare*, Japan
5. Barley, *Hordeum vulgare*, Japan
6. *Osmandra regalis*, prepared for food, Japan
7. Seeds of *Panicum miliaceum*, Japan
8. Seeds of *Sorghum vulgare*, Japan
9. Tapa cloth, Pacific Islands
10. Bungo green wax, *Rhus succedanea*, Japan
11. Vermicelli, Japan
12. *Hydnum aspratum*, Japan
13. *Paspalum scrobiculatum*, Japan
14. Seeds of *Setaria italica*, Japan
15. Cacao, Dominica
16. Hijiki *Cystoseira* sp.
17. Bark of *Tilia cordata*, Japan
18. Coffee berries
19. Seeds of *Phaseolus mungo*, var. Japan
20. Fibre of *Cyrtopodium andersonii*, British Guiana

Page 413 - <https://biodiversitylibrary.org/page/55370806>

21. Fibre of *Musa textilis*, British Guiana
22. Roasted Barley used as a substitute for coffee, Japan
23. Cakes of wheat flour gluten, Japan
24. Capea elongata, Japan
25. Seeds of *Parinari laurinum*, Samoa
26. Seeds of *Vigna catieng*, Japan
27. Cakes of *Amorphophallus Rivieri*, Japan
28. Seeds of *Glycine hispida*, Japan
29. Edible seaweed, *Gelidium* sp. Japan
30. *Alaria esculenta*, Japan
31. Dyed seaweed, *Ceramium* sp. Japan
32. Plate illustrating cotton staples
33. Three plates of Indian Economic Plants

17 April 1894

A G Sydenham Esq, Warning Camp Board School, Arundel, Sussex

Package of duplicates as follows:-

1. Fruit of *Adansonia digitata*, Brazil
2. St Ignatius beans, *Strychnos Ignatii*, Manila
3. Rice in the husk, Japan
4. Wheat, *Triticum vulgare*, Japan
5. Barley, *Hordeum vulgare*, Japan
6. *Osmunda regalis* prepared as food, Japan
7. Seeds of *Panicum miliaceum*, Japan
8. Seeds of *Sorghum vulgare*, Japan
9. Tapa cloth, *Broussonetia papyrifera*, Pacific
10. Bungo green wax, *Rhus succedanea*, Japan
11. Vermicelli, Japan
12. *Hydnnum aspratum*, Japan
13. Seeds of *Paspalum scrobiculatum*, Japan
14. Seeds of *Seteria italica*, Japan

Page 414 - <https://biodiversitylibrary.org/page/55370807>

15. Seeds of *Theobroma cacao*, Dominica
16. Hijiki, *Cystoseira*, Japan
17. Bark of *Tilia cordata*, Japan
18. Coffee berries
19. Fibre of *Cyrtopodium andersonii*, British Guiana
20. Fibre of *Musa textilis*, Manila
21. Roasted Barley used as a substitute for coffee
22. Cakes of wheat flour gluten, Japan
23. Hirneola polytricha, Japan
24. Seeds of *Parinarium laurinum*, Samoa
25. Seeds of *Vigna Catiang*, Japan
26. Cakes of *Amorphophallus Rivieri*, Japan
27. Rice bread, Japan
28. Seeds of *Glycine hispida*, Japan
29. Gelideum corneum, Japan
30. Dyed seaweed, *Ceramium* sp. Japan
31. Plate illustrating cotton staples
32. Three plates of Indian Economic Plants

20 April 1894

Dr Schlich FLS, Royal Indian Civil Engineering College, Coopers Hill, Staines

Case containing a collection of 100 small specimens of Japanese woods also two pieces of wood of the Comino tree (*Aniba perutilis*) of Colombia

24 April 1894

James Northmore Esq, Gordon Boys' Home, Chobham, Woking

Package containing the following duplicates:-

1. Karri block for paving purposes, W. Australia

- Page 415 - <https://biodiversitylibrary.org/page/55370808>
- 2. White Dogwood *Piscidia erythrina*, Jamaica
  - 3. Seaweed *Gleopeltis intricata*, Japan
  - 4. Tapa cloth, *Broussonetia papyrifera*, Pacific Islands
  - 5. Cakes prepared from *Amorphophallus rivieri*, Japan
  - 6. Italian millet *Setaria italica*, Japan
  - 7. Cocoa *Theobroma cacao*, Dominica
  - 8. Soy beans *Glycina hispida*, Japan
  - 9. Coral from Admiralty islands
  - 10. Millet *Panicum miliaceum*, Japan
  - 11. Worm seed *Artemisia santonica*
  - 12. Bungo green wax *Rhus succedanea*, Japan
  - 13. Hirneola *polytricha*, Japan
  - 14. Bark of *Evodia miliaefolia*, Japan
  - 15. Laminaria *saccharina*, Japan
  - 16. Laminaria *japonica*, Japan
  - 17. Seeds of *Paspalum scrobiculatum*, Japan
  - 18. Wheat *Triticum vulgare*, Japan
  - 19. Barley *Hordeum vulgare*, Japan
  - 20. Rock mushroom *Endocarpon moulinsii*, Japan
  - 21. Coffee from British Honduras
  - 22. White hair Laminaria, Japan
  - 23. St Ignatius beans *Strychnos ignatii*, Manila
  - 24. Seeds *Vigna catiang*, Japan
  - 25. Aloe fibre *Agave americana*, Madras
  - 26. Euopherix *pinnatifida*, Japan
  - 27. Paddy *Oryza sativa*, Japan
  - 28. Gelidium sp., Japan
  - 29. Plate illustrating cotton staples
  - 30. Wood of *Apodytes mauritiana*, Seychelles
  - 31. Wood of *Backhousia citriodora*, Queensland

Page 416 - <https://biodiversitylibrary.org/page/55370809>

24 April 1894

Mr J M Ricardon, 76 New Bond Street

Small sample of Mechoacan root (*Ipomoea jalapa*, coke) from Mexico

3 May 1894

James Barker Esq, 63 Glyn Road, Homerton, London [school]

Small box of duplicates as follows:-

1. Silk grass fibre, *Ananas sativa*, British Guiana
2. St Ignatius beans *Strychnos ignatii*, Manila
3. *Laminaria saccharina*, Japan
4. *Eupherix pinnatifida*, Japan
5. Rock mushroom *Endocarpon moulinsii*, Japan
6. Bombay aloe fibre, *Agave vivipara*, India
7. *Hydnnum aspratum*, Japan
8. Tapa cloth, *Broussonetia papyrifera*, Pacific
9. Seeds of *Glycine hispida*, Japan
10. Seeds of *Cydonia vulgaris*, Bombay
11. Millet *Panicum miliaceum*, Japan
12. *Cissophyllum filiforme*, Japan
13. White hair *Laminaria*, Japan
14. *Hirneola polytricha*, Japan
15. Rhizome of *Dioscorea japonica*, Japan
16. Sliced *Laminaria japonica*, Japan
17. Root bark of *Astragalus strictus*, Ladakh
18. Cakes of *Amorphophallus rivieri*, Japan
19. Paddy, *Oryza sativa*, Japan
20. Plate illustrating cotton staples
21. Coffee British Honduras
22. Preserved radishes. Japan

Page 417 - <https://biodiversitylibrary.org/page/55370810>

23. Jobs tears Maltose
24. Wood of *Piscidia carthaginensis*, Jamaica
25. Wood of *Backhousia citriodora*, Queensland

12 May 1894

Prof Oliver, University of London

1. Fruits of *Trichosanthes wallichiana*, Bot Gard Singapore
2. Fruits of *Garcinia atroviridis*, Bot Gard Singapore
3. Fruits of *Anacardium occidentale*, Bot Gard Singapore
4. Fruits of *Cynometra cauliflora*, Bot Gard Singapore
5. Fruits of *Anona reticulata*, Bot Gard Singapore
6. Fruits of *Theobroma cacao*, Bot Gard Singapore
7. Fruits of *Nephelium lappaceum*, Bot Gard Singapore
8. Fruits of *Zalacca edulis*, Bot Gard Singapore
9. Portion of *Sarcolla* plant (*Astragalina fasciculifolius*)

16 May 1894

J Bretland Farmer Esq, Royal College of Science, South Kensington

1. Pods of *Dioclea reflexa*, Grenada
2. Stems of *Equisetum giganteum*, Brazil
3. Fruits of *Bouea macrophylla*, Singapore
4. Fruits of *Nephelium mutabile*, Singapore
5. Fruits of *Garcinia atroviridis*, Singapore
6. Fruits of *Averrhoa bilimbi*, Singapore
7. Fruits of *Garcinia andersoni*, Singapore
8. Fruits of *Averrhoa carambola*, Singapore
9. Fruits of *Lansium domesticum*, Singapore
10. Fruits of *Carica papaya*, Singapore
11. Fruits of *Mimusops elengi*, Singapore
12. Fruits of *Flacourtie cataphracta*, Singapore

Page 418 - <https://biodiversitylibrary.org/page/55370811>

13. Fruits of Amatunduluka (*Ximenia americana*), Natal
14. Plants of *Sphagnum squarrosum*

23 May 1894

Miss Blandford, Easebourne School, Midhurst, Sussex

1. Tapa cloth (*Broussonetia papyrifera*), Pacific
2. Paddy (*Oryza sativa*), Japan
3. White hair Laminaria, Japan
4. Seeds of *Glycine hispida*, Japan
5. Flowers of *Lavatera kashmiriana*, Kashmir
6. Canaigre tubers (*Rumex hymenosepalum*)
7. *Hydnnum aspratum*, Japan
8. Coffee berries, British Honduras
9. Fibre of *Agave rigida*
10. Edible seaweed (*Euphorix pinnatifida*), Japan
11. Edible seaweed (*Laminaria japonica*), Japan
12. *Hirneola polytricha*, Japan
13. Extract of *Agave americana*, Natal
14. Edible seaweed (*Cisstophyllum filiforme*), Japan
15. Seeds of *Strychnos ignatii*, Manila
16. Plate illustrating cotton staples

23 May 1894

The Head Mistress, Duncton School, near Petworth, Sussex

1. Tapa cloth (*Broussonetia papyrifera*), Pacific
2. Paddy (*Oryza sativa*), Japan
3. White hair Laminaria, Japan
4. Seeds of *Glycine hispida*, Japan
5. *Polyporus lucidus*, Demerara

Page 419 - <https://biodiversitylibrary.org/page/55370812>

6. *Hydnnum aspratum*, Japan
7. Coffee berries, British Honduras
8. Edible seaweed (*Laminaria japonica*), Japan
9. Bark of *Evdia miliaefolia*, Japan
10. Fibre of *Agave ixtle*
11. *Morchella conica*
12. Plate illustrating cotton staples
13. St Ignatius beans (*Strychnos ignatii*), Manila

23 May 1894

T Christy Esq, 25 Lime Street, EC

Root of "Shu-lang" (*Dioscorea rhipogonoides*) from Formosa, used as a dye in China (see entry book 59/1894)

23 May 1894

J J Hummel Esq, The Yorkshire College, Leeds

Root of "Shu-lang" (*Dioscorea rhipogonoides*) from Formosa, used as a dye in China (see entry book 59/1894)

23 May 1894

E M Holmes Esq, Pharmaceutical Society, 17 Bloomsbury Square WC

Root of "Shu-lang" (*Dioscorea rhipogonoides*) from Formosa, used as a dye in China (see entry book 59/1894)

29 May 1894

Miss J Rowe, St Saviours' Girls School, Walthamstow

1. Tapa cloth (*Broussonetia papyrifera*), Pacific

2. Mountain Ash Bark, *Pyrus americana*, N. America

Page 420 - <https://biodiversitylibrary.org/page/55370813>

3. Ammania baccifera, Madras
4. Coffee, British Honduras
5. Gao zaban (Echium sp.) Madras
6. Buchu leaves (Barosma sp.) S. Africa
7. Seeds of Fevillea sp. Venezuela
8. Sliced Laminaria japonica, Japan
9. Soy beans, Glycine hispida, Japan
10. Timbaran bark, Artocarpus elastica, British North Borneo
11. Roots of Citrullus colocynthis, India
12. Paddy (Oryza sativa), Japan
13. Wood of Phillyrea latifolia, Algeria
14. Plate illustrating cotton staples
15. Plate illustrating cone of Abies excelsa

29 May 1894

Miss Wright, Stock Street Girls' School Plaistow E

1. Buchu leaves (Barosma sp.) S. Africa
2. Tapa cloth (Broussonetia papyrifera) Pacific
3. Chips of Evodia miliafolia, Japan
4. Coffee, British Honduras
5. Pinellia tuberifera, Japan
6. Gao zaban (Echium sp.) Bombay
7. Mountain Ash Bark, Pyrus americana, N. America
8. Roots of Citrullus colocynthis, India
9. Paddy (Oryza sativa), Japan
10. Wood of Phillyrea latifolia, Algeria
11. Roots of Sanicula marilandica, U S America
12. Plate illustrative of cone of Abies excelsa

Page 421 - <https://biodiversitylibrary.org/page/55370814>

29 May 1894

J A Smith Esq, Holy Trinity Boys' School, Wallington, Surrey

1. Bark of *Soymida febrifuga*, Cuddapah
2. Tapa cloth (*Broussonetia papyrifera*) Pacific
3. Pumpkin seeds
4. Coffee, British Honduras
5. Seeds, *Acacia arabica*, Mauritius
6. Edible seaweed (*Gleopeltis intricata*) Japan
7. Small stem of *Zamia integrifolia* & sample of starch from same, British Honduras
8. Paddy (*Oryza sativa*), Japan
9. Seeds of *Myristica* sp. Tropical Africa
10. Cocus wood (*Brya ebenus*) W Indies
11. Gourd used for holding oil, Fiji

30 May 1894

The Head Mistress, Leasingthorn Board School, Bishop Auckland, Railway Station, Coundon, Durham

1. Flowers of *Artemisia* sp. Madras
2. Chips of *Evodia miliaeefolia*, Japan
3. Paddy (*Oryza sativa*), Japan
4. Gao zaban (*Echium* sp.) Madras
5. Bark of *Soymida febrifuga*, Cuddapah
6. Fruits of *Prestoea trinitensis*, Grenada
7. *Daldinia concentrica*, New Zealand
8. Lavender seed
9. Tapa cloth (*Broussonetia papyrifera*) Pacific
10. Seeds of *Fevillea trilobata*, Venezuela
11. Coffee, British Honduras
12. Fibre of *Sida rhombifolia*, var. *rhomboidea*, Cape

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 422 - <https://biodiversitylibrary.org/page/55370815>

30 May 1894

F R Sparrow Esq, Parish Church Schools, Rochdale, Lancashire

1. Bark of *Cinnamodendron corticosum*, Jamaica
2. Paddy (*Oryza sativa*), Japan
3. Coffee, British Honduras
4. Bark of *Soymida febrifuga*, Cuddapah
5. Tapa cloth (*Broussonetia papyrifera*) Pacific
6. Gao zaban (*Echium sp.*) Madras

30 May 1894

W Moseley Esq, St Luke's Mixed School, Chadderton, Oldham, Lancashire

1. Gao zaban (*Echium sp.*) Bombay
2. Kernels of *Elaeis guineensis*, W Africa
3. Tapa cloth (*Broussonetia papyrifera*) Pacific
4. Coffee, British Honduras
5. Paddy (*Oryza sativa*), Japan
6. Bark of *Soymida febrifuga*, Cuddapah
7. Oil seeds (*Heisteria sp.*) Trop. Africa

30 May 1894

James E Kaye Esq, St James Road Board School, Senior Boys' Dept, Derby

1. Tapa cloth (*Broussonetia papyrifera*) Pacific
2. Coffee, British Honduras
3. Paddy (*Oryza sativa*), Japan
4. Bark of *Soymida febrifuga*, Cuddapah

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](https://biodiversitylibrary.org/page/55370816)

Page 423 - <https://biodiversitylibrary.org/page/55370816>

30 May 1894

Arnold Prentice Esq, St Mary's Elms School, Ipswich, Suffolk

1. Tapa cloth (*Broussonetia papyrifera*) Pacific
2. Coffee, British Honduras
3. Paddy (*Oryza sativa*), Japan
4. Bark of *Soymida febrifuga*, Cuddapah

30 May 1894

A H Williams Esq, Albert Road School, Southsea

1. Tapa cloth (*Broussonetia papyrifera*) Pacific
2. Coffee, British Honduras
3. Paddy (*Oryza sativa*), Japan
4. Bark of *Soymida febrifuga*, Cuddapah

30 May 1894

Miss M R Phillips, National School, Berwick-on-Tweed

1. Tapa cloth (*Broussonetia papyrifera*) Pacific
2. Coffee, British Honduras
3. Paddy (*Oryza sativa*), Japan
4. Bark of *Soymida febrifuga*, Cuddapah

30 May 1894

John Roe Esq, Hatfield Road Board School, St Albans, Herts

1. Tapa cloth (*Broussonetia papyrifera*) Pacific
2. Coffee, British Honduras
3. Paddy (*Oryza sativa*), Japan
4. Bark of *Soymida febrifuga*, Cuddapah

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

Page 424 - <https://biodiversitylibrary.org/page/55370817>

1 June 1894

W F H Blandford Esq FES, 48 Wimpole Street, W

124 microscopic slides of *Aphis* spp destructive to vegetation presented to the Museum by Mr Frederick Walker, August 1854

1 June 1894

George Murray Esq, Dept of Botany Natural History Museum, S. Kensington

8 slides of Sir J D Hookers Diatoms

7 June 1894

Walter Gardiner Esq, Botanical Museum, New Museums, Cambridge

Plant of *Xanthorrhoea quadrangulata*

1 June 1894

J Bretland Farmer Esq, Royal College of Science, South Kensington

1. Cone of *Abies religiosa*

2. Section of stem of *Gnetum* sp. Malay Peninsula

3. Portion of plant of *Lychnophora villosissima*, Minas Geraes

4. Cone of *Abies religiosa*, Mexico 4357 Pringle

5. Pods of *Hymenaea courbaril*, Brazil

6. Pods of *Canavalia*, Brazil

7. Fruits of *Zanonia* sp. Sikkim

8. *Cladonia coccifera*, Western Andes

9. Cones & foliage of *Pinus ponderosa*, N. America (grown in Gloucestershire)

20 June 1894

J Bretland Farmer Esq, Royal College of Science, South Kensington

1. Fruits of *Momordica charantia*

Page 425 - <https://biodiversitylibrary.org/page/55370818>

2. Fruits of *Coccinia indica*
3. Fruits of *Icacina trichantha*
4. Fruits of *Echinocystis lobata*
5. Section of fruit of *Treculia affona*, Yoruba
6. *Morchella crassipes* exchanged for an example of the same species originally from Kew & collected in the Herbarium grounds by Mrs Dyer

25 June 1894

Prof Oliver, University College, Gower Street, WC

Two sections of fruit of *Treculia affona*, Yoruba

17 July 1894

Thomas Toop Esq, Boys National School, Leyton, Essex

1. Mat made of *Lycopodium* sp. Sweden
2. Fruits of *Strychnos nux vomica*, Delagoa Bay
3. *Plocamium procerum*, S Australia
4. *Laurencia forsteri*, Swan River
5. *Gigartina plicata*
6. Rose of Jericho *Anastatica hierochuntica*, S Arabia
7. Gum from *Sterculia villosa*, Darjeeling
8. Seeds of *Theobroma cacao*, Nicaragua
9. Areca nuts, East Indies
10. Paddy (*Oryza sativa*), Japan
11. *Equisetum hyemale*, N China
12. "Koin Gass" (*Carex nubigena*) Kashmir
13. Stems of *Abutilon avicennae*

Page 426 - <https://biodiversitylibrary.org/page/55370819>

17 July 1894

Joseph Spyer Esq, Coventry Road Board School, Bulwell, Notts

Ackd 21.7.94

1. *Ectocarpus mertensii*
2. *Rhodymenia ornata*
3. *Chytocladia articulata*
4. *Callophyllis coccinea*
5. Hassock of *Polytrichum commune*, Yorkshire
6. *Equisetum hyemale*, N China
7. Paddy (*Oryza sativa*), Japan
8. Betel nut, East Indies
9. Paraguay tea (*Ilex paraguariensis*)
10. Seeds of *Theobroma cacao*, Nicaragua
11. Gum from *Sterculia villosa*, Darjeeling
12. Fruits of *Strychnos spinosa*
13. Koin gass (*Carex nubigena*) Kashmir
14. Stems of *Abutilon avicinnae*, Kashmir

17 July 1894

George M Graves Esq, Boys School, Chapel of Ease, Liverpool Road, N

Ackd 19.7.94

1. Broom made of *Polytrichum commune*
2. *Callithamnion hornocarpum*
3. *Furcellaria fastigiata*
4. Microphoto of *Stipa tenacissima*
5. *Equisetum hyemale*, N China
6. Paddy (*Oryza sativa*), Japan
7. Areca nut, E Indies
8. Paraguay tea (*Ilex paraguariensis*)
9. Fruit of *Strychnos nux-vomica*, Travancore
10. Gum of *Sterculia villosa*, Darjeeling
11. Koin gass (*Carex nubigena*) Kashmir

Page 427 - <https://biodiversitylibrary.org/page/55370820>

17 July 1894

Miss J Buchanan, National Schools, Clutton, near Bristol

1. *Rhodymenia ciliata*
2. *Hydrodictyon utriculatum*
3. *Schizymenia edulis*, Torquay
4. *Lycopodium rubrum*, S America
5. Mate, *Ilex paraguariensis*
6. Gum of *Sterculia tragacantha*, Niger Expedition
7. Seeds of *Theobroma cacao*, Ceylon
8. Fruits of *Strychnos nux-vomica*, Travancore
9. Areca nuts, East Indies
10. Paddy (*Oryza sativa*), Japan
11. *Equisetum hyemale*, N China

17 July 1894

Miss E Cooper, S Hilda's Girls' School, Leeds

1. *Sargassum decurrens*, Swan River
2. *Pterocladia lucida*, Swan River
3. *Dasya elegans*
4. Koin gass (*Carex nubigena*) Kashmir
5. Fruits of *Strychnos nux-vomica*, Travancore
6. *Equisetum hyemale*, N China
7. Paddy (*Oryza sativa*), Japan
8. Seeds of *Theobroma cacao*, Ceylon
9. Gum from *Sterculia tragacantha*, Niger Expedition
10. *Lycopodium rubrum*, N America

Page 428 - <https://biodiversitylibrary.org/page/55370821>

17 July 1894

A W Sutherland Esq, The School House, Strutton Park

Ackd 20.7.94

1. *Plocamium nidificum*, Swan River
2. *Halyseris polypodeoides*, Ilfracombe
3. *Dasya coccinea*
4. *Belessaria alata*
5. *Equisetum hyemale*, N China
6. Paddy (*Oryza sativa*), Japan
7. Seeds of *Theobroma cacao*, Nicaragua
8. Gum of *Sterculia tragacantha*, Niger Expedition
9. Fruit of *Strychnos nux-vomica*, Travancore
10. Hijike (*Cystoseira*) Kashmir
11. Koin gass (*Carex nubigena*) Kashmir

17 July 1894

Mrs F E Tootell, Westby House School, Lytham, Lancashire

Ackd August 28th 1894

1. *Chondrus crispus*
2. *Rhodomela Rothii*
3. *Ectocarpus tomentosus*
4. Seeds of *Theobroma cacao*, Ceylon
5. Paddy (*Oryza sativa*), Japan
6. Fruit of *Strychnos nux-vomica*, Travancore
7. *Equisetum hyemale*, N China
8. Gum of *Sterculia tragacantha*, Niger Expedition
9. "Koin Gass" (*Carex nubigena*) Kashmir

17 July 1894

J H White Esq, Wesleyan School, Thorpe Hesley, Rotherham

Ackd 21.7.94

1. *Enteromorpha linza*
2. *Wrangelia multifida*

Page 429 - <https://biodiversitylibrary.org/page/55370822>

3. *Mesogloia viviscens*
4. Seeds of *Theobroma cacao*, Ceylon
5. Paddy (*Oryza sativa*), Japan
6. Fruit of *Strychnos nux-vomica*, Travancore
7. Fruits of *Dysoxylon binectariferum*
8. Gum of *Sterculia tragacantha*, Niger Expedition
9. *Equisetum hyemale*
10. Koin gass (*Carex nubigena*) Kashmir

17 July 1894

H E Hankinson Esq, Wesleyan School, Thorner, Leeds

Ackd 23.7.94

1. *Nitophyllum venulosum*
2. *Dictyota paniculata*, Swan River
3. *Gloiosiphonia capillaris*
4. *Mylitta australis*, Samoa
5. *Equisetum hyemale*, Pavia
6. Gum of *Sterculia tragacantha*, Niger Expedition
7. Paddy (*Oryza sativa*), Japan
8. Sliced fruit of *Lagenaria vulgaris*, Japan
9. Koin gass (*Carex nubigena*) Kashmir

17 July 1894

S Berchmans Esq, 40 Duncan Terrace, Islington, N [school]

Ackd 20.7.94

1. *Gracilaria multipartita*
2. *Rhodomenia palmata*
3. *Laminaria saccharina*, Japan
4. Paddy (*Oryza sativa*), Japan
5. Gum of *Sterculia urens*, India
6. Sliced fruit of *Lagenaria vulgaris*, Japan
7. *Equisetum hyemale*, Munich
8. Koin gass (*Carex nubigena*) Kashmir

Page 430 - <https://biodiversitylibrary.org/page/55370823>

17 July 1894

J J Davies Esq, Board School, Bourne, Lincolnshire

Ackd 25.7.94

1. Cotton fabric printed with Polypodium pattern
2. Dasya muelleri
3. Ceramium diaphanum
4. Paddy (*Oryza sativa*), Japan
5. Gum of *Sterculia urens*, India
6. Printed muslin, Maiden hair, fern pattern
7. *Equisetum hyemale*, N China
8. Spadix of *Cocos* sp. Brazil

17 July 1894

John Cocker Esq, Little Sutton, near Chester

1. Gum of *Sterculia urens*, India
2. Seeds of *Theobroma cacao*, Nicaragua
3. *Griffithsia setacea*
4. *Halimeda versatilis*, Swan River
5. Plate of *Tilletia*
6. Plate of *Ustilago*
7. *Spumaria alba*
8. *Lepiota subocreativa*
9. *Dasya Gunmiana*
10. *Dictyota dichotoma*
11. Printed muslin, *Adiantum* pattern

21 July 1894

Percy J Eyre Esq, St John's Boys School, Richmond

1. Oil painting of a pine apple
2. Mounted specimen of *Plocamium nidificum*, S Australia

Page 431 - <https://biodiversitylibrary.org/page/55370824>

25 July 1894

Prof Marcus M Hartog MA FLS, Queen's College, Cork

1. Wood of *Trochetia erythroxylon*, St Helena
2. Plants of *Hydnophytum andamanense*, Bot. Gard. Calcutta
3. *Durvillaea utilis*
4. *Polyporus lucidus*, Polynesia
5. *Langsdorffia hypogea*
6. *Balanophora dioica*
7. *Helosis mexicana*
8. Fruits of *Hakea crassifolia*, W. Australia
9. Seeds of *Macadamia ternifolia*, Queensland
10. Fruits of *Hakea cucullata*, W. Australia
11. Winged seeds of *Darlingtonia spectatissima*, Queensland
12. Cone of *Banksia* sp. Australia
13. Seeds of *Camellia sasanqua*, Japan
14. Fruits of *Zanthoxylum piperitum*, Japan
15. Galls of *Rhus semialata*, Japan
16. Fruits of *Gardenia florida*, Japan
17. Seeds of *Simaba cedron*, Trinidad
18. Fruits of *Buckleya (Quadriala lanceolata)* Japan
19. Portion of stem of *Fatsia japonica*
20. Small section of wood of *Zanthoxylum schinifolium*, Japan
21. Portion of pod of *Enterolobium cyclocarpum*, Guatemala
22. Fruits of *Cheiranthodendron platanoides*, Guatemala
23. Pod of *Moringa pterygosperma*, Trop. Africa
24. Fruit of *Luffa aegyptiaca*, Trop. Africa
25. *Pachyma cocos*
26. Fruit of *Fevillea cordifolia*, Jamaica
27. Flowers of *Banksia occidentalis*, Australia
28. Section of stem of *Gnetum* sp. Malay Peninsula
29. Pod of *Dimorphandra megacarpa*
30. Pod & seeds of *Mirabow (Afzelia palembanica)*

Page 432 - <https://biodiversitylibrary.org/page/55370825>

31 July 1894

Prof G Brown Goode, U S National Museum, Washington, Mass. U.S America

Box containing the following collection:- c/o W. Wesley & Son 28 Essex Street, Strand

1. Madu nuts, *Cycas circinalis*, Ceylon

2. Lupins, Lower Egypt

3. Root bark of *Ventilago maderaspatana*, Madura

4. Fenugreek seeds, *Trigonella foenum-graecum*, Sind

5. Gum of *Bombax malabaricum*, Kumaon

6. Spikenard (*Nardostachys jatamansi*) Northern India

7. Fruits of *Pavia indica*, Kashmir

8. Rhea fibre (*Boehmeria nivea*) Wenchow, China

9. Fibre and cordage of *Boehmeria nivea*, Wenchow, China

10. Inner bark of *Bauhinia vahlii*, Ranchi, India

11. Inner bark of *Helicteres isora*, Palamow

12. Stems of *Girardinia heterophylla*, Kullu, Punjab

13. Pollinia eriopoda, Mirzapore

14. Four samples of Coffee, British Honduras

15. Four samples of Coffee, British Honduras

16. Four samples of Coffee, British Honduras

17. Four samples of Coffee, British Honduras

18. Seaweed, *Alaria pinnatifolia*, Tokio, Japan

19. Extract of mangrove bark (*Rhizophora mangle*) Jamaica

20. Poisonous grass of Kashmir (*Stipa sibirica*)

21. Wood of *Trochetia erythroxylon*, St Helena

22. Fruits of *Malva rotundifolia*, N. W. Provinces, India

23. Sea Island cotton, Tenerife

24. Fibre of *Plagianthus pulchellus*, Victoria

25. Coffee grown in St Nicholas, Tenerife

26. Coffee grown in Oratava, Tenerife

27. Rope and fibre of *Lavatera arborea*, Madeira

28. Sandal made of the leaves of *Nannorrhops Ritchieana*

29. Leaflet & fibre of *Elaeis guineensis*, Sierra Leone

30. Cloth of *Pueraria thunbergiana*, Japan

31. Inner bark of *Tilia cordata*, Japan

Page 433 - <https://biodiversitylibrary.org/page/55370826>

32. Seeds of *Vigna catiang*, Japan
33. Buckwheat (*Polygonum fagopyrum*) Japan
34. Timbaran bark (*Artocarpus elastica*) Borneo
35. Oil of *Camellia sasanqua*
36. Oil of *Camellia japonica*
37. Sheath + rope of *Trachycarpus excelsus*, Japan
38. Sheath + rope of *Trachycarpus excelsus*, Japan
39. Brush of fibre of *Trachycarpus excelsus*, Japan
40. Roots of *Atractylis ovata*, Japan
41. Root bark of *Astragalus strictus* used for paper making, Ladakh
42. Wood of *Exocarpus cupressiformis*, N. S. Wales
43. Bark of *Xanthoxylum senegalense*, Niger
44. Resin of *Xanthorrhoea arborea*, N. S. Wales
45. Grass tree [gum] from *Xanthorrhoea hastilis*, N. S. Wales
46. Fruits of *Strophanthus*, Gambia
47. Borage flowers (*Borago officinalis*)
48. Alkanet root (*Alkanna tinctoria*) S. Europe
49. Wood of *Eucalyptus piperita*, Hobart Town
50. Cork wood (*Duboisia myoporoides*) N. S. Wales
51. Marking nut gum (*Semecarpus anacardium*) India
52. Gum from *Acacia decurrens*, var. *mollissima*, Tasmania
53. Wood of *Dacrydium franklinii*
54. Rhea prepared by Dicksons' patent
55. Axe handle of wood of *Quercus dilatata*, Punjab
56. Letter wood (*Brosimum aubletii*) British Guiana
57. Fibre & yarn of Genet d'Espagne (*Genista juncea*) France
58. Set of specimens illustrating the preparation of fibre from *Elaeis guineensis*
59. Egbessie root (*Sarcocapnos esculentus*) W. Trop. Africa
60. Five calabashes (*Crescentia cujete*) Demerara, carved by an old native

Page 434 - <https://biodiversitylibrary.org/page/55370827>

29 August 1894

T Woodhead Esq, St Thomas's Schools, Wigan Street, Bradford, Yorks

1. Wood of *Eugenia marginata*, Queensland
2. Wood of *Salvadora persica*, Ceylon
3. Wood of *Santalum freycinetianum*, Hawaii
4. Wood of *Rhus australasica*, Queensland
5. Wood of *Eremophila mitchelli*, Queensland
6. Wood of *Sophora japonica*, Japan
7. Wood of *Caryocar tomentosum*, British Guiana
8. Wood of *Olea laurifolia*, Natal
9. Wood of *Cercis siliquastrum*, S. Europe
10. Wood of *Berlinia auriculata*, Sierra Leone
11. Gum of *Sterculia urens*, Hyderabad
12. Fruits of *Pavia indica*, Kashmir
13. Seeds of *Sesamum indicum*, Cent. Provinces, India
14. Lupins, Lower Egypt
15. Root bark of *Ventilago maderaspatana*, Madura
16. Paicha wood, *Euonymus sieboldianus*, Ningpo

29 August 1894

A W Williamson Esq, National School, New Romney, Kent

1. Root bark of *Ventilago maderaspatana*, Madura
2. Gum of *Sterculia urens*, Hyderabad
3. Seeds of *Sesamum indicum*, Cent. Provinces, India
4. Lupins, Lower Egypt
5. Fruits of *Pavia indica*, Kashmir
6. Wood of *Santalum freycinetianum*, Hawaii
7. Wood of *Berlinia auriculata*, Sierra Leone
8. Wood of *Salvadora persica*, Ceylon

12. Cotton pods, India

12 August 1895

Prof Dr Ed Schaer, Strassburg

Small sample of "Kât jaddikai" or kini from *Myristica malabarica*, Lam, Malabar, Forestry Exhib. Edinburgh 1884

11 November 1895

Edward J Davis Esq, Head Master, Wesleyan Training Schools, Kingswood, near Bristol

Ackd 15.11.95 J. Mst

1. *Polyporus lucidus*, from near Bombay
2. Carpet yarn of *Rhea tow Boehmeria nivea*, var. *tenacissima*
3. Fibre of *Musa malaccensis*, Malacca
4. Leaf of *Carludovica palmata* prepared for making Hats
5. Palmyra Bass
6. Ball formed of laurel leaves from a Loch in Scotland
7. *Rhea fibre Boehmeria nivea*, var. *tenacissima*, Mexico
8. Sisal Hemp *Agave rigidula*, var. *Sisalana*, Trinidad

Page 478 - <https://biodiversitylibrary.org/page/55370873>

9. Raffia from *Raphia vinifera*, Lagos
10. Chinese hemp skins *Cannabis sativa*
11. Two samples of Rhea fibre *Boehmeria nivea*, var. *tenacissima*
12. Two samples of Rhea fibre *Boehmeria nivea*, var. *tenacissima*
13. Cone of *Pinus Ayacahuite* Mexico, grown in Cornwall
14. Gum resin of *Euphorbia sipoisei*, Brazil
15. Rubber from *Kickxia africana*, Lagos

11 November 1895

A J Nixon, Birdham Schools, Chichester, Sussex

1. Raffia from *Raphia vinifera*, Lagos
2. Fibre of *Musa malaccensis*, Malacca
3. Full bleached line from Rhea *Boehmeria nivea*, var. *tenacissima*
4. Palmyra Bass
5. Leaf of *Carludovica palmata* for making Panama Hats
6. *Polyporus lucidus*, from near Bombay
7. Gum Benzoin, *Styrax Benzoin*, Sumatra
8. Gum resin from *Euphorbia sipoisei*, Brazil
9. Rhea fibre *Boehmeria nivea*, var. *tenacissima*, Mexico
10. Chinese hemp skins, *Cannabis sativa*
11. Sisal Hemp *Agave rigida*, var. *Sisalana*, Trinidad
12. Seeds of *Monodora myristica*, W. Africa
13. Rhea fibre *Boehmeria nivea*, var. *tenacissima*, Assam
14. Rubber from *Kickxia africana*, Lagos

11 November 1895

Miss H E Hunter, Head Mistress, Village Girls Board School, Ore, near Hastings

Ackd 15.11.95 J. Mst

1. Fibre from *Musa malaccensis*, Malacca
2. Portions of cone of *Banksia* near *Banksia solandri*, Australia
3. Full bleached line from Rhea, India

Page 479 - <https://biodiversitylibrary.org/page/55370874>

4. Sisal Hemp *Agave rigida*, var. *Sisalana*, Trinidad
5. New Orleans moss, *Tillandsia usneoides*, Texas
6. Leaf of *Carludovica palmata* for making Panama Hats
7. Palmyra Bass
8. Raffia from *Raphia vinifera*, Lagos
9. Rhea fibre *Boehmeria nivea*, var. *tenacissima*, Mexico
10. Chinese hemp skins, *Cannabis sativa*
11. Gum resin from *Euphorbia sipoisei*, Brazil
12. Leaves fruit and bark of *Garcinia hanburyi*, Singapore

11 November 1895

The Head Master (Walter Lowndes Esq), West Coxley Schools, Bilston, Stafford  
(Parcel addressed to Head Master ackd by R. T Evans 13.11.95 J. Mst)

1. Usnea barbata
2. Mamillaria pycnacantha
3. Rhea fibre, Boehmeria nivea, var. tenacissima, Assam
4. Sisal Hemp, Agave rigida var. Sisalana, Trinidad
5. Gum resin of Euphorbia sipoisei, Brazil
6. Leaf of Carludovica palmata for Panama hats
7. Palmyra Bass
8. Chinese Hemp skins, Cannabis sativa
9. Rhea fibre, Boehmeria nivea, var tenacissima, Mexico
10. Raffia from Raphia vinifera, Lagos
11. Coffee in parchment
12. Rubber from Kickxia africana, Lagos

11 November 1895

R O Elwen, 150 Albert Rd, Jarrow-on-Tyne [school]

1. Sisal Hemp, Agave rigida var. Sisalana, Trinidad
2. Fruits of Raphia vinifera, Gambia
3. Leaf of Carludovica palmata for making Panama hats
4. Gum resin of Euphorbia sipoisei, Brazil
5. Plant of Mamillaria dealbata
6. Inner bark of Plagianthus sp. New Zealand
7. Palmyra Bass
8. Rhea fibre, Assam
9. Rhea fibre, Mexico
10. Chinese Hemp skins, Cannabis sativa
11. Raffia from Raphia vinifera, Lagos
12. Rubber from Kickxia africana, Lagos

Page 481 - <https://biodiversitylibrary.org/page/55370876>

11 November 1895

F J Ratcliffe Esq, Central Board School, Harwich, Essex

1. Sisal Hemp, *Agave rigida* var. *Sisalana*, Trinidad
2. Fruits of *Raphia vinifera*, Gambia
3. Leaf of *Carludovica palmata* for making Panama Hats
4. Fruits of *Dracaena reflexa*
5. Palmyra Bass
6. Raffia from *Raphia vinifera*, Lagos
7. Gum resin from *Euphorbia sipoletsei*, Brazil
8. Bark of *Evodia meliaefolia*, Japan
9. Chinese Hemp skins, *Cannabis sativa*
10. Rhea fibre, Mexico
11. Rhea fibre, Assam

11 November 1895

Miss Craven, Stavely, near Chesterfield, Derby [school]

1. Fruit of *Pentadesma* sp. Niger Expedition
2. Bass from Palmyra Palm
3. Fibre from *Hibiscus tiliaceus*, Tahiti
4. Gum *Euphorbia sipoletsei*, Brazil
5. Plantain fibre, *Musa sapientum* var. *paradisiaca* B Guiana
6. Leaf of *Carludovica palmata* for making Panama hats
7. Sisal Hemp, *Agave rigida* var. *Sisalana*, Trinidad
8. Sassy bark *Erythrophloeum guineense*, Sierra Leone
9. Chinese Hemp skins, *Cannabis sativa*
10. Rhea fibre, Mexico
11. Rhea fibre, Assam
12. *Raphia vinifera* fibre, Lagos
13. Rubber from *Kickxia africana*, Lagos

Page 482 - <https://biodiversitylibrary.org/page/55370877>

11 November 1895

Miss Rose Pagnoni, Head Mistress, Brompton Higher Grade School, Montpelier Street, Brompton SW  
Ackd 19.11.95 J. Mst

1. China Grass, Boehmeria nivea
2. Rhea fibre, Boehmeria nivea, var Tenacissima, India
3. Palmyra Bass
4. Raffia from Raphia vinifera, Lagos
5. Leaf of Carludovica palmata for making Panama hats
6. Leppet tea, Camellia tea ? Burma
7. Cone of Banksia australis, Australia
8. Fruit of Hakea sp. Australia
9. Rubber from Kickxia africana, Lagos

11 November 1895

G Pendle Esq, Head Master, Trinity Mixed School, Henley-on-Thames

1. Rhea fibre Boehmeria nivea, var tenacissima, India
2. Palmyra Bass
3. Raffia from Raphia vinifera, Lagos
4. China grass, Boehmeria nivea, India
5. Leaf of Carludovica palmata for making Panama hats
6. Fruits of Hakea sp. Australia
7. Cone of Banksia sp.
8. Rubber from Kickxia africana, Lagos

11 November 1895

B W Gardiner Esq, Head Master, Stagsden CE School, Bedford

1. Rhea fibre Boehmeria nivea, var tenacissima, India
2. Prepared China grass Boehmeria nivea
3. Raffia from Raphia vinifera, Lagos
4. Palmyra Bass

Page 483 - <https://biodiversitylibrary.org/page/55370878>

5. Leaf of Carludovica palmata for making Panama hats
6. Seeds of Monodora myristica, W Africa
7. Cones of Banksia australis, King Georges Sound
8. Fruits of Hakea sp. Australia
9. Rubber from Kickxia africana, Lagos

11 November 1895

F Bartholemew Esq, Head Master, Ditton School, Aylesford, Railway Station SER  
Ackd 19.11.95 J. Mst

1. Cone of Banksia australis grown in Portugal
2. Plant of Mammillaria mutabilis
3. Prepared China grass
4. Leaf of Carludovica palmata for making Panama Hats
5. Wood of Andira inermis, Jamaica
6. Rhea fibre, India
7. Raffia from Raphia vinifera, Lagos
8. Rubber from Kickxia africana, Lagos
9. Palmyra Bass

11 November 1895

H Poole Esq, Head Master, The Schools, Aston on Clun, Salop  
per L& N.W Rail Broome Station

1. Cone of Banksia serrata grown in Madeira
2. Usnea barbata, Thursday Island, Queensland
3. Mammillaria carnea
4. Leaf of Carludovica palmata for making panama hats
5. China Grass, Boehmeria nivea
6. Sisal Hemp, Agave rigida var Sisalana, Trinidad
7. Rhea fibre Boehmeria nivea var tenacissima, India
8. Raffia from Raphia vinifera, Lagos
9. Palmyra Bass
10. Rubber from Kickxia africana, Lagos

29. Portion of flower of Protea sp. S Africa
30. Fruits of Stenocarpus cunninghamii, Queensland
31. Fruits of Hakea sp. King George's Sound
32. Cone of Banksia aemula
33. Knot of Araucaria cunninghamii, Australia
34. Plant of Lecanopteris carnosia, Lower Siam
35. Plant of Vellozia sp. Tropical Africa
36. Fruit of Pachira insignis, Trinidad
37. Fruit of Adansonia Gregorii
38. Pod of Millettia megasperma, Northern N S Wales
39. Fruit of Bertholetia excelsa, Trinidad

27 November 1895

Herrn Prof Dr Engler, Konigl Botanisches Museum, Berlin, Germany  
Fruit of Aegle marmelos & fruit and seeds of Calodendron capense

Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901

Page 487 - <https://biodiversitylibrary.org/page/55370882>

14 December 1895

Prof Dunstan, Pharmaceutical Society, 17 Bloomsbury Square

Samples of stems, roots and barks of six different plants used in the preparation of Urali poison (rcd from Mr JJ Quelech 7.9.95) Also leaves of *Strychnos toxifera*, *Strychnos cogens*, and five unnamed species of *Strychnos* and two underdetermined from Herb. agreeing with the above specimens

Page 488 - <https://biodiversitylibrary.org/page/55370883>

1 January 1896

E B Tylor Esq LLD, FRS, Museum House, Oxford

Collection of New Guinea and Australian native weapons received from Mr L A Bernays 28.8.95

17 January 1896

Prof J B Farmer, Royal College of Science, South Kensington

1. Cycas media, seeds

2. Fruit of Sicana odorifera

3. Fruit of Sechium edule

4. Fruit of Aegle marmelos

5. Fruit of Garcinia anomala

6. Seeds of Schotia latifolia

7. Twigs of Discaria tomatou

8. Section of stem of Macrozamia fraseri from Laboratory

23 January 1896

Richard Lace Esq, Board School, Kirk Michael, Isle of Man

Ackd 1.2.96 J. Mst

1. Yellow Gourd, Cucurbita pepo, Madagascar

2. Gourd, Benincusa cerifera

3. Wood of Ginkgo biloba, Japan

4. Wood of Banksia solandri, Australia

5. Wood of Rhododendron arboreum, Himalayas

6. Wood of Rhododendron grande, var roseum, Himalayas

7. Gourd, Luffa aegyptiaca

8. Palmyra bass (Borassus flabellifer)

9. Fruit of Brazil nut, Bertholetia excelsa, Trinidad

10. Fruit of Aristolochia triactina, Brazil

11. Leaves of Erythroxylon coca, var Spruceanum Java

12. Half wild cotton, Zomba

Page 489 - <https://biodiversitylibrary.org/page/55370884>

13. Caoutchouc, Kickxia africana, Lagos
14. Bark of Boswellia opobalsamum, Arabia
15. Rubber of Castilloa elastica, Guatemala
16. Seeds of Pentadesma butyracea, Sierra Leone

23 January 1896

John J Sykes Esq, Grammar School, Leek, Stafford

Ackd 28.1.96 J. Mst

1. Wood of Ginkgo biloba, Japan
2. Wood of Rhododendron arboreum, Himalayas
3. Wood of Rhododendron grande, var roseum, Himalayas
4. Palmyra Bass, Borassus flabellifer
5. Tuber of Shulang, Dioscorea rhipogonoides, Formosa
6. Fruits of Luffa aegyptiaca
7. Fruit of Bertholetta excelsa, Trinidad
8. Rubber from Kickxia africana, Lagos
9. Leaves of Coca erythroxylon, var spruceanum, Java
10. Papery bark of Boswellia, W Trop Africa
11. Rubber from Castilloa elastica, Guatemala
12. Seeds of Pentadesma butyracea, Sierra Leone
13. Half wild cotton, Zomba
14. Gourd, Benincasa cerifera

23 January 1896

W B Priddy Esq, Crowcombe National Schools, Taunton, Somerset

Ackd 29.1.96 J. Mst

1. Wood of Ginkgo biloba, Japan
2. Wood of Rhododenron arboreum, Himalayas
3. Wood of Rhododendron grande, var roseum, Himalayas
4. Caoutchouc, Kickxia africana, Lagos
5. Fruit of Luffa aegyptiaca, Lagos

4. Jobs tears, *Coix lachryma-jobi*, Cent Provinces India
5. Coarse island rubber, Amazon river
6. Pod of *Entada scandens*, Tonga island
7. Cleaned coffee beans, Trinidad
8. Raw cocoa beans, Caraccass
9. Broom of flower spikes of *Phragmites communis*, Chefoo
10. Stems of *Eucommia ulmoides*
11. Branch of *Leucodendron argenteum*
12. Leaves of *Ehretia serrata* used as tea, Kumaon
13. Columbian serap rubber, *Sapium biglandulosum*
14. India rubber, *Landolphia* sp, Zambesi
15. Spadix of *Cocos* sp, Brazil
16. Redwood, *Sequoia sempervirens*, California
17. *Oryza coarctata* grains, Karachi
18. Paddy, *Oryza sativa*, Singapore
19. Brush of roots of *Rottboellia myurus*, Tinnevelly
20. Rubber, fair to good, Penang
21. Rubber, New Guinea
22. Rubber, Rangoon
23. Rubber, Peruvian strip
24. Rubber, Prime Ceara scrap
25. Rubber, fine Para
26. Rubber, fine Penang
27. Rubber, Gambia nuggets
28. Rubber, Gambia nuggets selected in Liverpool
29. Rubber, Columbian

Page 530 - <https://biodiversitylibrary.org/page/55370925>

30. Rubber, Mozambique niggers
31. Rubber, fine ball, Mozambique
32. Rubber, Loango ball
33. Rubber, Assam
34. Rubber, coarse para
35. Rubber, Borneo
36. Rubber, Guayaquil
37. Rubber, extra fine para
38. China grass, prepared

19 May 1898

Dr Johnson FLS, Science & Art Museum, Dublin

1. Rope made of bass from *Raphia vinifera* used in Old Calabar for climbing oil palms
2. Cones of *Picea polita*
3. Cones of *Picea ajanensis*
4. Cones of *Sciadopitys verticillata*
5. Cones of *Cunninghamia sinensis*
6. Gutta shea from shea butter
7. Fruits of *Tarrietia* sp, India
8. Hammock formed of the cuticle of the leaf of *Raphia vinifera*, Sierra Leone
9. Raffia from *Raphia vinifera*, Lagos
10. Knotted gourd (*Cucurbita pepo*)
11. Fan made of wood of *Eriodendron anfractuosum*, Old Calabar
12. Wood *Ehretia petiolaris*, Mauritius
13. Wood *Juniperus recurva*, Darjeeling
14. Wood *Juniperus virginiana*, N America
15. Veneer of Florida red cedar
16. Wood of Gutta percha tree (*Dichopsis gutta*)
17. Spoon carved in wood of *Euonymus hamiltonianus*, Kashmir
18. Cones of *Keteleeria fortunei*, Foochow
19. Fruit of *Crescentia cujete*
20. Milanji cedar wood (*Widdringtonia whytei*)
21. Cones of *Picea rubra*, N America
22. Cones of *Picea nigra*, N America
23. Cones of *Picea alba*, N America

26 April 1901

Herbert Stone Esq, Bracebridge Street, Birmingham

Four cases of duplicate Mexican timbers (101 specimens) from the Paris Exhibition 1900

6 May 1901

The Director, The Philadelphia Commercial Museum, Philadelphia, Pa USA

One case of duplicate Indian products from the Paris Exhibition 1900, as follows:-

1. Fruits of *Capparis aphylla*
2. Fruits of *Elettaria cardamomum*
3. Fruits of *Calophyllum inophyllum*
4. Fruits of *Acacia arabica*
5. Bark of *Cassia auriculata*
6. Seeds of *Bixa orellana*
7. Gum resin of *Boswellia serrata*
8. Kernels of *Calophyllum inophyllum*
9. Leaves of *Coriaria nepalensis*
10. Resin of *Dipterocarpus tuberculatus*
11. Pods of *Acacia concinna*
12. Pods of *Dalbergia lanceolaria*
13. Box of wood of *Buxus sempervirens*
14. Box of wood of *Aesculus indica*
15. Cup of wood of *Pterospermum acerifolium*
16. Cup of wood of *Pentace burmanica*
17. Cup of wood of *Morinda angustifolia*
18. Drum of wood of *Morinda angustifolia*
19. Leaves of *Pongamia glabra*
20. Dried juice of *Rhus Wallichii*
21. Flowers & galls *Tamarix articulata*
22. Seeds of *Tamarindus indica*
23. Root bark of *Acacia Jacquemontii*
24. Pods of *Mimosa rubicaulis*
25. Bark of *Rhus cotinus*
26. Resin of *Shorea siamensis*
27. Seeds of *Melia azadirachta*
28. Fruits of *Zizyphus Jujuba*
29. Fruits of *Grewia asiatica*
30. Fruits of *Grewia populifolia*
31. Babool gum, *Acacia arabica*
32. Seeds of *Bassia longifolia*
33. Seeds of *Buchanania latifolia*
34. Gum of *Acacia modesta*
35. Fruits of *Alangium lamarckii*
36. Fruits of *Hiptage madablota*
37. Gum of *Sterculia urens*
38. Flowers of *Butea frondosa*
39. Kino of *Butea frondosa*
40. Oil cake, *Sesamum indicum*
41. Leaves of *Limonia acidissima*
42. Young pods of *Bauhinia Vahlii*
43. Portions of an Indian pipe, unknown
44. Portions of an Indian pipe of Teak

Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901

- 45. Dried unripe fruits, *Mangifera indica*
- 46. Cutch from *Acacia catechu*, Bombay

- Page 563 - <https://biodiversitylibrary.org/page/55370958>
- 47. Roots of *Jurinea macrocephala*
  - 48. Cutch *Acacia catechu*, Burma
  - 49. Gum of *Acacia arabica*
  - 50. Seeds of *Eucalyptus globulus*
  - 51. Bark of *Bridelia retusa*
  - 52. Bark of *Albizia odoratissima*
  - 53. Rope of fibre of *Periploca aphylla*
  - 54. Fruit of *Carapa moluccensis*
  - 55. Rubber from *Ficus elastica*
  - 56. Rubber from *Parameria glandulifera*
  - 57. Fibre from *Bauhinia macrostachya*
  - 58. Silk cotton, *Bombax malabaricum*
  - 59. Fibre from *Hibiscus tiliaceus*
  - 60. Seeds of *Schleichera trijuga*
  - 61. *Santalum album* chips Value 175-401 rupees 401 pton
  - 62. Silk cotton, *Calotropis gigantea*
  - 63. Fruits of *Dispyros melanoxylon*
  - 64. Fruits of *Adansonia digitata*
  - 65. Bark of *Terminalia arjuna*
  - 66. Bark of *Cinnamomum Tamala*
  - 67. Bark of *Butea frondosa*
  - 68. Sunn hemp, *Crotalaria juncea*
  - 69. Bark of *Acacia concinna*
  - 70. Root of *Gardenia turgida*
  - 71. Root of *Datura fastuosa*
  - 72. Roots of *Vitex negundo*
  - 73. Bark of *Alnus nepalensis*
  - 74. Bark of *Salix tetrasperma*
  - 75. Bark of *Murraya Koenigii*
  - 76. Bark of *Rhus punjabensis*
  - 77. Bark of *Holarrhena antidysenterica*
  - 78. Bark of *Bauhinia variegata*
  - 79. Roots of *Bauhinia variegata*
  - 80. Bark of *Bombax malabaricum*
  - 81. Bark of *Ailanthus excelsa*
  - 82. Roots of *Psychotria viridiflora*
  - 83. Roots of *Berberis aristata*
  - 84. Bark of *Acacia leucophloea*
  - 85. Bark of *Acacia catechu*
  - 86. Bark of *Morinda angustifolia*
  - 87. Fibre of *Dicelostyles jujubifolia*
  - 88. Fibrous bark of *Kydia calycina*
  - 89. Bark of *Betula utilis*
  - 90. Paper from bark of *Broussonetia papyrifera*
  - 91. Inner bark of *Ficus bengalensis*
  - 92. Bark of *Aporosa villosa*
  - 93. Fibrous bark of *Berrya ammonilla*
  - 94. Fibre from *Periploca aphylla*
  - 95. Fibre from *Agave americana*
  - 96. Fibre from *Agave rigida*, var. *sisalana*
  - 97. Chips of *Santalum album*
  - 98. Bark of *Garuga pinnata*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

- 99. Bark of *Anogeissus latifolia*
- 100. Fibrous inner bark of *Melia azadirachta*
- 101. Fibrous bark of *Bauhinia macrostachya*
- 102. Bark of *Terminalia chebula*
- 103. Leaves of *Butea frondosa*
- 104. Bark of *Terminalia arjuna*
- 105. Roots of *Adhatoda vasica*
- 106. Leaves of *Eucalyptus globulus*
- 107. Leaves of *Barringtonia acutangula*
- 108. Fruits of *Punica granatum*
- 109. Leaves of *Acacia leucophloea*
- 110. Leaves of *Colebrookia oppositifolia*

Page 564 - <https://biodiversitylibrary.org/page/55370959>

- 111. Leaves of Woodfordia floribunda
- 112. Fruits of Ehretia laevis
- 113. Inner bark of Ehretia laevis
- 114. Root bark of Calotropis gigantea
- 115. Plant of Cuscuta reflexa
- 116. Leaves of Olea cuspidata
- 117. Leaves of Nerium oleander
- 118. Fibre of Cordia Rothii
- 119. Inner bark of Boehmeria malabarica
- 120. Fibre of Bixa orellana
- 121. Inner bark of Butea superba
- 122. Fibre of Kydia calycina
- 123. Bark of Casuarina equisetifolia
- 124. Leaves of Wrightia tinctoria
- 125. Fruits of Terminalia belerica
- 126. Seeds of Strychnos potatorum
- 127. Seeds of Strychnos nux vomica
- 128. Leaves of Anogeissus acuminata
- 129. Fibre of Bauhinia Vahlii
- 130. Fibre of Bauhinia racemosa
- 131. Fibre of Adansonia digitata
- 132. Fibre of Hardwickia binata
- 133. Leaves of Tectona grandis
- 134. Fibre of Sansevieria zeylanica
- 135. Leaves of Nyctanthes arbortristis
- 136. Leaves of Cordia myxa
- 137. Bark of Morinda angustifolia
- 138. Bark of Berberis lycium
- 139. Bark of Cassia fistula
- 140. Bark of Lagerstroemia Flos-reginae
- 141. Bark of Albizzia Julibrissin
- 142. Bark of Bassia latifolia
- 143. Bark of Chickrassia tabularis
- 144. Bark of Acacia arabica
- 145. Twigs of Capparis aphylla
- 146. Stems of Boucerosia aucheriana
- 147. Bark of Punica granatum
- 148. Flowers of Bassia latifolia
- 149. Seeds of Bassia butyracea
- 150. Fruits of Terminalia chebula
- 151. Bark of Randia dumetorum
- 152. Roots of Datisca cannabina
- 153. Fruits of Olea cuspidata
- 154. Fruits of Ehretia acuminata
- 155. Leaves of Calotropis gigantea
- 156. Flowers of Calotropis gigantea
- 157. Fibre of Hibiscus cannabinus
- 158. Fruit rind of Punica granatum
- 159. Bark of Mimusops elengi
- 160. Fibre of Cordia myxa
- 161. Roots of Zizyphus Jujuba
- 162. Bark of Casuarina equisetifolia

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

- 163. Fibre of *Grewia oppositifolia*
- 164. Fibre of *Bombax malabarica*
- 165. Inner bark of *Sterculia colorata*
- 166. Roots of *Limonia acidissima*
- 167. Bark of *Tectona grandis*
- 168. Bark of *Stereospermum suaveolens*
- 169. Fruit pulp of *Aegle marmelos*
- 170. Flower buds of *Grewia asiatica*
- 171. Leaves of *Feronia elephantum*
- 172. Seeds of *Cassia Tora*
- 173. Fruits of *Balanites Roxburghii*

Page 565 - <https://biodiversitylibrary.org/page/55370960>

174. Fruits of *Sageretia brandrethiana*

175. Flowers of *Michelia champaca*

176. Leaves of *Adansonia digitata*

177. Leaves of *Balanites Roxburghii*

178. Fruits of *Zizyphus xylopyrus*

179. Pods of *Dalbergia latifolia*

180. Flowers of *Dillenia pentagyna*

181. Fruits of *Limonia acidissima*

182. Root bark of *Aegle marmelos*

183. Bark of *Melia azedarach*

184. Bark of *Pongamia glabra*

185. Bark of *Bauhinia racemosa*

186. Bark of *Soymida febrifuga*

187. Leaves of *Grewia asiatica*

188. Leaves of *Bauhinia vahlii*

189. Roots of *Hemidesmus indicus*

190. Roots of *Murraya Koenigii*

191. Seeds of *Albizia Lebbek*

192. Fruits of *Prosopis spicigera*

193. Bark of *Prosopis spicigera*

194. Seeds of *Carthamus tinctorius*

195. Buds of *Dillenia pentagyna*

196. Fruits of *Dillenia pentagyna*

197. Bark of *Abrus precatorius*

198. Bark of *Michelia champaca*

199. Bark of *Mangifera indica*

200. Leaves of *Butea frondosa*

201. Fibre of *Calotropis gigantea*

202. Bark of *Barringtonia acutangula*

203. Bark of *Eugenia jambolana*

204. Bark of *Casearia tomentosa*

205. Infusorial earth

206. Seeds of *Michelia champaca*

207. Leaves of *Anona squamosa*

208. Leaves of *Capparis horrida*

209. Bark of *Tamarix gallica*

210. Seeds of *Rhus succedanea*

211. Gum of *Bauhinia vahlii*

212. Leaves of *Cassia tora*

213. Leaves of *Pterocarpus marsupium*

214. Flour from *Curcuma angustifolia*

215. Seeds of *Eriodendron anfractuosum*

216. Roots of *Curculigo orchoides*

217. Ground bark of *Cassia auriculata*

218. Seeds of *Bombax malabaricum*

219. Leaves of *Sterculia urens*

220. Seeds of *Anona squamosa*

221. Leaves of *Melia azadirachta*

222. Leaves of *Melia azedarach*

223. Fruits of *Pyrus pashia*

224. Fruits of *Murraya koenigii*

225. Flowers of *Chickrassia tabularis*

[Museum of Economic Botany, Kew. Specimens distributed 1881 - 1901](#)

- 226. Root bark of *Ventilago madraspatana*
- 227. Seeds of *Mesua ferrea*
- 228. Leaves of *Tamarindus indica*
- 229. Seeds of *Butea frondosa*
- 230. Leaves of *Abrus precatorius*
- 231. Seeds of *Berberis aristata*
- 232. Leaves of *Acacia concinna*
- 233. Leaves of *Anogeissus latifolia*
- 234. Leaves of *Rhododendron arboreum*
- 235. Sago from *Cycas pectinata*
- 236. Leaves of *Vitex negundo*
- 237. Root bark of *Alangium Lamarckii*

- Page 566 - <https://biodiversitylibrary.org/page/55370961>
- 238. Seeds of *Terminalia belerica*
  - 239. Flowers of *Nerium odorum*
  - 240. Bark of *Bixa orellana*
  - 241. Bark of *Acacia leucophloea*
  - 242. Fibre of *Odina wodier*
  - 243. Leaves of *Datura fastuosa*
  - 244. Fruits of *Diospyros melanoxylon*
  - 245. Fibre of *Agave vivipara*
  - 246. Fibre of *Eriodendron anfractuosum*
  - 247. Bark of *Melia azadirachta*
  - 248. Bark of *Terminalia belerica*
  - 249. Leaves of *Lagerstroemia Flos-Reginae*
  - 250. Fruits of *Taxus baccata*
  - 251. Fruits of *Datura fastuosa*
  - 252. Fishing net of fibre of *Calotropis gigantea*
  - 253. Leaves of *Cinnamomum tamala*
  - 254. Fruits of *Antidesma diandrum*
  - 255. Bark of *Loranthus longiflorus*
  - 256. Seeds of *Artocarpus integrifolia*
  - 257. Root bark of *Cinnamomum obtusifolium*
  - 258. Bark of *Ficus glomerata*
  - 259. Inner bark of *Grewia tiliacefolia*
  - 260. Fibre of *Phoenix paludosa*
  - 261. Roots of *Andropogon muricatus*
  - 262. Inner bark of *Sterculia urens*
  - 263. Fibrous bark of *Bauhinia malabarica*
  - 264. Inner bark of *Sterculia villosa*
  - 265. Bark of *Baccaurea sapida*
  - 266. Seed lac produced by *Coccus lacca*
  - 267. Dried juice of *Artocarpus chaplasha*
  - 268. Root bark of *Morinda tinctoria*
  - 269. Stick lac produced by *Coccus lacca*
  - 270. Prepared lac
  - 271. Seed lac from *Butea frondosa*
  - 272. Leaves of *Artocarpus integrifolia*
  - 273. Inner bark of *Ficus religiosa*
  - 274. Stick of lac on stems
  - 275. Concrete juice of *Artocarpus integrifolia*
  - 276. Sealing wax
  - 277. Leaves of *Antidesma diandrum*
  - 278. Concrete juice of *Artocarpus hirsuta*
  - 279. Leaves of *Phyllanthus emblica*
  - 280. Wild silk
  - 281. Bark of *Cordia Rothii*
  - 282. Bark of *Buchanania latifolia*
  - 283. Inner bark of rope of *Ficus* sp.
  - 284. Eri silk from *Attacus Ricini*
  - 285. Bark of *Sterculia urens*
  - 286. Kittool fibre, *Caryota urens*
  - 287. Sealing wax of lac
  - 288. Bark of *Broussonetia papyrifera*
  - 289. Bark of *Sterculia villosa*

- 291. Bark of *Shorea robusta*
- 292. Bark of *Quercus incana*
- 293. Bark of *Cordia myxa*
- 294. Fibre of *Maoutia puya*
- 295. Fruits of *Melia azadirachta*
- 296. Leaves of *Dalbergia sissoo*
- 297. Roots of *Curcuma aromatica*
- 298. Leaves of *Murraya koenigii*
- 299. Arrowroot, *Curcuma angustifolia*
- 300. Gum from *Bombax insigne*

- Page 567 - <https://biodiversitylibrary.org/page/55370962>
- 301. Fruits of *Aegle marmelos*
  - 302. Bark of *Tamarindus indica*
  - 303. Piney resin, *Vateria indica*
  - 304. Ash of *Gmelina arborea*
  - 305. Rhizomes of *Cyperus pertenuis*
  - 306. Bark of *Acacia decurrens*
  - 307. Seeds of *Pongamia glabra*
  - 308. Milky juice of *Wrightia tomentosa*
  - 309. Milky juice of *Ficus bengalensis*
  - 310. Extract from bark of *Ceriops candolleana*
  - 311. Fruits of *Feronia elephantum*
  - 312. Seeds of *Acacia arabica*
  - 313. Fruits of *Ficus glomerata*
  - 314. Seeds of *Mucuna pruriens*
  - 315. Resin of *Shorea robusta*
  - 316. Fruits of *Randia dumetorum*
  - 317. Galls of *Pistacia integerrima*
  - 318. Bark of *Ventilago madraspatana*
  - 319. Seeds of *Bassia latifolia*
  - 320. Roots of *Saussurea lappa*
  - 321. Gum of *Anogeissus latifolia*
  - 322. Silk cotton, *Bombax malabaricum*
  - 323. Gum resin, *Gardenia lucida*
  - 324. Kernels of *Buchanania latifolia*
  - 325. Gum of *Bauhinia retusa*
  - 326. Gum of *Buchanania latifolia*
  - 327. Ash of *Butea frondosa*
  - 328. Butter of *Bassia butyracea*
  - 329. Ash of *Vitex negundo*
  - 330. Ash of Tamarinds
  - 331. Ash of *Tectona grandis*
  - 332. Gum of *Albizzia Lebbek*
  - 333. Fruits of *Adansonia digitata*
  - 334. Kino of *Pterocarpus marsupium*
  - 335. Kapok, *Eriodendron anfractuosum*
  - 336. Bark of *Alangium Lamarckii*
  - 337. Sago from *Caryota urens*
  - 338. Dried juice of *Alstonia scholaris*
  - 339. Comb of woods of *Adina cordifolia*
  - 340. Comb of woods of *Stephogyne parvifolia*
  - 341. Match boxes of wood of *Bombax malabaricum*
  - 342. Pipe of wood of *Dalbergia* sp.
  - 343. Fibre of *Dendrocalamus strictus*
  - 344. Article turned in wood of *Boehmeria rugulosa*
  - 345. Seeds of *Sesamum indicum*
  - 346. Bark of *Amoora Rohituka*
  - 347. Tobacco seed
  - 348. Pulp of *Cassia Fistula*
  - 349. Fruits of *Vitex negundo*
  - 350. Gum of *Acacia catechu*
  - 351. Seeds of *Zizyphus xylopyrus*
  - 352. Resin of *Juniperus excelsa*

- 308. Book of leaves of *Corypha umbraculifera*
- 309. Resin of *Pinus longifolia*
- 310. Fruits of *Canarium bengalense*
- 311. Outer sheaths of culms of *Saccharum arundinaceum*
- 312. Platters of leaves of *Bauhinia vahlii*

15 May 1901

M L Guignard, School of Pharmacie, Paris

One box of duplicate Indian products from the Paris Exhibition 1900, as follows:- Ackd 30.5.01 J. Mst

- 1. Fruits of *Capparis aphylla*
- 2. Fruits of *Elettaria cardamomum*
- 3. Pods of *Acacia arabica*
- 4. Bark of *Cassia auriculata*
- 5. Seeds of *Bixa orellana*
- 6. Gum resin *Boswellia serrata*
- 7. Kernels of *Calophyllum inophyllum*
- 8. Leaves of *Coriaria nepalensis*
- 9. Resin of *Dipterocarpus tuberculatus*
- 10. Pods of *Acacia concinna*
- 11. Pods of *Dalbergia lanceolaria*
- 12. Leaves of *Pongamia glabra*
- 13. Dried juice of *Rhus wallichii*
- 14. Flowers & galls of *Tamarix gallica*
- 15. Seeds of *Tamarindus indica*
- 16. Root bark, *Acacia jacquemontii*
- 17. Pods of *Mimosa rubicaulis*
- 18. Bark of *Rhus cotinus*
- 19. Resin of *Shorea siamensis*
- 20. Seeds of *Melia azadirachta*
- 21. Fruits of *Zizyphus jujuba*
- 22. Fruits of *Grewia asiatica*
- 23. Fruits of *Grewia populifolia*
- 24. Gum of *Acacia arabica*
- 25. Seeds of *Bassia longifolia*
- 26. Gum of *Buchanania latifolia*
- 27. Gum of *Acacia modesta*
- 28. Fruits of *Alangium lamarckii*
- 29. Leaves of *Hiptage madablota*
- 30. Gum of *Sterculia urens*
- 31. Flowers of *Butea frondosa*
- 32. Kino of *Butea frondosa*
- 33. Oil cake of *Sesamum indicum*
- 34. Leaves of *Limonia acidissima*
- 35. Young pods of *Bauhinia Vahlii*
- 36. Dried unripe fruits of *Mangifera indica*
- 37. Cutch, *Acacia catechu*, Burma

31 May 1901

The Director, The Philadelphia Commercial Museum, Philadelphia, Pa, USA

One box of duplicate Indian products from the Paris Exhibition 1900, as follows:-

Four axes with handles

Three parangs

One harpoon

27 axe heads & sickles

Rope of *Ischaemum angustifolium*

Stems of *Phrynum dichotomum*

Umbrella hat of leaves of *Corypha umbraculifera*, S Malabar

25 paving blocks of Indian woods

31 May 1901

Dr Johnson, Science & Art Museum, Dublin

One box of duplicate & other products from the Paris Exhibition 1900 as follows:- Ackd 10.6.01 J. Mst

1. Toddy implements, Ceylon

2. Wood of *Acacia catechu*, Burma

3. Wood of *Acacia catechu*, Burma

4. Wood of *Tectona grandis*, Burma

5. Wood of *Tectona grandis*, Burma

6. Wood of *Tectona grandis*, Burma

7. Wood of *Sterculia villosa*

8. Bag of Cocoa nut coir, Ceylon

9. Basket of split *Calamus*, Darjeeling

10. Mat of *Andropogon schoenanthus*

11. Stem of *Dendrocalamus giganteus*

12. Leaves of *Typha angustifolia*

13. Mat of *Typha angustifolia*

14. Basket of split Bamboo

15. Winnowing basket of Bamboo

16. Winnowing basket of Bamboo

17. Hand screen of *Borassus flabellifer*

18. Screen of split Bamboo

19. Lac, Mirzapore

20. Rope of *Borassus flabellifer*

21. Umbrella hat of *Corypha umbraculifera*

22. Turned vessel of *Boehmeria rugulosa*

23. Turned vessel of *Boehmeria rugulosa*

24. Bamboo bow, Bombay

25. Broom of *Andropogon squarrosus*

26. Venetian blind slats of wood of *Picea excela*, Austria

27. Vessel of Bamboo, India

28. Fruits of *Nipa fruticans*

29. Measures of wood of *Ulmus americana*, Canada

Page 590 - <https://biodiversitylibrary.org/page/55370985>

- 30. Fruit of *Canarium bengalense*
- 31. Rope of *Ischaemum angustifolium*
- 32. Bowl of *Ulmus campestris*, Hungary
- 33. Cocoa nut, Maldives
- 34. Sieve frame of *Picea excelsa*, Hungary
- 35. Sieve frame of *Picea excelsa*, Austria
- 36. Implement of *Acer saccharinum*, Canada
- 37. Implement of *Acer saccharinum*, Canada
- 38. Cap made from leaf of *Areca catechu*
- 39. Wheel felloe of *Fraxinus excelsior*, Hungary
- 40. Mat of *Phrynum dichotomum*, Rangoon
- 41. Kadir bow, Madras
- 42. Packing material of *Picea excelsa* & *Abies pectinata*
- 43. Sections of walking sticks of wood of *Castanea sativa*
- 44. Chair leg of *Ulmus americana*, Canada
- 45. Portions of chair of *Acer saccharinum*, Canada
- 46. Portions of chair of *Acer saccharinum*, Canada
- 47. Chair back of *Ulmus americana*, Canada
- 48. Culms of *Saccharum arundinaceum*
- 49. Culms of *Saccharum arundinaceum*
- 50. Hoop of *Ulmus americana*, Canada
- 51. Wood of *Acer saccharinum*, Canada
- 52. Veneers of *Picea excelsa*, Austria
- 53. Implement of *Fagus sylvatica*, Hungary
